1	Mental health problems and service gaps experienced by pregnant adolescents and young women in Sub-Saharan Africa: A systematic review. EClinicalMedicine, 2022, 44, 101289.	7.1	21
2	Prevention and management of type 2 diabetes mellitus in Uganda and South Africa: Findings from the SMART2D pragmatic implementation trial. PLOS Global Public Health, 2022, 2, e0000425.	1.6	2
3	Institutionalizing a Regional Model for Improving Quality of Newborn Care at Birth Across Hospitals in Eastern Uganda: A 4-Year Story. Global Health, Science and Practice, 2021, 9, 365-378.	1.7	8
4	Child health and the implementation of Community and District-management Empowerment for Scale-up (CODES) in Uganda: a randomised controlled trial. BMJ Global Health, 2021, 6, e006084.	4.7	6
5	Fetal Iodine Deficiency and Schooling: A Replication of Field, Robles, and Torero (2009)*. Scandinavian Journal of Economics, 2020, 122, 582-621.	1.4	3
6	Impairments, functional limitations, and access to services and education for children with cerebral palsy in Uganda: a populationâ€based study. Developmental Medicine and Child Neurology, 2020, 62, 454-462.	2.1	28
7	Regulatory inspection of registered private drug shops in East-Central Uganda—what it is versus what it should be: a qualitative study. Journal of Pharmaceutical Policy and Practice, 2020, 13, 55.	2.4	11
8	Peer supervision experiences of drug sellers in a rural district in East-Central Uganda: a qualitative study. Malaria Journal, 2020, 19, 270.	2.3	2
9	â€ïl know those people will be approachable and not mistreat us': a qualitative study of inspectors and private drug sellers' views on peer supervision in rural Uganda. Globalization and Health, 2020, 16, 106.	4.9	1
10	Title is missing!. , 2020, 15, e0243948.		0
11	Title is missing!. , 2020, 15, e0243948.		0
12	Title is missing!. , 2020, 15, e0243948.		0
13	Title is missing!. , 2020, 15, e0243948.		O
14	Dietary patterns and practices in rural eastern Uganda: Implications for prevention and management of type 2 diabetes. Appetite, 2019, 143, 104409.	3.7	12
15	Decision-making in district health planning in Uganda: does use of district-specific evidence matter?. Health Research Policy and Systems, 2019, 17, 57.	2.8	10
16	Community and stakeholders' engagement in the prevention and management of Type 2 diabetes: a qualitative study in socioeconomically disadvantaged suburbs in region Stockholm. Global Health Action, 2019, 12, 1609313.	1.9	5
17	Diabetes self-management in three different income settings: Cross-learning of barriers and opportunities. PLoS ONE, 2019, 14, e0213530.	2.5	33
18	Study protocol for the SMART2D adaptive implementation trial: a cluster randomised trial comparing facility-only care with integrated facility and community care to improve type 2 diabetes outcomes in Uganda, South Africa and Sweden. BMJ Open, 2018, 8, e019981.	1.9	23

#	Article	IF	Citations
19	How people-centred health systems can reach the grassroots: experiences implementing community-level quality improvement in rural Tanzania and Uganda. Health Policy and Planning, 2018, 33, e1-e13.	2.7	20
20	Using a cross-contextual reciprocal learning approach in a multisite implementation research project to improve self-management for type 2 diabetes. BMJ Global Health, 2018, 3, e001068.	4.7	13
21	Health workers' experiences of collaborative quality improvement for maternal and newborn care in rural Tanzanian health facilities: A process evaluation using the integrated 'Promoting Action on Research Implementation in Health Services' framework. PLoS ONE, 2018, 13, e0209092.	2.5	24
22	Delivering child health interventions through the private sector in low and middle income countries: challenges, opportunities, and potential next steps. BMJ: British Medical Journal, 2018, 362, k2950.	2.3	9
23	Patient and Provider Dilemmas of Type 2 Diabetes Self-Management: A Qualitative Study in Socioeconomically Disadvantaged Communities in Stockholm. International Journal of Environmental Research and Public Health, 2018, 15, 1810.	2.6	23
24	Prevalence of cerebral palsy in Uganda: a population-based study. The Lancet Global Health, 2017, 5, e1275-e1282.	6.3	113
25	Comparing performance of methods used to identify pregnant women, pregnancy outcomes, and child mortality in the Iganga-Mayuge Health and Demographic Surveillance Site, Uganda. Global Health Action, 2017, 10, 1356641.	1.9	13
26	Bottleneck analysis at district level to illustrate gaps within the district health system in Uganda. Global Health Action, 2017, 10, 1327256.	1.9	27
27	Unpredictability dictates quality of maternal and newborn care provision in rural Tanzania-A qualitative study of health workers' perspectives. BMC Pregnancy and Childbirth, 2017, 17, 55.	2.4	21
28	Enablers and barriers to evidence based planning in the district health system in Uganda; perceptions of district health managers. BMC Health Services Research, 2017, 17, 103.	2.2	21
29	Health system effects of implementing integrated community case management (iCCM) intervention in private retail drug shops in South Western Uganda: a qualitative study. BMJ Global Health, 2017, 2, e000334.	4.7	19
30	Integrated community case management by drug sellers influences appropriate treatment of paediatric febrile illness in South Western Uganda: a quasi-experimental study. Malaria Journal, 2017, 16, 425.	2.3	27
31	Pneumococcal Carriage in Children under Five Years in Uganda-Will Present Pneumococcal Conjugate Vaccines Be Appropriate?. PLoS ONE, 2016, 11, e0166018.	2.5	23
32	Community and District Empowerment for Scale-up (CODES): a complex district-level management intervention to improve child survival in Uganda: study protocol for a randomized controlled trial. Trials, 2016, 17, 135.	1.6	27
33	High prevalence of antibiotic resistance in nasopharyngeal bacterial isolates from healthy children in rural Uganda: A cross-sectional study. Upsala Journal of Medical Sciences, 2015, 120, 249-256.	0.9	27
34	Designing for action: adapting and implementing a community-based newborn care package to affect national change in Uganda. Global Health Action, 2015, 8, 24250.	1.9	13
35	Effect of the Uganda Newborn Study on care-seeking and care practices: a cluster-randomised controlled trial. Global Health Action, 2015, 8, 24584.	1.9	74
36	Strengthening health facilities for maternal and newborn care: experiences from rural eastern Uganda. Global Health Action, 2015, 8, 24271.	1.9	49
