#	ARTICLE	IF	CITATIONS
1	Clinical diagnosis of smear-negative pulmonary tuberculosis in low-income countries: the current evidence. <i>Lancet Infectious Diseases</i> , The, 2003, 3, 288-296.	9.1	261
2	Tuberculosis in Pakistan: socio-cultural constraints and opportunities in treatment. <i>Social Science and Medicine</i> , 2000, 50, 247-254.	3.8	208
3	Primary health care: making Alma-Ata a reality. <i>Lancet</i> , The, 2008, 372, 1001-1007.	13.7	203
4	Effectiveness of the direct observation component of DOTS for tuberculosis: a randomised controlled trial in Pakistan. <i>Lancet</i> , The, 2001, 357, 664-669.	13.7	185
5	Liver enzymes and risk of all-cause mortality in general populations: a systematic review and meta-analysis. <i>International Journal of Epidemiology</i> , 2014, 43, 187-201.	1.9	134
6	Direct observation of treatment for tuberculosis: a randomized controlled trial of community health workers versus family members. <i>Tropical Medicine and International Health</i> , 2004, 9, 559-565.	2.3	129
7	Ferritin levels and risk of type 2 diabetes mellitus: an updated systematic review and meta-analysis of prospective evidence. <i>Diabetes/Metabolism Research and Reviews</i> , 2013, 29, 308-318.	4.0	111
8	Liver Aminotransferases and Risk of Incident Type 2 Diabetes: A Systematic Review and Meta-Analysis. <i>American Journal of Epidemiology</i> , 2013, 178, 159-171.	3.4	109
9	Delayed consultation among pulmonary tuberculosis patients: a cross sectional study of 10 DOTS districts of Ethiopia. <i>BMC Public Health</i> , 2009, 9, 53.	2.9	96
10	Using Mobile Phones to Improve Clinic Attendance Amongst an Antiretroviral Treatment Cohort in Rural Uganda: A Cross-sectional and Prospective Study. <i>AIDS and Behavior</i> , 2010, 14, 1347-1352.	2.7	95
11	Effect of a training and educational intervention for physicians and caregivers on antibiotic prescribing for upper respiratory tract infections in children at primary care facilities in rural China: a cluster-randomised controlled trial. <i>The Lancet Global Health</i> , 2017, 5, e1258-e1267.	6.3	90
12	Improving Clinic Attendance and Adherence to Antiretroviral Therapy Through a Treatment Supporter Intervention in Uganda: A Randomized Controlled Trial. <i>AIDS and Behavior</i> , 2011, 15, 1795-1802.	2.7	74
13	National primary care responses to COVID-19: a rapid review of the literature. <i>BMJ Open</i> , 2020, 10, e041622.	1.9	73
14	Tuberculosis patient adherence to direct observation: results of a social study in Pakistan. <i>Health Policy and Planning</i> , 2005, 20, 354-365.	2.7	68
15	Barriers to TB care for rural-to-urban migrant TB patients in Shanghai: a qualitative study. <i>Tropical Medicine and International Health</i> , 2009, 14, 754-760.	2.3	63
16	Using no-cost mobile phone reminders to improve attendance for HIV test results: a pilot study in rural Swaziland. <i>Infectious Diseases of Poverty</i> , 2013, 2, 12.	3.7	63
17	How to get research into practice: first get practice into research. <i>Bulletin of the World Health Organization</i> , 2007, 85, 424-424.	3.3	56
18	Long-term outcomes of an educational intervention to reduce antibiotic prescribing for childhood upper respiratory tract infections in rural China: Follow-up of a cluster-randomised controlled trial. <i>PLoS Medicine</i> , 2019, 16, e1002733.	8.4	53

#	ARTICLE	IF	CITATIONS
19	Characterization of cancer-induced bone pain: an exploratory study. <i>Supportive Care in Cancer</i> , 2011, 19, 1393-1401.	2.2	50
20	Antibiotic prescribing for upper respiratory infections among children in rural China: a cross-sectional study of outpatient prescriptions. <i>Global Health Action</i> , 2017, 10, 1287334.	1.9	47
21	Quality of tuberculosis care and its association with patient adherence to treatment in eight Ethiopian districts. <i>Health Policy and Planning</i> , 2009, 24, 457-466.	2.7	46
22	Listening to those on the frontline: Lessons for community-based tuberculosis programmes from a qualitative study in Swaziland. <i>Social Science and Medicine</i> , 2005, 61, 1701-1710.	3.8	38
23	Cost implications of delays to tuberculosis diagnosis among pulmonary tuberculosis patients in Ethiopia. <i>BMC Public Health</i> , 2010, 10, 173.	2.9	38
24	Providing financial incentives to rural-to-urban tuberculosis migrants in Shanghai: an intervention study. <i>Infectious Diseases of Poverty</i> , 2012, 1, 9.	3.7	38
25	Intensive Patient Education Improves Glycaemic Control in Diabetes Compared to Conventional Education: A Randomised Controlled Trial in a Nigerian Tertiary Care Hospital. <i>PLoS ONE</i> , 2017, 12, e0168835.	2.5	37
26	China Tuberculosis Policy at Crucial Crossroads: Comparing the Practice of Different Hospital and Tuberculosis Control Collaboration Models Using Survey Data. <i>PLoS ONE</i> , 2014, 9, e90596.	2.5	35
27	Interventions to reduce childhood antibiotic prescribing for upper respiratory infections: systematic review and meta-analysis. <i>Journal of Epidemiology and Community Health</i> , 2016, 70, 1162-1170.	3.7	34
28	Clinic Attendance for Medication Refills and Medication Adherence amongst an Antiretroviral Treatment Cohort in Uganda: A Prospective Study. <i>AIDS Research and Treatment</i> , 2010, 2010, 1-8.	0.7	33
29	Impact of China's essential medicines scheme and zero-markup policy on antibiotic prescriptions in county hospitals: a mixed methods study. <i>Tropical Medicine and International Health</i> , 2017, 22, 1166-1174.	2.3	32
30	Improving adherence to antiretroviral therapy in sub-Saharan African HIV-positive populations: An enhanced adherence package. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2012, 24, 1308-1315.	1.2	31
31	Comparing patient care seeking pathways in three models of hospital and TB programme collaboration in China. <i>BMC Infectious Diseases</i> , 2013, 13, 93.	2.9	31
32	Opportunities and challenges for delivering non-communicable disease management and services in fragile and post-conflict settings: perceptions of policy-makers and health providers in Sierra Leone. <i>Conflict and Health</i> , 2020, 14, 3.	2.7	31
33	Clinical guidelines to diagnose smear-negative pulmonary tuberculosis in Pakistan, a country with low-HIV prevalence. <i>Tropical Medicine and International Health</i> , 2006, 11, 323-331.	2.3	29
34	Assessing the impact of TB/HIV services integration on TB treatment outcomes and their relevance in TB/HIV monitoring in Ghana. <i>Infectious Diseases of Poverty</i> , 2012, 1, 13.	3.7	29
35	COMPARING KNOWLEDGE AND USE OF HEALTH SERVICES OF MIGRANTS FROM RURAL AND URBAN AREAS IN KUNMING CITY, CHINA. <i>Journal of Biosocial Science</i> , 2010, 42, 743-756.	1.2	28
36	Factors influencing integration of TB services in general hospitals in two regions of China: a qualitative study. <i>BMC Health Services Research</i> , 2012, 12, 21.	2.2	28

#	ARTICLE	IF	CITATIONS
37	Nurse led, primary care based antiretroviral treatment versus hospital care: a controlled prospective study in Swaziland. <i>BMC Health Services Research</i> , 2010, 10, 229.	2.2	27
38	Multidrug-resistant tuberculosis treatment programmes insufficiently consider comorbid mental disorders. <i>International Journal of Tuberculosis and Lung Disease</i> , 2017, 21, 603-609.	1.2	26
39	Adapting a generic tuberculosis control operational guideline and scaling it up in China: a qualitative case study. <i>BMC Public Health</i> , 2008, 8, 260.	2.9	23
40	Depression among multidrug-resistant tuberculosis patients in Punjab, Pakistan: a large cross-sectional study. <i>International Journal of Tuberculosis and Lung Disease</i> , 2018, 22, 773-778.	1.2	22
41	Ascertaining Baseline Levels of Antiretroviral Therapy Adherence in Uganda: A Multimethod Approach. <i>Journal of Acquired Immune Deficiency Syndromes</i> (1999), 2010, 55, 221-224.	2.1	21
42	Introduction and evaluation of a "pre-ART care"™ service in Swaziland: an operational research study. <i>BMJ Open</i> , 2012, 2, e000195.	1.9	20
43	Delivering TB/HIV services in Ghana: a comparative study of service delivery models. <i>Transactions of the Royal Society of Tropical Medicine and Hygiene</i> , 2014, 108, 560-567.	1.8	20
44	Diagnostic and treatment delays of multidrug-resistant tuberculosis before initiating treatment: a cross-sectional study. <i>Tropical Medicine and International Health</i> , 2015, 20, 1431-1437.	2.3	20
45	Effective reimbursement rates of the rural health insurance among uncomplicated tuberculosis patients in China. <i>Tropical Medicine and International Health</i> , 2015, 20, 304-311.	2.3	20
46	Treatment interruption and directly observed treatment of multidrug-resistant tuberculosis patients in China. <i>International Journal of Tuberculosis and Lung Disease</i> , 2015, 19, 413-419.	1.2	19
47	Evaluating the effects of providing financial incentives to tuberculosis patients and health providers in China. <i>International Journal of Tuberculosis and Lung Disease</i> , 2008, 12, 1166-72.	1.2	19
48	Performance of the new WHO diagnostic algorithm for smear-negative pulmonary tuberculosis in HIV prevalent settings: a multisite study in Uganda. <i>Tropical Medicine and International Health</i> , 2012, 17, 884-895.	2.3	18
49	Integration of Mother and Child Health Services in Ethiopia. <i>Tropical Doctor</i> , 1991, 21, 32-35.	0.5	17
50	Implementation of a comprehensive intervention for patients at high risk of cardiovascular disease in rural China: A pragmatic cluster randomized controlled trial. <i>PLoS ONE</i> , 2017, 12, e0183169.	2.5	17
51	Cost-effectiveness analysis of a multi-dimensional intervention to reduce inappropriate antibiotic prescribing for children with upper respiratory tract infections in China. <i>Tropical Medicine and International Health</i> , 2018, 23, 1092-1100.	2.3	17
52	Research into practice: 10 years of international public health partnership between the UK and Swaziland. <i>Journal of Public Health</i> , 2010, 32, 277-282.	1.8	16
53	Implementation of the Chinese national microscopy centre policy: health facility survey in Shandong Province. <i>Tropical Medicine and International Health</i> , 2011, 16, 847-853.	2.3	16
54	Cardiovascular disease risk reduction in rural China: a clustered randomized controlled trial in Zhejiang. <i>Trials</i> , 2013, 14, 354.	1.6	16

#	ARTICLE	IF	CITATIONS
55	Electronic health records in the UK and USA. <i>Lancet, The</i> , 2014, 384, 954.	13.7	16
56	Care for AIDS patients in developing countries: a review. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 1992, 4, 89-102.	1.2	15
57	Training needs, practices and barriers in the work of community reproductive health workers in Masindi district, Uganda. <i>Tropical Doctor</i> , 2008, 38, 93-95.	0.5	15
58	Barriers to hospital and tuberculosis programme collaboration in China: context matters. <i>Global Health Action</i> , 2015, 8, 27067.	1.9	15
59	Characteristics of High Risk People with Cardiovascular Disease in Chinese Rural Areas: Clinical Indicators, Disease Patterns and Drug Treatment. <i>PLoS ONE</i> , 2013, 8, e54169.	2.5	15
60	Is integrated private-clinic based early child development care effective? A clustered randomised trial in Pakistan. <i>BJGP Open</i> , 2018, 2, bjgpopen18X101593.	1.8	15
61	Directly observed treatment for tuberculosis. <i>Lancet, The</i> , 1999, 353, 145.	13.7	14
62	Could clinical audit improve the diagnosis of pulmonary tuberculosis in Cuba, Peru and Bolivia?. <i>Tropical Medicine and International Health</i> , 2008, 13, 566-578.	2.3	14
63	Validation in Uganda of the New WHO Diagnostic Algorithm for Smear-Negative Pulmonary Tuberculosis in HIV Prevalent Settings. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2011, 57, e93-e100.	2.1	14
64	District level external quality assurance (EQA) of malaria microscopy in Pakistan: pilot implementation and feasibility. <i>Malaria Journal</i> , 2011, 10, 45.	2.3	14
65	Getting research into practice: primary care management of noncommunicable diseases in low- and middle-income countries. <i>Bulletin of the World Health Organization</i> , 2012, 90, 402-402.	3.3	14
66	Protocol for a randomised controlled trial to evaluate the effectiveness of improving tuberculosis patients' treatment adherence via electronic monitors and an app versus usual care in Tibet. <i>Trials</i> , 2019, 20, 273.	1.6	14
67	Use of Medications and Lifestyles of Hypertensive Patients with High Risk of Cardiovascular Disease in Rural China. <i>PLoS ONE</i> , 2015, 10, e0124484.	2.5	14
68	Decentralising tuberculosis services from county tuberculosis dispensaries to township hospitals in China: an intervention study. <i>International Journal of Tuberculosis and Lung Disease</i> , 2008, 12, 538-47.	1.2	14
69	Incremental cost-effectiveness of improving treatment results among migrant tuberculosis patients in Shanghai. <i>International Journal of Tuberculosis and Lung Disease</i> , 2013, 17, 1056-1064.	1.2	13
70	Developing learning outcomes for medical students and foundation doctors in palliative care: A national consensus-seeking initiative in Scotland. <i>Medical Teacher</i> , 2014, 36, 441-446.	1.8	13
71	Strengthening the delivery of asthma and chronic obstructive pulmonary disease care at primary health-care facilities: study design of a cluster randomized controlled trial in Pakistan. <i>Global Health Action</i> , 2015, 8, 28225.	1.9	13
72	Governance of community health worker programs in a decentralized health system: a qualitative study in the Philippines. <i>BMC Health Services Research</i> , 2021, 21, 451.	2.2	13

#	ARTICLE	IF	CITATIONS
73	Early infant male circumcision for human immunodeficiency virus prevention: knowledge and attitudes of women attending a rural hospital in Swaziland, Southern Africa. <i>Sahara J</i> , 2014, 11, 61-66.	0.7	12
74	Effects of financial incentives for treatment supporters on tuberculosis treatment outcomes in Swaziland: a pragmatic interventional study. <i>Infectious Diseases of Poverty</i> , 2015, 4, 29.	3.7	12
75	Decentralising NCD management in rural southern Africa: evaluation of a pilot implementation study. <i>BMC Public Health</i> , 2020, 20, 44.	2.9	12
76	Training health workers at scale in Nigeria to fight COVID-19 using the InStrat COVID-19 tutorial app: an e-health interventional study. <i>Therapeutic Advances in Infectious Disease</i> , 2021, 8, 204993612110407.	1.8	12
77	Evaluation of active tuberculosis case finding through symptom screening and sputum microscopy of close contacts in Shandong, China. <i>Tropical Medicine and International Health</i> , 2011, 16, 1511-1517.	2.3	11
78	Changes in pulmonary tuberculosis prevalence: evidence from the 2010 population survey in a populous province of China. <i>BMC Infectious Diseases</i> , 2014, 14, 21.	2.9	11
79	Feasibility of delivering integrated COPD-asthma care at primary and secondary level public healthcare facilities in Pakistan: a process evaluation. <i>BJGP Open</i> , 2019, 3, bjpgopen18X101632.	1.8	11
80	Palliative care for HIV in the era of antiretroviral therapy availability: perspectives of nurses in Lesotho. <i>BMC Palliative Care</i> , 2009, 8, 11.	1.8	10
81	Integrating intensified case finding of tuberculosis into HIV care: an evaluation from rural Swaziland. <i>BMC Health Services Research</i> , 2011, 11, 118.	2.2	10
82	Evaluation of a systematic cardiovascular disease risk reduction strategy in primary healthcare: an exploratory study from Zhejiang, China. <i>Journal of Public Health</i> , 2015, 37, 241-250.	1.8	10
83	Protocol for a pragmatic cluster randomised controlled trial for reducing irrational antibiotic prescribing among children with upper respiratory infections in rural China. <i>BMJ Open</i> , 2016, 6, e010544.	1.9	10
84	Integrating a diabetes and hypertension case management package within primary health care: a mixed methods feasibility study in Bangladesh. <i>BMC Health Services Research</i> , 2018, 18, 811.	2.2	10
85	Embedded health service development and research: why and how to do it (a ten-stage guide). <i>Health Research Policy and Systems</i> , 2018, 16, 67.	2.8	10
86	Understanding factors influencing antibiotic prescribing behaviour in rural China: a qualitative process evaluation of a cluster randomized controlled trial. <i>Journal of Health Services Research and Policy</i> , 2020, 25, 94-103.	1.7	10
87	Evaluating the impact of decentralising tuberculosis microscopy services to rural township hospitals in gansu province, china. <i>BMC Public Health</i> , 2011, 11, 103.	2.9	9
88	Patient care pathways under the model of integrating tuberculosis service with general hospitals in China. <i>Tropical Medicine and International Health</i> , 2013, 18, 1392-1399.	2.3	9
89	Does the integration of TB medical services in the general hospital improve the quality of TB care? Evidence from a case study in China. <i>Journal of Public Health</i> , 2013, 35, 322-328.	1.8	9
90	Evaluating the impact of Marie Stopes International's digital family planning counselling application on the uptake of long-acting and permanent methods of contraception in Vietnam and Ethiopia: a study protocol for a multi-country cluster randomised controlled trial. <i>Trials</i> , 2018, 19, 420.	1.6	9

#	ARTICLE	IF	CITATIONS
91	Prevalence of Zika and malaria in patients with fever in secondary healthcare facilities in south-eastern Nigeria. <i>Tropical Doctor</i> , 2020, 50, 22-30.	0.5	9
92	Adapting and implementing training, guidelines and treatment cards to improve primary care-based hypertension and diabetes management in a fragile context: results of a feasibility study in Sierra Leone. <i>BMC Public Health</i> , 2020, 20, 1185.	2.9	9
93	Why financial incentives did not reach the poor tuberculosis patients? A qualitative study of a Fidelis funded project in Shanxi, China. <i>Health Policy</i> , 2009, 90, 206-213.	3.0	8
94	A cross-sectional survey on the seroprevalence of dengue fever in febrile patients attending health facilities in Cross River State, Nigeria. <i>PLoS ONE</i> , 2019, 14, e0215143.	2.5	8
95	Enhanced hypertension care through private clinics in Pakistan: a cluster randomised trial. <i>BJGP Open</i> , 2019, 3, bjgpopen18X101617.	1.8	8
96	Making birthing safe for Pakistan women: a cluster randomized trial. <i>BMC Pregnancy and Childbirth</i> , 2012, 12, 67.	2.4	7
97	Codevelopment of COVID-19 infection prevention and control guidelines in lower-middle-income countries: the "SPRINT" principles. <i>BMJ Global Health</i> , 2021, 6, e006406.	4.7	7
98	Effectiveness of an integrated diabetes care package at primary healthcare facilities: a cluster randomised trial in Pakistan. <i>BJGP Open</i> , 2018, 2, bjgpopen18X101618.	1.8	7
99	Effectiveness of delivering integrated COPD care at public healthcare facilities: a cluster randomised trial in Pakistan. <i>BJGP Open</i> , 2019, 3, bjgpopen18X101634.	1.8	7
100	Chemoprophylaxis in tuberculosis and HIV infection. <i>BMJ: British Medical Journal</i> , 1995, 310, 1621-1622.	2.3	7
101	Tuberculosis in Swaziland: A Health Needs Assessment in Preparation for a Community-Based Programme. <i>Tropical Doctor</i> , 2000, 30, 216-220.	0.5	6
102	An antibiotic stewardship programme to reduce inappropriate antibiotic prescribing for acute respiratory infections in rural Chinese primary care facilities: study protocol for a clustered randomised controlled trial. <i>Trials</i> , 2020, 21, 394.	1.6	6
103	Antibiotic overuse in China: call for consolidated efforts to develop antibiotic stewardship programmes. <i>Lancet Infectious Diseases</i> , The, 2021, 21, 597.	9.1	6
104	Delivering integrated child development care in Pakistan: protocol for a clustered randomised trial. <i>BJGP Open</i> , 2017, 1, bjgpopen17X100677.	1.8	6
105	Process evaluation of integrated diabetes management at primary healthcare facilities in Pakistan: a mixed-methods study. <i>BJGP Open</i> , 2018, 2, bjgpopen18X101612.	1.8	6
106	Delivering integrated hypertension care at private health facilities in urban Pakistan: a process evaluation. <i>BJGP Open</i> , 2018, 2, bjgpopen18X101613.	1.8	6
107	Delivering enhanced cardiovascular (Hypertension) disease care through private health facilities in Pakistan. <i>BMC Cardiovascular Disorders</i> , 2013, 13, 76.	1.7	5
108	Process evaluation of integrated early child development care at private clinics in poor urban Pakistan: a mixed methods study. <i>BJGP Open</i> , 2017, 1, bjgpopen17X101073.	1.8	5
