#	ARTICLE	IF	CITATIONS
1	Sarcopenia in Asia: Consensus Report of the Asian Working Group for Sarcopenia. Journal of the American Medical Directors Association, 2014, 15, 95-101.	1.2	3,035
2	Asian Working Group for Sarcopenia: 2019 Consensus Update on Sarcopenia Diagnosis and Treatment. Journal of the American Medical Directors Association, 2020, 21, 300-307.e2.	1.2	2,796
3	Association of cognitive impairment, depressive symptoms and sarcopenia among healthy older men in the veterans retirement community in southern Taiwan: A cross-sectional study. Geriatrics and Gerontology International, 2014, 14, 102-108.	0.7	136
4	Role of gait speed and grip strength in predicting 10-year cognitive decline among community-dwelling older people. BMC Geriatrics, 2019, 19, 186.	1.1	123
5	COVID-19 and older people in Asia: Asian Working Group for Sarcopenia calls to action. Geriatrics and Gerontology International, 2020, 20, 547-558.	0.7	110
6	Population aging and its impacts: Strategies of the health-care system in Taipei. Ageing Research Reviews, 2010, 9, S23-S27.	5.0	55
7	Interrelationship of Postoperative Delirium and Cognitive Impairment and Their Impact on the Functional Status in Older Patients Undergoing Orthopaedic Surgery: A Prospective Cohort Study. PLoS ONE, 2014, 9, e110339.	1.1	52
8	Short-Form Mini Nutritional Assessment as a useful method of predicting the development of postoperative delirium in elderly patients undergoing orthopedic surgery. General Hospital Psychiatry, 2016, 38, 15-20.	1.2	34
9	Post-Acute Care as a Key Component in a Healthcare System for Older Adults. Annals of Geriatric Medicine and Research, 2019, 23, 54-62.	0.7	28
10	Functional Outcomes, Subsequent Healthcare Utilization, and Mortality of Stroke Postacute Care Patients in Taiwan: A Nationwide Propensity Score-matched Study. Journal of the American Medical Directors Association, 2017, 18, 990.e7-990.e12.	1.2	25
11	Slow gait speed as a predictor of 1-year cognitive decline in a veterans' retirement community in southern Taiwan. Geriatrics and Gerontology International, 2017, 17, 14-19.	0.7	21
12	Synergistic effects of cognitive impairment on physical disability in all-cause mortality among men aged 80 years and over: Results from longitudinal older veterans study. PLoS ONE, 2017, 12, e0181741.	1.1	21
13	Developing a Prediction Model for Post-Operative Delirium and Long-Term Outcomes Among Older Patients Receiving Elective Orthopedic Surgery: A Prospective Cohort Study in Taiwan. Rejuvenation Research, 2015, 18, 347-355.	0.9	20
14	Efficacy of Multidomain Intervention Against Physio-cognitive Decline Syndrome: A Cluster-randomized Trial. Archives of Gerontology and Geriatrics, 2021, 95, 104392.	1.4	20
15	Emergency department (ED) utilization of oldest old men in a veterans care home in Taiwan. Archives of Gerontology and Geriatrics, 2009, 48, 258-262.	1.4	18
16	Biomarkers of delirium: Well evidenced or not?. Journal of Clinical Gerontology and Geriatrics, 2011, 2, 100-104.	0.7	17
17	Intraoperative blood transfusion predicts postoperative delirium among older patients undergoing elective orthopedic surgery: A prospective cohort study. International Journal of Geriatric Psychiatry, 2019, 34, 881-888.	1.3	17
18	Mini-Nutritional Assessment Short-Form as a useful method of predicting poor 1-year outcome in elderly patients undergoing orthopedic surgery. Geriatrics and Gerontology International, 2017, 17, 2361-2368.	0.7	15

#	ARTICLE	IF	CITATIONS
19	Association of new-onset diabetes mellitus in older people and mortality in Taiwan: A 10-year nationwide population-based study. <i>Journal of Nutrition, Health and Aging</i> , 2017, 21, 227-232.	1.5	14
20	Synergistic effect of low handgrip strength and malnutrition on 4-year all-cause mortality in older males: A prospective longitudinal cohort study. <i>Archives of Gerontology and Geriatrics</i> , 2019, 83, 217-222.	1.4	14
21	Factors associated with insomnia in older adult outpatients vary by gender: a cross-sectional study. <i>BMC Geriatrics</i> , 2021, 21, 681.	1.1	13
22	Lack of Association between Pre-Operative Insulin-Like Growth Factor-1 and the Risk of Post-Operative Delirium in Elderly Chinese Patients. <i>Psychiatry Investigation</i> , 2016, 13, 327.	0.7	12
23	Delaying cognitive and physical decline through multidomain interventions for residents with mild-to-moderate dementia in dementia care units in Taiwan: A prospective cohort study. <i>Geriatrics and Gerontology International</i> , 2017, 17, 36-43.	0.7	11
24	Predicting clinical instability of older patients in post-acute care units: A nationwide cohort study. <i>Geriatrics and Gerontology International</i> , 2014, 14, 267-272.	0.7	10
25	Association between serum activin A and metabolic syndrome in older adults: Potential of activin A as a biomarker of cardiometabolic disease. <i>Experimental Gerontology</i> , 2018, 111, 197-202.	1.2	10
26	Emergency department (ED) utilization and outcome of oldest old men presenting with geriatric syndromes in a veterans care home in Taiwan. <i>Archives of Gerontology and Geriatrics</i> , 2009, 49, S32-S36.	1.4	9
27	Risk factors for frequent emergency department visits of veterans home residents in Northern Taiwan. <i>Journal of Clinical Gerontology and Geriatrics</i> , 2012, 3, 118-121.	0.7	9
28	Association of home care needs and functional recovery among community-dwelling elderly hip fracture patients. <i>Archives of Gerontology and Geriatrics</i> , 2013, 57, 383-388.	1.4	9
29	A national study on long-term osteoporosis therapy and risk of recurrent fractures in patients with hip fracture. <i>Archives of Gerontology and Geriatrics</i> , 2020, 88, 104021.	1.4	9
30	Sarcopenia is independently associated with parietal atrophy in older adults. <i>Experimental Gerontology</i> , 2021, 151, 111402.	1.2	9
31	A Comparison of the Effectiveness of Varenicline and Transdermal Nicotine Patch in Outpatients Following a Standardized Smoking Cessation Program in Southern Taiwan. <i>Evaluation and the Health Professions</i> , 2015, 38, 115-125.	0.9	8
32	The impact of chronic carrier of hepatitis B virus on liver function in a 7-day ultramarathon race. <i>Journal of the Chinese Medical Association</i> , 2016, 79, 179-184.	0.6	8
33	All-cause mortality, cardiovascular mortality, major cardiovascular events and hypoglycaemia of patients with diabetes onset at an older age: results from the 10-year nationwide cohort study. <i>Age and Ageing</i> , 2021, 50, 2094-2104.	0.7	7
34	Factors Related to Incomplete Flexible Sigmoidoscopy Among Adult Chinese in Taiwan. <i>Journal of the Chinese Medical Association</i> , 2007, 70, 361-366.	0.6	6
35	Long-term smoking cessation rates in elderly versus other adult smokers: A 3-year follow-up study in Taiwan. <i>Addictive Behaviors Reports</i> , 2018, 8, 62-65.	1.0	6
36	Effects of modified version of the Hospital Elder Life Program on post-discharge cognitive function and activities of daily living among older adults undergoing total knee arthroplasty. <i>Archives of Gerontology and Geriatrics</i> , 2021, 93, 104284.	1.4	5

#	ARTICLE	IF	CITATIONS
37	Screening postacute care needs of hospital inpatients in Taiwan: A hospital-based study. <i>Journal of Clinical Gerontology and Geriatrics</i> , 2012, 3, 132-135.	0.7	4
38	No adverse impact of depressive symptoms on the effectiveness of postacute care service: A multicenter male-predominant prospective cohort study. <i>Journal of the Chinese Medical Association</i> , 2014, 77, 38-43.	0.6	4
39	Clinical characteristics and 10-year outcomes of diabetes in adults with advancing age at onset: A population cohort. <i>Archives of Gerontology and Geriatrics</i> , 2020, 88, 104039.	1.4	4
40	Gait Speed rather than Dynapenia Is a Simple Indicator for Complex Care Needs: A Cross-sectional Study Using Minimum Data Set. <i>Scientific Reports</i> , 2017, 7, 8418.	1.6	3
41	Association Between Polymorphisms in Dopamine-Related Genes and Orthopedic Pain Expression in a Chinese Elderly Population. <i>Pain Practice</i> , 2019, 19, 211-221.	0.9	3
42	Developing a predictive model for hospital-associated disability among older patients hospitalized for an acute illness: the HAD-FREE Score. <i>European Geriatric Medicine</i> , 2021, 12, 963-971.	1.2	3
43	Developing an Integrated Electronic Medication Reconciliation Platform and Evaluating its Effects on Preventing Potential Duplicated Medications and Reducing 30-Day Medication-Related Hospital Revisits for Inpatients. <i>Journal of Medical Systems</i> , 2021, 45, 47.	2.2	2
44	Insomnia in older adult females is highly associated with metabolic syndrome. <i>European Geriatric Medicine</i> , 2021, , 1.	1.2	2
45	Underweight Mobility-Type Pre-Frailty/ Frailty Was Associated with Complex Care Needs of Long-Term Care Facilities Residents: Results Using MDS RAP Triggers. , 2019, 10, 18-23.		2
46	Cost and Effectiveness of Long-Term Care Following Integrated Discharge Planning: A Prospective Cohort Study. <i>Healthcare (Switzerland)</i> , 2021, 9, 1413.	1.0	2
