#	Paper	IF	Citations
101	Using community-based reporting of vital events to monitor child mortality: Lessons from rural Ghana. <i>PLoS ONE</i> , 2018 , 13, e0192034	3.7	5
100	Feasibility of engaging "Village Doctors" in the Community-based Integrated Management of Childhood Illness (C-IMCI): experience from rural Bangladesh. <i>Journal of Global Health</i> , 2018 , 8, 020413	4.3	8
99	Improving coverage measurement for reproductive, maternal, neonatal and child health: gaps and opportunities. <i>Journal of Global Health</i> , 2017 , 7, 010801	4.3	27
98	A qualitative exploration of care-seeking pathways for sick children in the rural Oromia region of Ethiopia. <i>BMC Health Services Research</i> , 2017 , 17, 184	2.9	7
97	Independent Evaluation of the integrated Community Case Management of Childhood Illness Strategy in Malawi Using a National Evaluation Platform Design. <i>American Journal of Tropical Medicine and Hygiene</i> , 2016 , 94, 574-583	3.2	31
96	Independent Evaluation of the Rapid Scale-Up Program to Reduce Under-Five Mortality in Burkina Faso. <i>American Journal of Tropical Medicine and Hygiene</i> , 2016 , 94, 584-595	3.2	36
95	Access to integrated community case management of childhood illnesses services in rural Ethiopia: a qualitative study of the perspectives and experiences of caregivers. <i>Health Policy and Planning</i> , 2016 , 31, 656-66	3.4	27
94	Malawi and Millennium Development Goal 4: a Countdown to 2015 country case study. <i>The Lancet Global Health</i> , 2016 , 4, e201-14	13.6	86
93	Effects of the integrated Community Case Management of Childhood Illness Strategy on Child Mortality in Ethiopia: A Cluster Randomized Trial. <i>American Journal of Tropical Medicine and Hygiene</i> , 2016 , 94, 596-604	3.2	48
92	Countdown to 2015: a decade of tracking progress for maternal, newborn, and child survival. <i>Lancet, The</i> , 2016 , 387, 2049-59	4.0	255
91	"Real-Time" Monitoring of Under-Five Mortality: Lessons for Strengthened Vital Statistics Systems. <i>PLoS Medicine</i> , 2016 , 13, e1001904	11.6	5
90	Strengthening Community-Based Vital Events Reporting for Real-Time Monitoring of Under-Five Mortality: Lessons Learned from the Balaka and Salima Districts in Malawi. <i>PLoS ONE</i> , 2016 , 11, e0138406	3.7	13
89	Independent Evaluation of the Integrated Community Case Management of Childhood Illness Strategy in Malawi Using a National Evaluation Platform Design. <i>American Journal of Tropical Medicine and Hygiene</i> , 2016 , 94, 1434-1435	3.2	3
88	Patterns and determinants of antenatal care utilization: analysis of national survey data in seven countdown countries. <i>Journal of Global Health</i> , 2016 , 6, 010404	4.3	68
87	Assessment of the impact of quality improvement interventions on the quality of sick child care provided by Health Extension Workers in Ethiopia. <i>Journal of Global Health</i> , 2016 , 6, 020404	4.3	15
86	Improved measurement for mothers, newborns and children in the era of the Sustainable Development Goals. <i>Journal of Global Health</i> , 2016 , 6, 010506	4.3	32
85	Diarrhea management in children under five in sub-Saharan Africa: does the source of care matter? A Countdown analysis. <i>BMC Public Health</i> , 2016 , 16, 830	4.1	43

84	"Real-Time" Monitoring of Under-Five Mortality: A Vision Tempered by Reality. <i>PLoS Medicine</i> , 2016 , 13, e1001912	11.6	6
83	Can Community Health Workers Report Accurately on Births and Deaths? Results of Field Assessments in Ethiopia, Malawi and Mali. <i>PLoS ONE</i> , 2016 , 11, e0144662	3.7	18
82	Evaluation of a mHealth Data Quality Intervention to Improve Documentation of Pregnancy Outcomes by Health Surveillance Assistants in Malawi: A Cluster Randomized Trial. <i>PLoS ONE</i> , 2016 , 11, e0145238	3.7	20
81	On Bathwater, Babies, and Designing Programs for Impact: Evaluations of the Integrated Community Case Management Strategy in Burkina Faso, Ethiopia, and Malawi. <i>American Journal of Tropical Medicine and Hygiene</i> , 2016 , 94, 568-570	3.2	16
80	Child mortality in Malawi - AuthorsTreply. <i>The Lancet Global Health</i> , 2016 , 4, e446	13.6	
79	Harmful practices in the management of childhood diarrhea in low- and middle-income countries: a systematic review. <i>BMC Public Health</i> , 2015 , 15, 788	4.1	24
78	Fluid curtailment during childhood diarrhea: a countdown analysis. <i>BMC Public Health</i> , 2015 , 15, 588	4.1	6
77	Maternal, newborn, and child health and the Sustainable Development Goals--a call for sustained and improved measurement. <i>Lancet, The</i> , 2015 , 386, 1511-4	4.0	36
76	Real-time assessments of the strength of program implementation for community case management of childhood illness: validation of a mobile phone-based method in Malawi. <i>American Journal of Tropical Medicine and Hygiene</i> , 2015 , 92, 660-665	3.2	13
75	Measuring Implementation Strength for Integrated Community Case Management in Malawi: Results from a National Cell Phone Census. <i>American Journal of Tropical Medicine and Hygiene</i> , 2015 , 93, 861-868	3.2	15
74	Countdown to 2015 and beyond: fulfilling the health agenda for women and children. <i>Lancet, The</i> , 2015 , 385, 466-76	4.0	134
73	Determinants of Utilization of Health Extension Workers in the Context of Scale-Up of Integrated Community Case Management of Childhood Illnesses in Ethiopia. <i>American Journal of Tropical Medicine and Hygiene</i> , 2015 , 93, 636-647	3.2	25
72	Using Health Extension Workers for Monitoring Child Mortality in Real-Time: Validation against Household Survey Data in Rural Ethiopia. <i>PLoS ONE</i> , 2015 , 10, e0126909	3.7	14
71	Assessing the Quality of Sick Child Care Provided by Community Health Workers. <i>PLoS ONE</i> , 2015 , 10, e0142010	3.7	13
70	Integrated community case management of childhood illness in Ethiopia: implementation strength and quality of care. <i>American Journal of Tropical Medicine and Hygiene</i> , 2014 , 91, 424-434	3.2	115
69	Improving and sustaining quality of child health care through IMCI training and supervision: experience from rural Bangladesh. <i>Health Policy and Planning</i> , 2014 , 29, 753-62	3.4	20
68	Data resource profile: countdown to 2015: maternal, newborn and child survival. <i>International Journal of Epidemiology</i> , 2014 , 43, 586-96	7.8	20
67	Monitoring child mortality through community health worker reporting of births and deaths in Malawi: validation against a household mortality survey. <i>PLoS ONE</i> , 2014 , 9, e88939	3.7	16

66	A common evaluation framework for the African Health Initiative. <i>BMC Health Services Research</i> , 2013 , 13 Suppl 2, S10	2.9	37
65	Health systems supports for community case management of childhood illness: lessons from an assessment of early implementation in Malawi. <i>BMC Health Services Research</i> , 2013 , 13, 55	2.9	32
64	The unfinished agenda in child survival. <i>Lancet, The</i> , 2013 , 382, 1049-59	40	49
63	Patterns in coverage of maternal, newborn, and child health interventions: projections of neonatal and under-5 mortality to 2035. <i>Lancet, The</i> , 2013 , 382, 1029-38	40	54
62	Measuring coverage in MNCH: a prospective validation study in Pakistan and Bangladesh on measuring correct treatment of childhood pneumonia. <i>PLoS Medicine</i> , 2013 , 10, e1001422	11.6	54
61	Measuring coverage in MNCH: evaluation of community-based treatment of childhood illnesses through household surveys. <i>PLoS Medicine</i> , 2013 , 10, e1001384	11.6	16
60	Measuring coverage in MNCH: challenges in monitoring the proportion of young children with pneumonia who receive antibiotic treatment. <i>PLoS Medicine</i> , 2013 , 10, e1001421	11.6	69
59	Measuring coverage in MNCH: new findings, new strategies, and recommendations for action. <i>PLoS Medicine</i> , 2013 , 10, e1001423	11.6	96
58	Measuring coverage in MNCH: challenges and opportunities in the selection of coverage indicators for global monitoring. <i>PLoS Medicine</i> , 2013 , 10, e1001416	11.6	31
57	Quality of sick child care delivered by Health Surveillance Assistants in Malawi. <i>Health Policy and Planning</i> , 2013 , 28, 573-85	3.4	59
56	Monitoring child survival in real time using routine health facility records: results from Malawi. <i>Tropical Medicine and International Health</i> , 2013 , 18, 1231-9	2.3	25
55	Millennium Development Goals 4 and 5: progress and challenges. <i>BMC Medicine</i> , 2013 , 11, 225	11.4	72
54	Measuring coverage in MNCH: a validation study linking population survey derived coverage to maternal, newborn, and child health care records in rural China. <i>PLoS ONE</i> , 2013 , 8, e60762	3.7	45
53	Equity in maternal, newborn, and child health interventions in Countdown to 2015: a retrospective review of survey data from 54 countries. <i>Lancet, The</i> , 2012 , 379, 1225-33	40	370
52	Health workers and managers' perceptions of the integrated community case management program for childhood illness in Malawi: the importance of expanding access to child health services. <i>American Journal of Tropical Medicine and Hygiene</i> , 2012 , 87, 61-68	3.2	42
51	Comparison of methods for assessing quality of care for community case management of sick children: an application with community health workers in Malawi. <i>American Journal of Tropical Medicine and Hygiene</i> , 2012 , 87, 127-136	3.2	28
50	Evaluating the scale-up for maternal and child survival: a common framework. <i>International Health</i> , 2011 , 3, 139-46	2.4	37
49	Measuring impact in the Millennium Development Goal era and beyond: a new approach to large-scale effectiveness evaluations. <i>Lancet, The</i> , 2011 , 377, 85-95	40	139

48	LiST as a catalyst in program planning: experiences from Burkina Faso, Ghana and Malawi. <i>International Journal of Epidemiology</i> , 2010 , 39 Suppl 1, i40-7	7.8	40
47	Standards for CHERG reviews of intervention effects on child survival. <i>International Journal of Epidemiology</i> , 2010 , 39 Suppl 1, i21-31	7.8	158
46	Comparing modelled to measured mortality reductions: applying the Lives Saved Tool to evaluation data from the Accelerated Child Survival Programme in West Africa. <i>International Journal of Epidemiology</i> , 2010 , 39 Suppl 1, i32-9	7.8	26
45	How well does LiST capture mortality by wealth quintile? A comparison of measured versus modelled mortality rates among children under-five in Bangladesh. <i>International Journal of Epidemiology</i> , 2010 , 39 Suppl 1, i186-92	7.8	29
44	The Accelerated Child Survival and Development programme in west Africa: a retrospective evaluation. <i>Lancet, The</i> , 2010 , 375, 572-82	4.0	66
43	Countdown to 2015 decade report (2000-10): taking stock of maternal, newborn, and child survival. <i>Lancet, The</i> , 2010 , 375, 2032-44	4.0	512
42	Effect of the Integrated Management of Childhood Illness strategy on childhood mortality and nutrition in a rural area in Bangladesh: a cluster randomised trial. <i>Lancet, The</i> , 2009 , 374, 393-403	4.0	178
41	Maternal and child undernutrition: effective action at national level. <i>Lancet, The</i> , 2008 , 371, 510-26	4.0	303
40	Making the Countdown count. <i>Lancet, The</i> , 2008 , 371, 1219-21	4.0	20
39	Countdown to 2015 for maternal, newborn, and child survival: the 2008 report on tracking coverage of interventions. <i>Lancet, The</i> , 2008 , 371, 1247-58	4.0	256
38	Mind the gap: equity and trends in coverage of maternal, newborn, and child health services in 54 Countdown countries. <i>Lancet, The</i> , 2008 , 371, 1259-67	4.0	220
37	Care at first-level facilities for children with severe pneumonia in Bangladesh: a cohort study. <i>Lancet, The</i> , 2008 , 372, 822-30	4.0	44
36	Integrated Management of Childhood Illness: efficiency of primary health in Northeast Brazil. <i>Revista De Saude Publica</i> , 2008 , 42, 183-90	2.4	7
35	Sex and socioeconomic differentials in child health in rural Bangladesh: findings from a baseline survey for evaluating Integrated Management of Childhood Illness. <i>Journal of Health, Population and Nutrition</i> , 2008 , 26, 22-35	2.5	19
34	Interpreting health statistics for policymaking: the story behind the headlines. <i>Lancet, The</i> , 2007 , 369, 956-63	4.0	34
33	Learning from new initiatives in maternal and child health. <i>Lancet, The</i> , 2007 , 370, 1113-4	4.0	14
32	Getting it right for children: a review of UNICEF joint health and nutrition strategy for 2006-15. <i>Lancet, The</i> , 2006 , 368, 817-9	4.0	16
31	Countdown to 2015: tracking intervention coverage for child survival. <i>Lancet, The</i> , 2006 , 368, 1067-76	4.0	156

30	The burden of malaria mortality among African children in the year 2000. <i>International Journal of Epidemiology</i> , 2006 , 35, 691-704	7.8	205
29	Gaps in policy-relevant information on burden of disease in children: a systematic review. <i>Lancet, The</i> , 2005 , 365, 2031-40	40	100
28	Child survival: countdown to 2015. <i>Lancet, The</i> , 2005 , 365, 2153-4	40	9
27	Can the world afford to save the lives of 6 million children each year?. <i>Lancet, The</i> , 2005 , 365, 2193-200	40	126
26	Co-coverage of preventive interventions and implications for child-survival strategies: evidence from national surveys. <i>Lancet, The</i> , 2005 , 366, 1460-6	40	123
25	WHO estimates of the causes of death in children. <i>Lancet, The</i> , 2005 , 365, 1147-52	40	1366
24	Measuring the quality of child health care at first-level facilities. <i>Social Science and Medicine</i> , 2005 , 61, 613-25	5.1	41
23	Context matters: interpreting impact findings in child survival evaluations. <i>Health Policy and Planning</i> , 2005 , 20 Suppl 1, i18-i31	3.4	81
22	Ten methodological lessons from the multi-country evaluation of integrated Management of Childhood Illness. <i>Health Policy and Planning</i> , 2005 , 20 Suppl 1, i94-i105	3.4	37
21	Improving quality and efficiency of facility-based child health care through Integrated Management of Childhood Illness in Tanzania. <i>Health Policy and Planning</i> , 2005 , 20 Suppl 1, i69-i76	3.4	66
20	Improving facility-based care for sick children in Uganda: training is not enough. <i>Health Policy and Planning</i> , 2005 , 20 Suppl 1, i58-i68	3.4	121
19	Implementation of the Integrated Management of Childhood Illness strategy in Peru and its association with health indicators: an ecological analysis. <i>Health Policy and Planning</i> , 2005 , 20 Suppl 1, i32-i41	3.4	31
18	Programmatic pathways to child survival: results of a multi-country evaluation of Integrated Management of Childhood Illness. <i>Health Policy and Planning</i> , 2005 , 20 Suppl 1, i5-i17	3.4	184
17	Scaling up integrated management of childhood illness to the national level: achievements and challenges in Peru. <i>Health Policy and Planning</i> , 2005 , 20, 14-24	3.4	60
16	Out-of-pocket payments for under-five health care in rural southern Tanzania. <i>Health Policy and Planning</i> , 2005 , 20 Suppl 1, i85-i93	3.4	26
15	The effect of Integrated Management of Childhood Illness on observed quality of care of under-fives in rural Tanzania. <i>Health Policy and Planning</i> , 2004 , 19, 1-10	3.4	132
14	Achieving universal coverage with health interventions. <i>Lancet, The</i> , 2004 , 364, 1541-8	40	117
13	Integrated Management of Childhood Illness (IMCI) in Bangladesh: early findings from a cluster-randomised study. <i>Lancet, The</i> , 2004 , 364, 1595-602	40	130

12	Evidence-based public health: moving beyond randomized trials. <i>American Journal of Public Health</i> , 2004 , 94, 400-5	5.1	616
11	The multi-country evaluation of the integrated management of childhood illness strategy: lessons for the evaluation of public health interventions. <i>American Journal of Public Health</i> , 2004 , 94, 406-15	5.1	106
10	Child health: reaching the poor. <i>American Journal of Public Health</i> , 2004 , 94, 726-36	5.1	93
9	Effect of Integrated Management of Childhood Illness (IMCI) on health worker performance in Northeast-Brazil. <i>Cadernos De Saude Publica</i> , 2004 , 20 Suppl 2, S209-19	3.2	58
8	Improving antimicrobial use among health workers in first-level facilities: results from the multi-country evaluation of the Integrated Management of Childhood Illness strategy. <i>Bulletin of the World Health Organization</i> , 2004 , 82, 509-15	8.2	79
7	Inequities among the very poor: health care for children in rural southern Tanzania. <i>Lancet, The</i> , 2003 , 361, 561-6	4.0	320
6	Where and why are 10 million children dying every year?. <i>Lancet, The</i> , 2003 , 361, 2226-34	4.0	1607
5	Reducing child mortality: can public health deliver?. <i>Lancet, The</i> , 2003 , 362, 159-64	4.0	257
4	Meeting international goals in child survival and HIV/AIDS. <i>Lancet, The</i> , 2002 , 360, 284-9	4.0	94
3	Estimates of world-wide distribution of child deaths from acute respiratory infections. <i>Lancet Infectious Diseases, The</i> , 2002 , 2, 25-32	25.5	625
2	Strengthening patient education for ORT services in the Central African Republic. <i>Patient Education and Counseling</i> , 1996 , 27, 161-9	3.1	1
1	Assessing the quality of facility-based child survival services. <i>Health Policy and Planning</i> , 1992 , 7, 155-163	3.4	23
