| # | Article | IF | CITATIONS |
|----|--|-----|-----------|
| 1 | Establishing a hepatitis care centre to promote integrated care and population-level liver cancer prevention in Nigeria: experiences and opportunities. Transactions of the Royal Society of Tropical Medicine and Hygiene, 2022, 116, 604-608. | 1.8 | 1 |
| 2 | Training health workers at scale in Nigeria to fight COVID-19 using the InStrat COVID-19 tutorial app: an e-health interventional study. Therapeutic Advances in Infectious Disease, 2021, 8, 204993612110407. | 1.8 | 12 |
| 3 | Clinical Diagnosis and Reporting of COVID-19 in the Absence of Effective Access to Laboratory Testing in Africa. Frontiers in Public Health, 2021, 9, 645200. | 2.7 | 3 |
| 4 | Antibiotic overuse in China: call for consolidated efforts to develop antibiotic stewardship programmes. Lancet Infectious Diseases, The, 2021, 21, 597. | 9.1 | 6 |
| 5 | Governance of community health worker programs in a decentralized health system: a qualitative study in the Philippines. BMC Health Services Research, 2021, 21, 451. | 2.2 | 13 |
| 6 | Evaluation of a package of risk-based pharmaceutical and lifestyle interventions in patients with hypertension and/or diabetes in rural China: A pragmatic cluster randomised controlled trial. PLoS Medicine, 2021, 18, e1003694. | 8.4 | 3 |
| 7 | Codevelopment of COVID-19 infection prevention and control guidelines in lower-middle-income countries: the â€~SPRINT' principles. BMJ Global Health, 2021, 6, e006406. | 4.7 | 7 |
| 8 | Prevalence of Zika and malaria in patients with fever in secondary healthcare facilities in south-eastern Nigeria. Tropical Doctor, 2020, 50, 22-30. | 0.5 | 9 |
| 9 | Adapting and implementing training, guidelines and treatment cards to improve primary care-based hypertension and diabetes management in a fragile context: results of a feasibility study in Sierra Leone. BMC Public Health, 2020, 20, 1185. | 2.9 | 9 |
| 10 | An antibiotic stewardship programme to reduce inappropriate antibiotic prescribing for acute respiratory infections in rural Chinese primary care facilities: study protocol for a clustered randomised controlled trial. Trials, 2020, 21, 394. | 1.6 | 6 |
| 11 | Process Evaluation of a Clustered Randomized Control Trial of a Comprehensive Intervention to Reduce the Risk of Cardiovascular Events in Primary Health Care in Rural China. International Journal of Environmental Research and Public Health, 2020, 17, 4156. | 2.6 | 4 |
| 12 | Understanding factors influencing antibiotic prescribing behaviour in rural China: a qualitative process evaluation of a cluster randomized controlled trial. Journal of Health Services Research and Policy, 2020, 25, 94-103. | 1.7 | 10 |
| 13 | Decentralising NCD management in rural southern Africa: evaluation of a pilot implementation study. BMC Public Health, 2020, 20, 44. | 2.9 | 12 |
| 14 | Opportunities and challenges for delivering non-communicable disease management and services in fragile and post-conflict settings: perceptions of policy-makers and health providers in Sierra Leone. Conflict and Health, 2020, 14, 3. | 2.7 | 31 |
| 15 | National primary care responses to COVID-19: a rapid review of the literature. BMJ Open, 2020, 10, e041622. | 1.9 | 73 |
| 16 | Protocol for a randomised controlled trial to evaluate the effectiveness of improving tuberculosis patients' treatment adherence via electronic monitors and an app versus usual care in Tibet. Trials, 2019, 20, 273. | 1.6 | 14 |
| 17 | A cross-sectional survey on the seroprevalence of dengue fever in febrile patients attending health facilities in Cross River State, Nigeria. PLoS ONE, 2019, 14, e0215143. | 2.5 | 8 |
| 18 | Long-term outcomes of an educational intervention to reduce antibiotic prescribing for childhood upper respiratory tract infections in rural China: Follow-up of a cluster-randomised controlled trial. PLoS Medicine, 2019, 16, e1002733. | 8.4 | 53 |

| # | Article | IF | CITATIONS |
|----|---|-----|-----------|
| 19 | Enhanced hypertension care through private clinics in Pakistan: a cluster randomised trial. BJGP Open, 2019, 3, bjgpopen18X101617. | 1.8 | 8 |
| 20 | Feasibility of delivering integrated COPD-asthma care at primary and secondary level public healthcare facilities in Pakistan: a process evaluation. BJGP Open, 2019, 3, bjgpopen18X101632. | 1.8 | 11 |
| 21 | Effectiveness of delivering integrated COPD care at public healthcare facilities: a cluster randomised trial in Pakistan. BJGP Open, 2019, 3, bjgpopen18X101634. | 1.8 | 7 |
| 22 | Partnering with Private Providers to Promote Long-Acting Contraceptives in Urban Bangladesh: A Mixed-Methods Feasibility Study. International Perspectives on Sexual and Reproductive Health, 2019, 45, 87. | 3.7 | 2 |
| 23 | Sexually Transmitted Disease Syndromic Case Management Through Public Sector Facilities: Development and Assessment Study in Punjab Pakistan. Annals of Global Health, 2018, 80, 486. | 2.0 | 1 |
| 24 | Evaluating the impact of Marie Stopes International's digital family planning counselling application on the uptake of long-acting and permanent methods of contraception in Vietnam and Ethiopia: a study protocol for a multi-country cluster randomised controlled trial. Trials, 2018, 19, 420. | 1.6 | 9 |
| 25 | Integrating a diabetes and hypertension case management package within primary health care: a mixed methods feasibility study in Bangladesh. BMC Health Services Research, 2018, 18, 811. | 2.2 | 10 |
| 26 | Embedded health service development and research: why and how to do it (a ten-stage guide). Health Research Policy and Systems, 2018, 16, 67. | 2.8 | 10 |
| 27 | Depression among multidrug-resistant tuberculosis patients in Punjab, Pakistan: a large cross-sectional study. International Journal of Tuberculosis and Lung Disease, 2018, 22, 773-778. | 1.2 | 22 |
| 28 | Costâ€effectiveness analysis of a multiâ€dimensional intervention to reduce inappropriate antibiotic prescribing for children with upper respiratory tract infections in China. Tropical Medicine and International Health, 2018, 23, 1092-1100. | 2.3 | 17 |
| 29 | Is integrated private-clinic based early child development care effective? A clustered randomised trial in Pakistan. BJGP Open, 2018, 2, bjgpopen18X101593. | 1.8 | 15 |
| 30 | Process evaluation of integrated diabetes management at primary healthcare facilities in Pakistan: a mixed-methods study. BJGP Open, 2018, 2, bjgpopen18X101612. | 1.8 | 6 |
| 31 | Effectiveness of an integrated diabetes care package at primary healthcare facilities: a cluster randomised trial in Pakistan. BJGP Open, 2018, 2, bjgpopen18X101618. | 1.8 | 7 |
| 32 | Delivering integrated hypertension care at private health facilities in urban Pakistan: a process evaluation. BJGP Open, 2018, 2, bjgpopen18X101613. | 1.8 | 6 |
| 33 | Antibiotic prescribing for upper respiratory infections among children in rural China: a cross-sectional study of outpatient prescriptions. Global Health Action, 2017, 10, 1287334. | 1.9 | 47 |
| 34 | Effect of a training and educational intervention for physicians and caregivers on antibiotic prescribing for upper respiratory tract infections in children at primary care facilities in rural China: a cluster-randomised controlled trial. The Lancet Global Health, 2017, 5, e1258-e1267. | 6.3 | 90 |
| 35 | Impact of China's essential medicines scheme and zeroâ€markâ€up policy on antibiotic prescriptions in county hospitals: a mixed methods study. Tropical Medicine and International Health, 2017, 22, 1166-1174. | 2.3 | 32 |
| 36 | Multidrug-resistant tuberculosis treatment programmes insufficiently consider comorbid mental disorders. International Journal of Tuberculosis and Lung Disease, 2017, 21, 603-609. | 1.2 | 26 |

| # | Article | IF | CITATIONS |
|----|---|------|-----------|
| 37 | Implementation of a comprehensive intervention for patients at high risk of cardiovascular disease in rural China: A pragmatic cluster randomized controlled trial. PLoS ONE, 2017, 12, e0183169. | 2.5 | 17 |
| 38 | Intensive Patient Education Improves Glycaemic Control in Diabetes Compared to Conventional Education: A Randomised Controlled Trial in a Nigerian Tertiary Care Hospital. PLoS ONE, 2017, 12, e0168835. | 2.5 | 37 |
| 39 | Delivering integrated child development care in Pakistan: protocol for a clustered randomised trial. BJGP Open, 2017, 1, bjgpopen17X100677. | 1.8 | 6 |
| 40 | Process evaluation of integrated early child development care at private clinics in poor urban Pakistan: a mixed methods study. BJGP Open, 2017, 1, bjgpopen17X101073. | 1.8 | 5 |
| 41 | Protocol for a pragmatic cluster randomised controlled trial for reducing irrational antibiotic prescribing among children with upper respiratory infections in rural China. BMJ Open, 2016, 6, e010544. | 1.9 | 10 |
| 42 | Interventions to reduce childhood antibiotic prescribing for upper respiratory infections: systematic review and meta-analysis. Journal of Epidemiology and Community Health, 2016, 70, 1162-1170. | 3.7 | 34 |
| 43 | Experience of implementing the integrated TB model in Zhejiang, China: a retrospective observational study. Transactions of the Royal Society of Tropical Medicine and Hygiene, 2016, 110, 246-251. | 1.8 | 2 |
| 44 | Structured performance monitoring of TB-care at facility, district and province levels - Pakistan experience. JPMA the Journal of the Pakistan Medical Association, 2016, 66, 418-24. | 0.2 | 2 |
| 45 | Strengthening the delivery of asthma and chronic obstructive pulmonary disease care at primary health-care facilities: study design of a cluster randomized controlled trial in Pakistan. Global Health Action, 2015, 8, 28225. | 1.9 | 13 |
| 46 | Barriers to hospital and tuberculosis programme collaboration in China: context matters. Global Health Action, 2015, 8, 27067. | 1.9 | 15 |
| 47 | Treatment interruption and directly observed treatment for patients with multidrug-resistant tuberculosis in China: a cross-sectional survey. Lancet, The, 2015, 386, S22. | 13.7 | 0 |
| 48 | Effects of financial incentives for treatment supporters on tuberculosis treatment outcomes in Swaziland: a pragmatic interventional study. Infectious Diseases of Poverty, 2015, 4, 29. | 3.7 | 12 |
| 49 | Diagnostic and treatment delays of multidrugâ€resistant tuberculosis before initiating treatment: a crossâ€sectional study. Tropical Medicine and International Health, 2015, 20, 1431-1437. | 2.3 | 20 |
| 50 | Evaluation of a systematic cardiovascular disease risk reduction strategy in primary healthcare: an exploratory study from Zhejiang, China. Journal of Public Health, 2015, 37, 241-250. | 1.8 | 10 |
| 51 | Effective reimbursement rates of the rural health insurance among uncomplicated tuberculosis patients in <scp>C</scp> hina. Tropical Medicine and International Health, 2015, 20, 304-311. | 2.3 | 20 |
| 52 | Treatment interruption and directly observed treatment of multidrug-resistant tuberculosis patients in China. International Journal of Tuberculosis and Lung Disease, 2015, 19, 413-419. | 1.2 | 19 |
| 53 | Use of Medications and Lifestyles of Hypertensive Patients with High Risk of Cardiovascular Disease in Rural China. PLoS ONE, 2015, 10, e0124484. | 2.5 | 14 |
| 54 | China Tuberculosis Policy at Crucial Crossroads: Comparing the Practice of Different Hospital and Tuberculosis Control Collaboration Models Using Survey Data. PLoS ONE, 2014, 9, e90596. | 2.5 | 35 |
