#	Article	IF	Citations
1	Using behaviour change science to deliver oral health practice: A commentary. Community Dentistry and Oral Epidemiology, 2023, 51, 697-704.	0.9	4
2	Inequalities in the progress of multiple chronic conditions: A systematic review of longitudinal studies. PLoS ONE, 2022, 17, e0263357.	1.1	10
3	A Systematic Review and Meta-Analysis of the Role of Sugar-Free Chewing Gum on Plaque Quantity in the Oral Cavity. Frontiers in Oral Health, 2022, 3, 845921.	1.2	5
4	How do dental practitioners, educators and students diagnose and manage caries risk and caries lesions? A COMâ€B analysis. Community Dentistry and Oral Epidemiology, 2022, , .	0.9	3
5	Behavioural sciences and dentistry. Evidence-Based Dentistry, 2022, 23, 46-47.	0.3	0
6	Assessing the Effectiveness and Acceptability of a Personalized Mobile Phone App in Improving Adherence to Oral Hygiene Advice in Orthodontic Patients: Protocol for a Feasibility Study and a Randomized Controlled Trial. JMIR Research Protocols, 2021, 10, e18021.	0.5	2
7	Effective Communication with Patients to Improve Oral Health-Related Behaviours. BDJ Clinician's Guides, 2021, , 61-73.	0.1	0
8	Cariology consensus for undergraduates at dental schools in the Caribbean region. European Journal of Dental Education, 2021, 25, 717-732.	1.0	5
9	Brief Report: Analysis of Dental Treatment Provided Under General Anaesthesia for Children and Young Adults with Autistic Spectrum Disorder and Identification of Challenges for Dental Services. Journal of Autism and Developmental Disorders, 2021, 51, 4698-4703.	1.7	7
10	Factors influencing adherence to oral appliance therapy in adults with obstructive sleep apnea: a systematic review and meta-analysis. Journal of Clinical Sleep Medicine, 2021, 17, 1485-1498.	1.4	12
11	Patients' and parentsâ€™ expectations of orthodontic treatment in university settings. American Journal of Orthodontics and Dentofacial Orthopedics, 2021, 159, 443-452.	0.8	5
12	A systematic review and meta-analysis of the role of sugar-free chewing gum on Streptococcus mutans. BMC Oral Health, 2021, 21, 217.	0.8	5
13	A Short Form of the Childrenâ€™s Experiences of Dental Anxiety Measure (CEDAM): Validation and Evaluation of the CEDAM-8. Dentistry Journal, 2021, 9, 71.	0.9	1
14	Adopting the COMâ€B model and TDF framework in oral and dental research: A narrative review. Community Dentistry and Oral Epidemiology, 2021, 49, 385-393.	0.9	20
15	The impact of tooth colour on the perceptions of age and social judgements.. Journal of Dentistry, 2021, 112, 103771.	1.7	18
16	Intervention to enhance adherence to mandibular advancement appliance in patients with obstructive sleep apnoea: study protocol for a randomised clinical trial. Trials, 2021, 22, 699.	0.7	1
17	Dental Policy Lab 3: towards oral and dental health through partnership. British Dental Journal, 2021, 231, 764-768.	0.3	2
18	A Systematic Review and Meta-Analysis of the Role of Sugar-Free Chewing Gum in Dental Caries. JDR Clinical and Translational Research, 2020, 5, 214-223.	1.1	21

#	Article	IF	Citations
19	Communication, Trust and Dental Anxiety: A Person-Centred Approach for Dental Attendance Behaviours. Dentistry Journal, 2020, 8, 118.	0.9	22
20	How do you identify the patient with â€˜high expectationsâ€™ of orthodontic treatment: An empirical approach. Journal of Orthodontics, 2020, 47, 289-293.	0.4	2
21	Minimum intervention oral healthcare for people with dental phobia: a patient management pathway. British Dental Journal, 2020, 229, 417-424.	0.3	10
22	Body Dysmorphic Disorder: a Guide to Identification and Management for the General Dental Practitioner. Dental Update, 2020, 47, 303-313.	0.1	2
23	A curriculum for behaviour and oral healthcare management for dentally anxious childrenâ€"Recommendations from the Children Experiencing Dental Anxiety: Collaboration on Research and Education (CEDACORE). International Journal of Paediatric Dentistry, 2020, 30, 556-569.	1.0	8
24	The effect of viewing idealised smile images versus nature images via social media on immediate facial satisfaction in young adults: A randomised controlled trial. Journal of Orthodontics, 2020, 47, 55-64.	0.4	22
25	The Psychological Models of Health-related Behavior in Understanding Sugars Intake in Adults: A Review. Oman Medical Journal, 2020, 35, e114-e114.	0.3	2
26	Achieving consensus on clinical examination and record keeping in NHS dentistry: a Delphi approach. British Dental Journal, 2019, 227, 203-210.	0.3	3
27	Information retention of orthodontic patients and parents: A randomized controlled trial. American Journal of Orthodontics and Dentofacial Orthopedics, 2019, 156, 169-177.e2.	0.8	9
28	How does dental anxiety affect the oral health of adolescents? A regression analysis of the Child Dental Health Survey 2013. British Dental Journal, 2019, 227, 823-828.	0.3	8
29	The impact of dental anxiety on the oral health of children aged 5 and 8 years: a regression analysis of the Child Dental Health Survey 2013. British Dental Journal, 2019, 227, 818-822.	0.3	11
30	A systematic review to assess interventions delivered by mobile phones in improving adherence to oral hygiene advice for children and adolescents. British Dental Journal, 2019, 227, 375-382.	0.3	19
31	CariesCare practice guide: consensus on evidence into practice. British Dental Journal, 2019, 227, 353-362.	0.3	104
32	The oral health of dentally phobic 12- and 15-year-olds: a descriptive analysis of the 2013 Child Dental Health Survey. British Dental Journal, 2019, 226, 595-599.	0.3	5
33	The impact of dental phobia on care planning: a vignette study. British Dental Journal, 2019, 226, 581-587.	0.3	3
34	The oral health of dentally anxious five- and eight-year-olds: a secondary analysis of the 2013 Child Dental Health Survey. British Dental Journal, 2019, 226, 503-507.	0.3	10
35	An Overview of Dental Anxiety and the Non-Pharmacological Management of Dental Anxiety. Primary Dental Journal, 2019, 7, 36-39.	0.3	6
36	Factors related to reducing free sugar intake among white ethnic adults in the UK: a qualitative study. BDJ Open, 2018, 4, 17024.	0.8	9

#	Article	IF	Citations
37	Development and evaluation of the children's experiences of dental anxiety measure. International Journal of Paediatric Dentistry, 2018, 28, 140-151.	1.0	11
38	An Overview of Dental Anxiety and the Non-Pharmacological Management of Dental Anxiety. Primary Dental Journal, 2018, 7, 36-39.	0.3	13
39	Success with motivational interviewing techniques in the dental clinic: a case for the use of iMI-GPS. Dental Update, 2018, 45, 462-467.	0.1	4
40	Body dysmorphic disorder: a guide to identification and management for the orthodontic team. Journal of Orthodontics, 2018, 45, 163-168.	0.4	6
41	Cognitive behaviour therapy for anxious paediatric dental patients: a systematic review. International Journal of Paediatric Dentistry, 2018, 28, 422-431.	1.0	21
42	Infographic: oral health in elite athletes. British Journal of Sports Medicine, 2017, 51, 757-757.	3.1	2
43	The role of social comparison in social judgments of dental appearance: An experimental study. Journal of Dentistry, 2017, 61, 33-38.	1.7	7
44	The effect of dental health education on pregnant women's adherence with toothbrushing and flossing â€" A randomized control trial. Community Dentistry and Oral Epidemiology, 2017, 45, 469-477.	0.9	13
45	The relationship between oral health and oral health related quality of life among elderly people in United Kingdom. Journal of Dentistry, 2017, 56, 78-83.	1.7	110
46	Children's experiences of dental anxiety. International Journal of Paediatric Dentistry, 2017, 27, 87-97.	1.0	66
47	Development of quality measurement instruments for root canal treatment. International Endodontic Journal, 2017, 50, 652-666.	2.3	7
48	Theory based interventions for caries related sugar intake in adults: systematic review. BMC Psychology, 2017, 5, 25.	0.9	14
49	How is adult patient adherence recorded in orthodontists’ clinical notes? A mixed-method case-note study. Patient Preference and Adherence, 2017, Volume 11, 1807-1814.	0.8	5
50	Interventions for treating traumatised ankylosed permanent front teeth. The Cochrane Library, 2016, 2016, CD007820.	1.5	7
51	Social inequalities in adult oral health in 40 low- and middle-income countries. International Dental Journal, 2016, 66, 295-303.	1.0	9
52	The Impact of Malocclusion. Journal of Orthodontics, 2016, 43, 1-2.	0.4	3
53	Effectiveness of a webâ€based child protection training programme designed for dental practitioners in Saudi Arabia: a preâ€and postâ€test study. European Journal of Dental Education, 2016, 20, 45-54.	1.0	9
54	Interventions for the management of submucous cleft palate. The Cochrane Library, 2016, 2016, CD006703.	1.5	0

#	Article	IF	Citations
55	Development of a measure of hypodontia patientsâ€™ expectations of the process and outcome of combined orthodontic and restorative treatment. Journal of Dentistry, 2016, 55, 114-120.	1.7	8
56	Protocol for a feasibility study of a self-help cognitive behavioural therapy resource for the reduction of dental anxiety in young people. Pilot and Feasibility Studies, 2016, 2, 13.	0.5	6
57	A Randomized Controlled Trial to Compare 3 Methods Designed to Enhance Adherence among Orthodontic Patients. JDR Clinical and Translational Research, 2016, 1, 59-68.	1.1	4
58	Assessing the feasibility of screening and providing brief advice for alcohol misuse in general dental practice: a clustered randomised control trial protocol for the DART study. BMJ Open, 2015, 5, e008586.	0.8	4
59	Predictors of dentistsâ€™ behaviours in delivering prevention in primary dental care in England: using the theory of planned behaviour. BMC Health Services Research, 2015, 16, 44.	0.9	14
60	Income inequality, disinvestment in health care and use of dental services. Journal of Public Health Dentistry, 2015, 75, 58-63.	0.5	17
61	What do dental students know about trauma?. Dental Traumatology, 2015, 31, 482-486.	0.8	14
62	Matching Perception with Reality: How Patients Develop Perceptions of Treatment. Primary Dental Journal, 2015, 4, 48-53.	0.3	0
63	Income Inequality and Use of Dental Services in 66 Countries. Journal of Dental Research, 2015, 94, 1048-1054.	2.5	30
64	Oral health status of non-phobic and dentally phobic individuals; a secondary analysis of the 2009 Adult Dental Health Survey. British Dental Journal, 2015, 219, E9-E9.	0.3	30
65	How patient and carer expectations of orthodontic treatment vary with ethnicity. Journal of Orthodontics, 2015, 42, 208-213.	0.4	6
66	The effect of dentistsâ€™ body-weight size on student social judgments of dental skill and patientsâ€™ behavioural intentions: A vignette study. Journal of Dentistry, 2015, 43, 235-240.	1.7	3
67	The Clustering Effects of Surfaces within the Tooth and Teeth within Individuals. Journal of Dental Research, 2015, 94, 281-288.	2.5	33
68	The effects of providing periodontal disease risk information on psychological outcomes â€“ a randomized controlled trial. Journal of Clinical Periodontology, 2015, 42, 350-355.	2.3	43
69	Oral health and elite sport performance: TableÂ1. British Journal of Sports Medicine, 2015, 49, 3-6.	3.1	62
70	A systematic review of randomized controlled trials of interventions to improve adherence among orthodontic patients aged 12 to 18. Angle Orthodontist, 2015, 85, 305-313.	1.1	20
71	The contributions of behaviour change science towards dental public health practice: a new paradigm. Community Dentistry and Oral Epidemiology, 2015, 43, 2-8.	0.9	51
72	Why don't dentists talk to patients about oral cancer?. British Dental Journal, 2015, 218, 537-541.	0.3	14

#	Article	IF	Citations
73	Development of a conceptual model of oral health for malocclusion patients. Angle Orthodontist, 2015, 85, 1057-1063.	1.1	6
74	Adherence in orthodontic settings: Understanding practitioner views in a UK sample. Angle Orthodontist, 2015, 85, 826-832.	1.1	5
75	Characteristics of patients attending for cognitive behavioural therapy at one UK specialist unit for dental phobia and outcomes of treatment. British Dental Journal, 2015, 219, 501-506.	0.3	24
76	Need of minimal important difference for oral healthâ€related quality of life measures. Journal of Public Health Dentistry, 2014, 74, 13-20.	0.5	60
77	Knowledge, attitudes, and experience of dentists living in Saudi Arabia toward child abuse and neglect. Saudi Dental Journal, 2014, 26, 79-87.	0.5	48
78	Cross-bite and oral health related quality of life in young people. Journal of Dentistry, 2014, 42, 249-255.	1.7	21
79	Motivation and compliance with intraoral elastics. American Journal of Orthodontics and Dentofacial Orthopedics, 2014, 146, 33-39.	0.8	14
80	Social relationships and health related behaviors among older US adults. BMC Public Health, 2014, 14, 533.	1.2	92
81	Dentists should be at the forefront in the fight against sugar. Lancet, The, 2014, 383, 2046.	6.3	1
82	Impact of malocclusion on oral health related quality of life in young people. Health and Quality of Life Outcomes, 2013, 11, 25.	1.0	98
83	Interceptive orthodontic treatment in bullied adolescents and its impact on self-esteem and oral-health-related quality of life. European Journal of Orthodontics, 2013, 35, 615-621.	1.1	62
84	Considerations and lessons learned from designing a motivational interviewing obesity intervention for young people attending dental practices: A study protocol paper. Contemporary Clinical Trials, 2013, 36, 126-134.	0.8	7
85	Communicating new policy on antibiotic prophylaxis with patients: a randomised controlled trial. British Dental Journal, 2013, 215, E5-E5.	0.3	2
86	Great expectations: What do patients expect and how can expectations be managed?. Journal of Orthodontics, 2013, 40, 112-117.	0.4	23
87	Social Relationships and Oral Health Among Adults Aged 60 Years or Older. Psychosomatic Medicine, 2013, 75, 178-186.	1.3	70
88	Interpreting Pain as â€˜Catastrophicâ€™ Makes It Worse. Journal of Dental Research, 2013, 92, 107-108.	2.5	8
89	Vending machine threat. British Dental Journal, 2013, 215, 60-60.	0.3	1
90	Sedation scales and measures--a literature review. SAAD Digest, 2013, 29, 88-99.	0.6	9

#	Article	IF	Citations
91	The management of dental anxiety: time for a sense of proportion?. British Dental Journal, 2012, 213, 271-274.	0.3	80
92	Sense of Coherence and Four-Year Caries Incidence in Finnish Adults. Caries Research, 2012, 46, 523-529.	0.9	20
93	Treatment time and occlusal outcome of orthognathic therapy in the East of England region. Journal of Orthodontics, 2012, 39, 206-211.	0.4	19
94	Interdisciplinary health promotion: a call for theoryâ€based interventions drawing on the skills of multiple disciplines. Community Dentistry and Oral Epidemiology, 2012, 40, 49-54.	0.9	13
95	Knowledge and practice of behavioral management principles among dentists treating adults with learning disabilities. Special Care in Dentistry, 2012, 32, 190-195.	0.4	10
96	Researching haptics in higher education: The complexity of developing haptics virtual learning systems and evaluating its impact on studentsâ€™ learning. Computers and Education, 2012, 59, 156-166.	5.1	35
97	Patientsâ€™ perceptions of oral cancer screening in dental practice: a cross-sectional study. BMC Oral Health, 2012, 12, 55.	0.8	42
98	An exploratory study into whether selfâ€monitoring improves adherence to daily flossing among dental patients. Journal of Public Health Dentistry, 2012, 72, 1-7.	0.5	35
99	Do patient information leaflets affect patientsâ€™ expectation of orthodontic treatment? A randomized controlled trial. Journal of Orthodontics, 2011, 38, 257-268.	0.4	13
100	Bullying in orthodontic patients and its relationship to malocclusion, self-esteem and oral health-related quality of life. Journal of Orthodontics, 2011, 38, 247-256.	0.4	150
101	Bullying in schoolchildren â€“ its relationship to dental appearance and psychosocial implications: an update for GDPs. British Dental Journal, 2011, 210, 411-415.	0.3	37
102	Antibiotic prophylaxis in dentistry: part I. A qualitative study of professionals' views on the NICE guideline. British Dental Journal, 2011, 211, E1-E1.	0.3	21
103	Antibiotic prophylaxis in dentistry: part II. A qualitative study of patient perspectives and understanding of the NICE guideline. British Dental Journal, 2011, 211, E2-E2.	0.3	7
104	The influence of visible dental caries on social judgements and overall facial attractiveness amongst undergraduates. Journal of Dentistry, 2011, 39, 212-217.	1.7	13
105	8. Communicating about cancer. Dental Update, 2011, 38, 426-428.	0.1	3
106	Body dysmorphic disorder and aesthetic dentistry. Dental Update, 2011, 38, 112-118.	0.1	9
107	Toothbrushing and smoking among adolescents - aggregation of health damaging behaviours. Journal of Clinical Periodontology, 2011, 38, 442-448.	2.3	13
108	The relationship between social network, social support and periodontal disease among older Americans. Journal of Clinical Periodontology, 2011, 38, 547-552.	2.3	48

#	Article	IF	Citations
