#	ARTICLE	IF	CITATIONS
1	Supporting families managing childhood eczema: developing and optimising eczema care online using qualitative research. British Journal of General Practice, 2022, 72, e378-e389.	1.4	7
2	Strategies for using topical corticosteroids in children and adults with eczema. The Cochrane Library, 2022, 2022, CD013356.	2.8	18
3	Prescribing and using vitiligo treatments – lessons from a nested Process Evaluation within the <sc>HI&Light</sc> Vitiligo Randomised Controlled Trial. Clinical and Experimental Dermatology, 2022, , .	1.3	0
4	Eczema Care Online: development and qualitative optimisation of an online behavioural intervention to support self-management in young people with eczema. BMJ Open, 2022, 12, e056867.	1.9	6
5	Development and Validation of Population Clusters for Integrating Health and Social Care: Protocol for a Mixed Methods Study in Multiple Long-Term Conditions (Cluster-Artificial Intelligence for) Tj ETQq1 1 0.784314 rgBT /Overlock 10	1.4	10
6	How parents and children evaluate emollients for childhood eczema: a qualitative study. British Journal of General Practice, 2022, 72, e390-e397.	1.4	8
7	Effectiveness and safety of lotion, cream, gel, and ointment emollients for childhood eczema: a pragmatic, randomised, phase 4, superiority trial. The Lancet Child and Adolescent Health, 2022, 6, 522-532.	5.6	20
8	Understanding social care need through primary care big data: a rapid scoping review. BJGP Open, 2022, 6, BJGPO.2022.0016.	1.8	2
9	Views and experiences of managing eczema: systematic review and thematic synthesis of qualitative studies*. British Journal of Dermatology, 2021, 184, 627-637.	1.5	39
10	Randomized controlled trial of topical corticosteroid and home&based narrowband ultraviolet B for active and limited vitiligo: results of the HI&Light Vitiligo Trial*. British Journal of Dermatology, 2021, 184, 828-839.	1.5	25
11	An economic evaluation of the randomized controlled trial of topical corticosteroid and home&based narrowband ultraviolet B for active and limited vitiligo (the HI&Light Vitiligo Trial)*. British Journal of Dermatology, 2021, 184, 840-848.	1.5	6
12	Psychosocial needs of adolescents and young adults with eczema: A secondary analysis of qualitative data to inform a behaviour change intervention. British Journal of Health Psychology, 2021, 26, 214-231.	3.5	18
13	Test&guided dietary management of eczema in children: A randomized controlled feasibility trial (TEST). Clinical and Experimental Allergy, 2021, 51, 452-462.	2.9	9
14	Views and experiences of people with acne vulgaris and healthcare professionals about treatments: systematic review and thematic synthesis of qualitative research. BMJ Open, 2021, 11, e041794.	1.9	18
15	Supporting self-care for eczema: protocol for two randomised controlled trials of ECO (Eczema Care) Tj ETQq1 1 0.784314 rgBT /Overlock 10	1.9	10
16	Children&TM's Views and Experiences of Treatment Adherence and Parent/Child Co-Management in Eczema: A Qualitative Study. Children, 2021, 8, 158.	1.5	8
17	Patient-reported outcome measures for acne: a mixed-methods validation study (acne PROMs). BMJ Open, 2021, 11, e034047.	1.9	4
18	Community access to palliative care medicines" patient and professional experience: systematic review and narrative synthesis. BMJ Supportive and Palliative Care, 2021, , bmjspcare-2020-002761.	1.6	5

#	ARTICLE	IF	CITATIONS
19	Integrating primary care and social services for older adults with multimorbidity: a qualitative study. British Journal of General Practice, 2021, 71, e753-e761.	1.4	22
20	Do patient characteristics matter when calculating sample size for eczema clinical trials?. Skin Health and Disease, 2021, 1, e42.	1.5	3
21	Topical preparations for the treatment of mild-to-moderate acne vulgaris: systematic review and network meta-analysis*. British Journal of Dermatology, 2021, 185, 512-525.	1.5	27
22	How has the COVID-19 pandemic affected eczema self-management and help seeking? A qualitative interview study with young people and parents/carers of children with eczema. Skin Health and Disease, 2021, 1, e59.	1.5	5
23	Integrating primary care and social services for older adults with multimorbidity: policy implications. BJGP Open, 2021, 5, BJGPO.2021.0035.	1.8	0
24	Self-management for chronic widespread pain including fibromyalgia: A systematic review and meta-analysis. PLoS ONE, 2021, 16, e0254642.	2.5	17
25	Safety of topical corticosteroids in atopic eczema: an umbrella review. BMJ Open, 2021, 11, e046476.	1.9	32
26	Spironolactone for adult female acne (SAFA): protocol for a double-blind, placebo-controlled, phase III randomised study of spironolactone as systemic therapy for acne in adult women. BMJ Open, 2021, 11, e053876.	1.9	10
27	Prescribing of long-term antibiotics to adolescents in primary care: a retrospective cohort study. British Journal of General Practice, 2021, 71, e887-e894.	1.4	6
28	Taking charge of eczema self-management: a qualitative interview study with young people with eczema. BMJ Open, 2021, 11, e044005.	1.9	11
29	Domestic abuse among female doctors: thematic analysis of qualitative interviews in the UK. British Journal of General Practice, 2021, 71, e193-e200.	1.4	7
30	Supporting Self-management Among Young People With Acne Vulgaris Through a Web-Based Behavioral Intervention: Development and Feasibility Randomized Controlled Trial. JMIR Dermatology, 2021, 4, e25918.	0.7	0
31	GPs' perspectives on acne management in primary care: a qualitative interview study. British Journal of General Practice, 2021, 71, e78-e84.	1.4	6
32	"It's like the bad guy in a movie who just doesn't die": a qualitative exploration of young people's adaptation to eczema and implications for self-care. British Journal of Dermatology, 2020, 182, 112-118.	1.5	21
33	Young people's perceptions of acne and acne treatments: secondary analysis of qualitative interview data. British Journal of Dermatology, 2020, 183, 349-356.	1.5	17
34	Supporting patient access to medicines in community palliative care: on-line survey of health professionals' practice, perceived effectiveness and influencing factors. BMC Palliative Care, 2020, 19, 148.	1.8	12
35	Parents and GPs' understandings and beliefs about food allergy testing in children with eczema: qualitative interview study within the Trial of Eczema allergy Screening Tests (TEST) feasibility trial. BMJ Open, 2020, 10, e041229.	1.9	5
36	Patients' views about screening for atrial fibrillation (AF): a qualitative study in primary care. BMJ Open, 2020, 10, e033061.	1.9	7

#	ARTICLE	IF	CITATIONS
55	Stemming the tide of antimicrobial resistance: implications for management of acne vulgaris. British Journal of General Practice, 2018, 68, 64-65.	1.4	7
56	Views and experiences of seeking information and help for vitiligo: a qualitative study of written accounts. BMJ Open, 2018, 8, e018652.	1.9	11
57	Home interventions and light therapy for the treatment of vitiligo (HI-Light Vitiligo Trial): study protocol for a randomised controlled trial. BMJ Open, 2018, 8, e018649.	1.9	8
58	â€˜Hope you find your â€˜eurekaâ€™ moment soonâ€™: a qualitative study of parents/carersâ€™ online discussions around allergy, allergy tests and eczema. BMJ Open, 2018, 8, e022861.	1.9	17
59	Management of cellulitis: current practice and research questions. British Journal of General Practice, 2018, 68, 595-596.	1.4	12
60	Feasibility of weekly participant-reported data collection in a pragmatic randomised controlled trial in primary care: experiences from the BATHE trial (Bath Additives for the Treatment of childhood) Tj ETQq0 0 0 rgBT, Overlock 10 Tf 50 5	1.4	0
61	Emollient bath additives for the treatment of childhood eczema (BATHE): multicentre pragmatic parallel group randomised controlled trial of clinical and cost effectiveness. BMJ: British Medical Journal, 2018, 361, k1332.	2.3	50
62	Adding emollient bath additives to standard eczema management for children with eczema: the BATHE RCT. Health Technology Assessment, 2018, 22, 1-116.	2.8	14
63	How do carers and children with eczema choose their emollient?. Clinical and Experimental Dermatology, 2017, 42, 203-203.	1.3	4
64	Views of oral antibiotics and advice seeking about acne: a qualitative study of online discussion forums. British Journal of Dermatology, 2017, 177, 751-757.	1.5	17
65	Identifying priority areas for research into the diagnosis, treatment and prevention of cellulitis (erysipelas): results of a James Lind Alliance Priority Setting Partnership. British Journal of Dermatology, 2017, 177, 541-543.	1.5	27
66	â€˜When it goes back to my normal I supposeâ€™: a qualitative study using online focus groups to explore perceptions of â€˜controlâ€™ among people with eczema and parents of children with eczema in the UK. BMJ Open, 2017, 7, e017731.	1.9	30
67	Carers' views of topical corticosteroid use in childhood eczema: a qualitative study of online discussion forums. British Journal of Dermatology, 2017, 176, 1500-1507.	1.5	33
68	The management of acne vulgaris in primary care: a cohort study of consulting and prescribing patterns using the Clinical Practice Research Datalink. British Journal of Dermatology, 2017, 176, 107-115.	1.5	23
69	Parents' and carers' views about emollients for childhood eczema: qualitative interview study. BMJ Open, 2016, 6, e011887.	1.9	29
70	Bath additives for the treatment of childhood eczema (BATHE): protocol for multicentre parallel group randomised trial. BMJ Open, 2015, 5, e009575.	1.9	10
71	GPsâ€™ views on managing advanced chronic kidney disease in primary care: a qualitative study. British Journal of General Practice, 2015, 65, e469-e477.	1.4	23
72	Digital mental health services in general practice. British Journal of General Practice, 2015, 65, 175.1-175.	1.4	0

#	ARTICLE	IF	CITATIONS
73	Using existing trial data to inform the development of core outcome sets and improve efficiencies in research. <i>Trials</i> , 2015, 16, .	1.6	1
74	'You don't know which bits to believe': qualitative study exploring carers' experiences of seeking information on the internet about childhood eczema. <i>BMJ Open</i> , 2015, 5, e006339-e006339.	1.9	26
75	Timeliness in chronic kidney disease and albuminuria identification: a retrospective cohort study. <i>BMC Family Practice</i> , 2015, 16, 18.	2.9	20
76	A national study of practice patterns in UK renal units in the use of dialysis and conservative kidney management to treat people aged 75 years and over with chronic kidney failure. <i>Health Services and Delivery Research</i> , 2015, 3, 1-186.	1.4	30
77	Treatment non-adherence in pediatric long-term medical conditions: systematic review and synthesis of qualitative studies of caregivers's views. <i>BMC Pediatrics</i> , 2014, 14, 63.	1.7	117
78	Supporting Self-Care for Families of Children With Eczema With a Web-Based Intervention Plus Health Care Professional Support: Pilot Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2014, 16, e70.	4.3	44
79	Effects of internet-based training on antibiotic prescribing rates for acute respiratory-tract infections: a multinational, cluster, randomised, factorial, controlled trial. <i>Lancet</i> , The, 2013, 382, 1175-1182.	13.7	329
80	Managing childhood eczema: qualitative study exploring carers' experiences of barriers and facilitators to treatment adherence. <i>Journal of Advanced Nursing</i> , 2013, 69, 2493-2501.	3.3	81
81	Experiences of carers managing childhood eczema and their views on its treatment: a qualitative study. <i>British Journal of General Practice</i> , 2012, 62, e261-e267.	1.4	59
82	Could good eczema care prevent development of other atopic conditions?. <i>British Journal of General Practice</i> , 2011, 61, 246-247.	1.4	1
83	Commentaries on "Interventions for cutaneous molluscum contagiosum". <i>Evidence-Based Child Health: A Cochrane Review Journal</i> , 2011, 6, 1602-1605.	2.0	4
84	Women's management of menstrual symptoms: Findings from a postal survey and qualitative interviews. <i>Social Science and Medicine</i> , 2008, 66, 276-288.	3.8	41
85	Heavy menstrual bleeding: delivering patient-centred care. <i>British Journal of General Practice</i> , 2008, 58, 151-152.	1.4	10
86	What aspects of periods are most bothersome for women reporting heavy menstrual bleeding? Community survey and qualitative study. <i>BMC Women's Health</i> , 2007, 7, 8.	2.0	71
87	Menstrual Problems Experienced by Women with Learning Disabilities. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2006, 19, 364-373.	2.0	26
88	Menstrual Problems Experienced by Women with Learning Disabilities. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2006, .	2.0	0
89	A Scottish postal survey suggested that the prevailing clinical preoccupation with heavy periods does not reflect the epidemiology of reported symptoms and problems. <i>Journal of Clinical Epidemiology</i> , 2005, 58, 1206-1210.	5.0	61
90	Women's experiences of Chlamydia screening. <i>European Journal of General Practice</i> , 2003, 9, 56-61.	2.0	17

#	ARTICLE	IF	CITATIONS
91	Screening for genital chlamydial infection: the agenda for general practice. British Journal of General Practice, 1999, 49, 427-8.	1.4	2
92	Different strategies for using topical corticosteroids in people with eczema. The Cochrane Library, 0, , .	2.8	6
