| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 1  | Mental disorders and COVID-19: Towards a precision public mental health approach. <i>European Neuropsychopharmacology</i> , 2022, 58, 42-43.   | 0.3 | 4         |
| 2  | Anger and confrontation during the COVID-19 pandemic: a national cross-sectional survey in the UK. <i>Journal of the Royal Society of Medicine</i> , 2021, 114, 77-90.   | 1.1 | 54        |
| 3  | Risk and protective factors for offending among UK Armed Forces personnel after they leave service: a data linkage study. <i>Psychological Medicine</i> , 2021, 51, 236-243.   | 2.7 | 8         |
| 4  | Probable post-traumatic stress disorder and harmful alcohol use among male members of the British Police Forces and the British Armed Forces: a comparative study. <i>HÅrre Utbildning</i> , 2021, 12, 1891734.  | 1.4 | 6         |
| 5  | Paternal alcohol misuse in UK military families: A cross-sectional study of child emotional and behavioural problems. <i>Journal of Military, Veteran and Family Health</i> , 2021, 7, 81-92.  | 0.3 | 0         |
| 6  | Quality appraisal of evidence generated during a crisis: in defence of "timeliness" and "clarity" as criteria. <i>BMJ Evidence-Based Medicine</i> , 2021, , bmjebm-2021-111760.  | 1.7 | 1         |
| 7  | NHS CHECK: protocol for a cohort study investigating the psychosocial impact of the COVID-19 pandemic on healthcare workers. <i>BMJ Open</i> , 2021, 11, e051687.  | 0.8 | 20        |
| 8  | Psychosocial impact of the COVID-19 pandemic on 4378 UK healthcare workers and ancillary staff: initial baseline data from a cohort study collected during the first wave of the pandemic. <i>Occupational and Environmental Medicine</i> , 2021, 78, 801-808. | 1.3 | 95        |
| 9  | Experiences of supported isolation in returning travellers during the early COVID-19 response: a qualitative interview study. <i>BMJ Open</i> , 2021, 11, e050405.   | 0.8 | 7         |
| 10 | Mental health responses to the COVID-19 pandemic: a latent class trajectory analysis using longitudinal UK data. <i>Lancet Psychiatry</i> , 2021, 8, 610-619.  | 3.7 | 268       |
| 11 | UK veterans' mental health and well-being before and during the COVID-19 pandemic: a longitudinal cohort study. <i>BMJ Open</i> , 2021, 11, e049815.   | 0.8 | 29        |
| 12 | Contribution of mental ill health during military service to postservice benefit claims in the UK. <i>Occupational and Environmental Medicine</i> , 2021, 78, 643-647.   | 1.3 | 0         |
| 13 | Long-Term Correlates of Mild Traumatic Brain Injury on Postconcussion Symptoms After Deployment to Iraq and Afghanistan in the UK Military. <i>Journal of Head Trauma Rehabilitation</i> , 2020, 35, 46-56.  | 1.0 | 8         |
| 14 | Mental health before and during the COVID-19 pandemic: a longitudinal probability sample survey of the UK population. <i>Lancet Psychiatry</i> , 2020, 7, 883-892.   | 3.7 | 1,921     |
| 15 | Says who? The significance of sampling in mental health surveys during COVID-19. <i>Lancet Psychiatry</i> , 2020, 7, 567-568.  | 3.7 | 317       |
| 16 | Mixed signals about the mental health of the NHS workforce. <i>Lancet Psychiatry</i> , 2020, 7, 1009-1011.   | 3.7 | 29        |
| 17 | Pre-service Military-related and Mental Disorder Factors Associated with Leaving the UK Armed Forces. <i>Psychiatry (New York)</i> , 2020, 83, 262-277.  | 0.3 | 1         |
| 18 | Managing mental health challenges faced by healthcare workers during covid-19 pandemic. <i>BMJ</i> , 2020, 368, m1211.   | 3.0 | 1,319     |
