#	ARTICLE	IF	CITATIONS
1	Deliberate Self-Harm in a Nonclinical Population: Prevalence and Psychological Correlates. <i>American Journal of Psychiatry</i> , 2003, 160, 1501-1508.	7.2	592
2	Emotional experience and expression in schizophrenia and depression.. <i>Journal of Abnormal Psychology</i> , 1992, 101, 37-44.	1.9	373
3	Schizophrenic performance when distractors are present: Attentional deficit or differential task difficulty?. <i>Journal of Abnormal Psychology</i> , 1975, 84, 205-209.	1.9	249
4	Informant-reports of personality disorder: Relation to self-reports and future research directions.. <i>Clinical Psychology: Science and Practice</i> , 2002, 9, 300-311.	0.9	241
5	A unifying perspective on personality pathology across the life span: Developmental considerations for the fifth edition of the <i>Diagnostic and Statistical Manual of Mental Disorders</i> . <i>Development and Psychopathology</i> , 2009, 21, 687-713.	2.3	171
6	You probably think this paper's about you: Narcissists' perceptions of their personality and reputation.. <i>Journal of Personality and Social Psychology</i> , 2011, 101, 185-201.	2.8	167
7	Selective attention in schizophrenic and manic psychoses: The effect of distraction on information processing.. <i>Journal of Abnormal Psychology</i> , 1978, 87, 212-225.	1.9	162
8	Perceptions of people with personality disorders based on thin slices of behavior. <i>Journal of Research in Personality</i> , 2004, 38, 216-229.	1.7	151
9	Variation in narrative identity is associated with trajectories of mental health over several years.. <i>Journal of Personality and Social Psychology</i> , 2015, 108, 476-496.	2.8	146
10	An item response theory analysis of DSM-IV personality disorder criteria across younger and older age groups.. <i>Psychology and Aging</i> , 2007, 22, 171-185.	1.6	120
11	The effect of anti-psychotic medication and diagnostic criteria on distractibility in schizophrenia. <i>Journal of Psychiatric Research</i> , 1978, 14, 81-91.	3.1	112
12	Person Perception and Personality Pathology. <i>Current Directions in Psychological Science</i> , 2009, 18, 32-36.	5.3	109
13	Traits Associated with Personality Disorders and Adjustment to Military Life: Predictive Validity of Self and Peer Reports. <i>Military Medicine</i> , 2004, 169, 207-211.	0.8	105
14	Sentence perception and distractibility in schizophrenic, manic, and depressed patients.. <i>Journal of Abnormal Psychology</i> , 1980, 89, 115-124.	1.9	103
15	Personality disorder symptoms and marital functioning.. <i>Journal of Consulting and Clinical Psychology</i> , 2008, 76, 769-780.	2.0	101
16	The Distinguishing Characteristics of Narrative Identity in Adults with Features of Borderline Personality Disorder: An Empirical Investigation. <i>Journal of Personality Disorders</i> , 2012, 26, 498-512.	1.4	100
17	Personality Disorders in Later Life: Questions About the Measurement, Course, and Impact of Disorders. <i>Annual Review of Clinical Psychology</i> , 2011, 7, 321-349.	12.3	97
18	General Factors of Psychopathology, Personality, and Personality Disorder: Across Domain Comparisons. <i>Clinical Psychological Science</i> , 2018, 6, 581-589.	4.0	86

#	ARTICLE	IF	CITATIONS
19	Self- and Peer Perspectives on Pathological Personality Traits and Interpersonal Problems.. Psychological Assessment, 2005, 17, 123-131.	1.5	84
20	Factorial structure of pathological personality as evaluated by peers.. Journal of Abnormal Psychology, 2003, 112, 81-91.	1.9	75
21	Self-Other Knowledge Asymmetries in Personality Pathology. Journal of Personality, 2013, 81, 155-170.	3.2	75
22	Gender bias in diagnostic criteria for personality disorders: An item response theory analysis.. Journal of Abnormal Psychology, 2007, 116, 166-175.	1.9	74
23	Personality Disorders and Physical Health: A Longitudinal Examination of Physical Functioning, Healthcare Utilization, and Health-Related Behaviors in Middle-Aged Adults. Journal of Personality Disorders, 2012, 26, 524-538.	1.4	72
24	Prevalence of Personality Disorders at Midlife in a Community Sample: Disorders and Symptoms Reflected in Interview, Self, and Informant Reports. Journal of Psychopathology and Behavioral Assessment, 2014, 36, 177-188.	1.2	71
25	Peer Assessment of Personality Traits and Pathology in Female College Students. Assessment, 1998, 5, 53-65.	3.1	65
26	Contrasting perspectives on personality problems: descriptions from the self and others. Personality and Individual Differences, 2004, 36, 1499-1514.	2.9	64
27	Personality disorder in social networks: Network position as a marker of interpersonal dysfunction. Social Networks, 2009, 31, 26-32.	2.1	64
28	Meta-perception for pathological personality traits: Do we know when others think that we are difficult?. Consciousness and Cognition, 2005, 14, 739-751.	1.5	62
29	Formal thought disorder in schizophrenics and their twins.. Journal of Abnormal Psychology, 1985, 94, 3-16.	1.9	62
30	Overdiagnosis and Underdiagnosis of Personality Disorders in Older Adults. American Journal of Geriatric Psychiatry, 2007, 15, 742-753.	1.2	61
31	Illustration of MIMIC-Model DIF Testing with the Schedule for Nonadaptive and Adaptive Personality. Journal of Psychopathology and Behavioral Assessment, 2009, 31, 320-330.	1.2	59
32	Self- and informant-reported perspectives on symptoms of narcissistic personality disorder.. Personality Disorders: Theory, Research, and Treatment, 2012, 3, 140-154.	1.3	55
33	Anhedonia and emotional responses to affect evoking stimuli. Psychological Medicine, 1987, 17, 677-684.	4.5	54
34	Impaired Social Function and Symptoms of Personality Disorders Assessed by Peer and Self-Report in a Nonclinical Population. Journal of Personality Disorders, 2002, 16, 437-452.	1.4	51
35	Comparison of Three Self-Report Measures of Personality Pathology. Journal of Psychopathology and Behavioral Assessment, 2009, 31, 358-367.	1.2	51
36	Rating Verbal Communication Impairment in Schizophrenia and Affective Disorders. Schizophrenia Bulletin, 1985, 11, 292-299.	4.3	49

#	ARTICLE	IF	CITATIONS
37	Ethnic Identification Biases Responses to the Padua Inventory for Obsessive-Compulsive Disorder. Assessment, 2005, 12, 174-185.	3.1	49
38	Borderline personality pathology and chronic health problems in later adulthood: The mediating role of obesity.. Personality Disorders: Theory, Research, and Treatment, 2013, 4, 152-159.	1.3	49
39	The interrater reliability of the Structured Interview for DSM-IV Personality. Comprehensive Psychiatry, 2006, 47, 368-375.	3.1	48
40	Borderline but not antisocial personality disorder symptoms are related to self-reported partner aggression in late middle-age.. Journal of Abnormal Psychology, 2012, 121, 692-698.	1.9	48
41	Symptoms of borderline personality disorder predict interpersonal (but not independent) stressful life events in a community sample of older adults.. Journal of Abnormal Psychology, 2013, 122, 469-474.	1.9	47
42	Psychometric Analysis of Racial Differences on the Maudsley Obsessional Compulsive Inventory. Assessment, 2000, 7, 247-258.	3.1	43
43	Hedonic capacity in schizophrenics and their twins. Psychological Medicine, 1990, 20, 367-374.	4.5	40
44	Are Informant Reports of Personality More Internally Consistent Than Self Reports of Personality?. Assessment, 2015, 22, 399-404.	3.1	37
45	Being liked is more than having a good personality: The role of matching. Journal of Research in Personality, 2009, 43, 579-585.	1.7	36
46	Interpersonal perception and personality disorders: Utilization of a thin slice approach. Journal of Research in Personality, 2007, 41, 667-688.	1.7	35
47	Personality and the derogation of others: Descriptions based on self- and peer report. Journal of Research in Personality, 2003, 37, 16-33.	1.7	34
48	Criteria for evaluating hypotheses regarding information processing and schizophrenia. Behavioral and Brain Sciences, 1982, 5, 610-611.	0.7	33
49	Aging: Empirical Contribution: A Longitudinal Analysis of Personality Disorder Dimensions and Personality Traits in a Community Sample of Older Adults: Perspectives From Selves and Informants. Journal of Personality Disorders, 2014, 28, 151-165.	1.4	33
50	Personality Predicts Health Declines Through Stressful Life Events During Late Midlife. Journal of Personality, 2016, 84, 536-546.	3.2	33
51	Mixed impressions: Reactions of strangers to people with pathological personality traits. Journal of Research in Personality, 2006, 40, 395-410.	1.7	32
52	Five-factor model personality disorder prototypes in a community sample: Self- and informant-reports predicting interview-based DSM diagnoses.. Personality Disorders: Theory, Research, and Treatment, 2011, 2, 279-292.	1.3	31
53	Personality pathology and alcohol dependence at midlife in a community sample.. Personality Disorders: Theory, Research, and Treatment, 2013, 4, 55-61.	1.3	31
54	The conscientious retiree: The relationship between conscientiousness, retirement, and volunteering. Journal of Research in Personality, 2014, 52, 68-77.	1.7	30

#	ARTICLE	IF	CITATIONS
55	Personality Accounts for the Connection Between Volunteering and Health. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2015, 70, 691-697.	3.9	30
56	Level of Agreement Between Self and Spouse in the Assessment of Personality Pathology. <i>Assessment</i> , 2011, 18, 217-226.	3.1	29
57	Factorial structure of pathological personality as evaluated by peers. <i>Journal of Abnormal Psychology</i> , 2003, 112, 81-91.	1.9	29
58	Poverty of Speech in Schizophrenia and Depression During In-patient and Post-hospital Periods. <i>British Journal of Psychiatry</i> , 1989, 154, 52-57.	2.8	28
59	Personality disorder symptoms are differentially related to divorce frequency.. <i>Journal of Family Psychology</i> , 2012, 26, 959-965.	1.3	28
60	The enduring impact of borderline personality pathology: Risk for threatening life events in later middle-age.. <i>Journal of Abnormal Psychology</i> , 2012, 121, 447-457.	1.9	27
61	Regional Analysis of Self-Reported Personality Disorder Criteria. <i>Journal of Personality</i> , 2008, 76, 1587-1622.	3.2	26
62	The Role of Metaperception in Personality Disorders: Do People with Personality Problems Know How Others Experience Their Personality?. <i>Journal of Personality Disorders</i> , 2015, 29, 449-467.	1.4	26
63	Personality Disorder not Otherwise Specified: Searching for an Empirically Based Diagnostic Threshold. <i>Journal of Personality Disorders</i> , 2005, 19, 674-689.	1.4	25
64	Recruitment of African American men: Overcoming challenges for an epidemiological study of personality and health.. <i>Cultural Diversity and Ethnic Minority Psychology</i> , 2011, 17, 377-380.	2.0	25
65	Gender Role and Personality Disorders. <i>Journal of Personality Disorders</i> , 2002, 16, 464-476.	1.4	24
66	The interpersonal problems of the socially avoidant: Self and peer shared variance.. <i>Journal of Abnormal Psychology</i> , 2010, 119, 331-340.	1.9	24
67	The Enduring Impact of Maladaptive Personality Traits on Relationship Quality and Health in Later Life. <i>Journal of Personality</i> , 2014, 82, 493-501.	3.2	24
68	Attentional coping style in obsessive-compulsive personality disorder: a test of the intolerance of uncertainty hypothesis. <i>Personality and Individual Differences</i> , 2003, 34, 41-57.	2.9	23
69	Trait-based assessment of borderline personality disorder using the NEO Five-Factor Inventory: Phenotypic and genetic support.. <i>Psychological Assessment</i> , 2016, 28, 39-50.	1.5	22
70	Personality change: Longitudinal self-other agreement and convergence with retrospective-reports.. <i>Journal of Personality and Social Psychology</i> , 2020, 118, 1065-1079.	2.8	22
71	Personality Pathology as a Risk Factor for Negative Health Perception. <i>Journal of Personality Disorders</i> , 2013, 27, 359-370.	1.4	21
72	Obsessive, compulsive, and conscientious? The relationship between OCPD and personality traits. <i>Journal of Personality</i> , 2018, 86, 952-972.	3.2	21

#	ARTICLE	IF	CITATIONS
73	Detection of aberrant responding on a personality scale in a military sample: An application of evaluating person fit with two-level logistic regression.. <i>Psychological Assessment</i> , 2008, 20, 159-168.	1.5	20
74	The relative impact of socioeconomic status and childhood trauma on Black-White differences in paranoid personality disorder symptoms.. <i>Journal of Abnormal Psychology</i> , 2014, 123, 225-230.	1.9	20
75	Gender Differences in Borderline Personality Disorder Features in an Epidemiological Sample of Adults Age 55-64: Self Versus Informant Report. <i>Journal of Personality Disorders</i> , 2016, 30, 419-432.	1.4	20
76	Development and validation of the circumplex scales of interpersonal problems.. <i>Psychological Assessment</i> , 2018, 30, 594-609.	1.5	20
77	The relation between obsessive-compulsive personality traits and subtypes of compulsive behavior. <i>Journal of Anxiety Disorders</i> , 1995, 9, 397-410.	3.2	19
