Rob W Sanson-Fisher

List of Publications by Year in Descending Order

Source: https://exaly.com/author-pdf/489178/rob-w-sanson-fisher-publications-by-year.pdf
Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

410 papers	10,902 citations	50 h-index	87 g-index
428 ext. papers	12,143 ext. citations	3.5 avg, IF	6.31 L-index

#	Paper	IF	Citations
410	The Prevalence and Correlates of Gambling in Australian Secondary School Students.. *Journal of Gambling Studies*, **2022**, 1	3	
409	Optimising diagnosis and post-diagnostic support for people living with dementia: geriatricians' views.. *BMC Geriatrics*, **2022**, 22, 143	4.1	
408	The wellbeing needs of social housing tenants in Australia: an exploratory study.. *BMC Public Health* , **2022**, 22, 582	4.1	1
407	Prevalence and type of unmet needs experienced by carers of people living with dementia.. *Aging and Mental Health*, **2022**, 1-7	3.5	
406	Effect of a financial incentive on responses by Australian general practitioners to a postal survey: a randomised controlled trial.. *Medical Journal of Australia*, **2022**,	4	
405	The Patients' Perspective: Hematological Cancer Patients' Experiences of Adverse Events as Part of Care. *Journal of Patient Safety*, **2021**, 17, e387-e392	1.9	7
404	A patient-centred approach to determine optimal supportive care across the cancer trajectory: a cross-sectional study. *European Journal of Cancer Care*, **2021**, 30, e13455	2.4	
403	Oncology nurses' perceptions of advance directives for patients with cancer. *Australian Journal of Cancer Nursing*, **2021**, 23, 439-446	1.9	1
402	Attitude toward dementia and preferences for diagnosis in Japanese health service consumers. *BMC Health Services Research*, **2021**, 21, 411	2.9	1
401	Top Priorities for Health Service Improvements Among Australian Oncology Patients. *Patient Related Outcome Measures*, **2021**, 12, 83-95	2.9	0
400	Essential components of health assessment for older people in primary care: a cross-sectional survey of Australian general practitioners. *Australian and New Zealand Journal of Public Health*, **2021**, 45, 506-511	2.3	1
399	Use of medical services by older Australian women with dementia: a longitudinal cohort study. *Australian and New Zealand Journal of Public Health*, **2021**, 45, 497-503	2.3	0
398	Preferences for life expectancy discussions following diagnosis with a life-threatening illness: a discrete choice experiment. *Supportive Care in Cancer*, **2021**, 29, 417-425	3.9	2
397	Perceived problems with involvement in decision making about breast cancer treatment and care: A cross-sectional study. *Patient Education and Counseling*, **2021**, 104, 505-511	3.1	2
396	Gaps in patient-centered follow-up cancer care: a cross sectional study. *Journal of Psychosocial Oncology*, **2021**, 39, 161-172	2.8	1
395	Exploring experiences and perceptions of Aboriginal and Torres Strait Islander peoples readmitted to hospital with chronic disease in New South Wales, Australia: a qualitative study. *Australian Health Review*, **2021**, 45, 411-417	1.8	
394	Experiences of Patient-Centered Care Among Japanese and Australian Cancer Outpatients: Results of a Cross-Sectional Study. *Journal of Patient Experience*, **2021**, 8, 23743735211007690	1.3	

393	Screening for Cognitive Impairment among Community-Dwelling Older Adults: A Comparison of 2 Screening Instruments. *Journal of Primary Care and Community Health*, **2021**, 12, 21501327211029231	2.1	
392	Resource allocation for depression management in general practice: A simple data-based filter model. *PLoS ONE*, **2021**, 16, e0246728	3.7	1
391	Prevalence and predictors of mortality for older adults referred to hospital avoidance program. *Geriatrics and Gerontology International*, **2021**, 21, 321-326	2.9	
390	Brain cancer patient and support persons' experiences of psychosocial care: a mapping of research outputs. *Supportive Care in Cancer*, **2021**, 29, 5559-5569	3.9	
389	Psychosocial well-being of brain cancer patients and support persons: A mapping review of study types over time. *European Journal of Cancer Care*, **2021**, 30, e13446	2.4	
388	How can dementia diagnosis and care for Aboriginal and Torres Strait Islander people be improved? Perspectives of healthcare providers providing care in Aboriginal community controlled health services. *BMC Health Services Research*, **2021**, 21, 699	2.9	1
387	Nurses' perceptions, experiences and involvement in the provision of end-of-life care in acute hospitals: A mapping review of research output, quality and effectiveness. *International Journal of Nursing Studies*, **2021**, 122, 104007	5.8	0
386	Characteristics associated with high levels of patient-reported adherence to self-management strategies prescribed by physiotherapists. *International Journal of Therapy and Rehabilitation*, **2020**, 27, 1-15	0.4	1
385	Nurses perspectives on healthcare errors in oncology care: A cross-sectional study. *European Journal of Oncology Nursing*, **2020**, 45, 101741	2.8	1
384	Nurses perceptions of open disclosure processes in cancer care: a cross-sectional study. *Collegian*, **2020**, 27, 506-511	1.6	3
383	Advance Research Directives: Legal and Ethical Issues and Insights from a National Survey of Dementia Researchers in Australia. *Medical Law Review*, **2020**, 28, 375-400	0.8	2
382	Cancer patient preferences for the provision of information regarding emotional concerns in relation to medical procedures: A discrete choice experiment. *Patient Education and Counseling*, **2020**, 103, 1439-1443	3.1	
381	Cluster-Randomized Trial of Thrombolysis Implementation Support in Metropolitan and Regional Australian Stroke Centers: Lessons for Individual and Systems Behavior Change. *Journal of the American Heart Association*, **2020**, 9, e012732	6	10
380	Prevalence and characteristics associated with concurrent smoking and alcohol misuse within Australian general practice patients. *Australian Health Review*, **2020**, 44, 125-131	1.8	1
379	Prevalence and Predictors of Mortality for Older Adults Referred to a Hospital Avoidance Program. *Innovation in Aging*, **2020**, 4, 139-139	0.1	78
378	Nurses' perceptions of and barriers to the optimal end-of-life care in hospitals: A cross-sectional study. *Journal of Clinical Nursing*, **2020**, 29, 1209-1219	3.2	5
377	Preferences for End-of-Life Care and Decision Making Among Older and Seriously Ill Inpatients: A Cross-Sectional Study. *Journal of Pain and Symptom Management*, **2020**, 59, 187-196	4.8	10
376	Ethical and legal aspects of research involving older people with cognitive impairment: A survey of dementia researchers in Australia. *International Journal of Law and Psychiatry*, **2020**, 68, 101534	2.6	5

375	A multi-center randomized controlled trial to reduce unmet needs, depression, and anxiety among hematological cancer patients and their support persons. *Journal of Psychosocial Oncology*, **2020**, 38, 272-292	2.8	6
374	Where would acute care nurses prefer to receive end-of-life care? a cross-sectional survey. *International Journal of Nursing Studies*, **2020**, 109, 103683	5.8	0
373	Frequent avoidable admissions amongst Aboriginal and non-Aboriginal people with chronic conditions in New South Wales, Australia: a historical cohort study. *BMC Health Services Research*, **2020**, 20, 1082	2.9	2
372	Second opinions in medical oncology. *BMC Palliative Care*, **2020**, 19, 112	3	3
371	Improving depression outcomes among Australian primary care patients: protocol for a cluster randomised controlled trial. *BMJ Open*, **2020**, 10, e032057	3	1
370	Perceptions of optimal end-of-life care in hospitals: A cross-sectional study of nurses in three locations. *Journal of Advanced Nursing*, **2020**, 76, 3014-3025	3.1	1
369	Prevalence and Predictors of Symptoms of Depression Among Individuals Seeking Treatment from Australian Drug and Alcohol Outpatient Clinics. *Community Mental Health Journal*, **2020**, 56, 107-115	2.1	1
368	The System for Patient Assessment of Cancer Experiences (SPACE): a cross-sectional study examining feasibility and acceptability. *Supportive Care in Cancer*, **2020**, 28, 1737-1745	3.9	1
367	Medical oncology outpatients' preferences and experiences with advanced care planning: a cross-sectional study. *BMC Cancer*, **2019**, 19, 63	4.8	20
366	Perceptions of Chinese Towards Dementia in Hong Kong-Diagnosis, Symptoms and Impacts. *International Journal of Environmental Research and Public Health*, **2019**, 16,	4.6	7
365	Do haematological cancer patients get the information they need about their cancer and its treatment? Results of a cross-sectional survey. *Supportive Care in Cancer*, **2019**, 27, 1509-1517	3.9	7
364	Development and Validation of the MiPrep Survey: An Instrument Assessing Patients' Perceived Preparation for Medical Interventions Including Medical Imaging, Radiotherapy, and Surgery. *Value in Health*, **2019**, 22, 704-711	3.3	2
363	Interactional skills training in undergraduate medical education: ten principles for guiding future research. *BMC Medical Education*, **2019**, 19, 144	3.3	3
362	Costs and Cost-Effectiveness of Targeted, Personalized Risk Information to Increase Appropriate Screening by First-Degree Relatives of People With Colorectal Cancer. *Health Education and Behavior*, **2019**, 46, 798-808	4.2	2
361	Assessing patients' experiences of cancer care across the treatment pathway: a mapping review of recent psychosocial cancer care publications. *Supportive Care in Cancer*, **2019**, 27, 1997-2006	3.9	6
360	Cross-sectional survey to inform the development of a telehealth support model: a feasibility study for women undergoing breast cancer surgery. *Pilot and Feasibility Studies*, **2019**, 5, 46	1.9	2
359	Radiation oncology outpatients' patterns of life expectancy discussions. *European Journal of Cancer Care*, **2019**, 28, e13021	2.4	1
358	Oncology patient preferences for depression care: A discrete choice experiment. *Psycho-Oncology*, **2019**, 28, 807-814	3.9	3

357	Patient adherence to an exercise program for chronic low back pain measured by patient-report, physiotherapist-perception and observational data. *Physiotherapy Theory and Practice*, **2019**, 35, 1304-1313	1.5	12
356	Primary Care Physicians' Perceived Barriers to Optimal Dementia Care: A Systematic Review. *Gerontologist, The*, **2019**, 59, e697-e708	5	24
355	Planning Ahead for Dementia Research Participation: Insights from a Survey of Older Australians and Implications for Ethics, Law and Practice. *Journal of Bioethical Inquiry*, **2019**, 16, 415-429	1.9	7
354	Are older and seriously ill inpatients planning ahead for future medical care?. *BMC Geriatrics*, **2019**, 19, 212	4.1	10
353	Not having adequate time to make a treatment decision can impact on cancer patients' care experience: Results of a cross-sectional study. *Patient Education and Counseling*, **2019**, 102, 1957-1960	3.1	3
352	What Caused My Cancer? Cancer Patients' Perceptions on What May Have Contributed to the Development of Their Cancer: A Cross-Sectional, Cross-Country Comparison Study. *Cancer Control*, **2019**, 26, 1073274819863786	2.2	3
351	Electronic Health Literacy Among Magnetic Resonance Imaging and Computed Tomography Medical Imaging Outpatients: Cluster Analysis. *Journal of Medical Internet Research*, **2019**, 21, e13423	7.6	4
350	The new challenge for improving psychosocial cancer care: shifting to a system-based approach. *Supportive Care in Cancer*, **2019**, 27, 763-769	3.9	4
349	Receipt of information about diet by pregnant women: A cross-sectional study. *Women and Birth*, **2019**, 32, e501-e507	3.3	2
348	Agreement between a single-item measure of anxiety and depression and the Hospital Anxiety and Depression Scale: A cross-sectional study. *PLoS ONE*, **2019**, 14, e0210111	3.7	26
347	Reducing alcohol-related harm in Australia: a simple data-based tool to assist prioritization of research and health care delivery in primary care. *Family Practice*, **2019**, 36, 473-478	1.9	
346	Heading in a new direction? Recommendations for future research on patient decision aids. *Patient Education and Counseling*, **2019**, 102, 1029-1034	3.1	2
345	Barriers to the evaluation of evidence-based public health policy. *Journal of Public Health Policy*, **2019**, 40, 114-125	2.9	2
344	Effectiveness of interventions to increase participation in advance care planning for people with a diagnosis of dementia: A systematic review. *Palliative Medicine*, **2019**, 33, 262-273	5.5	20
343	The Patient Perspective on Errors in Cancer Care: Results of a Cross-Sectional Survey. *Journal of Patient Safety*, **2019**, 15, 322-327	1.9	11
342	Raised Anxiety Levels Among Outpatients Preparing to Undergo a Medical Imaging Procedure: Prevalence and Correlates. *Journal of the American College of Radiology*, **2018**, 15, 630-638	3.5	6
341	Finding the optimal treatment model: A systematic review of treatment for co-occurring alcohol misuse and depression. *Australian and New Zealand Journal of Psychiatry*, **2018**, 52, 737-750	2.6	11
340	Screening for recommended antenatal risk factors: How long does it take?. *Women and Birth*, **2018**, 31, 489-495	3.3	5

339	Examining variation across treatment clinics in cancer patients' psychological outcomes: results of a cross sectional survey. *Supportive Care in Cancer*, **2018**, 26, 3201-3208	3.9	5
338	A cross-sectional study of agreement between the Hospital Anxiety and Depression Scale and patient- and radiation oncologist-reported single-item assessment of depression and anxiety. *Psycho-Oncology*, **2018**, 27, 1840-1846	3.9	3
337	A clinician-centred programme for behaviour change in the optimal use of staging investigations for newly diagnosed prostate cancer. *BJU International*, **2018**, 121 Suppl 3, 22-27	5.6	9
336	The Right Place at the Right Time: Medical Oncology Outpatients' Perceptions of Location of End-of-Life Care. *Journal of the National Comprehensive Cancer Network: JNCCN*, **2018**, 16, 35-41	7.3	23
335	The timeliness of patients reporting the side effects of chemotherapy. *Supportive Care in Cancer*, **2018**, 26, 3579-3586	3.9	11
334	Quality versus quantity in end-of-life choices of cancer patients and support persons: a discrete choice experiment. *Supportive Care in Cancer*, **2018**, 26, 3593-3599	3.9	5
333	Consumer input into health care: Time for a new active and comprehensive model of consumer involvement. *Health Expectations*, **2018**, 21, 707-713	3.7	28
332	Optimal cancer care: what essential elements of care would help haematological cancer patients obtain and understand information about their disease and its treatment and impact?. *Supportive Care in Cancer*, **2018**, 26, 2843-2849	3.9	4
331	Unmet supportive care needs of haematological cancer survivors: rural versus urban residents. *Annals of Hematology*, **2018**, 97, 1283-1292	3	21
330	Co-occurring depression and alcohol misuse is under-identified in general practice: A cross-sectional study. *Journal of Health Psychology*, **2018**, 23, 1085-1095	3.1	6
329	A discrete choice experiment to assess cancer patients' preferences for when and how to make treatment decisions. *Supportive Care in Cancer*, **2018**, 26, 1215-1220	3.9	13
328	The impact of telephone follow up on adverse events for Aboriginal people with chronic disease in new South Wales, Australia: a retrospective cohort study. *International Journal for Equity in Health*, **2018**, 17, 60	4.6	4
327	Methodological quality of teaching communication skills to undergraduate medical students: a mapping review. *BMC Medical Education*, **2018**, 18, 151	3.3	10
326	Support persons' preferences for the type of consultation and the format of information provided when making a cancer treatment decision. *BMC Research Notes*, **2018**, 11, 456	2.3	5
325	Medical Imaging Outpatients' Experiences With Receiving Information Required for Informed Consent and Preparation: A Cross-Sectional Study. *Journal of Patient Experience*, **2018**, 5, 296-302	1.3	1
324	Preferences for models of peer support in the digital era: A cross-sectional survey of people with cancer. *Psycho-Oncology*, **2018**, 27, 2148-2154	3.9	8
323	A simple filter model to guide the allocation of healthcare resources for improving the treatment of depression among cancer patients. *BMC Cancer*, **2018**, 18, 125	4.8	3
322	Increasing advance personal planning: the need for action at the community level. *BMC Public Health*, **2018**, 18, 606	4.1	15

321	What is a 'timely' diagnosis? Exploring the preferences of Australian health service consumers regarding when a diagnosis of dementia should be disclosed. *BMC Health Services Research*, **2018**, 18, 612	2.9	16
320	Prevalence and correlates of patient-centred preparatory information provision to computed tomography and magnetic resonance imaging outpatients: A cross-sectional study. *Patient Education and Counseling*, **2018**, 101, 1814-1822	3.1	4
319	Not asking cancer patients about their preferences does make a difference. A cross-sectional study examining cancer patients' preferred and perceived role in decision-making regarding their last important cancer treatment. *European Journal of Cancer Care*, **2018**, 27, e12871	2.4	8
318	Three-Factor Structure of the eHealth Literacy Scale Among Magnetic Resonance Imaging and Computed Tomography Outpatients: A Confirmatory Factor Analysis. *JMIR Human Factors*, **2018**, 5, e6	2.5	21
317	How accurately do general practitioners detect concurrent tobacco use and risky alcohol consumption? A cross-sectional study in Australian general practice. *Australian Journal of Primary Health*, **2018**, 24, 378-384	1.4	1
316	Do medical oncology patients and their support persons agree about end-of-life issues?. *Internal Medicine Journal*, **2018**, 48, 60-66	1.6	4
315	Unplanned readmission or death after discharge for Aboriginal and non-Aboriginal people with chronic disease in NSW Australia: a retrospective cohort study. *BMC Health Services Research*, **2018**, 18, 893	2.9	3
314	Quality of Patient-Centered Care Provided to Patients Attending Hematological Cancer Treatment Centers. *International Journal of Environmental Research and Public Health*, **2018**, 15,	4.6	5
313	Dances With Denial: Have Medical Oncology Outpatients Conveyed Their End-of-Life Wishes and Do They Want To?. *Journal of the National Comprehensive Cancer Network: JNCCN*, **2018**, 16, 498-505	7.3	3
312	Knowledge of, and participation in, advance care planning: A cross-sectional study of acute and critical care nurses' perceptions. *International Journal of Nursing Studies*, **2018**, 86, 74-81	5.8	17
311	Have we increased our efforts to identify strategies which encourage colorectal cancer screening in primary care patients? A review of research outputs over time. *Preventive Medicine Reports*, **2018**, 11, 100-104	2.6	3
310	Quantifying the unmet needs of caregivers of people with dementia: a critical review of the quality of measures. *International Journal of Geriatric Psychiatry*, **2017**, 32, 274-287	3.9	16
309	An observational study of Australian private practice physiotherapy consultations to explore the prescription of self-management strategies. *Musculoskeletal Care*, **2017**, 15, 356-363	1.6	5
308	Psychological morbidity among Australian rural and urban support persons of haematological cancer survivors: Results of a national study. *Psycho-Oncology*, **2017**, 26, 1952-1958	3.9	5
307	Improving adherence to colorectal cancer surveillance guidelines: results of a randomised controlled trial. *BMC Cancer*, **2017**, 17, 106	4.8	6
306	Who are the support persons of haematological cancer survivors and how is their performance perceived?. *Psycho-Oncology*, **2017**, 26, 2201-2207	3.9	1
305	Computer tablet or telephone? A randomised controlled trial exploring two methods of collecting data from drug and alcohol outpatients. *Addictive Behaviors*, **2017**, 71, 111-117	4.2	2
304	Clinician identification of elevated symptoms of depression among individuals seeking treatment for substance misuse. *Drug and Alcohol Dependence*, **2017**, 181, 71-76	4.9	1

303	Testing for type 2 diabetes in Indigenous Australians: guideline recommendations and current practice. *Medical Journal of Australia*, **2017**, 207, 206-210	4	2
302	Dyadic interdependence of psychosocial outcomes among haematological cancer survivors and their support persons. *Supportive Care in Cancer*, **2017**, 25, 3339-3346	3.9	7
301	Do rates of depression vary by level of alcohol misuse in Australian general practice?. *Australian Journal of Primary Health*, **2017**, 23, 263-267	1.4	7
300	Alcohol management plans in Aboriginal and Torres Strait Islander (Indigenous) Australian communities in Queensland: community residents have experienced favourable impacts but also suffered unfavourable ones. *BMC Public Health*, **2017**, 17, 55	4.1	5
299	Improving hospital-based end of life care processes and outcomes: a systematic review of research output, quality and effectiveness. *BMC Palliative Care*, **2017**, 16, 34	3	16
298	Poor uptake of an online intervention in a cluster randomised controlled trial of online diabetes education for rural general practitioners. *Trials*, **2017**, 18, 137	2.8	9
297	Diet during pregnancy: Women's knowledge of and adherence to food safety guidelines. *Australian and New Zealand Journal of Obstetrics and Gynaecology*, **2017**, 57, 315-322	1.7	3
296	Physiotherapists' perceptions of patient adherence to prescribed self-management strategies: a cross-sectional survey of Australian physiotherapists. *Disability and Rehabilitation*, **2017**, 39, 1932-1938	2.4	12
295	A systematic review of patient-practitioner communication interventions involving treatment decisions. *Patient Education and Counseling*, **2017**, 100, 199-211	3.1	8
294	Computer and telephone delivered interventions to support caregivers of people with dementia: a systematic review of research output and quality. *BMC Geriatrics*, **2017**, 17, 265	4.1	52
293	Assisting the bereaved: A systematic review of the evidence for grief counselling. *Palliative Medicine*, **2016**, 30, 132-48	5.5	47
292	Acceptability of a Touch Screen Tablet Psychosocial Survey Administered to Radiation Therapy Patients in Japan. *International Journal of Behavioral Medicine*, **2016**, 23, 485-91	2.6	11
291	Prevalence and associates of psychological distress in haematological cancer survivors. *Supportive Care in Cancer*, **2016**, 24, 4413-22	3.9	29
290	Effectiveness of interventions utilising telephone follow up in reducing hospital readmission within 30 days for individuals with chronic disease: a systematic review. *BMC Health Services Research*, **2016**, 16, 403	2.9	41
289	Nurse-led group consultation intervention reduces depressive symptoms in men with localised prostate cancer: a cluster randomised controlled trial. *BMC Cancer*, **2016**, 16, 637	4.8	18
288	Improving self-management of cancer risk factors, underscreening for cancer and depression among general practice patients: study protocol of a randomised controlled trial. *BMJ Open*, **2016**, 6, e014782	3	1
287	A consumer register: an acceptable and cost-effective alternative for accessing patient populations. *BMC Medical Research Methodology*, **2016**, 16, 134	4.7	4
286	Women's perceptions of antenatal care: are we following guideline recommended care?. *BMC Pregnancy and Childbirth*, **2016**, 16, 191	3.2	15

285	Patterns of type 2 diabetes monitoring in rural towns: How does frequency of HbA1c and lipid testing compare with existing guidelines?. *Australian Journal of Rural Health*, **2016**, 24, 371-377	1.3	4
284	Wilfully out of sight? A literature review on the effectiveness of cancer-related decision aids and implementation strategies. *BMC Medical Informatics and Decision Making*, **2016**, 16, 36	3.6	15
283	The Perspectives of Haematological Cancer Patients on Tissue Banking. *Oncology and Therapy*, **2016**, 4, 91-102	2.7	
282	Does screening for physical and psychosocial symptoms vary between medical oncology treatment centres?. *Psycho-Oncology*, **2016**, 25, 521-8	3.9	3
281	The psychosocial outcomes of individuals with hematological cancers: Are we doing enough high quality research, and what is it telling us?. *Critical Reviews in Oncology/Hematology*, **2016**, 101, 21-31	7	5
280	Burden and Unmet Needs of Caregivers of Chronic Obstructive Pulmonary Disease Patients: A Systematic Review of the Volume and Focus of Research Output. *COPD: Journal of Chronic Obstructive Pulmonary Disease*, **2016**, 13, 662-7	2	25
279	Interventions to aid patient adherence to physiotherapist prescribed self-management strategies: a systematic review. *Physiotherapy*, **2016**, 102, 127-35	3	70
278	Response to Gould et al's Letter to the Editor: Provision of Antenatal Smoking Cessation Support: A Survey With Pregnant Aboriginal and Torres Strait Islander Women. *Nicotine and Tobacco Research*, **2016**, 18, 106-7	4.9	
277	Involvement of informal caregivers in supporting patients with COPD: a review of intervention studies. *International Journal of COPD*, **2016**, 11, 1587-96	3	28
276	Ready, set, go: a cross-sectional survey to understand priorities and preferences for multiple health behaviour change in a highly disadvantaged group. *BMC Health Services Research*, **2016**, 16, 488	2.9	7
275	Cross-Sectional Data That Explore the Relationship Between Outpatients' Quality of Life and Preferences for Quality Improvement in Oncology Settings. *Journal of Oncology Practice*, **2016**, 12, e746-54	3.1	1
274	Can a print-based intervention increase screening for first degree relatives of people with colorectal cancer? A randomised controlled trial. *Australian and New Zealand Journal of Public Health*, **2016**, 40, 582-587	2.3	4
273	Aiding patient adherence to physiotherapist-prescribed self-management strategies: an evidence-based behavioural model in practice. *Physical Therapy Reviews*, **2016**, 21, 124-130	0.7	4
272	Preparing patients for medical interventions: A systematic review of the psychometric qualities of published instruments. *Patient Education and Counseling*, **2016**, 99, 960-73	3.1	6
