#	ARTICLE	IF	CITATIONS
1	Accuracy of freehand external ventricular drain placement in patients after a large decompressive hemicraniectomy. <i>Journal of Clinical Neuroscience</i> , 2020, 81, 27-31.	0.8	5
2	Ambulation and survival following surgery in elderly patients with metastatic epidural spinal cord compression. <i>Spine Journal</i> , 2018, 18, 1211-1221.	0.6	13
3	A swine model of intracellular cerebral edema – Cerebral physiology and intracranial compliance. <i>Journal of Clinical Neuroscience</i> , 2018, 58, 192-199.	0.8	16
4	Stent and flow diverter assisted treatment of acutely ruptured brain aneurysms. <i>Journal of NeuroInterventional Surgery</i> , 2018, 10, 851-858.	2.0	30
5	Clinical and angioarchitectural factors influencing the endovascular approach to galenic dural arteriovenous fistulas in adults: case series and review of the literature. <i>Acta Neurochirurgica</i> , 2017, 159, 845-853.	0.9	8
6	Wire escalation in emergent revascularization procedures of internal carotid artery occlusions: the use of high tip stiffness microguidewires. <i>Journal of NeuroInterventional Surgery</i> , 2017, 9, 547-552.	2.0	4
7	Spinal epidural abscess with a rapid course in young healthy infantry recruits with multiple skin lacerations. <i>Journal of Clinical Neuroscience</i> , 2016, 31, 127-132.	0.8	6
8	T-microstent-assisted coiling in the management of ruptured wide-necked anterior communicating artery aneurysms: Choosing between Y, X and T. <i>Journal of Clinical Neuroscience</i> , 2016, 34, 283-287.	0.8	6
9	Emergent revascularization of acute tandem vertebrobasilar occlusions: Endovascular approaches and technical considerations – Confirming the role of vertebral artery ostium stenosis as a cause of vertebrobasilar stroke. <i>Journal of Clinical Neuroscience</i> , 2016, 34, 70-76.	0.8	39
10	Vertebral artery pseudoaneurysms secondary to blunt trauma: Endovascular management by means of neurostents and flow diverters. <i>Journal of Clinical Neuroscience</i> , 2016, 32, 77-82.	0.8	21
11	Value of repeat CT scans in low back pain and radiculopathy. <i>Journal of Clinical Neuroscience</i> , 2016, 24, 74-77.	0.8	1
12	Emergency endovascular revascularization of tandem occlusions: Internal carotid artery dissection and intracranial large artery embolism. <i>Journal of Clinical Neuroscience</i> , 2016, 28, 157-161.	0.8	16
13	Emergency revascularization of acute internal carotid artery occlusion: Follow the spike, it guides you. <i>Journal of Clinical Neuroscience</i> , 2016, 29, 95-99.	0.8	8
14	Urgent off-label use of the pipeline flow diverter stent in selected ischemic cerebrovascular conditions: thrombotic segments and tortuous arteries. <i>Journal of NeuroInterventional Surgery</i> , 2015, 7, 671-675.	2.0	16
15	Primary pleomorphic liposarcoma of the thoracic epidural space: case report. <i>Spine Journal</i> , 2015, 15, e71-e75.	0.6	4
16	Intracranial pressure monitoring following decompressive hemicraniectomy for malignant cerebral infarction. <i>Journal of Clinical Neuroscience</i> , 2015, 22, 79-82.	0.8	22
17	Ischemic complications after tailored carotid artery stenting in different subpopulations with high-grade stenosis: Feared but rare. <i>Journal of Clinical Neuroscience</i> , 2015, 22, 189-194.	0.8	4
18	Spinal cord compression due to brown tumor. <i>Journal of Clinical Neuroscience</i> , 2015, 22, 1063-1066.	0.8	1

#	ARTICLE	IF	CITATIONS
19	Extracranial carotid artery stenting followed by intracranial stent-based thrombectomy for acute tandem occlusive disease. <i>Journal of NeuroInterventional Surgery</i> , 2015, 7, 412-417.	2.0	90
20	Spontaneous spinal epidural hematoma: The importance of preoperative neurological status and rapid intervention. <i>Journal of Clinical Neuroscience</i> , 2015, 22, 123-128.	0.8	40
21	Timing of stereotactic radiosurgery and surgery and wound healing in patients with spinal tumors: a systematic review and expert opinions. <i>Neurological Research</i> , 2014, 36, 510-523.	0.6	30
22	Acute pseudotumoral hemicerbellitis: Diagnosis and neurosurgical considerations of a rare entity. <i>Journal of Clinical Neuroscience</i> , 2014, 21, 337-339.	0.8	7
23	X-microstenting and transmesh coiling in the management of wide-necked tent-like anterior communicating artery aneurysms. <i>Journal of Clinical Neuroscience</i> , 2014, 21, 664-667.	0.8	16
24	Delayed complications after flow-diverter stenting: Reactive in-stent stenosis and creeping stents. <i>Journal of Clinical Neuroscience</i> , 2014, 21, 1116-1122.	0.8	101
25	Superficial siderosis of the central nervous system secondary to spinal ependymoma. <i>Journal of Clinical Neuroscience</i> , 2014, 21, 2017-2019.	0.8	15
26	Endovascular thrombectomy and stenting in the management of carotid fibromuscular dysplasia presenting with major ischemic stroke. <i>Journal of Clinical Neuroscience</i> , 2014, 21, 2021-2023.	0.8	5
27	Are they too old? Surgical treatment for metastatic epidural spinal cord compression in patients aged 65 years and older. <i>Neurological Research</i> , 2014, 36, 530-543.	0.6	7
28	Pharyngo-occipital artery variant arising proximal to occluded internal carotid artery: The risk of an unnecessary endarterectomy. <i>Journal of Clinical Neuroscience</i> , 2014, 21, 529-531.	0.8	3
29	Inadvertent subclavian artery cannulation treated by percutaneous closure. <i>Journal of Clinical Neuroscience</i> , 2014, 21, 1973-1975.	0.8	11
30	Excellent rates of recanalization and good functional outcome after stent-based thrombectomy for acute middle cerebral artery occlusion. Is it time for a paradigm shift?. <i>Journal of Clinical Neuroscience</i> , 2013, 20, 1219-1223.	0.8	15
31	Adjuvant use of self-expanding stents in acute atherothrombotic vertebrobasilar occlusions. <i>Journal of Clinical Neuroscience</i> , 2013, 20, 597-601.	0.8	2
32	Superficial siderosis of the central nervous system due to chronic hemorrhage from a giant invasive prolactinoma. <i>Journal of Clinical Neuroscience</i> , 2013, 20, 1032-1034.	0.8	9
33	The use of flow diverter stents in the management of traumatic vertebral artery dissections. <i>Journal of Clinical Neuroscience</i> , 2013, 20, 731-734.	0.8	20
34	The advantages of balloon assistance in endovascular embolization of spinal dural arteriovenous fistulas. <i>Journal of Clinical Neuroscience</i> , 2013, 20, 141-143.	0.8	8
35	Isolated cortical vein thrombosis: a rare cause of venous stroke with good prognosis after timely diagnosis and treatment. <i>Neurological Research</i> , 2013, 35, 127-130.	0.6	9
36	Emergent stent-assisted angioplasty of extracranial internal carotid artery and intracranial stent-based thrombectomy in acute tandem occlusive disease: technical considerations. <i>Journal of NeuroInterventional Surgery</i> , 2013, 5, 440-446.	2.0	52

#	ARTICLE	IF	CITATIONS
37	Single-center experience on endovascular reconstruction of traumatic internal carotid artery dissections. <i>Journal of Trauma</i> , 2012, 72, 216-221.	2.3	39
38	Primary Pyogenic Infection of the Spine in Intravenous Drug Users. <i>Spine</i> , 2012, 37, 685-692.	1.0	44
39	Balloon-guided navigation technique to perform stenting in an acutely angled anterior cerebral artery. <i>Journal of Clinical Neuroscience</i> , 2012, 19, 452-454.	0.8	15
40	A reappraisal of the common carotid artery as an access site in interventional procedures for acute stroke therapies. <i>Journal of Clinical Neuroscience</i> , 2012, 19, 323-326.	0.8	2
41	Selective thrombolysis performed through meningo-ophthalmic artery in central retinal artery occlusion. <i>Journal of Clinical Neuroscience</i> , 2012, 19, 462-464.	0.8	9
42	Recanalization with stent-based mechanical thrombectomy in anterior circulation major ischemic stroke. <i>Journal of Clinical Neuroscience</i> , 2012, 19, 39-43.	0.8	28
43	Successful endovascular treatment of a growing megadolichoectasic vertebrobasilar artery aneurysm by flow diversion using the "diverter-in-stent" technique. <i>Journal of Clinical Neuroscience</i> , 2012, 19, 166-170.	0.8	19
44	Postembolization perianeurysmal edema as a cause of uncinat seizures. <i>Journal of Clinical Neuroscience</i> , 2012, 19, 474-476.	0.8	8
45	Endovascular management of postoperative pseudoaneurysms of the external carotid artery. <i>Journal of Clinical Neuroscience</i> , 2012, 19, 649-654.	0.8	8
46	The use of telescoped flow diverters as an endovascular bypass in the management of symptomatic chronic carotid occlusion. <i>Journal of Clinical Neuroscience</i> , 2012, 19, 1026-1028.	0.8	4
47	Vertebral augmentation in the treatment of vertebral compression fractures: Review and new insights from recent studies. <i>Journal of Clinical Neuroscience</i> , 2012, 19, 786-791.	0.8	25
48	Stent for temporary endovascular bypass and thrombectomy in major ischemic stroke. <i>Journal of Clinical Neuroscience</i> , 2011, 18, 369-373.	0.8	9
49	State-of-the-art reperfusion strategies for acute ischemic stroke. <i>Journal of Clinical Neuroscience</i> , 2011, 18, 319-323.	0.8	36
50	Stent-based mechanical thrombectomy in acute basilar artery occlusion. <i>Journal of Clinical Neuroscience</i> , 2011, 18, 1718-1720.	0.8	6
51	Preliminary experience with the use of self-expanding stent as a thrombectomy device in ischemic stroke. <i>Neurological Research</i> , 2011, 33, 214-219.	0.6	21
52	Traumatic pseudoaneurysm of the superficial temporal artery after paintball injury. <i>Israel Medical Association Journal</i> , 2010, 12, 123-4.	0.1	4
53	Novel use of stenting for temporary endovascular bypass and thrombectomy in major ischemic stroke. <i>Israel Medical Association Journal</i> , 2010, 12, 764-6.	0.1	4
54	Stent-assisted thrombolysis in acute tandem carotid and middle cerebral arteries occlusion. <i>Israel Medical Association Journal</i> , 2010, 12, 767-9.	0.1	3

#	ARTICLE	IF	CITATIONS
55	Cerebral venous sinus thrombosis. Israel Medical Association Journal, 2009, 11, 685-8.	0.1	11
56	CAVERNOUS HEMANGIOMA OF THE THIRD CRANIAL NERVE. Neurosurgery, 2007, 61, E653.	0.6	19
57	Delayed Posttraumatic Acute Subdural Hematoma in Elderly Patients on Anticoagulation. Neurosurgery, 2006, 58, A851-A856.	0.6	69
