#	Article	IF	Citations
1	Repeated evaluations of the quality of clinical teaching by residents. Perspectives on Medical Education, 2022, 2, 58-71.	1.8	6
2	The Effect of an Additional Structured Methods Presentation on Decision-Makersâ€™ Reading Time and Opinions on the Helpfulness of the Methods in a Quantitative Report: Nonrandomized Trial. JMIR Medical Informatics, 2022, 10, e29813.	1.3	0
3	Primary care disease management for venous leg ulcerationâ€"study protocol for the Ulcus Cruris Care [UCC] randomized controlled trial (DRKS00026126). Trials, 2022, 23, 60.	0.7	2
4	Media use in gynecological and obstetric care and womenâ€™s perceived level of education received of lifestyle-related risks: A cross-sectional study. Women's Health, 2022, 18, 174550572210901.	0.7	0
5	The Social Support Network of Adults with an Autism Spectrum Condition: An Exploration Using the Network in Action-Questionnaire. Journal of Autism and Developmental Disorders, 2022, , 1.	1.7	1
6	Keeping nurses in nursing: a qualitative study of German nursesâ€™ perceptions of push and pull factors to leave or stay in the profession. BMC Nursing, 2022, 21, 48.	0.9	16
7	Information exchange networks for chronic diseases in primary care practices in Germany: a cross-sectional study. , 2022, 23, 56.		2
8	Contextual factors influencing physiciansâ€™ perception of antibiotic prescribing in primary care in GermanyÂâ€"Âa prospective observational study. BMC Health Services Research, 2022, 22, 331.	0.9	3
9	Mental health specialist video consultations for patients with somatic symptom disorder in primary care: protocol for a randomised feasibility trial (the VISION trial). BMJ Open, 2022, 12, e058150.	0.8	1
10	Protocol for the process evaluation of a counselling intervention designed to educate cancer patients on complementary and integrative health care and promote interprofessional collaboration in this area (the CCC-Integrativ study). PLoS ONE, 2022, 17, e0268091.	1.1	2
11	Factors related to implementation of an interprofessional communication concept in thoracic oncology: a mixed-methods study. BMC Palliative Care, 2022, 21, .	0.8	1
12	Patient-reported continuity of care and the association with patient experience of cardiovascular prevention: an observational study in Germany. , 2022, 23, .		3
13	Impact of an interprofessional training ward on interprofessional competencies â€" a quantitative longitudinal study. Journal of Interprofessional Care, 2021, 35, 751-759.	0.8	25
14	Realâ€world evidence on health resource use among patients with haemophilia and inhibitor exhibiting severe bleeding episodes. Haemophilia, 2021, 27, 69-80.	1.0	6
15	Cost-Effectiveness and Cost-Utility of a Home-Based Exercise Program in Geriatric Patients with Cognitive Impairment. Gerontology, 2021, 67, 220-232.	1.4	10
16	Continuity in general practice and hospitalization patterns: an observational study. BMC Family Practice, 2021, 22, 21.	2.9	17
17	Use of a quantitative data report in a hypothetical decision scenario for health policymaking: a computer-assisted laboratory study. BMC Medical Informatics and Decision Making, 2021, 21, 32.	1.5	1
18	Reflections on the measurement of implementation constructs. Implementation Research and Practice, 2021, 2, 263348952110201.	0.8	5

#	Article	IF	Citations
19	Primary care practice-based care management for chronically ill patients (PraCMan) in German healthcare: Outcome of a propensity-score matched cohort study. European Journal of General Practice, 2021, 27, 228-234.	0.9	2
20	Innovationen im Gesundheitswesen. , 2021, , 629-648.		4
21	Lung cancer patientsâ€™ comorbidities and attendance of German ambulatory physicians in a 5-year cross-sectional study. Npj Primary Care Respiratory Medicine, 2021, 31, 2.	1.1	3
22	Strong and sustainable primary healthcare is associated with a lower risk of hospitalization in high risk patients. Scientific Reports, 2021, 11, 4349.	1.6	10
23	Mental Health Specialist Video Consultations Versus Treatment-as-Usual for Patients With Depression or Anxiety Disorders in Primary Care: Randomized Controlled Feasibility Trial. JMIR Mental Health, 2021, 8, e22569.	1.7	16
24	Goal attainment in mobility after acute rehabilitation of mobility-restricting paralysis syndromes with regard to the ambulatory therapeutic level of participation NeuroMoves. BMC Neurology, 2021, 21, 149.	0.8	3
25	The role of personalised professional relations across care sectors in achieving high continuity of care. BMC Family Practice, 2021, 22, 72.	2.9	7
26	Internationally trained nurses and host nursesâ€™ perceptions of safety culture, work-life-balance, burnout, and job demand during workplace integration: a cross-sectional study. BMC Nursing, 2021, 20, 77.	0.9	21
27	Mental health specialist video consultations versus treatment as usual in patients with depression or anxiety disorders in primary care: study protocol for an individually randomised superiority trial (the) Tj ETQq1 1 0.784314 rgBT /Overlo	3	
28	Benefits of prophylactic emicizumab in enhancing immune tolerance induction in a boy with hemophilia A and very high inhibitor titer. Pediatric Blood and Cancer, 2021, 68, e29111.	0.8	1
29	Beliefs and practices among primary care physicians during the first wave of the COVID-19 pandemic in Baden-Wuerttemberg (Germany): an observational study. BMC Family Practice, 2021, 22, 86.	2.9	9
30	Healthcare planning across healthcare sectors in Baden-Wuerttemberg, Germany: a stakeholder online survey to identify indicators. BMC Health Services Research, 2021, 21, 510.	0.9	0
31	Effects of an Interprofessional Communication Approach on Support Needs, Quality of Life, and Mood of Patients with Advanced Lung Cancer: A Randomized Trial. Oncologist, 2021, 26, e1445-e1459.	1.9	8
32	Implementation research in clinical trials. Journal of Evidence-Based Medicine, 2021, 14, 85-86.	0.7	2
33	Health policy expertsâ€™ perspectives on implementing mental health specialist video consultations in routine primary care â€“ a qualitative interview study. BMC Health Services Research, 2021, 21, 713.	0.9	7
34	Antibiotic prescribing for acute, non-complicated infections in primary care in Germany: baseline assessment in the cluster randomized trial ARena. BMC Infectious Diseases, 2021, 21, 877.	1.3	9
35	Influence of physician networks on prescribing a new ingredient combination in heart failure: a longitudinal claim data-based study. Implementation Science, 2021, 16, 84.	2.5	5
36	Womenâ€™s Media Use and Preferences of Media-Based Interventions on Lifestyle-Related Risk Factors in Gynecological and Obstetric Care: A Cross-Sectional Multi-Center Study in Germany. International Journal of Environmental Research and Public Health, 2021, 18, 9840.	1.2	1

#	Article	IF	Citations
37	Assessing Reduction of Antibiotic Prescribing for Acute, Non-Complicated Infections in Primary Care in Germany: Multi-Step Outcome Evaluation in the Cluster-Randomized Trial ARena. Antibiotics, 2021, 10, 1151.	1.5	3
38	Perceived Support for Recovery and Level of Functioning Among People With Severe Mental Illness in Central and Eastern Europe: An Observational Study. Frontiers in Psychiatry, 2021, 12, 732111.	1.3	2
39	Development and Evaluation of a Decision Aid to Support Patientsâ€™ Participatory Decision-Making for Tumor-Specific and Palliative Therapy for Advanced Cancer: Protocol for a Pre-Post Study. JMIR Research Protocols, 2021, 10, e24954.	0.5	0
40	The Perception of Patient Safety Strategies by Primary Health Professionals. International Journal of Environmental Research and Public Health, 2021, 18, 1063.	1.2	2
41	Experiences of healthcare staff providing community-based mental healthcare as a multidisciplinary community mental health team in Central and Eastern Europe findings from the RECOVER-E project: an observational intervention study. BMC Psychiatry, 2021, 21, 525.	1.1	4
42	Development of a concept for a mobile application to support orofacial myofunctional therapy. The International Journal of Orofacial Myology: Official Publication of the International Association of Orofacial Myology, 2021, 47, 5-13.	0.1	0
43	Self-management perspectives of elderly patients with multimorbidity and practitionersÂ- status, challenges and further support needed?. BMC Family Practice, 2021, 22, 238.	2.9	2
44	Health providersâ€™ experiences with mental health specialist video consultations in primary care: a qualitative study nested within a randomised feasibility trial. BMJ Open, 2021, 11, e047829.	0.8	2
45	Effects of personalized invitation letters on research participation among general practitioners: a randomized trial. BMC Medical Research Methodology, 2021, 21, 247.	1.4	2
46	Enhancing implementation of a standardized initial assessment for demand management in outpatient emergency care in Germany: a quantitative process evaluation. BMC Medical Informatics and Decision Making, 2021, 21, 318.	1.5	1
47	Implementation Science and Implementation Science Communications: a refreshed description of the journalsâ€™ scope and expectations. Implementation Science, 2021, 16, 103.	2.5	6
48	Long-Term Courses of Sepsis Survivors: Effects of a Primary Care Management Intervention. American Journal of Medicine, 2020, 133, 381-385.e5.	0.6	16
49	The decline in physical activity in aging people is not modified by gender or the presence of cardiovascular disease. European Journal of Public Health, 2020, 30, 333-339.	0.1	12
50	Costâ€"Utility and Budget Impact Analysis for Stopping the Inappropriate Use of Proton Pump Inhibitors After Cessation of NSAID or Low-Dose Acetylsalicylic Acid Treatment. Drugs and Aging, 2020, 37, 67-74.	1.3	6
51	Pragmatic trial on inhaled corticosteroid withdrawal in patients with COPD in general practice. Npj Primary Care Respiratory Medicine, 2020, 30, 43.	1.1	3
52	Caregivers' role in using a personal electronic health record: a qualitative study of cancer patients and caregivers in Germany. BMC Medical Informatics and Decision Making, 2020, 20, 158.	1.5	9
53	Health Knowledge of Lifestyle-Related Risks during Pregnancy: A Cross-Sectional Study of Pregnant Women in Germany. International Journal of Environmental Research and Public Health, 2020, 17, 8626.	1.2	13
54	German translation and validation of the Reporting of Clinical Adverse Events Scale (RoCAES-D). BMC Health Services Research, 2020, 20, 689.	0.9	4

#	Article	IF	Citations
55	What patients with lung cancer with comorbidity tell us about interprofessional collaborative care across healthcare sectors: qualitative interview study. BMJ Open, 2020, 10, e036495.	0.8	6
56	Intensified ambulatory cardiology care: effects on mortality and hospitalisationâ€"a comparative observational study. Scientific Reports, 2020, 10, 14695.	1.6	12
57	Cooperation networks of ambulatory health care providers: exploration of mechanisms that influence coordination and uptake of recommended cardiovascular care (ExKoCare): a mixed-methods study protocol. BMC Family Practice, 2020, 21, 168.	2.9	6
58	Qualitative research methods in medical dissertations: an observational methodological study on prevalence and reporting quality of dissertation abstracts in a German university. BMC Medical Research Methodology, 2020, 20, 301.	1.4	5
59	Fostering Appropriate Antibiotic Use in a Complex Intervention: Mixed-Methods Process Evaluation Alongside the Cluster-Randomized Trial ARena. Antibiotics, 2020, 9, 878.	1.5	12
60	No differences in hemostatic and endothelial activations between haploidentical and matched-donor hematopoietic stem cell transplantation in thalassemia disease. Thrombosis Journal, 2020, 18, 21.	0.9	1
61	Promoting rational antibiotic prescribing for non-complicated infections: understanding social influence in primary care networks in Germany. BMC Family Practice, 2020, 21, 51.	2.9	10
62	How to ensure basic competencies in end of life care â€" a mixed methods study with post-graduate trainees in primary care in Germany. BMC Palliative Care, 2020, 19, 36.	0.8	10
63	Implementation science in times of Covid-19. Implementation Science, 2020, 15, 42.	2.5	64
64	Implementation of the milestones communication approach for patients with limited prognosis: evaluation of intervention fidelity. BMC Palliative Care, 2020, 19, 21.	0.8	10
65	The complex phenomenon of dysrational antibiotics prescribing decisions in German primary healthcare: a qualitative interview study using dual process theory. Antimicrobial Resistance and Infection Control, 2020, 9, 6.	1.5	14
66	Exploring Patientâ€™s Perspectives and Experiences After Start with Inhalation Maintenance Therapy: A Qualitative Theory-Based Study . Patient Preference and Adherence, 2020, Volume 14, 203-212.	0.8	2
67	Interventions to Improve Hospital Admission and Discharge Management: An Umbrella Review of Systematic Reviews. Quality Management in Health Care, 2020, 29, 67-75.	0.4	12
68	Towards community-based and recovery-oriented care for severe mental disorders in Southern and Eastern Europe: aims and design of a multi-country implementation and evaluation study (RECOVER-E). International Journal of Mental Health Systems, 2020, 14, 30.	1.1	14
69	Converting habits of antibiotic use for respiratory tract infections in German primary care (CHANGE-3) - process evaluation of a complex intervention. BMC Family Practice, 2020, 21, 274.	2.9	4
70	Digitalizing Health Services by Implementing a Personal Electronic Health Record in Germany: Qualitative Analysis of Fundamental Prerequisites From the Perspective of Selected Experts. Journal of Medical Internet Research, 2020, 22, e15102.	2.1	25
71	Patientsâ€™ Perspective on Mental Health Specialist Video Consultations in Primary Care: Qualitative Preimplementation Study of Anticipated Benefits and Barriers. Journal of Medical Internet Research, 2020, 22, e17330.	2.1	44
72	Perspectives of Psychotherapists and Psychiatrists on Mental Health Care Integration Within Primary Care Via Video Consultations: Qualitative Preimplementation Study. Journal of Medical Internet Research, 2020, 22, e17569.	2.1	34

#	Article	IF	Citations
73	Applying Digital Information Delivery to Convert Habits of Antibiotic Use in Primary Care in Germany: Mixed-Methods Study. Journal of Medical Internet Research, 2020, 22, e18200.	2.1	5
74	Implementation of a Standardized Initial Assessment for Demand Management in Outpatient Emergency Care in Germany: Early Qualitative Process Evaluation. JMIR Formative Research, 2020, 4, e18456.	0.7	3
75	Intent to Adopt Video-Based Integrated Mental Health Care and the Characteristics of its Supporters: Mixed Methods Study Among General Practitioners Applying Diffusion of Innovations Theory. JMIR Mental Health, 2020, 7, e23660.	1.7	11
76	Professional Care Networks of Frail Older People: An Explorative Survey Study from the Patient Perspective. International Journal of Integrated Care, 2020, 20, 1.	0.1	12
77	Innovationen im Gesundheitswesen. , 2020, , 1-21.		0
78	Sustainability of Community-Based Specialized Mental Health Services in Five European Countries: Protocol for Five Randomized Controlled Trialâ€"Based Health-Economic Evaluations Embedded in the RECOVER-E Program. JMIR Research Protocols, 2020, 9, e17454.	0.5	4
79	Influences on Physiciansâ€™ Participation in Coordinated Ambulatory Cardiology Care: A Mixed-Methods Study. International Journal of Integrated Care, 2020, 20, 17.	0.1	2
80	Prenatal Alcohol Exposure and the Associated Risk of Elevated Blood Pressure: A Cross-sectional Analysis of 3- to 17-Year-Olds in Germany. American Journal of Hypertension, 2019, 32, 1118-1125.	1.0	4
81	Implementation Science and Implementation Science Communications: our aims, scope, and reporting expectations. Implementation Science, 2019, 14, 77.	2.5	24
82	Adherence to guideline recommendations for asthma care in community pharmacies: actual and needed performance. Npj Primary Care Respiratory Medicine, 2019, 29, 26.	1.1	3
83	Strong primary care and patientsâ€™ survival. Scientific Reports, 2019, 9, 10859.	1.6	12
84	Actions to influence the care network of homeâ€dwelling elderly people: A qualitative study. Health and Social Care in the Community, 2019, 27, 973-981.	0.7	8
85	The allocation of resources in the care for patients with panic disorder in Germany: an excess cost analysis informing policy and science. Cost Effectiveness and Resource Allocation, 2019, 17, 9.	0.6	11
86	Care management intervention to strengthen self-care of multimorbid patients with type 2 diabetes in a German primary care network: A randomized controlled trial. PLoS ONE, 2019, 14, e0214056.	1.1	6
87	Symptoms of depression are associated with physical inactivity but not modified by gender or the presence of a cardiovascular disease; a cross-sectional study. BMC Cardiovascular Disorders, 2019, 19, 95.	0.7	35
88	Knowledge translation in health: how implementation science could contribute more. BMC Medicine, 2019, 17, 88.	2.3	218
89	Measuring change attitudes in health care organizations. Journal of Health Organization and Management, 2019, 33, 266-285.	0.6	3
90	Study protocol of a multicenter randomized controlled trial of mindfulness-based cognitive therapy and treatment as usual in bipolar disorder. BMC Psychiatry, 2019, 19, 130.	1.1	10

#	Article	IF	Citations
91	Meeting the needs of multimorbid patients with Type 2 diabetes mellitus â€“ A randomized controlled trial to assess the impact of a care management intervention aiming to improve self-care. Diabetes Research and Clinical Practice, 2019, 150, 184-193.	1.1	4
92	Barriers and facilitators for community pharmacistsâ€™ participation in pharmacy practice research: a survey. International Journal of Pharmacy Practice, 2019, 27, 399-402.	0.3	17
93	Improving continuity of patient care across sectors: study protocol of a quasi-experimental multi-centre study regarding an admission and discharge model in Germany (VESPEERA). BMC Health Services Research, 2019, 19, 206.	0.9	6
94	Factors related to out-of-hours help-seeking for acute health problems: a survey study using case scenarios. BMC Public Health, 2019, 19, 33.	1.2	9
95	Pediatric nonâ€Hodgkin lymphoma: Characteristics, stratification, and treatment at a single institute in Thailand. Pediatrics International, 2019, 61, 49-57.	0.2	4
96	Converting habits of antibiotic use for respiratory tract infections in German primary care â€“ study protocol of the cluster-randomized controlled CHANGE-3 trial. Trials, 2019, 20, 103.	0.7	7
97	Improving continuity of patient care across sectors: study protocol of the process evaluation of a quasi-experimental multi-centre study regarding an admission and discharge model in Germany (VESPEERA). BMJ Open, 2019, 9, e031245.	0.8	4
98	Effect of involving certified healthcare assistants in primary care in Germany: a cross-sectional study. BMJ Open, 2019, 9, e033325.	0.8	5
99	Mental health specialist video consultations for patients with depression or anxiety disorders in primary care: protocol for a randomised controlled feasibility trial. BMJ Open, 2019, 9, e030003.	0.8	24
100	Implementing guided ICBT for chronic pain and fatigue: A qualitative evaluation among therapists and managers. Internet Interventions, 2019, 18, 100290.	1.4	7
101	Implementing coordinated ambulatory cardiology care in southern Germany: a mixed-methods study. BMC Health Services Research, 2019, 19, 976.	0.9	7
102	Learning, understanding and the use of information technology: a survey study among primary care physician trainees. BMC Health Services Research, 2019, 19, 728.	0.9	11
103	Claims data-based analysis of the influence of individual and regional characteristics on the utilisation of long-term care by people with dementia in Baden-Wurttemberg, Germany. BMC Geriatrics, 2019, 19, 358.	1.1	3
104	Reticulocyte hemoglobin equivalent in a thalassemiaâ€prevalent area. Pediatrics International, 2019, 61, 240-245.	0.2	10
105	Patient cardiovascular risk self-management: results from a randomized trial of motivational interviewing delivered by practice nurses. Family Practice, 2019, 36, 460-466.	0.8	2
106	Tailored interventions to support the implementation of the German national guideline on screening, diagnosis and treatment of alcohol-related disorders: a project protocol. Sucht, 2019, 65, 373-381.	0.1	4
107	Internet-Based Cognitive Behavioral Therapy in Stepped Care for Chronic Fatigue Syndrome: Randomized Noninferiority Trial. Journal of Medical Internet Research, 2019, 21, e11276.	2.1	19
108	Potential for Integrating Mental Health Specialist Video Consultations in Office-Based Routine Primary Care: Cross-Sectional Qualitative Study Among Family Physicians. Journal of Medical Internet Research, 2019, 21, e13382.	2.1	20

#	Article	IF	Citations
109	Self-Management Maintenance Inhalation Therapy With eHealth (SELFIE): Observational Study on the Use of an Electronic Monitoring Device in Respiratory Patient Care and Research. Journal of Medical Internet Research, 2019, 21, e13551.	2.1	14
110	Internet-Based Cognitive Behavioral Therapy for Chronic Fatigue Syndrome Integrated in Routine Clinical Care: Implementation Study. Journal of Medical Internet Research, 2019, 21, e14037.	2.1	8
111	Panic Disorder in Primary Care: The Effects of a Team-Based Intervention. Deutsches Ärzteblatt International, 2019, 116, 159-166.	0.6	12
112	Developing a support program for care networks of home-dwelling older persons. International Journal of Integrated Care, 2019, 19, 425.	0.1	2
113	Considerations of prescribers and pharmacists for the use of nonâ€selective Î²â€blockers in asthma and <scp>COPD</scp> patients: An explorative study. Journal of Evaluation in Clinical Practice, 2018, 24, 396-402.	0.9	7
114	German healthcare professionalsâ€™ perspective on implementing recommendations about polypharmacy in general practice: a qualitative study. Family Practice, 2018, 35, 503-510.	0.8	14
115	Patient-reported common symptoms as an assessment of interventions in medication reviews: a randomised, controlled trial. International Journal of Clinical Pharmacy, 2018, 40, 126-134.	1.0	12
116	Physiotherapistsâ€™ views of implementing a stratified treatment approach for patients with low back pain in Germany: a qualitative study. BMC Health Services Research, 2018, 18, 214.	0.9	17
117	A longitudinal communication approach in advanced lung cancer: A qualitative study of patientsâ€™, relativesâ€™ and staff's perspectives. European Journal of Cancer Care, 2018, 27, e12794.	0.7	17
118	Translation and validation of the PACIC+ questionnaire: the Thai version. BMC Family Practice, 2018, 19, 123.	2.9	7
119	The effects of substitution of hospital ward care from medical doctors to physician assistants on non-adherence to guidelines on medication prescribing. PLoS ONE, 2018, 13, e0202626.	1.1	6
120	Novel oral anticoagulants in primary care in patients with atrial fibrillation: a cross-sectional comparison before and after their introduction. BMC Family Practice, 2018, 19, 115.	2.9	11
121	Activated platelets and leukocyte activations in young patients with Î²-thalassemia/HbE following bone marrow transplantation. Thrombosis Research, 2018, 169, 8-14.	0.8	7
122	Sustainable reduction of antibiotic-induced antimicrobial resistance (ARena) in German ambulatory care: study protocol of a cluster randomised trial. Implementation Science, 2018, 13, 23.	2.5	13
123	Effects of a program to strengthen general practice care on hospitalisation rates: a comparative observational study. Scandinavian Journal of Primary Health Care, 2018, 36, 109-114.	0.6	16
124	Factors contributing to the recognition of anxiety and depression in general practice. BMC Family Practice, 2018, 19, 99.	2.9	14
125	Challenges in supporting lay carers of patients at the end of life: results from focus group discussions with primary healthcare providers. BMC Family Practice, 2018, 19, 112.	2.9	14
126	The Heidelberg Milestones Communication Approach (MCA) for patients with prognosis <12Âmonths: protocol for a mixed-methods study including a randomized controlled trial. Trials, 2018, 19, 438.	0.7	18

#	Article	IF	Citations
127	Developing a Shared Patient-Centered, Web-Based Medication Platform for Type 2 Diabetes Patients and Their Health Care Providers: Qualitative Study on User Requirements. Journal of Medical Internet Research, 2018, 20, e105.	2.1	25
128	Acceptance of and intent to adopt video consultations for addressing mental health disorders in primary care: A cross-sectional mixed methods study in general practitioners. International Journal of Integrated Care, 2018, 18, 378.	0.1	0
129	Unusual cause of anemia in a child with end-stage renal disease: Answers. Pediatric Nephrology, 2017, 32, 2261-2262.	0.9	1
130	Evaluation of Potentially Drug-Related Patient-Reported Common Symptoms Assessed During Clinical Medication Reviews: A Cross-Sectional Observational Study. Drug Safety, 2017, 40, 419-430.	1.4	16
131	Interventions and working relationships of voluntary organisations for diabetes self-management: A cross-national study. International Journal of Nursing Studies, 2017, 70, 58-70.	2.5	14
132	Information exchange networks of health care providers and evidence-based cardiovascular risk management: an observational study. Implementation Science, 2017, 12, 7.	2.5	13
133	The Development and Performance of After-Hours Primary Care in the Netherlands. Annals of Internal Medicine, 2017, 166, 737.	2.0	89
134	Cost Effectiveness of Gastroprotection with Proton Pump Inhibitors in Older Low-Dose Acetylsalicylic Acid Users in the Netherlands. Drugs and Aging, 2017, 34, 375-386.	1.3	8
135	Impact of primary care on hospital admission rates for diabetes patients: A systematic review. Diabetes Research and Clinical Practice, 2017, 129, 182-196.	1.1	29
136	Self-management research of asthma and good drug use (SMARAGD study): a pilot trial. International Journal of Clinical Pharmacy, 2017, 39, 888-896.	1.0	19
137	Understanding Challenges, Strategies, and the Role of Support Networks in Medication Self-management Among Patients With Type 2 Diabetes. The Diabetes Educator, 2017, 43, 190-205.	2.6	15
138	How the Consolidated Framework for Implementation Research Can Strengthen Findings and Improve Translation of Research Into Practice: A Case Study. Oncology Nursing Forum, 2017, 44, E223-E231.	0.5	9
139	The involvement of physician assistants in inpatient care in hospitals in the Netherlands: a cost-effectiveness analysis. BMJ Open, 2017, 7, e016405.	0.8	25
140	Normalized levels of red blood cells expressing phosphatidylserine, their microparticles, and activated platelets in young patients with Î²-thalassemia following bone marrow transplantation. Annals of Hematology, 2017, 96, 1741-1747.	0.8	8
