Lindy Clemson

List of Publications by Citations

Source: https://exaly.com/author-pdf/8467586/lindy-clemson-publications-by-citations.pdf
Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

197 papers	5,727 citations	35 h-index	70 g-index
215 ext. papers	6,940 ext. citations	3 avg, IF	5.87 L-index

#	Paper	IF	Citations
197	Interventions for preventing falls in older people living in the community. *The Cochrane Library*, **2012**, CD007146	5.2	1237
196	The effectiveness of a community-based program for reducing the incidence of falls in the elderly: a randomized trial. *Journal of the American Geriatrics Society*, **2004**, 52, 1487-94	5.6	355
195	Exercise for preventing falls in older people living in the community. *The Cochrane Library*, **2019**, 1, CD012424	3.4	269
194	Integration of balance and strength training into daily life activity to reduce rate of falls in older people (the LiFE study): randomised parallel trial. *BMJ, The*, **2012**, 345, e4547	5.9	253
193	Environmental interventions to prevent falls in community-dwelling older people: a meta-analysis of randomized trials. *Journal of Aging and Health*, **2008**, 20, 954-71	2.6	172
192	Improving vision to prevent falls in frail older people: a randomized trial. *Journal of the American Geriatrics Society*, **2007**, 55, 175-81	5.6	134
191	Multifactorial and multiple component interventions for preventing falls in older people living in the community. *The Cochrane Library*, **2018**, 7, CD012221	5.2	114
190	Interventions to delay functional decline in people with dementia: a systematic review of systematic reviews. *BMJ Open*, **2016**, 6, e010767	3	91
189	Case-control study of hazards in the home and risk of falls and hip fractures. *Age and Ageing*, **1996**, 25, 97-101	3	86
188	Adherence to occupational therapist recommendations for home modifications for falls prevention. *American Journal of Occupational Therapy*, **2001**, 55, 641-8	0.4	85
187	LiFE Pilot Study: A randomised trial of balance and strength training embedded in daily life activity to reduce falls in older adults. *Australian Occupational Therapy Journal*, **2010**, 57, 42-50	1.7	81
186	Risk Factors for Falls in Community Stroke Survivors: A Systematic Review and Meta-Analysis. *Archives of Physical Medicine and Rehabilitation*, **2018**, 99, 563-573.e5	2.8	78
185	A feasibility study and pilot randomised trial of a tailored prevention program to reduce falls in older people with mild dementia. *BMC Geriatrics*, **2013**, 13, 89	4.1	73
184	The Needs of Gender-Variant Children and Their Parents: A Parent Survey. *International Journal of Sexual Health*, **2011**, 23, 181-195	2	72
183	Exercise for preventing falls in older people living in the community: an abridged Cochrane systematic review. *British Journal of Sports Medicine*, **2020**, 54, 885-891	10.3	71
182	Incidence of and risk factors for falls among adults with an intellectual disability. *Journal of Intellectual Disability Research*, **2010**, 54, 1045-57	3.2	70
181	A post-hospital home exercise program improved mobility but increased falls in older people: a randomised controlled trial. *PLoS ONE*, **2014**, 9, e104412	3.7	66

180	Managing risk and exerting control: determining follow through with falls prevention. *Disability and Rehabilitation*, **1999**, 21, 531-41	2.4	62
179	Content Validity of an Assessment Tool to Identify Home Fall Hazards: The Westmead Home Safety Assessment. *British Journal of Occupational Therapy*, **1999**, 62, 171-179	1	55
178	Predictors of injurious falls and fear of falling differ: an 11-year longitudinal study of incident events in older people. *Journal of Aging and Health*, **2015**, 27, 239-56	2.6	51
177	Surviving a gender-variant childhood: the views of transgender adults on the needs of gender-variant children and their parents. *Journal of Sex and Marital Therapy*, **2013**, 39, 241-63	2.7	47
176	Feasibility and Effectiveness of Intervention Programmes Integrating Functional Exercise into Daily Life of Older Adults: A Systematic Review. *Gerontology*, **2018**, 64, 172-187	5.5	45
175	Feasibility and results of a randomised pilot-study of pre-discharge occupational therapy home visits. *BMC Health Services Research*, **2007**, 7, 42	2.9	44
174	"Better for others than for me": a belief that should shape our efforts to promote participation in falls prevention strategies. *Archives of Gerontology and Geriatrics*, **2014**, 59, 136-44	4	43
173	Progressive Resistance and Balance Training for Falls Prevention in Long-Term Residential Aged Care: A Cluster Randomized Trial of the Sunbeam Program. *Journal of the American Medical Directors Association*, **2018**, 19, 361-369	5.9	40
172	Validity and reliability of the on-road driving assessment with senior drivers. *Accident Analysis and Prevention*, **2008**, 40, 751-9	6.1	40
171	The association between physical activity and social isolation in community-dwelling older adults. *Aging and Mental Health*, **2018**, 22, 175-182	3.5	39
170	The development of an assessment to evaluate behavioral factors associated with falling. *American Journal of Occupational Therapy*, **2003**, 57, 380-8	0.4	39
169	Estimating functional cognition in older adults using observational assessments of task performance in complex everyday activities: A systematic review and evaluation of measurement properties. *Neuroscience and Biobehavioral Reviews*, **2016**, 68, 335-360	9	39
168	Health behaviour change theory meets falls prevention: Feasibility of a habit-based balance and strength exercise intervention for older adults. *Psychology of Sport and Exercise*, **2016**, 22, 114-122	4.2	38
167	Longitudinal change in everyday function and behavioral symptoms in frontotemporal dementia. *Neurology: Clinical Practice*, **2016**, 6, 419-428	1.7	38
166	Cultural issues from practice. *Australian Occupational Therapy Journal*, **2010**, 44, 1-21	1.7	38
165	Falls amongst older people in Southeast Asia: a scoping review. *Public Health*, **2017**, 145, 96-112	4	37
164	Culture and sun exposure in immigrant East Asian women living in Australia. *Women and Health*, **2013**, 53, 504-18	1.7	36
163	Contribution of off-road tests to predicting on-road performance: a critical review of tests. *Australian Occupational Therapy Journal*, **2012**, 59, 89-97	1.7	35

162	Multiple factors, including non-motor impairments, influence decision making with regard to exercise participation in Parkinson's disease: a qualitative enquiry. *Disability and Rehabilitation*, **2016**, 38, 472-81	2.4	33
161	Assessment of the therapeutic alliance in physical rehabilitation: a RASCH analysis. *Disability and Rehabilitation*, **2012**, 34, 257-66	2.4	33
160	Functional Assessments Used by Occupational Therapists with Older Adults at Risk of Activity and Participation Limitations: A Systematic Review. *PLoS ONE*, **2016**, 11, e0147980	3.7	33
159	The effect of an information and communication technology (ICT) on older adults' quality of life: study protocol for a randomized control trial. *Trials*, **2015**, 16, 191	2.8	32
158	Older people enhancing self-efficacy in fall-risk situations. *Australian Occupational Therapy Journal*, **2001**, 48, 80-91	1.7	32
157	Recognising the needs of gender-variant children and their parents. *Sex Education*, **2013**, 13, 644-659	2.2	30
156	Cultural influences on exercise participation and fall prevention: a systematic review and narrative synthesis. *Disability and Rehabilitation*, **2016**, 38, 724-732	2.4	29
155	Do exercise interventions designed to prevent falls affect participation in life roles? A systematic review and meta-analysis. *Age and Ageing*, **2011**, 40, 666-74	3	29
154	Occupational therapy for people with dementia and their family carers provided at home: a systematic review and meta-analysis. *BMJ Open*, **2019**, 9, e026308	3	29
153	Effectiveness of a lifestyle exercise program for older people receiving a restorative home care service: a pragmatic randomized controlled trial. *Clinical Interventions in Aging*, **2013**, 8, 1591-601	4	28
152	Validating the Falls Behavioural (FaB) scale for older people: a Rasch analysis. *Disability and Rehabilitation*, **2008**, 30, 498-06	2.4	28
151	Inter-Rater Reliability of a Home Fall Hazards Assessment Tool. *Occupation Participation and Health*, **1999**, 19, 83-98		26
150	Sustainability of community-based fall prevention programs: a systematic review. *Journal of Safety Research*, **2013**, 47, 9-17	4	25
149	Behavioral-variant frontotemporal dementia: Distinct phenotypes with unique functional profiles. *Neurology*, **2017**, 89, 570-577	6.5	25
148	A protocol for evidence-based targeting and evaluation of statewide strategies for preventing falls among community-dwelling older people in Victoria, Australia. *Injury Prevention*, **2011**, 17, e3	3.2	24
147	The tailored activity program (TAP) to address behavioral disturbances in frontotemporal dementia: a feasibility and pilot study. *Disability and Rehabilitation*, **2019**, 41, 299-310	2.4	24
146	Can a tailored exercise and home hazard reduction program reduce the rate of falls in community dwelling older people with cognitive impairment: protocol paper for the i-FOCIS randomised controlled trial. *BMC Geriatrics*, **2014**, 14, 89	4.1	23
145	Review of Gait, Cognition, and Fall Risks with Implications for Fall Prevention in Older Adults with Dementia. *Dementia and Geriatric Cognitive Disorders*, **2019**, 48, 17-29	2.6	23

144	Usage and effectiveness of rails, bathing and toileting AIDS. *Occupational Therapy in Health Care*, **1996**, 10, 41-59	1.3	22
143	Survey of current pre-discharge home visiting practices of occupational therapists. *Australian Occupational Therapy Journal*, **2011**, 58, 172-7	1.7	21
142	The Clinimetric Properties of Instruments Measuring Home Hazards for Older People at Risk of Falling: A Systematic Review. *Evaluation and the Health Professions*, **2018**, 41, 82-128	2.5	20
141	Occupational Therapy Predischarge Home Visits in Acute Hospital Care: A Randomized Trial. *Journal of the American Geriatrics Society*, **2016**, 64, 2019-2026	5.6	20
140	Exercise and fall prevention self-management to reduce mobility-related disability and falls after fall-related lower limb fracture in older people: protocol for the RESTORE (Recovery Exercises and STepping On afteR fracturE) randomised controlled trial. *BMC Geriatrics*, **2016**, 16, 34	4.1	20
139	Vitamin D status is associated with sun exposure, vitamin D and calcium intake, acculturation and attitudes in immigrant East Asian women living in Sydney. *Journal of Steroid Biochemistry and Molecular Biology*, **2013**, 136, 214-7	5.1	20
138	Health Professional Perspectives on Rehabilitation for People With Dementia. *Gerontologist, The*, **2020**, 60, 503-512	5	20
137	Protocol for the PreventIT feasibility randomised controlled trial of a lifestyle-integrated exercise intervention in young older adults. *BMJ Open*, **2019**, 9, e023526	3	19
136	Enhancing caregivers' understanding of dementia and tailoring activities in frontotemporal dementia: two case studies. *Disability and Rehabilitation*, **2016**, 38, 704-14	2.4	19
135	Integrated solutions for sustainable fall prevention in primary care, the iSOLVE project: a type 2 hybrid effectiveness-implementation design. *Implementation Science*, **2017**, 12, 12	8.4	19
134	Validity, reliability and predictive accuracy of the Driving Awareness Questionnaire. *Disability and Rehabilitation*, **2009**, 31, 1074-82	2.4	19
133	Implementing behaviour change theory and techniques to increase physical activity and prevent functional decline among adults aged 61-70: The PreventIT project. *Progress in Cardiovascular Diseases*, **2019**, 62, 147-156	8.5	18
132	Interventions to Improve Gait in Older Adults with Cognitive Impairment: A Systematic Review. *Journal of the American Geriatrics Society*, **2019**, 67, 381-391	5.6	18
131	The Adapted Lifestyle-Integrated Functional Exercise Program for Preventing Functional Decline in Young Seniors: Development and Initial Evaluation. *Gerontology*, **2019**, 65, 362-374	5.5	17
130	Evidence-based occupational therapy for people with dementia and their families: What clinical practice guidelines tell us and implications for practice. *Australian Occupational Therapy Journal*, **2017**, 64, 3-10	1.7	17
129	How do general practitioners engage with allied health practitioners to prevent falls in older people? An exploratory qualitative study. *Australasian Journal on Ageing*, **2015**, 34, 149-54	1.5	17
128	Does progressive resistance and balance exercise reduce falls in residential aged care? Randomized controlled trial protocol for the SUNBEAM program. *Clinical Interventions in Aging*, **2014**, 9, 369-76	4	17
127	Measurement properties of a modified Reintegration to Normal Living Index in a community-dwelling adult rehabilitation population. *Disability and Rehabilitation*, **2011**, 33, 1968-78	2.4	17

126	Families and nursing home placements: a cross-cultural study. *Journal of Cross-Cultural Gerontology*, **2001**, 16, 333-51	2	17
125	Lifestyle-Integrated Functional Exercise (LiFE) Program to Prevent Falls: Participants Manual **2014**,		17
124	Risk factors, incidence, consequences and prevention strategies for falls and fall-injury within older indigenous populations: a systematic review. *Australian and New Zealand Journal of Public Health*, **2016**, 40, 564-568	2.3	16
123	What factors influence older adults to discuss falls with their health-care providers?. *Health Expectations*, **2015**, 18, 1593-609	3.7	16
122	Awareness of driving ability in senior drivers with neurological conditions. *American Journal of Occupational Therapy*, **2009**, 63, 146-50	0.4	16
121	Making fall prevention routine in primary care practice: perspectives of allied health professionals. *BMC Health Services Research*, **2018**, 18, 598	2.9	15
120	Implementing person-environment approaches to prevent falls: a qualitative inquiry in applying the Westmead approach to occupational therapy home visits. *Australian Occupational Therapy Journal*, **2014**, 61, 325-34	1.7	15
119	Predicting participation restriction in community-dwelling older men: the Concord Health and Ageing in Men Project. *Age and Ageing*, **2014**, 43, 31-7	3	15
118	Recruiting older participants to a randomised trial of a community-based fall prevention program. *Australasian Journal on Ageing*, **2007**, 26, 35-39	1.5	15
117	Older People's Views about Community Falls Prevention: An Australian Perspective. *British Journal of Occupational Therapy*, **2006**, 69, 263-270	1	15
116	Comparison of a group-delivered and individually delivered lifestyle-integrated functional exercise (LiFE) program in older persons: a randomized noninferiority trial. *BMC Geriatrics*, **2018**, 18, 267	4.1	15
115	Occupational therapists partnering with general practitioners to prevent falls: seizing opportunities in primary health care. *Australian Occupational Therapy Journal*, **2013**, 60, 66-70	1.7	14
114	Unpacking the Evidence: Interventions for Reducing Behavioral and Psychological Symptoms in People with Dementia. *Physical and Occupational Therapy in Geriatrics*, **2014**, 32, 294-309	1.1	14
113	Prevention of falls in the community. *BMJ, The*, **2010**, 340, c2244	5.9	14
112	Fall prevention in Australia: policies and activities. *Clinics in Geriatric Medicine*, **2010**, 26, 733-49	3.8	14
111	Older Adults' Self-Perceptions of Aging and Being Older: A Scoping Review. *Gerontologist, The*, **2020**, 60, e524-e534	5	14
110	The Needs of Gender-Variant Children and Their Parents According to Health Professionals. *International Journal of Transgenderism*, **2011**, 13, 54-63	6.3	13
109	Subjective memory complaints and difficulty performing activities of daily living among older women in Australia. *Australian Occupational Therapy Journal*, **2019**, 66, 227-238	1.7	13

108	Urban Australian general practitioners' perceptions of falls risk screening, falls risk assessment, and referral practices for falls prevention: an exploratory cross-sectional survey study. *Australian Health Review*, **2017**, 41, 111-119	1.8	12
107	PrevenTing Falls in a high-risk, vision-impaired population through specialist ORientation and Mobility services: protocol for the PlaTFORM randomised trial. *Injury Prevention*, **2018**, 24, 459-466	3.2	12
106	Implementation of an evidence-based intervention to improve the wellbeing of people with dementia and their carers: study protocol for 'Care of People with dementia in their Environments (COPE)' in the Australian context. *BMC Geriatrics*, **2018**, 18, 108	4.1	12
105	Modified Delphi Consensus to Suggest Key Elements of Falls Prevention Program. *Frontiers in Public Health*, **2017**, 5, 21	6	12
104	Validation of the modified assessment of living skills and resources, an IADL measure for older people. *Disability and Rehabilitation*, **2009**, 31, 359-69	2.4	12
103	The Relationship between Behavioural Changes, Cognitive Symptoms, and Functional Disability in Primary Progressive Aphasia: A Longitudinal Study. *Dementia and Geriatric Cognitive Disorders*, **2016** , 42, 215-226	2.6	12
102	Older Adult Perceptions of Participation in Group- and Home-Based Falls Prevention Exercise. *Journal of Aging and Physical Activity*, **2016**, 24, 350-62	1.6	11
101	Understanding decision-making towards housework among women with upper limb repetitive strain injury. *Australian Occupational Therapy Journal*, **2016**, 63, 37-46	1.7	11
100	Improving the social health of community-dwelling older people living with dementia through a reablement program. *International Psychogeriatrics*, **2018**, 30, 915-920	3.4	11
99	The interrater and test-retest reliability of the Home Falls and Accidents Screening Tool (HOME FAST) in Malaysia: Using raters with a range of professional backgrounds. *Journal of Evaluation in Clinical Practice*, **2017**, 23, 662-669	2.5	10
98	Measurement of Functional Cognition and Complex Everyday Activities in Older Adults with Mild Cognitive Impairment and Mild Dementia: Validity of the Large Allen's Cognitive Level Screen. *American Journal of Geriatric Psychiatry*, **2017**, 25, 471-482	6.5	10
97	Development of a conceptual framework for a group-based format of the Lifestyle-integrated Functional Exercise (gLiFE) programme and its initial feasibility testing. *Pilot and Feasibility Studies*, **2020**, 6, 6	1.9	10
96	Goal setting with caregivers of adults in the community: a mixed methods systematic review. *Disability and Rehabilitation*, **2014**, 36, 1943-63	2.4	10
95	Unprecedented opportunities in fall prevention for occupational therapy practitioners. *American Journal of Occupational Therapy*, **2012**, 66, 127-30	0.4	10
94	Environmental interventions for preventing falls in older people living in the community. *The Cochrane Library*, **2019**,	5.2	10
93	Tailored Exercise and Home Hazard Reduction Program for Fall Prevention in Older People With Cognitive Impairment: The i-FOCIS Randomized Controlled Trial. *Journals of Gerontology - Series A Biological Sciences and Medical Sciences*, **2021**, 76, 655-665	6.4	10
92	Factors associated with home hazards: Findings from the Malaysian Elders Longitudinal Research study. *Geriatrics and Gerontology International*, **2018**, 18, 387-395	2.9	10
91	Exercise to Reduce Mobility Disability and Prevent Falls After Fall-Related Leg or Pelvic Fracture: RESTORE Randomized Controlled Trial. *Journal of General Internal Medicine*, **2020**, 35, 2907-2916	4	9

90	Does Telehealth Delivery of a Dyadic Dementia Care Program Provide a Noninferior Alternative to Face-To-Face Delivery of the Same Program? A Randomized, Controlled Trial. *American Journal of Geriatric Psychiatry*, **2020**, 28, 673-682	6.5	9
89	A pragmatic randomised controlled trial (RCT) and realist evaluation of the interdisciplinary home-bAsed Reablement program (I-HARP) for improving functional independence of community dwelling older people with dementia: an effectiveness-implementation hybrid design. *BMC Geriatrics*, **2019**, 19, 199	4.1	9
88	Factors impacting the household and recreation participation of older adults living in the community. *Disability and Rehabilitation*, **2015**, 37, 56-63	2.4	9
87	Occupational therapy discharge planning for older adults: a protocol for a randomised trial and economic evaluation. *BMC Geriatrics*, **2012**, 12, 34	4.1	9
86	Developing a self-reported tool on fall risk based on toileting responses on in-hospital falls. *Geriatric Nursing*, **2012**, 33, 9-16	2.1	9
85	E-health StandingTall balance exercise for fall prevention in older people: results of a two year randomised controlled trial. *BMJ, The*, **2021**, 373, n740	5.9	9
84	Improving Fidelity of Translation of the Stepping On Falls Prevention Program through Root Cause Analysis. *Frontiers in Public Health*, **2016**, 4, 251	6	9
83	Can chronic disease management plans including occupational therapy and physiotherapy services contribute to reducing falls risk in older people?. *Australian Family Physician*, **2014**, 43, 211-5		9
82	A systematic review and meta-analysis of exercise-based falls prevention strategies in adults aged 50+ years with visual impairment. *Ophthalmic and Physiological Optics*, **2018**, 38, 456-467	4.1	8
81	Measuring the implementation of a group-based Lifestyle-integrated Functional Exercise (Mi-LiFE) intervention delivered in primary care for older adults aged 75 years or older: a pilot feasibility study protocol. *Pilot and Feasibility Studies*, **2015**, 1, 20	1.9	8
80	Preventing falls among older fallers: study protocol for a two-phase pilot study of the multicomponent LIVE LiFE program. *Trials*, **2019**, 20, 2	2.8	8
79	Evaluating the Longitudinal Item and Category Stability of the SF-36 Full and Summary Scales Using Rasch Analysis. *BioMed Research International*, **2018**, 2018, 1013453	3	8
78	Progressing knowledge translation in occupational therapy. *Australian Occupational Therapy Journal*, **2018**, 65, 156-160	1.7	7
77	Active ageing and occupational therapy align. *Australian Occupational Therapy Journal*, **2014**, 61, 204-7	1.7	7
76	Enhancement of carer skills and patient function in the non-pharmacological management of frontotemporal dementia (FTD): A call for randomised controlled studies. *Dementia E Neuropsychologia*, **2013**, 7, 143-150	2.1	7
75	A scoping review of fall hazards in the homes of older adults and development of a framework for assessment and intervention. *Australian Occupational Therapy Journal*, **2020**, 67, 470-478	1.7	7
74	An economic evaluation of the SUNBEAM programme: a falls-prevention randomized controlled trial in residential aged care. *Clinical Rehabilitation*, **2019**, 33, 524-534	3.3	7
73	Developing a falls prevention program for community-dwelling stroke survivors in Singapore: client and caregiver perspectives. *Disability and Rehabilitation*, **2019**, 41, 1044-1054	2.4	7

72	Identifying clusters of falls-related hospital admissions to inform population targets for prioritising falls prevention programmes. *Injury Prevention*, **2015**, 21, 254-9	3.2	6
71	A trial based economic evaluation of occupational therapy discharge planning for older adults: the HOME randomized trial. *Clinical Rehabilitation*, **2018**, 32, 919-929	3.3	6
70	Measuring functional ability in hospitalized older adults: a validation study. *Disability and Rehabilitation*, **2018**, 40, 1972-1978	2.4	6
69	Understanding the implementation and efficacy of a home-based strength and balance fall prevention intervention in people aged 50 years or over with vision impairment: a process evaluation protocol. *BMC Health Services Research*, **2018**, 18, 512	2.9	6
68	Effectiveness of a lifestyle exercise program for older people receiving a restorative home care service: study protocol for a pragmatic randomised controlled trial. *BMC Health Services Research*, **2013**, 13, 419	2.9	6
67	Research on the Translation and Implementation of Stepping On in Three Wisconsin Communities. *Frontiers in Public Health*, **2017**, 5, 128	6	6
66	Strategies for recruitment in general practice settings: the iSOLVE fall prevention pragmatic cluster randomised controlled trial. *BMC Medical Research Methodology*, **2019**, 19, 236	4.7	6
65	Feasibility and potential effects of interdisciplinary home-based reablement program (I-HARP) for people with cognitive and functional decline: a pilot trial. *Aging and Mental Health*, **2020**, 24, 1916-1925	3.5	6
64	The Ironbark program: Implementation and impact of a community-based fall prevention pilot program for older Aboriginal and Torres Strait Islander people. *Health Promotion Journal of Australia*, **2018**, 29, 189-198	1.7	6
63	Measuring the Implementation of Lifestyle-Integrated Functional Exercise in Primary Care for Older Adults: Results of a Feasibility Study. *Canadian Journal on Aging*, **2019**, 38, 350-366	1.6	5
62	Rehabilitation for people with dementia: a multi-method study examining knowledge and attitudes. *BMC Geriatrics*, **2020**, 20, 531	4.1	5
61	Determining the Feasibility of a Lifestyle Activity Program for Inclusion in a Restorative Home Care Service: A Pilot Study. *Activities, Adaptation and Aging*, **2014**, 38, 79-93	0.7	5
60	Trends in fall-related ambulance use and hospitalisation among older adults in NSW, 2006-2013: a retrospective, population-based study. *Public Health Research and Practice*, **2017**, 27,	5.1	5
59	Implementation of evidence-based, non-pharmacological interventions addressing behavior and psychological symptoms of dementia: a systematic review focused on implementation strategies. *International Psychogeriatrics*, **2021**, 33, 947-975	3.4	5
58	Are there missed opportunities for occupational therapy for people with dementia? An audit of practice in Australia. *Australian Occupational Therapy Journal*, **2018**, 65, 565-574	1.7	5
57	Implementing a Reablement Intervention, "Care of People With Dementia in Their Environments (COPE)": A Hybrid Implementation-Effectiveness Study. *Gerontologist, The*, **2021**, 61, 965-976	5	4
56	An evaluation of the fall prevention practice of community-based occupational therapists working in primary care. *British Journal of Occupational Therapy*, **2018**, 81, 463-473	1	4
