#	Article	IF	CITATIONS
1	Consensus on the reporting and experimental design of clinical and cognitive-behavioural neurofeedback studies (CRED-nf checklist). Brain, 2020, 143, 1674-1685.	7.6	188
2	EEG-Neurofeedback as a Tool to Modulate Cognition and Behavior: A Review Tutorial. Frontiers in Human Neuroscience, 2017, 11, 51.	2.0	184
3	Moderate effects of noninvasive brain stimulation of the frontal cortex for improving negative symptoms in schizophrenia: Meta-analysis of controlled trials. Neuroscience and Biobehavioral Reviews, 2018, 89, 111-118.	6.1	106
4	Neurofeedback as a Treatment Intervention in ADHD: Current Evidence and Practice. Current Psychiatry Reports, 2019, 21, 46.	4.5	97
5	The morphology of midcingulate cortex predicts frontal-midline theta neurofeedback success. Frontiers in Human Neuroscience, 2013, 7, 453.	2.0	47
6	On assessing neurofeedback effects: should double-blind replace neurophysiological mechanisms?. Brain, 2017, 140, e63-e63.	7.6	34
7	Multisubject Decomposition of Event-related Positivities in Cognitive Control: Tackling Age-related Changes in Reactive Control. Brain Topography, 2018, 31, 17-34.	1.8	24
8	Treatment Efficacy and Clinical Effectiveness of EEG Neurofeedback as a Personalized and Multimodal Treatment in ADHD: A Critical Review. Neuropsychiatric Disease and Treatment, 2021, Volume 17, 637-648.	2.2	18
9	Filling the void—enriching the feature space of successful stopping. Human Brain Mapping, 2017, 38, 1333-1346.	3.6	14
10	The relationship between depression and executive function and the impact of vascular disease burden in younger and older adults. Age and Ageing, 2017, 46, 697-701.	1.6	11
11	Anosognosia in Amnestic Mild Cognitive Impairment Is Related to Diminished Hippocampal Volume Comparable to Alzheimer's Disease Dementia: Preliminary MRI Findings. Frontiers in Aging Neuroscience, 2021, 13, 739422.	3.4	1
12	The temporal dynamics of attention: Thinking about oneself comes at a cost in sub-clinical depression but not in healthy participants. Current Psychology, 0, , .	2.8	1
