#	Article	IF	Citations
1	Incidence of Cardiometabolic Diseases in People With and Without Human Immunodeficiency Virus in the United Kingdom: A Population-Based Matched Cohort Study. Journal of Infectious Diseases, 2022, 225, 1348-1356.	1.9	24
2	Global health research funding applications: brain drain under another name?. The Lancet Global Health, 2022, 10, e22-e23.	2.9	11
3	Effectiveness of interventions to reduce household air pollution from solid biomass fuels and improve maternal and child health outcomes in lowâ€and middleâ€income countries: A systematic review and metaâ€analysis. Indoor Air, 2022, 32, .	2.0	12
4	The risk of mental illness in people living with HIV in the UK: a propensity score-matched cohort study. Lancet HIV,the, 2022, 9, e172-e181.	2.1	24
5	Obstetric shift-to-shift handover in Kerala, India: A cross-sectional mixed method study. PLoS ONE, 2022, 17, e0268239.	1.1	1
6	Effects on childhood infections of promoting safe and hygienic complementary-food handling practices through a community-based programme: A cluster randomised controlled trial in a rural area of The Gambia. PLoS Medicine, 2021, 18, e1003260.	3.9	12
7	The effect of vitamin D supplementation and nutritional intake on skeletal maturity and bone health in socio-economically deprived children. European Journal of Nutrition, 2021, 60, 3343-3353.	1.8	3
8	Vitamin D supplementation to prevent acute respiratory infections: a systematic review and meta-analysis of aggregate data from randomised controlled trials. Lancet Diabetes and Endocrinology,the, 2021, 9, 276-292.	5.5	292
9	Exploring attributions of causality for child undernutrition: Qualitative analysis in Lusaka, Zambia. Maternal and Child Nutrition, 2021, , e13237.	1.4	1
10	Facilitating better postnatal care with women-held documents in The Gambia: a mixed-methods study. BMC Pregnancy and Childbirth, 2021, 21, 479.	0.9	0
11	Effectiveness of interventions to reduce household air pollution from solid biomass fuels and improve maternal and child health outcomes in low- and middle-income countries: a systematic review protocol. Systematic Reviews, 2021, 10, 33.	2.5	18
12	Vitamin D for Growth and Rickets in Stunted Children: A Randomized Trial. Pediatrics, 2021, 147, .	1.0	14
13	Costâ€effectiveness of a weaning food safety and hygiene programme in rural Gambia. Tropical Medicine and International Health, 2021, 26, 1624-1633.	1.0	1
14	Systematic review on the use of patient-held health records in low-income and middle-income countries. BMJ Open, 2021, 11, e046965.	0.8	1
15	Systematic review on the use of patient-held health records in low-income and middle-income countries. BMJ Open, 2021, 11, e046965.	0.8	5
16	Early policy actions and emergency response to the COVID-19 pandemic in Mongolia: experiences and challenges. The Lancet Global Health, 2020, 8, e1234-e1241.	2.9	57
17	The content and completeness of women-held maternity documents before admission for labour: AÂmixed methods study in Banjul, The Gambia. PLoS ONE, 2020, 15, e0230063.	1.1	2
18	Investigating discharge communication for chronic disease patients in three hospitals in India. PLoS ONE, 2020, 15, e0230438.	1.1	3

27	Investigating discharge communication for chronic disease patients in three hospitals in India. , 2020, 15, e0230438.		0
28	Investigating discharge communication for chronic disease patients in three hospitals in India. , 2020, 15, e0230438.		0
29	Investigating discharge communication for chronic disease patients in three hospitals in India. , 2020, 15, e0230438.		0
30	Investigating discharge communication for chronic disease patients in three hospitals in India. , 2020, 15, e0230438.		0
31	Trends in the incidence of testing for vitamin D deficiency in primary care in the UK: a retrospective analysis of The Health Improvement Network (THIN), 2005â€"2015. BMJ Open, 2019, 9, e028355.	0.8	47
32	Can universal patient-held health booklets promote continuity of care and patient-centred care in low-resource countries? The case of Mongolia. BMJ Quality and Safety, 2019, 28, 729-740.	1.8	11
33	Ranking Hospitals Based on Preventable Hospital Death Rates: A Systematic Review With Implications for Both Direct Measurement and Indirect Measurement Through Standardized Mortality Rates. Milbank Quarterly, 2019, 97, 228-284.	2.1	12
34	Birth-Related Perineal Trauma in Low- and Middle-Income Countries: A Systematic Review and Meta-analysis. Maternal and Child Health Journal, 2019, 23, 1048-1070.	0.7	32
35	Patient and healthcare provider knowledge, attitudes and barriers to handover and healthcare communication during chronic disease inpatient care in India: a qualitative exploratory study. BMJ Open, 2019, 9, e028199.	0.8	9
36	Vitamin D supplementation to prevent acute respiratory infections: individual participant data meta-analysis. Health Technology Assessment, 2019, 23, 1-44.	1.3	230

#	Article	IF	Citations
37	Investigating clinical handover and healthcare communication for outpatients with chronic disease in India: A mixed-methods study. PLoS ONE, 2018, 13, e0207511.	1.1	15
38	Promoting hygienic weaning food handling practices through a community-based programme: intervention implementation and baseline characteristics for a cluster randomised controlled trial in rural Gambia. BMJ Open, 2018, 8, e017573.	0.8	18
39	Maternity handover in Kerala: a cross sectional study. International Journal of Community Medicine and Public Health, 2018, 5, 3760.	0.0	4
40	Reviewing deaths in British and US hospitals: a study of two scales for assessing preventability. BMJ Quality and Safety, 2017, 26, bmjqs-2015-004849.	1.8	8
41	Vitamin D supplementation to prevent acute respiratory tract infections: systematic review and meta-analysis of individual participant data. BMJ: British Medical Journal, 2017, 356, i6583.	2.4	1,408
42	Methods for medical device and equipment procurement and prioritization within low- and middle-income countries: findings of a systematic literature review. Globalization and Health, 2017, 13, 59.	2.4	52
43	Social and environmental determinants of child health in Mongolia across years of rapid economic growth: 2000-2010. International Journal for Equity in Health, 2017, 16, 189.	1.5	8
44	S102â€…Vitamin d supplementation to prevent acute respiratory infections: systematic review and meta-analysis of individual participant data. Thorax, 2016, 71, A60.2-A61.	2.7	8
45	Thermoregulatory effects of swaddling in Mongolia: a randomised controlled study. Archives of Disease in Childhood, 2016, 101, 152-160.	1.0	9
46	Vitamin D and tuberculosis: review and association in three rural provinces of Afghanistan. International Journal of Tuberculosis and Lung Disease, 2016, 20, 383-388.	0.6	13
47	A mixedâ€methods study of barriers and facilitators to the implementation of postpartum hemorrhage guidelines in Uganda. International Journal of Gynecology and Obstetrics, 2016, 132, 89-93.	1.0	34
48	Protective effects of vitamin D supplementation against acute respiratory infection are greatest in those with the lowest baseline vitamin D status. , 2016, , .		0
49	Risk Factors Associated with Recurrent Diarrheal Illnesses among Children in Kabul, Afghanistan: A Prospective Cohort Study. PLoS ONE, 2015, 10, e0116342.	1.1	22
50	An approach to prioritization of medical devices in low-income countries: an example based on the Republic of South Sudan. Cost Effectiveness and Resource Allocation, 2015, 13, 2.	0.6	8
51	Medical device procurement in low- and middle-income settings: protocol for a systematic review. Systematic Reviews, 2014, 3, 118.	2.5	7
52	Vitamin D3 Supplementation and Childhood Diarrhea: A Randomized Controlled Trial. Pediatrics, 2013, 132, e832-e840.	1.0	27
53	Are patients discharged with care? A qualitative study of perceptions and experiences of patients, family members and care providers. BMJ Quality and Safety, 2012, 21, i39-i49.	1.8	136
54	Conducting a multicentre and multinational qualitative study on patient transitions. BMJ Quality and Safety, 2012, 21, i22-i28.	1.8	39

#	Article	IF	Citations
55	Evaluation of a predevelopment service delivery intervention: an application to improve clinical handovers. BMJ Quality and Safety, 2012, 21, i29-i38.	1.8	30
56	Searching for the missing pieces between the hospital and primary care: mapping the patient process during care transitions. BMJ Quality and Safety, 2012, 21, i97-i105.	1.8	55
57	Effect on the incidence of pneumonia of vitamin D supplementation by quarterly bolus dose to infants in Kabul: a randomised controlled superiority trial. Lancet, The, 2012, 379, 1419-1427.	6.3	182
58	Editorials. Indian Pediatrics, 2012, 49, 439-443.	0.2	1
59	Effects of vitamin D supplementation to children diagnosed with pneumonia in Kabul: a randomised controlled trial. Tropical Medicine and International Health, 2010, 15, 1148-1155.	1.0	147
60	Effects of vitamin D supplementation to children diagnosed with pneumonia in Kabul: a randomised controlled trial. Archives of Disease in Childhood, 2010, 95, A62.2-A63.	1.0	1
61	Effects of Traditional Swaddling on Development: A Randomized Controlled Trial. Pediatrics, 2010, 126, e1485-e1492.	1.0	12
62	RCT Methodology, population profile and pneumonia rates in socio-economically deprived infants of Kabul: Data from a RCT investigating the effects of vitamin D supplementation on the incidence of infant pneumonia. International Journal of Infectious Diseases, 2010, 14, e421-e422.	1.5	1
63	The effects of social variables on symptom recognition and medical care seeking behaviour for acute respiratory infections in infants in urban Mongolia. Archives of Disease in Childhood, 2009, 94, 849-854.	1.0	7
64	The effect of Transtheoretical Model based interventions on smoking cessation. Social Science and Medicine, 2009, 68, 397-403.	1.8	69
65	Depression in Mongolian women over the first 2Âmonths after childbirth: Prevalence and risk factors. Journal of Affective Disorders, 2009, 116, 126-133.	2.0	18
66	Improving Maternal and Child Health in Difficult Environments: The Case For â€œCross-Borderâ€•Health Care. PLoS Medicine, 2009, 6, e1000005.	3.9	9
67	Vitamin D Status of Socio-Economically Deprived Children in Kabul, Afghanistan. International Journal for Vitamin and Nutrition Research, 2008, 78, 16-20.	0.6	19
68	The effects of swaddling on oxygen saturation and respiratory rate of healthy infants in Mongolia. Acta Paediatrica, International Journal of Paediatrics, 2007, 96, 261-265.	0.7	16
69	Acceptability as a key determinant of client satisfaction: lessons from an evaluation of adolescent friendly health services in Mongolia. Journal of Adolescent Health, 2006, 38, 519-526.	1.2	22
70	Detection of depression in women of child-bearing age in non-western cultures: A comparison of the Edinburgh Postnatal Depression Scale and the Self-Reporting Questionnaire-20 in Mongolia. Journal of Affective Disorders, 2006, 92, 267-271.	2.0	45
71	Ethnic inequalities in campylobacter infection in Birmingham, UK: descriptive study of notified cases. Journal of Epidemiology and Community Health, 2004, 58, 278-279.	2.0	11
72	Does the multidimensional nature of super profiles help district health authorities understand the way social capital affects health?. Journal of Public Health, 2000, 22, 317-323.	1.0	6

#	Article	IF	Citations
73	Natural killer (NK) cell activity of first trimester human decidua. Cellular Immunology, 1989, 121, 166-173.	1.4	73
74	Exploring Factors Affecting Health Care Providers' Behaviors for Maintaining Continuity of Care in Kerala, India; A Qualitative Analysis Using the Theoretical Domains Framework. Frontiers in Public Health, 0, 10, .	1.3	2
