#	ARTICLE	IF	CITATIONS
1	Psychological distress, coping behaviors, and preferences for support among New York healthcare workers during the COVID-19 pandemic. <i>General Hospital Psychiatry</i> , 2020, 66, 1-8.	2.4	708
2	Treatment motivation among caregivers and adolescents with substance use disorders. <i>Journal of Substance Abuse Treatment</i> , 2017, 75, 10-16.	2.8	67
3	Impact of food, housing, and transportation insecurity on ART adherence: a hierarchical resources approach. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2017, 29, 449-457.	1.2	42
4	A perfect storm: examining the synergistic effects of negative and positive emotional instability on promoting weight loss activities in anorexia nervosa. <i>Frontiers in Psychology</i> , 2015, 6, 1260.	2.1	33
5	Diminishing Perceived Threat of AIDS and Increasing Sexual Risks of HIV Among Men Who Have Sex with Men, 1997â€“2015. <i>Archives of Sexual Behavior</i> , 2017, 46, 895-902.	1.9	26
6	Development and Validation of a Measure to Assess Patientsâ€™ Threat Perceptions in the Emergency Department. <i>Academic Emergency Medicine</i> , 2018, 25, 1098-1106.	1.8	26
7	The association between sleep and psychological distress among New York City healthcare workers during the COVID-19 pandemic. <i>Journal of Affective Disorders</i> , 2022, 298, 618-624.	4.1	26
8	Randomized Controlled Trial Examining the Ripple Effect of a Nationally Available Weight Management Program on Untreated Spouses. <i>Obesity</i> , 2018, 26, 499-504.	3.0	25
9	Dyadic Dynamics in a Randomized Weight Loss Intervention. <i>Annals of Behavioral Medicine</i> , 2016, 50, 506-515.	2.9	23
10	Cardiac Arrest and Subsequent Hospitalizationâ€“Induced Posttraumatic Stress Is Associated With 1-Year Risk of Major Adverse Cardiovascular Events and All-Cause Mortality. <i>Critical Care Medicine</i> , 2019, 47, e502-e505.	0.9	23
11	A randomized controlled trial of a theory-based weight-loss program for couples.. <i>Health Psychology</i> , 2020, 39, 137-146.	1.6	20
12	Spread of health behaviors in young couples: How relationship power shapes relational influence. <i>Social Science and Medicine</i> , 2016, 165, 46-55.	3.8	19
13	Psychological Distress, Persistent Physical Symptoms, and Perceived Recovery After COVID-19 Illness. <i>Journal of General Internal Medicine</i> , 2021, 36, 2525-2527.	2.6	18
14	Project TEAMS (Talking about Eating, Activity, and Mutual Support): a randomized controlled trial of a theory-based weight loss program for couples. <i>BMC Public Health</i> , 2017, 17, 749.	2.9	15
15	<p>Validity Of The Self-Reported Domains Of Subjective Extent Of Nonadherence (DOSE-Nonadherence) Scale In Comparison With Electronically Monitored Adherence To Cardiovascular Medications</p>. <i>Patient Preference and Adherence</i> , 2019, Volume 13, 1677-1684.	1.8	13
16	Duration of Perseverative Thinking as Related to Perceived Stress and Blood Pressure: An Ambulatory Monitoring Study. <i>Psychosomatic Medicine</i> , 2019, 81, 603-611.	2.0	13
17	The Impact of Cardiac-induced Post-traumatic Stress Disorder Symptoms on Cardiovascular Outcomes: Design and Rationale of the Prospective Observational Reactions to Acute Care and Hospitalizations (ReACH) Study. <i>Health Psychology Bulletin</i> , 2019, 3, 10-20.	0.3	13
18	Medications as Traumatic Reminders in Patients With Stroke/Transient Ischemic Attack-Induced Posttraumatic Stress Disorder. <i>Stroke</i> , 2021, 52, 321-324.	2.0	11

#	ARTICLE	IF	CITATIONS
19	The joint influence of emotional reactivity and social interaction quality on cardiovascular responses to daily social interactions in working adults. <i>Journal of Psychosomatic Research</i> , 2018, 108, 70-77.	2.6	10
20	Anxiety Buffer Disruption: Relationship Threat, Death Anxiety, and Coping Appraisals Among Low and High Posttraumatic Stress Symptom Samples. <i>Journal of Social and Clinical Psychology</i> , 2019, 38, 501-521.	0.5	10
21	Patterns of Sedentary Behavior in the First Month After Acute Coronary Syndrome. <i>Journal of the American Heart Association</i> , 2019, 8, e011585.	3.7	10
22	Supporting Wellness at Pantries (SWAP): changes to inventory in six food pantries over one year. <i>Zeitschrift Fur Gesundheitswissenschaften</i> , 2022, 30, 1001-1009.	1.6	10
23	Posttraumatic Stress Disorder and Electronically Measured Medication Adherence After Suspected Acute Coronary Syndromes. <i>Circulation</i> , 2020, 142, 817-819.	1.6	10
24	Objective short sleep duration and 24-hour blood pressure. <i>International Journal of Cardiology: Hypertension</i> , 2020, 7, 100062.	2.2	9
25	Identifying targets for cardiovascular medication adherence interventions through latent class analysis.. <i>Health Psychology</i> , 2018, 37, 1006-1014.	1.6	9
26	Bringing close others to the emergency department for an acute coronary event is associated with increased patient perception of threat. <i>General Hospital Psychiatry</i> , 2019, 56, 42-49.	2.4	8
27	The impact of support provided by close others in the emergency department on threat perceptions. <i>Psychology and Health</i> , 2020, 35, 482-499.	2.2	8
28	Time-varying Depressive Symptoms and Cardiovascular and All-cause Mortality: Does the Risk Vary by Age or Sex?. <i>Journal of the American Heart Association</i> , 2020, 9, e016661.	3.7	8
29	Anxiety Buffer Disruption: Self-Evaluation, Death Anxiety, and Stressor Appraisals Among Low and High Posttraumatic Stress Symptom Samples. <i>Journal of Social and Clinical Psychology</i> , 2020, 39, 353-382.	0.5	8
30	Relationship between NIH stroke symptoms and post-traumatic stress disorder in patients evaluated for transient ischemic attack/stroke. <i>General Hospital Psychiatry</i> , 2021, 70, 98-102.	2.4	8
31	How prescriptive support affects weight loss in weight-loss intervention participants and their untreated spouses.. <i>Health Psychology</i> , 2018, 37, 775-781.	1.6	8
32	Student Acceptance of Plain Milk Increases Significantly 2 Years after Flavored Milk Is Removed from School Cafeterias: An Observational Study. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2018, 118, 857-864.	0.8	7
33	Dyadic disruption theory. <i>Social and Personality Psychology Compass</i> , 2021, 15, e12604.	3.7	7
34	Smoking concordance during pregnancy: Are there relationship benefits?. <i>Social Science and Medicine</i> , 2017, 192, 30-35.	3.8	6
35	A Dyadic Growth Modeling Approach for Examining Associations Between Weight Gain and Lung Function Decline. <i>American Journal of Epidemiology</i> , 2020, 189, 1173-1184.	3.4	6
36	Emotional distress in neuro-ICU survivor-caregiver dyads: The recovering together randomized clinical trial.. <i>Health Psychology</i> , 2022, 41, 268-277.	1.6	6

#	ARTICLE	IF	CITATIONS
37	The limits to pride: A test of the pro-anorexia hypothesis. <i>Eating Disorders</i> , 2016, 24, 138-147.	3.0	5
38	Perception of partner sexual history: Effects on safe-sex intentions.. <i>Health Psychology</i> , 2017, 36, 704-712.	1.6	5
39	Early Exposure to Cardiac Treatment and Distress Among Patients and Their Caregiving Partners. <i>Frontiers in Psychology</i> , 2020, 11, 141.	2.1	5
40	The association of transmission concerns and social distance from loved ones with distress in medical professionals providing care during the COVID-19 pandemic in New York City.. <i>Families, Systems and Health</i> , 2021, 39, 499-504.	0.6	5
41	Relationship quality and objectively measured physical activity before and after implementation of COVID-19 stay-home orders. <i>Journal of Health Psychology</i> , 2021, , 135910532110420.	2.3	5
42	Association of Hispanic ethnicity and linguistic acculturation with cardiovascular medication adherence in patients with suspected acute coronary syndrome. <i>Preventive Medicine Reports</i> , 2021, 23, 101455.	1.8	5
43	Bereavement is associated with reduced systemic inflammation: C-reactive protein before and after widowhood. <i>Brain, Behavior, and Immunity</i> , 2020, 88, 925-929.	4.1	4
44	Factors associated with long-term wearable physical activity monitor user engagement. <i>Translational Behavioral Medicine</i> , 2021, 11, 262-269.	2.4	4
45	The presence of companions during emergency department evaluation and its impact on perceptions of clinicianâ€“patient communication. <i>Emergency Medicine Journal</i> , 2018, 35, emermed-2018-207735.	1.0	3
46	Romantic Relationship Satisfaction and Ambulatory Blood Pressure During Social Interactions: Specificity or Spillover Effects?. <i>Annals of Behavioral Medicine</i> , 2019, 53, 223-231.	2.9	3
47	Ambulatory Blood Pressure Response to Romantic Partner Interactions and Long-Term Cardiovascular Health Outcomes. <i>Psychosomatic Medicine</i> , 2020, 82, 393-401.	2.0	3
48	Linking measures to mechanisms of action: An expert opinion study. <i>British Journal of Health Psychology</i> , 2023, 28, 98-115.	3.5	3
49	Partner presence in the emergency department and adherence to daily cardiovascular medications in patients evaluated for acute coronary syndrome. <i>Journal of Behavioral Medicine</i> , 2020, 43, 402-410.	2.1	2
50	Impact of prior trauma exposure on the development of PTSD symptoms after suspected acute coronary syndrome. <i>General Hospital Psychiatry</i> , 2021, 68, 7-11.	2.4	2
51	Evidence of the Associations between Individual and Partner Autonomy Support and Physiological Stress in the Context of Conversations about Weight among Couples Who are Overweight or Obese during a 6-Month Intervention. <i>Health Communication</i> , 2021, , 1-9.	3.1	2
52	Effect of cohabiting partners on the development of posttraumatic stress symptoms after emergency department visits for stroke and transient ischemic attack. <i>Social Science and Medicine</i> , 2021, 281, 114088.	3.8	2
53	COVID-19 distress and interdependence of daily emotional intimacy, physical intimacy, and loneliness in cohabiting couples. <i>Journal of Social and Personal Relationships</i> , 2022, 39, 3638-3659.	2.3	2
54	0292 Objective Short Sleep Duration is Associated with Increased 24-Hour Ambulatory Blood Pressure. <i>Sleep</i> , 2019, 42, A119-A120.	1.1	1

#	ARTICLE	IF	CITATIONS
55	Interpartner Concordance on Relationship Quality and Sexually Transmitted Infections Among Young Pregnant and Parenting Couples. <i>Sexually Transmitted Diseases</i> , 2021, 48, 123-127.	1.7	1
56	Are patients afraid to go home? Disposition preferences after transient ischaemic attack and minor stroke. <i>Emergency Medicine Journal</i> , 2020, 37, emermed-2019-209154.	1.0	0
57	Social Network Characteristics among Racial/Ethnic Minority Young Adult Males with Prior Criminal Justice System Involvement. <i>Deviant Behavior</i> , 2021, 42, 443-457.	1.7	0
58	The Prospective Association of Patient Hospitalization with Spouse Depressive Symptoms and Self-Reported Health. <i>Behavioral Medicine</i> , 2021, , 1-12.	1.9	0
59	650 The Association between Sleep and Psychological Distress among New York Healthcare Workers During the COVID-19 Pandemic. <i>Sleep</i> , 2021, 44, A254-A255.	1.1	0
60	Emergency medical care utilization, romantic attachment, and psychological distress in pregnant adolescent and young adult couples.. <i>Families, Systems and Health</i> , 2021, 39, 336-344.	0.6	0
