Citation Report
List of articles citing

Adaptive fuzzy output feedback dynamic surface control of interconnected nonlinear pure-feedback systems

DOI: 10.1109/tcyb.2014.2333738
IEEE Transactions on Cybernetics, 2015, 45, 138-49.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
