#	Paper	IF	Citations
144	Comparison of Stuttering Severity and Anxiety During Standard and Challenge Phone Calls.. <i>Journal of Speech, Language, and Hearing Research</i> , 2022 , 1-9	2.8	1
143	White matter connectivity in neonates at risk of stuttering: Preliminary data.. <i>Neuroscience Letters</i> , 2022 , 136655	3.3	0
142	Psychological characteristics of early stuttering. <i>International Journal of Speech-Language Pathology</i> , 2021 , 1-10	2.1	1
141	Measures of Psychological Impacts of Stuttering in Young School-Age Children: A Systematic Review. <i>Journal of Speech, Language, and Hearing Research</i> , 2021 , 64, 1918-1928	2.8	4
140	Conversational speech of school-age children after syllable-timed speech treatment for stuttering. <i>International Journal of Speech-Language Pathology</i> , 2021 , 1-11	2.1	1
139	Predictors of Lidcombe Program treatment dropout and outcome for early stuttering. <i>International Journal of Language and Communication Disorders</i> , 2021 , 56, 102-115	2.9	2
138	Consensus Guidelines for the Assessments of Individuals Who Stutter Across the Lifespan. <i>American Journal of Speech-Language Pathology</i> , 2021 , 30, 2379-2393	3.1	4
137	Speech and Anxiety Management With Persistent Stuttering: Current Status and Essential Research. <i>Journal of Speech, Language, and Hearing Research</i> , 2021 , 64, 59-74	2.8	4
136	Clinical Trials of Adult Stuttering Treatment: Comparison of Percentage Syllables Stuttered With Self-Reported Stuttering Severity as Primary Outcomes. <i>Journal of Speech, Language, and Hearing Research</i> , 2020 , 63, 1387-1394	2.8	4
135	Supplementing stuttering treatment with online cognitive behavior therapy: An experimental trial. <i>Journal of Communication Disorders</i> , 2019 , 80, 81-91	1.9	16
134	A three-arm randomized controlled trial of Lidcombe Program and Westmead Program early stuttering interventions. <i>Journal of Fluency Disorders</i> , 2019 , 61, 105708	2.3	9
133	Phase I trial of a standalone internet social anxiety treatment for adolescents who stutter: iBroadway. <i>International Journal of Language and Communication Disorders</i> , 2019 , 54, 927-939	2.9	4
132	In-Clinic and Standalone Internet Cognitive Behavior Therapy Treatment for Social Anxiety in Stuttering: A Randomized Trial of iGlebe. <i>Journal of Speech, Language, and Hearing Research</i> , 2019 , 62, 1614-1624	2.8	10
131	Characteristics of adults who stutter by treatments sought. <i>Logopedics Phoniatics Vocology</i> , 2019 , 44, 134-142	1.3	2
130	Comparison of adults who stutter with and without social anxiety disorder. <i>Journal of Fluency Disorders</i> , 2018 , 56, 55-68	2.3	18
129	Comparison of Percentage of Syllables Stuttered With Parent-Reported Severity Ratings as a Primary Outcome Measure in Clinical Trials of Early Stuttering Treatment. <i>Journal of Speech, Language, and Hearing Research</i> , 2018 , 61, 811-819	2.8	10
128	Development of an internet version of the Lidcombe Program of early stuttering intervention: A trial of Part 1. <i>International Journal of Speech-Language Pathology</i> , 2018 , 20, 216-225	2.1	6

127	Rhythmic speech and stuttering reduction in a syllable-timed language. <i>Clinical Linguistics and Phonetics</i> , 2018 , 32, 932-949	1.4	2
126	Lexical tone and stuttering in Cantonese. <i>Clinical Linguistics and Phonetics</i> , 2018 , 32, 285-297	1.4	1
125	The Satisfaction with Communication in Everyday Speaking Situations (SCESS) scale: An overarching outcome measure of treatment effect. <i>Journal of Fluency Disorders</i> , 2018 , 58, 77-85	2.3	4
124	Safety Behaviors and Stuttering. <i>Journal of Speech, Language, and Hearing Research</i> , 2017 , 60, 1246-1253	3.8	14
123	A speech and psychological profile of treatment-seeking adolescents who stutter. <i>Journal of Fluency Disorders</i> , 2017 , 51, 24-38	2.3	20
122	International Phase II clinical trial of CBTpsych: A standalone Internet social anxiety treatment for adults who stutter. <i>Journal of Fluency Disorders</i> , 2016 , 48, 35-43	2.3	23
121	A Brief Version of the Unhelpful Thoughts and Beliefs About Stuttering Scales: The UTBAS-6. <i>Journal of Speech, Language, and Hearing Research</i> , 2016 , 59, 964-972	2.8	10
120	An investigation of the effects of a speech-restructuring treatment for stuttering on the distribution of intervals of phonation. <i>Journal of Fluency Disorders</i> , 2016 , 50, 13-22	2.3	4
119	Standalone Internet speech restructuring treatment for adults who stutter: A phase I study. <i>International Journal of Speech-Language Pathology</i> , 2016 , 18, 329-40	2.1	10
118	Phase II trial of a syllable-timed speech treatment for school-age children who stutter. <i>Journal of Fluency Disorders</i> , 2016 , 48, 44-55	2.3	20
117	Assessing attentional biases with stuttering. <i>International Journal of Language and Communication Disorders</i> , 2016 , 51, 84-94	2.9	9
116	An investigation of the role of parental request for self-correction of stuttering in the Lidcombe Program. <i>International Journal of Speech-Language Pathology</i> , 2015 , 17, 511-7	2.1	15
115	Observer perspective imagery with stuttering. <i>International Journal of Speech-Language Pathology</i> , 2015 , 17, 481-8	2.1	3
114	Children and adolescents who stutter: Further investigation of anxiety. <i>Journal of Fluency Disorders</i> , 2015 , 46, 15-23	2.3	27
113	A standalone Internet cognitive behavior therapy treatment for social anxiety in adults who stutter: CBTpsych. <i>Journal of Fluency Disorders</i> , 2014 , 41, 47-54	2.3	41
112	Axis I anxiety and mental health disorders among stuttering adolescents. <i>Journal of Fluency Disorders</i> , 2014 , 40, 58-68	2.3	47
111	Safety behaviors and speech treatment for adults who stutter. <i>Journal of Speech, Language, and Hearing Research</i> , 2014 , 57, 1308-13	2.8	8
110	Early Intervention for Stuttering: Similarities and Differences Between Two Programs. <i>Perspectives on Fluency and Fluency Disorders</i> , 2014 , 24, 8-19		3

109	Validity of real-time measures of stuttering frequency. <i>Speech, Language and Hearing</i> , 2013 , 16, 107-116	1.1	2
108	Effectiveness of the Lidcombe Program for early stuttering in Australian community clinics. <i>International Journal of Speech-Language Pathology</i> , 2013 , 15, 593-603	2.1	33
107	Unscheduled telephone calls to measure percent syllables stuttered during clinical trials. <i>Journal of Speech, Language, and Hearing Research</i> , 2013 , 56, 1455-61	2.8	12
106	Natural history of stuttering to 4 years of age: a prospective community-based study. <i>Pediatrics</i> , 2013 , 132, 460-7	7.4	91
105	La cause du bégaiement de l'enfant. <i>Enfance</i> , 2013 , N° 3, 207-216	0.2	
104	La cause du bégaiement de l'enfant. <i>Enfance</i> , 2013 , 2013, 207-216	0.2	
103	Camperdown Program for adults who stutter: a student training clinic Phase I trial. <i>International Journal of Language and Communication Disorders</i> , 2012 , 47, 365-72	2.9	12
102	Avoidance of eye gaze by adults who stutter. <i>Journal of Fluency Disorders</i> , 2012 , 37, 263-74	2.3	35
101	Investigating optimal intervention intensity with the Lidcombe Program of early stuttering intervention. <i>International Journal of Speech-Language Pathology</i> , 2012 , 14, 467-70	2.1	12
100	Managing stuttering beyond the preschool years. <i>Language, Speech, and Hearing Services in Schools</i> , 2012 , 43, 338-43	2.3	12
99	Theory and therapy in stuttering: a complex relationship. <i>Journal of Fluency Disorders</i> , 2012 , 37, 225-33	2.3	44
98	Measuring Outcomes Following the Camperdown Program for Stuttering: A Response to Dr. Ingham. <i>Journal of Speech, Language, and Hearing Research</i> , 2012 , 55, 310-312	2.8	4
97	Stuttering, disability and the higher education sector in Australia. <i>International Journal of Speech-Language Pathology</i> , 2012 , 14, 370-6	2.1	4
96	Webcam delivery of the Camperdown Program for adolescents who stutter: a phase I trial. <i>Language, Speech, and Hearing Services in Schools</i> , 2012 , 43, 370-80	2.3	39
95	Syllable-timed speech treatment for school-age children who stutter: a phase I trial. <i>Language, Speech, and Hearing Services in Schools</i> , 2012 , 43, 359-69	2.3	22
94	Stuttering 2012 ,		5
93	Anxiety and stuttering: continuing to explore a complex relationship. <i>American Journal of Speech-Language Pathology</i> , 2011 , 20, 221-32	3.1	66
92	Response to Walter Manning and J. Gayle Beck: Comments concerning Iverach, Jones et al. (2009a). <i>Journal of Fluency Disorders</i> , 2011 , 36, 66-71	2.3	7

91	Stuttering severity and educational attainment. <i>Journal of Fluency Disorders</i> , 2011 , 36, 86-92	2.3	80
90	Translating the Stuttering Severity Instrument (SSI-3) into Persian: Response to Karimi, Nilipour, Shafiei and Howell. <i>Journal of Fluency Disorders</i> , 2011 , 36, 249-250	2.3	
89	A phase II trial of the Westmead Program: syllable-timed speech treatment for pre-school children who stutter. <i>International Journal of Speech-Language Pathology</i> , 2011 , 13, 500-9	2.1	27
88	Dual tasking and stuttering: from the laboratory to the clinic. <i>Disability and Rehabilitation</i> , 2011 , 33, 933-44	2.1	19
87	Further development and validation of the Unhelpful Thoughts and Beliefs About Stuttering (UTBAS) scales: relationship to anxiety and social phobia among adults who stutter. <i>International Journal of Language and Communication Disorders</i> , 2011 , 46, 286-99	2.9	26
86	Mood and substance use disorders among adults seeking speech treatment for stuttering. <i>Journal of Speech, Language, and Hearing Research</i> , 2010 , 53, 1178-90	2.8	22
85	Randomized controlled trial of video self-modeling following speech restructuring treatment for stuttering. <i>Journal of Speech, Language, and Hearing Research</i> , 2010 , 53, 887-97	2.8	43
84	A new method to sample stuttering in preschool children. <i>International Journal of Speech-Language Pathology</i> , 2010 , 12, 173-7	2.1	6
83	Randomized controlled non-inferiority trial of a telehealth treatment for chronic stuttering: the Camperdown Program. <i>International Journal of Language and Communication Disorders</i> , 2010 , 45, 108-20	2.9	71
82	The five factor model of personality applied to adults who stutter. <i>Journal of Communication Disorders</i> , 2010 , 43, 120-32	1.9	25
81	Parent perceptions of the impact of stuttering on their preschoolers and themselves. <i>Journal of Communication Disorders</i> , 2010 , 43, 407-23	1.9	79
80	Investigation of the reliability of the SSI-3 for preschool Persian-speaking children who stutter. <i>Journal of Fluency Disorders</i> , 2010 , 35, 87-91	2.3	23
79	Peer responses to stuttering in the preschool setting. <i>American Journal of Speech-Language Pathology</i> , 2009 , 18, 264-76	3.1	124
78	Online CBT I: Bridging the Gap Between Eliza and Modern Online CBT Treatment Packages. <i>Behaviour Change</i> , 2009 , 26, 245-253	1.1	34
77	The effect of stuttering on communication: a preliminary investigation. <i>Clinical Linguistics and Phonetics</i> , 2009 , 23, 473-88	1.4	12
76	Predicting stuttering onset by the age of 3 years: a prospective, community cohort study. <i>Pediatrics</i> , 2009 , 123, 270-7	7.4	125
75	Online CBT II: A Phase I Trial of a Standalone, Online CBT Treatment Program for Social Anxiety in Stuttering. <i>Behaviour Change</i> , 2009 , 26, 254-270	1.1	38
74	Screening for personality disorders among adults seeking speech treatment for stuttering. <i>Journal of Fluency Disorders</i> , 2009 , 34, 173-86	2.3	44

73	Cognitive behavior therapy for adults who stutter: a tutorial for speech-language pathologists. <i>Journal of Fluency Disorders</i> , 2009 , 34, 187-200	2.3	92
72	Unhelpful thoughts and beliefs linked to social anxiety in stuttering: development of a measure. <i>International Journal of Language and Communication Disorders</i> , 2009 , 44, 338-51	2.9	41
71	Prevalence of anxiety disorders among adults seeking speech therapy for stuttering. <i>Journal of Anxiety Disorders</i> , 2009 , 23, 928-34	10.9	153
70	Using syllable-timed speech to treat preschool children who stutter: a multiple baseline experiment. <i>Journal of Fluency Disorders</i> , 2009 , 34, 1-10	2.3	34
69	The relationship between mental health disorders and treatment outcomes among adults who stutter. <i>Journal of Fluency Disorders</i> , 2009 , 34, 29-43	2.3	95
68	The attitudes, knowledge and beliefs of Arab parents in Kuwait about stuttering. <i>Journal of Fluency Disorders</i> , 2009 , 34, 44-59	2.3	64
67	Looking at stuttering through the lens of complexity. <i>International Journal of Speech-Language Pathology</i> , 2009 , 11, 77-82	2.1	19
66	Stuttering and its treatment in adolescence: the perceptions of people who stutter. <i>Journal of Fluency Disorders</i> , 2008 , 33, 81-98	2.3	64
65	A phase II trial of telehealth delivery of the Lidcombe Program of Early Stuttering Intervention. <i>American Journal of Speech-Language Pathology</i> , 2008 , 17, 139-49	3.1	107
64	An experimental clinical trial of a cognitive-behavior therapy package for chronic stuttering. <i>Journal of Speech, Language, and Hearing Research</i> , 2008 , 51, 1451-64	2.8	158
63	Telehealth delivery of the Camperdown Program for adults who stutter: a phase I trial. <i>Journal of Speech, Language, and Hearing Research</i> , 2008 , 51, 184-95	2.8	67
62	Developing treatment for adolescents who stutter: a phase I trial of the Camperdown Program. <i>Language, Speech, and Hearing Services in Schools</i> , 2008 , 39, 487-97	2.3	19
61	Defining, identifying, and evaluating clinical trials of stuttering treatments: a tutorial for clinicians. <i>American Journal of Speech-Language Pathology</i> , 2008 , 17, 401-15	3.1	44
60	Extended follow-up of a randomized controlled trial of the Lidcombe Program of Early Stuttering Intervention. <i>International Journal of Language and Communication Disorders</i> , 2008 , 43, 649-61	2.9	42
59	An investigation of language and phonological development and the responsiveness of preschool age children to the Lidcombe Program. <i>Journal of Communication Disorders</i> , 2007 , 40, 382-97	1.9	47
58	Clinical Identification of Early Stuttering: Methods, Issues, and Future Directions. <i>Asia Pacific Journal of Speech Language and Hearing</i> , 2007 , 10, 15-31		4
57	On the cause of stuttering: Integrating theory with brain and behavioral research. <i>Journal of Neurolinguistics</i> , 2007 , 20, 353-362	1.9	38
56	Guidelines for statistical analysis of percentage of syllables stuttered data. <i>Journal of Speech, Language, and Hearing Research</i> , 2006 , 49, 867-78	2.8	43

55	A phase II clinical trial of self-imposed time-out treatment for stuttering in adults and adolescents. <i>Disability and Rehabilitation</i> , 2006 , 28, 33-42	2.4	26
54	Treating Stuttering in a Preschool Child With Syllable Timed Speech: A Case Report. <i>Behaviour Change</i> , 2006 , 23, 270-277	1.1	25
53	Connecting stuttering management and measurement: IV. Predictors of outcome for a behavioural treatment for stuttering. <i>International Journal of Language and Communication Disorders</i> , 2006 , 41, 395-406	2.9	27
52	A preliminary investigation of the impact of stuttering on language use. <i>Clinical Linguistics and Phonetics</i> , 2005 , 19, 191-201	1.4	11
51	Treatment of chronic stuttering: outcomes from a student training clinic. <i>International Journal of Language and Communication Disorders</i> , 2005 , 40, 455-66	2.9	51
50	Reviewing the Literature? A Response to Prins and Ingham (2005). <i>Journal of Speech, Language, and Hearing Research</i> , 2005 , 48, 1029-1032	2.8	1
49	Randomised controlled trial of the Lidcombe programme of early stuttering intervention. <i>BMJ, The</i> , 2005 , 331, 659	5.9	150
48	Improving our clinical interventions for stuttering: Can evidence from qualitative research contribute?. <i>International Journal of Speech-Language Pathology</i> , 2004 , 6, 174-181		9
47	Self-rating of stuttering severity as a clinical tool. <i>American Journal of Speech-Language Pathology</i> , 2004 , 13, 219-26	3.1	57
46	Measurement of stuttering in adults: comparison of stuttering-rate and severity-scaling methods. <i>Journal of Speech, Language, and Hearing Research</i> , 2004 , 47, 1081-7	2.8	78
45	Social anxiety in stuttering: measuring negative social expectancies. <i>Journal of Fluency Disorders</i> , 2004 , 29, 201-12	2.3	117
44	The Camperdown Program: outcomes of a new prolonged-speech treatment model. <i>Journal of Speech, Language, and Hearing Research</i> , 2003 , 46, 933-46	2.8	123
43	The motor learning hypothesis and stuttering adaptation. <i>Asia Pacific Journal of Speech Language and Hearing</i> , 2003 , 8, 193-199		
42	Generalizability Theory II: Application to perceptual scaling of speech naturalness in adults who stutter. <i>Journal of Speech, Language, and Hearing Research</i> , 2003 , 46, 718-23	2.8	11
41	The Lidcombe Behavioral Data Language of stuttering. <i>Journal of Speech, Language, and Hearing Research</i> , 2003 , 46, 1009-15	2.8	66
40	Is listener comfort a viable construct in stuttering research?. <i>Journal of Speech, Language, and Hearing Research</i> , 2003 , 46, 503-9	2.8	21
39	Predicting treatment time with the Lidcombe Program: replication and meta-analysis. <i>International Journal of Language and Communication Disorders</i> , 2003 , 38, 165-77	2.9	74
38	Protection from harm: the experience of adults after therapy with prolonged-speech. <i>International Journal of Language and Communication Disorders</i> , 2003 , 38, 379-95	2.9	68

37	Statistical power in stuttering research: a tutorial. <i>Journal of Speech, Language, and Hearing Research</i> , 2002 , 45, 243-55	2.8	21
36	An experimental investigation of the impact of the Lidcombe Program on early stuttering. <i>Journal of Fluency Disorders</i> , 2002 , 27, 203-13; quiz 213-4, III	2.3	72
35	Searching for the cause of stuttering. <i>Lancet, The</i> , 2002 , 360, 655-6	4.0	23
34	Ambiguity and algorithms in diagnosing early stuttering: comments on Ambrose and Yairi (1999). <i>Journal of Speech, Language, and Hearing Research</i> , 2001 , 44, 593-7	2.8	3
33	An operant intervention for early stuttering. The development of the Lidcombe program. <i>Behavior Modification</i> , 2001 , 25, 116-39	2.5	21
32	A replicable, non-programmed, instrument-free method for the control of stuttering with prolonged speech. <i>Asia Pacific Journal of Speech Language and Hearing</i> , 2001 , 6, 91-96		14
31	Design of randomized controlled trials. <i>Journal of Fluency Disorders</i> , 2001 , 26, 247-267	2.3	18
30	Control of chronic stuttering with self-imposed time-out: preliminary outcome data. <i>Asia Pacific Journal of Speech Language and Hearing</i> , 2001 , 6, 97-102		7
29	Investigating the involvement of partners in stuttering therapy. <i>Asia Pacific Journal of Speech Language and Hearing</i> , 2001 , 6, 103-107		1
28	The Lidcombe Program of early stuttering intervention: awaiting the results of a randomized controlled trial. <i>Asia Pacific Journal of Speech Language and Hearing</i> , 2001 , 6, 85-89		3
27	Anxiety and the Anticipatory Struggle Hypothesis. <i>American Journal of Speech-Language Pathology</i> , 2000 , 9, 88-89	3.1	2
26	Cause and Effect in Stuttering: An Examination of the Anticipatory Struggle Hypothesis. <i>American Journal of Speech-Language Pathology</i> , 2000 , 9, 359-360	3.1	2
25	Treating stuttering in young children: predicting treatment time in the Lidcombe Program. <i>Journal of Speech, Language, and Hearing Research</i> , 2000 , 43, 1440-50	2.8	91
24	Anxiety and the Treatment of Stuttering. <i>American Journal of Speech-Language Pathology</i> , 2000 , 9, 91-93, 1		2
23	Novel speech patterns and the treatment of stuttering. <i>Disability and Rehabilitation</i> , 2000 , 22, 65-79	2.4	51
22	The Early Stuttering Intervention Debate: Generating Light and Heat. <i>International Journal of Speech-Language Pathology</i> , 1999 , 1, 143-145		1
21	The Lidcombe Programme and Natural Recovery: Potential Choices of Initial Management Strategies for Early Stuttering. <i>International Journal of Speech-Language Pathology</i> , 1999 , 1, 113-121		7
20	Fluency disruption in speech and in wind instrument playing. <i>Journal of Fluency Disorders</i> , 1999 , 24, 293-298		8

19	Anxiety and Stuttering. <i>American Journal of Speech-Language Pathology</i> , 1999 , 8, 3-10	3.1	110
18	Treating Early Stuttering. <i>American Journal of Speech-Language Pathology</i> , 1999 , 8, 94-95	3.1	1
17	Treatment recovery and spontaneous recovery from early stuttering: the need for consistent methods in collecting and interpreting data. <i>Journal of Speech, Language, and Hearing Research</i> , 1999 , 42, 398-409	2.8	13
16	Representativeness reasoning and the search for the origins of stuttering: A return to basic observations. <i>Journal of Fluency Disorders</i> , 1998 , 23, 265-277	2.3	4
15	What Is the Take-Home Message From Curlee and Yairi?. <i>American Journal of Speech-Language Pathology</i> , 1998 , 7, 5-9	3.1	12
14	Control of children's stuttering with response-contingent time-out: behavioral, perceptual, and acoustic data. <i>Journal of Speech, Language, and Hearing Research</i> , 1997 , 40, 121-33	2.8	24
13	Speech outcomes of a prolonged-speech treatment for stuttering. <i>Journal of Speech, Language, and Hearing Research</i> , 1996 , 39, 734-49	2.8	85
12	Early Stuttering and the Vmodel. <i>Australian Journal of Human Communication Disorders</i> , 1996 , 24, 45-54		7
11	Linguistic perspectives on stuttering. <i>Clinical Linguistics and Phonetics</i> , 1996 , 10, 167-168	1.4	
10	Reliability of Listeners' Stuttering Counts: The Effects of Instructions to Count Agreed Stuttering. <i>Australian Journal of Human Communication Disorders</i> , 1995 , 23, 35-47		
9	Prolonged speech and modification of stuttering: perceptual, acoustic, and electroglottographic data. <i>Journal of Speech, Language, and Hearing Research</i> , 1994 , 37, 724-37	2.8	39
8	Clinician Agreement on Behaviours that Identify Developmental Articulatory Dyspraxia. <i>Australian Journal of Human Communication Disorders</i> , 1980 , 8, 16-26		7
7	A further evaluation of the speech of stutterers during chorus- and nonchorus-reading conditions. <i>Journal of Speech, Language, and Hearing Research</i> , 1979 , 22, 784-93	2.8	23
6	On-line measurement of aphasic speech. <i>Perceptual and Motor Skills</i> , 1978 , 47, 851-6	2.2	3
5	Reply to Dr. Goodkin's Note on the Procedure for Training Judges. <i>Perceptual and Motor Skills</i> , 1978 , 47, 1022-1022	2.2	
4	Contingency Management in the Treatment of Adult Aphasia: A Review. <i>Australian Journal of Human Communication Disorders</i> , 1977 , 5, 110-118		1
3	Treatment and generalization effects in an experimental treatment for a stutterer using contingency management and speech rate control. <i>The Journal of Speech and Hearing Disorders</i> , 1977 , 42, 394-407		24
2	Theoretical Issues in Stuttering		23
