

Benjamin C Sun

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/11392067/benjamin-c-sun-publications-by-year.pdf>

Version: 2024-04-26

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
74	Personalized risk stratification through attribute matching for clinical decision making in clinical conditions with aspecific symptoms: The example of syncope. <i>PLoS ONE</i> , 2020 , 15, e0228725	3.7	1
73	Shared Decision Making for Syncope in the Emergency Department: A Randomized Controlled Feasibility Trial. <i>Academic Emergency Medicine</i> , 2020 , 27, 853-865	3.4	7
72	Risk Stratification of Older Adults Who Present to the Emergency Department With Syncope: The FAINT Score. <i>Annals of Emergency Medicine</i> , 2020 , 75, 147-158	2.1	22
71	Frequency of Abnormal and Critical Laboratory Results in Older Patients Presenting to the Emergency Department With Syncope. <i>Academic Emergency Medicine</i> , 2020 , 27, 161-164	3.4	4
70	Prevalence of Pulmonary Embolism Among Emergency Department Patients With Syncope: A Multicenter Prospective Cohort Study. <i>Annals of Emergency Medicine</i> , 2019 , 73, 500-510	2.1	7
69	Clinical Benefit of Hospitalization for Older Adults With Unexplained Syncope: A Propensity-Matched Analysis. <i>Annals of Emergency Medicine</i> , 2019 , 74, 260-269	2.1	10
68	Orthostatic vital signs do not predict 30 day serious outcomes in older emergency department patients with syncope: A multicenter observational study. <i>American Journal of Emergency Medicine</i> , 2019 , 37, 2215-2223	2.9	3
67	Do High-sensitivity Troponin and Natriuretic Peptide Predict Death or Serious Cardiac Outcomes After Syncope?. <i>Academic Emergency Medicine</i> , 2019 , 26, 528-538	3.4	9
66	A Systematic Review of Noninvasive Electrocardiogram Monitoring Devices for the Evaluation of Suspected Cardiovascular Syncope. <i>Journal of Medical Devices, Transactions of the ASME</i> , 2019 , 13,	1.3	3
65	Variation in diagnostic testing for older patients with syncope in the emergency department. <i>American Journal of Emergency Medicine</i> , 2019 , 37, 810-816	2.9	7
64	Recurrent syncope is not an independent risk predictor for future syncopal events or adverse outcomes. <i>American Journal of Emergency Medicine</i> , 2019 , 37, 869-872	2.9	3
63	QTc prolongation as a marker of 30-day serious outcomes in older patients with syncope presenting to the Emergency Department. <i>American Journal of Emergency Medicine</i> , 2019 , 37, 685-689	2.9	3
62	Inter-rater Reliability of the HEART Score. <i>Academic Emergency Medicine</i> , 2019 , 26, 552-555	3.4	11
61	Comparison of 30-Day Serious Adverse Clinical Events for Elderly Patients Presenting to the Emergency Department With Near-Syncope Versus Syncope. <i>Annals of Emergency Medicine</i> , 2019 , 73, 274-280	2.1	6
60	Outcomes in syncope research: a systematic review and critical appraisal. <i>Internal and Emergency Medicine</i> , 2018 , 13, 593-601	3.7	10
59	ECG Predictors of Cardiac Arrhythmias in Older Adults With Syncope. <i>Annals of Emergency Medicine</i> , 2018 , 71, 452-461.e3	2.1	15
58	Effect of Automated Prescription Drug Monitoring Program Queries on Emergency Department Opioid Prescribing. <i>Annals of Emergency Medicine</i> , 2018 , 71, 337-347.e6	2.1	28

57	Development of a Patient Decision Aid for Syncope in the Emergency Department: the SynDA Tool. <i>Academic Emergency Medicine</i> , 2018 , 25, 425-433	3.4	9
56	Outcomes of Patients With Syncope and Suspected Dementia. <i>Academic Emergency Medicine</i> , 2018 , 25, 880	3.4	1
55	Hospital Strategies for Reducing Emergency Department Crowding: A Mixed-Methods Study. <i>Annals of Emergency Medicine</i> , 2018 , 71, 497-505.e4	2.1	55
54	Predictors of Short-Term Outcomes after Syncope: A Systematic Review and Meta-Analysis. <i>Western Journal of Emergency Medicine</i> , 2018 , 19, 517-523	3.3	12
53	Predictors of Clinically Significant Echocardiography Findings in Older Adults with Syncope: A Secondary Analysis. <i>Journal of Hospital Medicine</i> , 2018 , 13, 823-828	2.7	3
52	2017 ACC/AHA/HRS guideline for the evaluation and management of patients with syncope: A report of the American College of Cardiology/American Heart Association Task Force on Clinical Practice Guidelines and the Heart Rhythm Society. <i>Heart Rhythm</i> , 2017 , 14, e155-e217	6.7	74
51	2017 ACC/AHA/HRS Guideline for the Evaluation and Management of Patients With Syncope: Executive Summary: A Report of the American College of Cardiology/American Heart Association Task Force on Clinical Practice Guidelines and the Heart Rhythm Society. <i>Journal of the American College of Cardiology</i> , 2017 , 70, 120-112	15.1	95
50	2017 ACC/AHA/HRS Guideline for the Evaluation and Management of Patients With Syncope: A Report of the American College of Cardiology/American Heart Association Task Force on Clinical Practice Guidelines and the Heart Rhythm Society. <i>Journal of the American College of Cardiology</i> , 2017 , 70, 120-112	15.1	154
49	2017 ACC/AHA/HRS guideline for the evaluation and management of patients with syncope: Executive summary: A report of the American College of Cardiology/American Heart Association Task Force on Clinical Practice Guidelines and the Heart Rhythm Society. <i>Heart Rhythm</i> , 2017 , 14, e218-e254	6.7	19
48	2017 ACC/AHA/HRS Guideline for the Evaluation and Management of Patients With Syncope: Executive Summary: A Report of the American College of Cardiology/American Heart Association Task Force on Clinical Practice Guidelines and the Heart Rhythm Society. <i>Circulation</i> , 2017 , 136, e25-e59	16.7	56
47	2017 ACC/AHA/HRS Guideline for the Evaluation and Management of Patients With Syncope: A Report of the American College of Cardiology/American Heart Association Task Force on Clinical Practice Guidelines and the Heart Rhythm Society. <i>Circulation</i> , 2017 , 136, e60-e122	16.7	137
46	Impact of Hospital "Best Practice" Mandates on Prescription Opioid Dispensing After an Emergency Department Visit. <i>Academic Emergency Medicine</i> , 2017 , 24, 905-913	3.4	19
45	Estimating the Cost of Care for Emergency Department Syncope Patients: Comparison of Three Models. <i>Western Journal of Emergency Medicine</i> , 2017 , 18, 253-257	3.3	13
44	Neural networks as a tool to predict syncope risk in the Emergency Department. <i>Europace</i> , 2017 , 19, 1891-1895	3.9	9
43	Syncope clinical management in the emergency department: a consensus from the first international workshop on syncope risk stratification in the emergency department. <i>European Heart Journal</i> , 2016 , 37, 1493-8	9.5	67
42	Design, Challenges, and Implications of Quality Improvement Projects Using the Electronic Medical Record: Case Study: A Protocol to Reduce the Burden of Postoperative Atrial Fibrillation. <i>Circulation: Cardiovascular Quality and Outcomes</i> , 2016 , 9, 593-9	5.8	8
41	Interpreting the National Hospital Ambulatory Medical Care Survey: United States Emergency Department Opioid Prescribing, 2006-2010. <i>Academic Emergency Medicine</i> , 2016 , 23, 159-65	3.4	49
40	Reliability of Clinical Assessments in Older Adults With Syncope or Near Syncope. <i>Academic Emergency Medicine</i> , 2016 , 23, 1014-21	3.4	7

39	Comparison of the HEART and TIMI Risk Scores for Suspected Acute Coronary Syndrome in the Emergency Department. <i>Critical Pathways in Cardiology</i> , 2016 , 15, 1-5	1.3	28
38	Emergency Department Crowding and Outcomes After Emergency Department Discharge. <i>Annals of Emergency Medicine</i> , 2015 , 66, 483-492.e5	2.1	16
37	National trends in resource utilization associated with ED visits for syncope. <i>American Journal of Emergency Medicine</i> , 2015 , 33, 998-1001	2.9	61
36	Emergency Physicians' Perceptions and Decision-making Processes Regarding Patients Presenting with Palpitations. <i>Journal of Emergency Medicine</i> , 2015 , 49, 236-43.e2	1.5	6
35	Predictors of admission after emergency department discharge in older adults. <i>Journal of the American Geriatrics Society</i> , 2015 , 63, 39-45	5.6	23
34	National cost savings from observation unit management of syncope. <i>Academic Emergency Medicine</i> , 2015 , 22, 934-41	3.4	16
33	Are discharge prescriptions of opioids from the emergency department truly rising?. <i>Academic Emergency Medicine</i> , 2014 , 21, 946	3.4	3
32	Analysis of emergency department visits for palpitations (from the National Hospital Ambulatory Medical Care Survey). <i>American Journal of Cardiology</i> , 2014 , 113, 1685-90	3	26
31	Are echocardiography, telemetry, ambulatory electrocardiography monitoring, and cardiac enzymes in emergency department patients presenting with syncope useful tests? A preliminary investigation. <i>Journal of Emergency Medicine</i> , 2014 , 47, 113-8	1.5	43
30	Priorities for emergency department syncope research. <i>Annals of Emergency Medicine</i> , 2014 , 64, 649-55.e2	2.1	56
29	How can we improve management of syncope in the Emergency Department?. <i>Cardiology Journal</i> , 2014 , 21, 643-50	1.4	11
28	Emergency department crowding predicts admission length-of-stay but not mortality in a large health system. <i>Medical Care</i> , 2014 , 52, 602-11	3.1	45
27	Randomized clinical trial of an emergency department observation syncope protocol versus routine inpatient admission. <i>Annals of Emergency Medicine</i> , 2014 , 64, 167-75	2.1	71
26	Effect of emergency department crowding on outcomes of admitted patients. <i>Annals of Emergency Medicine</i> , 2013 , 61, 605-611.e6	2.1	374
25	Quality-of-life, health service use, and costs associated with syncope. <i>Progress in Cardiovascular Diseases</i> , 2013 , 55, 370-5	8.5	48
24	Incidence, etiology and predictors of adverse outcomes in 43,315 patients presenting to the Emergency Department with syncope: an international meta-analysis. <i>International Journal of Cardiology</i> , 2013 , 167, 57-62	3.2	67
23	Qualitative factors in patients who die shortly after emergency department discharge. <i>Academic Emergency Medicine</i> , 2013 , 20, 778-85	3.4	15
22	Patterns and preexisting risk factors of 30-day mortality after a primary discharge diagnosis of syncope or near syncope. <i>Academic Emergency Medicine</i> , 2012 , 19, 488-96	3.4	15

21	Standardized reporting guidelines for emergency department syncope risk-stratification research. <i>Academic Emergency Medicine</i> , 2012 , 19, 694-702	3.4	60
20	A conceptual model for assessing quality of care for patients boarding in the emergency department: structure-process-outcome. <i>Academic Emergency Medicine</i> , 2011 , 18, 430-5	3.4	21
19	Patterns and predictors of short-term death after emergency department discharge. <i>Annals of Emergency Medicine</i> , 2011 , 58, 551-558.e2	2.1	42
18	Hospital determinants of emergency department left without being seen rates. <i>Annals of Emergency Medicine</i> , 2011 , 58, 24-32.e3	2.1	71
17	Impact of a kiosk educational module on HIV screening rates and patient knowledge. <i>Journal of Telemedicine and Telecare</i> , 2011 , 17, 446-50	6.8	9
16	Effect of an education kiosk on patient knowledge about rapid HIV screening. <i>Journal of Telemedicine and Telecare</i> , 2010 , 16, 158-61	6.8	12
15	Predictors of short-term (seven-day) cardiac outcomes after emergency department visit for syncope. <i>American Journal of Cardiology</i> , 2010 , 105, 82-6	3	23
14	Predictors of 30-day serious events in older patients with syncope. <i>Annals of Emergency Medicine</i> , 2009 , 54, 769-778.e1-5	2.1	74
13	Low diagnostic yield of electrocardiogram testing in younger patients with syncope. <i>Annals of Emergency Medicine</i> , 2008 , 51, 240-6, 246.e1	2.1	10
12	External validation of the San Francisco Syncope Rule. <i>Annals of Emergency Medicine</i> , 2007 , 49, 420-7, 427.e1-4	2.1	85
11	Older age predicts short-term, serious events after syncope. <i>Journal of the American Geriatrics Society</i> , 2007 , 55, 907-12	5.6	25
10	Characteristics and temporal trends of "left before being seen" visits in US emergency departments, 1995-2002. <i>Journal of Emergency Medicine</i> , 2007 , 32, 211-5	1.5	30
9	Effects of hospital closures and hospital characteristics on emergency department ambulance diversion, Los Angeles County, 1998 to 2004. <i>Annals of Emergency Medicine</i> , 2006 , 47, 309-16	2.1	60
8	Direct medical costs of syncope-related hospitalizations in the United States. <i>American Journal of Cardiology</i> , 2005 , 95, 668-71	3	217
7	Inconsistent electrocardiographic testing for syncope in United States emergency departments. <i>American Journal of Cardiology</i> , 2004 , 93, 1306-8	3	18
6	Characteristics and admission patterns of patients presenting with syncope to U.S. emergency departments, 1992-2000. <i>Academic Emergency Medicine</i> , 2004 , 11, 1029-34	3.4	64
5	A patient education intervention does not improve satisfaction with emergency care. <i>Annals of Emergency Medicine</i> , 2004 , 44, 378-83	2.1	26
4	Characteristics and Admission Patterns of Patients Presenting with Syncope to U.S. Emergency Departments, 1992-2000. <i>Academic Emergency Medicine</i> , 2004 , 11, 1029-1034	3.4	100

3	Predictors and outcomes of frequent emergency department users. <i>Academic Emergency Medicine</i> , 2003 , 10, 320-8	3.4	196
2	Surprising Predictors of Patient Satisfaction. <i>Emergency Medicine News</i> , 2002 , 24, 3	0.1	
1	Validating a model of patient satisfaction with emergency care. <i>Annals of Emergency Medicine</i> , 2001 , 38, 527-32	2.1	66
