|---|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1 | Multiscale Computer Model of the Spinal Dorsal Horn Reveals Changes in Network Processing Associated with Chronic Pain. <i>Journal of Neuroscience</i> , 2022, 42, 3133-3149.                                                                     | 3.6 | 22        |
| 2 | Hit to lead SAR study on benzoxazole derivatives for an NPY Y5 antagonist. <i>Bioorganic and Medicinal Chemistry Letters</i> , 2012, 22, 2020-2023.                                                                                               | 2.2 | 14        |
| 3 | The metabolism and pharmacokinetics of [ <sup>14</sup> C]-S-777469, a new cannabinoid receptor 2 selective agonist, in healthy human subjects. <i>Xenobiotica</i> , 2015, 45, 150-157.                                                            | 1.1 | 7         |
| 4 | Non-clinical evaluation of the metabolism, pharmacokinetics and excretion of S-777469, a new cannabinoid receptor 2 selective agonist. <i>Xenobiotica</i> , 2014, 44, 48-58.                                                                      | 1.1 | 4         |
| 5 | In vitro inhibition and enhancement of liver microsomal S-777469 metabolism by long-chain fatty acids and serum albumin: insight into in vitro and in vivo discrepancy of metabolite formation in humans. <i>Xenobiotica</i> , 2016, 46, 495-502. | 1.1 | 3         |
