| #  | ARTICLE                                                                                                                                                                                                                         | IF  | CITATIONS |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1  | Heart Xenotransplantation: Historical Background, Experimental Progress, and Clinical Prospects. <i>Annals of Thoracic Surgery</i> , 2016, 101, 1605-1613.                                                                      | 0.7 | 32        |
| 2  | ECMO support in SARS-CoV2 multisystem inflammatory syndrome in children in a child. <i>Perfusion</i> (United Kingdom), 2020, 36, 026765912095438.                                                                               | 0.5 | 22        |
| 3  | Early Outcomes With HeartWare as Bridge to Transplant in Children: A Single Institution Experience. <i>Artificial Organs</i> , 2016, 40, 85-89.                                                                                 | 1.0 | 18        |
| 4  | Ringed polytetrafluoroethylene (Gore-Tex) tunneled chimney graft for pediatric use of Impella 2.5 axial flow pump. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 2014, 147, 1421-1422.                                | 0.4 | 14        |
| 5  | Resolving the Fontan paradox: Addressing socioeconomic and racial disparities in patients with a single ventricle. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 2018, 155, 1727-1731.                                | 0.4 | 14        |
| 6  | Management and Outcomes of Heterotaxy Syndrome Associated With Pulmonary Atresia or Pulmonary Stenosis. <i>Annals of Thoracic Surgery</i> , 2014, 98, 159-166.                                                                  | 0.7 | 13        |
| 7  | Esophageal Bronchus. <i>Annals of Thoracic Surgery</i> , 2017, 103, e519-e520.                                                                                                                                                  | 0.7 | 7         |
| 8  | Fontan Revision: Presurgical Planning Using Four-Dimensional (4D) Flow and Three-Dimensional (3D) Printing. <i>World Journal for Pediatric &amp; Congenital Heart Surgery</i> , 2019, 10, 245-249.                              | 0.3 | 7         |
| 9  | Selective Use of the Blalock-Taussig Shunt and Right Ventricle-to-Pulmonary Artery Conduit During the Norwood Procedure. <i>World Journal for Pediatric &amp; Congenital Heart Surgery</i> , 2016, 7, 329-333.                  | 0.3 | 6         |
| 10 | Sudden Cardiac Arrest in an Adult with Anomalous Origin of the Left Coronary Artery from the Pulmonary Artery (ALCAPA): Case Report. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 1554. | 1.2 | 5         |
| 11 | Single-Center Experience With the Senning Procedure in the Current Era. <i>Seminars in Thoracic and Cardiovascular Surgery</i> , 2016, 28, 514-520.                                                                             | 0.4 | 4         |
| 12 | A Novel Method for Epicardial Defibrillator Lead Placement in Young Children: Coil Between the Great Arteries. <i>Annals of Thoracic Surgery</i> , 2016, 102, e377-e378.                                                        | 0.7 | 3         |
| 13 | Intraoperative Three-Dimensional Mapping of Supraventricular Tachycardia in a Young Fontan Patient. <i>Annals of Thoracic Surgery</i> , 2017, 103, e453-e456.                                                                   | 0.7 | 2         |
| 14 | Mixed Total Anomalous Pulmonary Venous Return With Ascending and Descending Vertical Veins. <i>World Journal for Pediatric &amp; Congenital Heart Surgery</i> , 2017, 8, 633-634.                                               | 0.3 | 2         |
| 15 | <i>Coxiella burnetii</i> -associated thoracic endovascular stent graft infection. <i>Journal of Cardiac Surgery</i> , 2017, 32, 506-507.                                                                                        | 0.3 | 2         |
| 16 | Non-anastomotic failure of woven Dacron tube grafts in the thoracic aorta in young adults. <i>Journal of Cardiac Surgery</i> , 2018, 33, 653-657.                                                                               | 0.3 | 2         |
| 17 | Successful Management of a Patient With Jacobsen Syndrome and Hypoplastic Left Heart Syndrome. <i>World Journal for Pediatric &amp; Congenital Heart Surgery</i> , 2021, 12, 421-424.                                           | 0.3 | 2         |
| 18 | Thoracic aortic endografting facilitates the resection of tumors infiltrating the aorta. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 2014, 147, 1748.                                                               | 0.4 | 1         |

| #  | ARTICLE                                                                                                                                                                                   | IF  | CITATIONS |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 19 | Invited Commentary. Annals of Thoracic Surgery, 2016, 101, 1841.                                                                                                                          | 0.7 | 1         |
| 20 | Arterial Switch Operation in a Patient With Ehlers-Danlos Syndrome Type IV. World Journal for Pediatric & Congenital Heart Surgery, 2020, 11, NP182-NP185.                                | 0.3 | 1         |
| 21 | To Be or Not to Be Eisenmenger. JACC: Case Reports, 2021, 3, 230-235.                                                                                                                     | 0.3 | 1         |
| 22 | A man with COPD, fever, and leucocytosis. BMJ, The, 2015, 351, h6067-h6067.                                                                                                               | 3.0 | 0         |
| 23 | Gore-Tex wrap technique for outflow graft and driveline following HeartWare implantation in pediatric patients. Indian Journal of Thoracic and Cardiovascular Surgery, 2016, 32, 226-228. | 0.2 | 0         |
| 24 | Retrosternal lead placement: an attractive alternative to subcutaneous tunneling. Indian Journal of Thoracic and Cardiovascular Surgery, 2018, 34, 402-405.                               | 0.2 | 0         |
| 25 | Epicardial Intraoperative Three-Dimensional Mapping of Wolff-Parkinson-White Syndrome in a Child With Ebstein's Anomaly. Annals of Thoracic Surgery, 2018, 106, e179-e181.                | 0.7 | 0         |
| 26 | Aortopulmonary Window With Pulmonary Atresia and Interrupted Aortic Arch: A Very Rare Triad. World Journal for Pediatric & Congenital Heart Surgery, 2019, 10, 791-792.                   | 0.3 | 0         |
| 27 | Pseudoaneurysm of Innominate Artery Graft Stump in an Infant. Annals of Thoracic Surgery, 2021, , .                                                                                       | 0.7 | 0         |
