

Pietro Delise

List of Publications by Citations

Source: <https://exaly.com/author-pdf/1048344/pietro-delise-publications-by-citations.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

20

#	Paper	IF	Citations
20	Recommendations for competitive sports participation in athletes with cardiovascular disease: a consensus document from the Study Group of Sports Cardiology of the Working Group of Cardiac Rehabilitation and Exercise Physiology and the Working Group of Myocardial and Pericardial Diseases of the European Society of Cardiology. <i>European Heart Journal</i> , 2005 , <i>26</i> , 1422-45	9.5	675
19	Recommendations for interpretation of 12-lead electrocardiogram in the athlete. <i>European Heart Journal</i> , 2010 , <i>31</i> , 243-59	9.5	581
18	Risk stratification in individuals with the Brugada type 1 ECG pattern without previous cardiac arrest: usefulness of a combined clinical and electrophysiologic approach. <i>European Heart Journal</i> , 2011 , <i>32</i> , 169-76	9.5	145
17	Programmed Ventricular Stimulation for Risk Stratification in the Brugada Syndrome: A Pooled Analysis. <i>Circulation</i> , 2016 , <i>133</i> , 622-30	16.7	138
16	Right Ventricular Strain and Dyssynchrony Assessment in Arrhythmogenic Right Ventricular Cardiomyopathy: Cardiac Magnetic Resonance Feature-Tracking Study. <i>Circulation: Cardiovascular Imaging</i> , 2015 , <i>8</i> , e003647; discussion e003647	3.9	57
15	Patterns of ventricular tachyarrhythmias associated with training, deconditioning and retraining in elite athletes without cardiovascular abnormalities. <i>American Journal of Cardiology</i> , 2011 , <i>107</i> , 697-703	3	44
14	Clinical usefulness of slow pathway ablation in patients with both paroxysmal atrioventricular nodal reentrant tachycardia and atrial fibrillation. <i>American Journal of Cardiology</i> , 1997 , <i>79</i> , 1421-3	3	26
13	Long-term effect of continuing sports activity in competitive athletes with frequent ventricular premature complexes and apparently normal heart. <i>American Journal of Cardiology</i> , 2013 , <i>112</i> , 1396-402 ³		25
12	Large Controlled Observational Study on Remote Monitoring of Pacemakers and Implantable Cardiac Defibrillators: A Clinical, Economic, and Organizational Evaluation. <i>Interactive Journal of Medical Research</i> , 2016 , <i>5</i> , e4	2.1	21
11	Event rates and risk factors in patients with Brugada syndrome and no prior cardiac arrest: a cumulative analysis of the largest available studies distinguishing ICD-recorded fast ventricular arrhythmias and sudden death. <i>Heart Rhythm</i> , 2014 , <i>11</i> , 252-8	6.7	20
10	Influence of training on the number and complexity of frequent VPBs in healthy athletes. <i>Journal of Cardiovascular Medicine</i> , 2011 , <i>12</i> , 157-61	1.9	20
9	Does long-lasting sports practice increase the risk of atrial fibrillation in healthy middle-aged men? Weak suggestions, no objective evidence. <i>Journal of Cardiovascular Medicine</i> , 2012 , <i>13</i> , 381-5	1.9	12
8	Clinical outcome of patients with the Brugada type 1 electrocardiogram without prophylactic implantable cardioverter defibrillator in primary prevention: a cumulative analysis of seven large prospective studies. <i>Europace</i> , 2018 , <i>20</i> , f77-f85	3.9	11
7	Cardiac arrest and Brugada syndrome: Is drug-induced type 1 ECG pattern always a marker of low risk?. <i>International Journal of Cardiology</i> , 2018 , <i>254</i> , 142-145	3.2	9
6	Sudden Cardiac Death in Patients with Ventricular Preexcitation. <i>Cardiac Electrophysiology Clinics</i> , 2020 , <i>12</i> , 519-525	1.4	3
5	Risk of sudden death in subjects with Brugada type 1 electrocardiographic pattern and no previous cardiac arrest: is it high enough to justify an extensive use of prophylactic ICD?. <i>Journal of Cardiovascular Medicine</i> , 2016 , <i>17</i> , 408-10	1.9	3
4	Brugada type 1 electrocardiogram: Should we treat the electrocardiogram or the patient?. <i>World Journal of Cardiology</i> , 2017 , <i>9</i> , 737-741	2.1	3

3	Italian Cardiological Guidelines (COCIS) for Competitive Sport Eligibility in athletes with heart disease: update 2020. <i>Journal of Cardiovascular Medicine</i> , 2021 , 22, 874-891	1.9	1
2	Clinical and Prognostic Significance of Idiopathic Left Bundle-Branch Block in Young Adults. <i>Cardiology Research and Practice</i> , 2021 , 2021, 6677806	1.9	0
1	Letter concerning the editorial by Giustetto et al. Int J Cardiol 2018;254:170-171. <i>International Journal of Cardiology</i> , 2018 , 268, 155	3.2
