

Summit Study Group

List of Publications by Citations

Source: <https://exaly.com/author-pdf/1085730/summit-study-group-publications-by-citations.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
41	Anaemia in low-income and middle-income countries. <i>Lancet, The</i> , 2011 , 378, 2123-35	40	541
40	Effect of vitamin A supplementation on morbidity due to Plasmodium falciparum in young children in Papua New Guinea: a randomised trial. <i>Lancet, The</i> , 1999 , 354, 203-9	40	176
39	Universal health coverage in Indonesia: concept, progress, and challenges. <i>Lancet, The</i> , 2019 , 393, 75-102	40	131
38	Modifiers of the effect of maternal multiple micronutrient supplementation on stillbirth, birth outcomes, and infant mortality: a meta-analysis of individual patient data from 17 randomised trials in low-income and middle-income countries. <i>The Lancet Global Health</i> , 2017 , 5, e1090-e1100	13.6	119
37	Determinants of low birthweight, small-for-gestational-age and preterm birth in Lombok, Indonesia: analyses of the birthweight cohort of the SUMMIT trial. <i>Tropical Medicine and International Health</i> , 2012 , 17, 938-50	2.3	72
36	Molecular assays for surveillance of antifolate-resistant malaria. <i>Lancet, The</i> , 1998 , 351, 1629-30	40	70
35	Maternal multiple micronutrient supplementation and pregnancy outcomes in developing countries: meta-analysis and meta-regression. <i>Bulletin of the World Health Organization</i> , 2011 , 89, 402-411	8.2	63
34	Maternal multiple micronutrient supplements and child cognition: a randomized trial in Indonesia. <i>Pediatrics</i> , 2012 , 130, e536-46	7.4	52
33	Maternal multiple micronutrient supplementation and other biomedical and socioenvironmental influences on children's cognition at age 9-12 years in Indonesia: follow-up of the SUMMIT randomised trial. <i>The Lancet Global Health</i> , 2017 , 5, e217-e228	13.6	45
32	Determinants of childhood immunisation coverage in urban poor settlements of Delhi, India: a cross-sectional study. <i>BMJ Open</i> , 2016 , 6, e013015	3	39
31	Programmatic effects of a large-scale multiple-micronutrient supplementation trial in Indonesia: using community facilitators as intermediaries for behavior change. <i>Food and Nutrition Bulletin</i> , 2009 , 30, S207-14	1.8	37
30	Review of the evidence regarding the use of antenatal multiple micronutrient supplementation in low- and middle-income countries. <i>Annals of the New York Academy of Sciences</i> , 2019 , 1444, 6-21	6.5	36
29	Test selection, adaptation, and evaluation: a systematic approach to assess nutritional influences on child development in developing countries. <i>British Journal of Educational Psychology</i> , 2010 , 80, 31-53	3.2	24
28	Why women choose to give birth at home: a situational analysis from urban slums of Delhi. <i>BMJ Open</i> , 2014 , 4, e004401	3	23
27	Maternal zinc supplementation reduces diarrheal morbidity in peruvian infants. <i>Journal of Pediatrics</i> , 2010 , 156, 960-964.e2	3.6	23
26	The effect of maternal multiple micronutrient supplementation on cognition and mood during pregnancy and postpartum in Indonesia: a randomized trial. <i>PLoS ONE</i> , 2012 , 7, e32519	3.7	21
25	Role of family support and women's knowledge on pregnancy-related risks in adherence to maternal iron-folic acid supplementation in Indonesia. <i>Public Health Nutrition</i> , 2016 , 19, 2818-28	3.3	20

24	Leishmania major: differential resistance to infection in C57BL/6 (high interferon-alpha/beta) and congenic B6.C-H-28c (low interferon-alpha/beta) mice. <i>Experimental Parasitology</i> , 1996 , 84, 136-43	2.1	18
23	Malaria prevalence in Nias District, North Sumatra Province, Indonesia. <i>Malaria Journal</i> , 2007 , 6, 116	3.6	15
22	Maternal agency influences the prevalence of diarrhea and acute respiratory tract infections among young Indonesian children. <i>Maternal and Child Health Journal</i> , 2015 , 19, 1033-46	2.4	14
21	Socio-economic factors and use of maternal health services are associated with delayed initiation and non-exclusive breastfeeding in Indonesia: secondary analysis of Indonesia Demographic and Health Surveys 2002/2003 and 2007. <i>Asia Pacific Journal of Clinical Nutrition</i> , 2014 , 23, 91-104	1	14
20	Practical considerations for transitioning early childhood interventions to scale: lessons from the Saving Brains portfolio. <i>Annals of the New York Academy of Sciences</i> , 2018 , 1419, 230-248	6.5	13
19	Ghrelin for the management of cachexia associated with cancer. <i>The Cochrane Library</i> , 2018 , 2, CD012229.2	2	10
18	Does exclusive breastfeeding relate to the longer duration of breastfeeding? A prospective cohort study. <i>Midwifery</i> , 2019 , 69, 163-171	2.8	10
17	Dietary quality of predominantly traditional diets is associated with blood glucose profiles, but not with total fecal Bifidobacterium in Indonesian women. <i>PLoS ONE</i> , 2018 , 13, e0208815	3.7	9
16	Reproductive healthcare utilization in urban poor settlements of Delhi: Baseline survey of ANCHUL (Ante Natal and Child Health care in Urban Slums) project. <i>BMC Pregnancy and Childbirth</i> , 2015 , 15, 212	3.2	8
15	Maternal Multiple Micronutrient Supplementation Stabilizes Mitochondrial DNA Copy Number in Pregnant Women in Lombok, Indonesia. <i>Journal of Nutrition</i> , 2019 , 149, 1309-1316	4.1	7
14	Moving toward hematological predictors of disease severity in malaria: going with the flow. <i>American Journal of Hematology</i> , 2010 , 85, 225-6	7.1	7
13	Priming of a beta-galactosidase (beta-GAL)-specific type 1 response in BALB/c mice infected with beta-GAL-transfected Leishmania major. <i>Infection and Immunity</i> , 2000 , 68, 809-14	3.7	7
12	Excess mortality during the first ten months of COVID-19 epidemic at Jakarta, Indonesia		5
11	The effects of a household conditional cash transfer programme on coverage and quality of antenatal care: a secondary analysis of Indonesia's pilot programme. <i>BMJ Open</i> , 2017 , 7, e014348	3	4
10	Building a Digital Tool for the Adoption of the World Health Organization's Antenatal Care Recommendations: Methodological Intersection of Evidence, Clinical Logic, and Digital Technology. <i>Journal of Medical Internet Research</i> , 2020 , 22, e16355	7.6	4
9	Correction: Building a Digital Tool for the Adoption of the World Health Organization's Antenatal Care Recommendations: Methodological Intersection of Evidence, Clinical Logic, and Digital Technology. <i>Journal of Medical Internet Research</i> , 2020 , 22, e24891	7.6	2
8	Stunting and lead: using causal mediation analysis to better understand how environmental lead exposure affects cognitive outcomes in children. <i>Journal of Neurodevelopmental Disorders</i> , 2020 , 12, 39	4.6	2
7	Tenth year reenrollment randomized trial investigating the effects of childhood probiotics and calcium supplementation on height and weight at adolescence. <i>Scientific Reports</i> , 2021 , 11, 11860	4.9	2

6	Psychosocial, Eating Behavior, and Lifestyle Factors Influencing Overweight and Obesity in Adolescents. <i>Food and Nutrition Bulletin</i> , 2021 , 42, S72-S91	1.8	2
5	Yoga for improving functional capacity, quality of life and cardiovascular outcomes in people with heart failure. <i>The Cochrane Library</i> , 2017 ,	5.2	1
4	Clinical characteristics and mortality associated with COVID-19 in Jakarta, Indonesia: a hospital-based retrospective cohort study		1
3	Mineral Deficiencies 2013 , 1003-1010		
2	Selected Peer-Reviewed Articles from the 1st Annual International Conference and Exhibition Indonesian Medical Education and Research Institute (ICE on IMERI), Central Jakarta, Indonesia, 14-16 November, 2016. <i>Advanced Science Letters</i> , 2017 , 23, 6641-6643	0.1	
1	Maternal anemia modifies the effect of multiple micronutrient supplements on birth weight and infant mortality in Indonesia. <i>FASEB Journal</i> , 2013 , 27, 358.7	0.9
