

List of Publications by Year in descending order

Source: https://exaly.com/author-pdf/11347710/publications.pdf Version: 2024-02-01

#	Article	IF	CITATIONS
1	Meteorological conditions are heterogeneous factors for COVID-19 risk in China. Environmental Research, 2021, 198, 111182.	7.5	13
2	Investigating the association between household firearm ownership and suicide rates in the United States using spatial regression models. Applied Geography, 2020, 124, 102297.	3.7	4
3	COVID-19 transmission in Mainland China is associated with temperature and humidity: A time-series analysis. Science of the Total Environment, 2020, 728, 138778.	8.0	418
4	County Socioeconomic Deprivation and Preterm Birth Risk Between White and Black Mothers in Georgia, USA. , 2020, , 182-200.		0
5	How the relationships between preterm birth and ambient air pollution vary over space: A case study in Georgia, USA using geographically weighted logistic regression. Applied Geography, 2018, 92, 31-40.	3.7	18
6	County Socioeconomic Deprivation and Preterm Birth Risk Between White and Black Mothers in Georgia, USA. International Journal of Applied Geospatial Research, 2018, 9, 18-30.	0.3	0
7	An Ecological Study on the Spatially Varying Relationship between County-Level Suicide Rates and Altitude in the United States. International Journal of Environmental Research and Public Health, 2018, 15, 671.	2.6	23
8	Spatial variations in the associations of term birth weight with ambient air pollution in Georgia, USA. Environment International, 2016, 92-93, 146-156.	10.0	38
9	Predictors of Guideline Treatment Nonadherence and the Impact on Survival in Patients With Colorectal Cancer. Journal of the National Comprehensive Cancer Network: JNCCN, 2015, 13, 51-60.	4.9	38
10	Regional and Racial Disparity of Preterm Birth Prevalence in Georgia, 1995–2012. Papers in Applied Geography, 2015, 1, 168-175.	1.4	1
11	A Multilevel Analysis of Neighborhood Socioeconomic Effect on Preterm Births in Georgia, USA. AIMS Public Health, 2015, 2, 638-654.	2.6	6
12	Estimating neighbourhood-level socio-economic effect on preterm births using a multilevel approach: a case study in Georgia, USA. Annals of GIS, 2014, 20, 181-191.	3.1	5
13	Immunogenicity of Recombinant Porcine Attaching and Effacing–Associated Protein Compared with Intimin Fragment inEscherichia coliO157:H7–Infected Mice. Foodborne Pathogens and Disease, 2013, 10, 1016-1022.	1.8	2
14	A spatial–temporal analysis of low birth weight prevalence in Georgia, USA. Geo Journal, 2013, 78, 885-895.	3.1	9
15	An exploratory spatial data analysis of low birth weight prevalence in Georgia. Applied Geography, 2012, 32, 195-207.	3.7	28
16	Spatial variations in the associations of birth weight with socioeconomic, environmental, and behavioral factors in Georgia, USA. Applied Geography, 2012, 34, 331-344.	3.7	19
17	Novel fusion protein protects against adherence and toxicity of enterohemorrhagic Escherichia coli O157:H7 in mice. Vaccine, 2011, 29, 6656-6663.	3.8	25
18	Assessing Urban Environmental Management Practice with a Scalar Approach: the Shanghai Case. Symphonya Emerging Issues in Management, 2011, , .	0.3	0

Wei Tu

#	Article	IF	CITATIONS
19	A new neutralizing antibody against botulinum neurotoxin B recognizes the protein receptor binding sites for synaptotagmins II. Microbes and Infection, 2010, 12, 1012-1018.	1.9	4
20	Intragastric immunization of mice with enterohemorrhagicEscherichia coliO157:H7 bacterial ghosts reduces mortality and shedding and induces a Th2-type dominated mixed immune response. Canadian Journal of Microbiology, 2010, 56, 389-398.	1.7	32
21	Dominant antigenic peptides located at the heavy chain terminal of botulinum neurotoxin B contain receptor-binding sites for synaptotagmin II. Biochemical and Biophysical Research Communications, 2008, 374, 331-335.	2.1	7
22	Urban Environmental Management in Shanghai: Achievements, Problems, and Prospects. Environmental Management, 2006, 37, 307-321.	2.7	17
23	STRATEGIC ENVIRONMENTAL ASSESSMENT ON THE SHANGHAI LAND USE MASTER PLAN: A SYSTEM DYNAMICS APPROACH. Asian Geographer, 2006, 25, 145-171.	1.0	1
24	Exploring Spatially Varying Relationships Between Preterm Birth and Socioeconomic, Demographic, and Behavioral Factors in Georgia, USA Using Geographically Weighted Logistic Regression. Papers in Applied Geography, 0, , 1-21.	1.4	0
