#	ARTICLE	IF	CITATIONS
1	Health and life insurance-related problems in very long-term cancer survivors in Germany: a population-based study. <i>Journal of Cancer Research and Clinical Oncology</i> , 2022, 148, 155-162.	2.5	2
2	Health-Related Quality of Life in Very Long-Term Cancer Survivors 14–24 Years Post-Diagnosis Compared to Population Controls: A Population-Based Study. <i>Cancers</i> , 2021, 13, 2754.	3.7	10
3	Prevalence of benefit finding and posttraumatic growth in long-term cancer survivors: results from a multi-regional population-based survey in Germany. <i>British Journal of Cancer</i> , 2021, 125, 877-883.	6.4	15
4	Distress mediates the relationship between cognitive appraisal of medical care and benefit finding/posttraumatic growth in long-term cancer survivors. <i>Cancer</i> , 2021, 127, 3680-3690.	4.1	3
5	Quality of life, distress, and posttraumatic growth 5 years after colorectal cancer diagnosis according to history of inpatient rehabilitation. <i>Journal of Cancer Research and Clinical Oncology</i> , 2021, , 1.	2.5	3
6	Age-specific health-related quality of life in disease-free long-term prostate cancer survivors versus male population controls—results from a population-based study. <i>Supportive Care in Cancer</i> , 2020, 28, 2875-2885.	2.2	9
7	Age-specific prevalence and determinants of depression in long-term breast cancer survivors compared to female population controls. <i>Cancer Medicine</i> , 2020, 9, 8713-8721.	2.8	23
8	Physical activity and long-term fatigue among colorectal cancer survivors—a population-based prospective study. <i>BMC Cancer</i> , 2020, 20, 438.	2.6	9
9	Physical Activity and Long-term Quality of Life among Colorectal Cancer Survivors—A Population-based Prospective Study. <i>Cancer Prevention Research</i> , 2020, 13, 611-622.	1.5	5
10	The role of psychosocial resources for long-term breast, colorectal, and prostate cancer survivors: prevalence and associations with health-related quality of life. <i>Supportive Care in Cancer</i> , 2019, 27, 275-286.	2.2	7
11	Health-related quality of life in long-term survivors with localised prostate cancer by therapy—Results from a population-based study. <i>European Journal of Cancer Care</i> , 2019, 28, e13076.	1.5	19
12	Health-related quality of life in long-term disease-free breast cancer survivors versus female population controls in Germany. <i>Breast Cancer Research and Treatment</i> , 2019, 175, 499-510.	2.5	40
13	Age-specific health-related quality of life in long-term and very long-term colorectal cancer survivors versus population controls—a population-based study. <i>Acta Oncologica</i> , 2019, 58, 801-810.	1.8	26
14	Return to work after cancer. A multi-regional population-based study from Germany. <i>Acta Oncologica</i> , 2019, 58, 811-818.	1.8	57
15	Age at Diagnosis and Sex Are Associated With Long-term Deficits in Disease-Specific Health-Related Quality of Life of Survivors of Colon and Rectal Cancer: A Population-Based Study. <i>Diseases of the Colon and Rectum</i> , 2019, 62, 1294-1304.	1.3	15
16	“Still a Cancer Patient”—Associations of Cancer Identity With Patient-Reported Outcomes and Health Care Use Among Cancer Survivors. <i>JNCI Cancer Spectrum</i> , 2018, 2, pky031.	2.9	20
17	Potential determinants of physical inactivity among long-term colorectal cancer survivors. <i>Journal of Cancer Survivorship</i> , 2018, 12, 679-690.	2.9	10
18	Quality of life and physical activity in long-term (≥5 years post-diagnosis) colorectal cancer survivors - systematic review. <i>Health and Quality of Life Outcomes</i> , 2018, 16, 112.	2.4	72

#	ARTICLE	IF	CITATIONS
19	Quality of life in long-term and very long-term cancer survivors versus population controls in Germany. <i>Acta Oncologica</i> , 2017, 56, 190-197.	1.8	114
20	Fear of recurrence in long-term cancer survivors—Do cancer type, sex, time since diagnosis, and social support matter?. <i>Health Psychology</i> , 2016, 35, 1329-1333.	1.6	79
21	Utilisation of psychosocial and informational services in immigrant and non-immigrant German cancer survivors. <i>Psycho-Oncology</i> , 2015, 24, 919-925.	2.3	19
22	Fear of recurrence in long-term breast cancer survivors—still an issue. Results on prevalence, determinants, and the association with quality of life and depression from the Cancer Survivorship—a multi-regional population-based study. <i>Psycho-Oncology</i> , 2014, 23, 547-554.	2.3	179
23	Fear of recurrence and disease progression in long-term (≥5 years) cancer survivors—a systematic review of quantitative studies. <i>Psycho-Oncology</i> , 2013, 22, 1-11.	2.3	384
24	Quality of life in long-term breast cancer survivors—a 10-year longitudinal population-based study. <i>Acta Oncologica</i> , 2013, 52, 1119-1128.	1.8	138
25	Quality of life among long-term (≥5 years) colorectal cancer survivors—a Systematic review. <i>European Journal of Cancer</i> , 2010, 46, 2879-2888.	2.8	244
