#	Paper	IF	Citations
36	Species-Specific Associations Between Soil-Transmitted Helminths and Micronutrients in Vietnamese Schoolchildren. <i>American Journal of Tropical Medicine and Hygiene</i> , 2016 , 95, 77-82	3.2	16
35	Long-term impact of community-based information, education and communication activities on food hygiene and food safety behaviors in Vietnam: a longitudinal study. <i>PLoS ONE</i> , 2013 , 8, e70654	3.7	15
34	An assessment of the impact of fortification of staples and condiments on micronutrient intake in young Vietnamese children. <i>Nutrients</i> , 2012 , 4, 1151-70	6.7	22
33	Multi-micronutrient-fortified biscuits decreased the prevalence of anaemia and improved iron status, whereas weekly iron supplementation only improved iron status in Vietnamese school children. <i>British Journal of Nutrition</i> , 2012 , 108, 1419-27	3.6	29
32	Correlations between genetic variance and adiposity measures, and gene x gene interactions for obesity in postmenopausal Vietnamese women. <i>Journal of Genetics</i> , 2011 , 90, 1-9	1.2	30
31	Correlations between genetic variance and adiposity measures, and gene x gene interactions for obesity in postmenopausal Vietnamese women. <i>Journal of Genetics</i> , 2011 , 90, 1-9	1.2	9
30	Nutritional status, feeding practice and incidence of infectious diseases among children aged 6 to 18 months in northern mountainous Vietnam. <i>Journal of Medical Investigation</i> , 2010 , 57, 45-53	1.2	10
29	Relationship of serum carotenoids and retinol with anaemia among pre-school children in the northern mountainous region of Vietnam. <i>Public Health Nutrition</i> , 2010 , 13, 1863-9	3.3	11
28	Complementary foods fortified with micronutrients prevent iron deficiency and anemia in Vietnamese infants. <i>Journal of Nutrition</i> , 2010 , 140, 2241-7	4.1	18
27	Difructose anhydride III enhances bioavailability of water-insoluble iron in anemic Vietnamese women. <i>Journal of Nutritional Science and Vitaminology</i> , 2010 , 56, 191-7	1.1	11
26	Survey of food-hygiene practices at home and childhood diarrhoea in Hanoi, Viet Nam. <i>Journal of Health, Population and Nutrition</i> , 2009 , 27, 602-11	2.5	23
25	Effect of community-based nutrition education intervention on calcium intake and bone mass in postmenopausal Vietnamese women. <i>Public Health Nutrition</i> , 2009 , 12, 674-9	3.3	20
24	Folate and vitamin B12 status of women of reproductive age living in Hanoi City and Hai Duong Province of Vietnam. <i>Public Health Nutrition</i> , 2009 , 12, 941-6	3.3	8
23	Multi-micronutrient-fortified biscuits decreased prevalence of anemia and improved micronutrient status and effectiveness of deworming in rural Vietnamese school children. <i>Journal of Nutrition</i> , 2009 , 139, 1013-21	4.1	70
22	Eating out of home in Vietnamese adolescents: socioeconomic factors and dietary associations. <i>American Journal of Clinical Nutrition</i> , 2009 , 90, 1648-55	7	38
21	Association of low serum selenium with anemia among adolescent girls living in rural Vietnam. <i>Nutrition</i> , 2009 , 25, 6-10	4.8	13
20	Impact of milk consumption on performance and health of primary school children in rural Vietnam. <i>Asia Pacific Journal of Clinical Nutrition</i> , 2009 , 18, 326-34	1	40

19	Community Mobilization and Social Marketing to Promote Weekly Iron-Folic Acid Supplementation in Women of Reproductive Age in Vietnam: Impact on Anemia and Iron Status. <i>Nutrition Reviews</i> , 2008 , 63, S95-S108	6.4	2
18	Validity of two physical activity questionnaires (IPAQ and PAQA) for Vietnamese adolescents in rural and urban areas. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2008 , 5, 37	8.4	48
17	Development and validation of food frequency questionnaire to assess calcium intake in postmenopausal Vietnamese women. <i>Journal of Nutritional Science and Vitaminology</i> , 2008 , 54, 124-9	1.1	15
16	Relationship of low serum selenium to anemia among primary school children living in rural Vietnam. <i>Journal of Nutritional Science and Vitaminology</i> , 2008 , 54, 454-9	1.1	21
15	Double burden of malnutrition: the Vietnamese perspective. <i>Asia Pacific Journal of Clinical Nutrition</i> , 2008 , 17 Suppl 1, 116-8	1	27
14	Micronutrient deficiencies and anemia among preschool children in rural Vietnam. <i>Asia Pacific Journal of Clinical Nutrition</i> , 2008 , 17, 48-55	1	23
13	Vietnam recommended dietary allowances 2007. <i>Asia Pacific Journal of Clinical Nutrition</i> , 2008 , 17 Suppl 2, 409-15	1	16
12	The contribution of plant foods to the vitamin A supply of lactating women in Vietnam: a randomized controlled trial. <i>American Journal of Clinical Nutrition</i> , 2007 , 85, 1112-20	7	61
11	Resting metabolic rate of elderly Vietnamese. <i>Annals of Nutrition and Metabolism</i> , 2007 , 51, 7-13	4.5	4
10	Sub clinical vitamin A deficiency and anemia among Vietnamese children less than five years of age. <i>Asia Pacific Journal of Clinical Nutrition</i> , 2007 , 16, 152-7	1	6
9	Reduction in childhood malnutrition in Vietnam from 1990 to 2004. <i>Asia Pacific Journal of Clinical Nutrition</i> , 2007 , 16, 274-8	1	19
8	Serum levels of trace elements and iron-deficiency anemia in adult Vietnamese. <i>Biological Trace Element Research</i> , 2006 , 111, 1-9	4.5	15
7	Association of estrogen receptor alpha gene polymorphisms and lifestyle factors with calcaneal quantitative ultrasound and osteoporosis in postmenopausal Vietnamese women. <i>Journal of Human Genetics</i> , 2006 , 51, 1022-1029	4.3	10
6	The use of NaFeEDTA-fortified fish sauce is an effective tool for controlling iron deficiency in women of childbearing age in rural Vietnam. <i>Journal of Nutrition</i> , 2005 , 135, 2596-601	4.1	65
5	Determining the prevalence of osteoporosis and related factors using quantitative ultrasound in Vietnamese adult women. <i>American Journal of Epidemiology</i> , 2005 , 161, 824-30	3.8	51
4	Community mobilization and social marketing to promote weekly iron-folic acid supplementation: a new approach toward controlling anemia among women of reproductive age in Vietnam. <i>Nutrition Reviews</i> , 2005 , 63, S87-94	6.4	28
3	Community mobilization and social marketing to promote weekly iron-folic acid supplementation in women of reproductive age in Vietnam: impact on anemia and iron status. <i>Nutrition Reviews</i> , 2005 , 63, S95-108	6.4	49
2	Regular consumption of NaFeEDTA-fortified fish sauce improves iron status and reduces the prevalence of anemia in anemic Vietnamese women. <i>American Journal of Clinical Nutrition</i> , 2003 , 78, 284-90	7	127

- 1 Control of vitamin A deficiency in Vietnam: achievements and future orientation. *Food and Nutrition Bulletin*, **2002**, 23, 133-42 1.8 4
