#	Paper	IF	Citations
156	Comment on: Measuring the impacts of the Using Antibiotics Wisely campaign on Canadian community utilization of oral antibiotics for respiratory tract infections: a time-series analysis from 2015 to 2019.. <i>Journal of Antimicrobial Chemotherapy</i> , 2022 ,	5.1	0
155	Considering Value in Prescribing and Deprescribing for Older Adults.. <i>JAMA Network Open</i> , 2022 , 5, e214860	4.6	0
154	Inappropriate use of clinical practices in Canada: a systematic review.. <i>Cmaj</i> , 2022 , 194, E279-E296	3.5	2
153	Less is more, now more than ever. <i>BMJ Quality and Safety</i> , 2021 , 30, 56-58	5.4	3
152	Reducing unnecessary red blood cell transfusion in hospitalised patients. <i>BMJ, The</i> , 2021 , 373, n830	5.9	1
151	Aligning continuing professional development with quality improvement. <i>Cmaj</i> , 2021 , 193, E647-E648	3.5	2
150	Cost of contact: redesigning healthcare in the age of COVID. <i>BMJ Quality and Safety</i> , 2021 , 30, 236-239	5.4	11
149	Association of Low-Value Testing With Subsequent Health Care Use and Clinical Outcomes Among Low-risk Primary Care Outpatients Undergoing an Annual Health Examination. <i>JAMA Internal Medicine</i> , 2020 , 180, 973-983	11.5	17
148	De-implementing wisely: developing the evidence base to reduce low-value care. <i>BMJ Quality and Safety</i> , 2020 , 29, 409-417	5.4	37
147	Choosing Wisely: Clinicians as Agents for Change 2020 , 141-159		
146	Reframing Resource Stewardship and Sustainability as Professionalism: What Can Efforts for a Net-Zero Health System Learn from Choosing Wisely Campaigns?. <i>HealthcarePapers</i> , 2020 , 19, 35-40	0.7	
145	Inappropriateness of health care in Canada: a systematic review protocol. <i>Systematic Reviews</i> , 2019 , 8, 50	3	6
144	Measuring the frequency and variation of unnecessary care across Canada. <i>BMC Health Services Research</i> , 2019 , 19, 446	2.9	10
143	Reducing overuse in healthcare: advancing Choosing Wisely. <i>BMJ, The</i> , 2019 , 367, l6317	5.9	19
142	Use of Routine Bloodwork on General Internal Medicine Inpatients: A Retrospective Cohort Study. <i>Blood</i> , 2019 , 134, 56-56	2.2	1
141	Choosing Wisely campaigns globally: A shared approach to tackling the problem of overuse in healthcare. <i>Journal of General and Family Medicine</i> , 2019 , 20, 9-12	1	22
140	Choosing Wisely Culture among Brazilian cardiologists. <i>International Journal for Quality in Health Care</i> , 2018 , 30, 437-442	1.9	0

139	Choosing Wisely Campaigns: A Work in Progress. <i>JAMA - Journal of the American Medical Association</i> , 2018 , 319, 1975-1976	27.4	67
138	Choosing Wisely in primary care: Moving from recommendations to implementation. <i>Canadian Family Physician</i> , 2018 , 64, 336-338	0.9	4
137	Letter in response to: "CJEM Debate Series: #ChoosingWisely - The Choosing Wisely campaign will not impact physician behaviour and choices". <i>Canadian Journal of Emergency Medicine</i> , 2018 , 20, 1	0.6	0
136	Physician Characteristics Associated With Ordering 4 Low-Value Screening Tests in Primary Care. <i>JAMA Network Open</i> , 2018 , 1, e183506	10.4	10
135	Routine use of chest x-ray for low-risk patients undergoing a periodic health examination: a retrospective cohort study. <i>CMAJ Open</i> , 2018 , 6, E322-E329	2.5	4
134	Disclosing Adverse Events to Patients: International Norms and Trends. <i>Journal of Patient Safety</i> , 2017 , 13, 43-49	1.9	41
133	Is It Time to Retire?. <i>JAMA - Journal of the American Medical Association</i> , 2017 , 317, 1570-1571	27.4	3
132	Is There a Conflict of Interest?. <i>JAMA - Journal of the American Medical Association</i> , 2017 , 317, 1796-1797	27.4	1
131	Engaging patients and the public in Choosing Wisely. <i>BMJ Quality and Safety</i> , 2017 , 26, 687-691	5.4	32
130	Frequency of and variation in low-value care in primary care: a retrospective cohort study. <i>CMAJ Open</i> , 2017 , 5, E45-E51	2.5	15
129	Response to Choosing Wisely should bring the cost of unnecessary care back into the discussion. Choosing Wisely: a growing international campaign. <i>BMJ Quality and Safety</i> , 2017 , 26, 777-778	5.4	1
128	Learning Through Experience: Influence of Formal and Informal Training on Medical Error Disclosure Skills in Residents. <i>Journal of Graduate Medical Education</i> , 2017 , 9, 66-72	1.6	7
127	Choosing Wisely Canada Students and Trainees Advocating for Resource Stewardship (STARS) campaign: a descriptive evaluation. <i>CMAJ Open</i> , 2017 , 5, E864-E871	2.5	7
126	Electrocardiograms in Low-Risk Patients Undergoing an Annual Health Examination. <i>JAMA Internal Medicine</i> , 2017 , 177, 1326-1333	11.5	37
125	Disclosure of Medical Error. <i>JAMA - Journal of the American Medical Association</i> , 2016 , 316, 764-5	27.4	6
124	Professional Boundaries. <i>JAMA - Journal of the American Medical Association</i> , 2016 , 316, 1706-1707	27.4	1
123	A survey of primary care patients' readiness to engage in the de-adoption practices recommended by Choosing Wisely Canada. <i>BMC Research Notes</i> , 2016 , 9, 301	2.3	30
122	Women in Academic Medicine Leadership: Has Anything Changed in 25 Years?. <i>Academic Medicine</i> , 2016 , 91, 1053-6	3.9	87

121	Recognizing Quality Improvement and Patient Safety Activities in Academic Promotion in Departments of Medicine: Innovative Language in Promotion Criteria. <i>American Journal of Medicine</i> , 2016 , 129, 540-6	2.4	11
120	Preoperative Laboratory Investigations: Rates and Variability Prior to Low-risk Surgical Procedures. <i>Anesthesiology</i> , 2016 , 124, 804-14	4.3	29
119	Medical Student Mistreatment. <i>JAMA - Journal of the American Medical Association</i> , 2016 , 316, 2263-2264	7.4	6
118	Choosing Wisely for Medical Education: Six Things Medical Students and Trainees Should Question. <i>Academic Medicine</i> , 2016 , 91, 1374-1378	3.9	15
117	When More is Not Always Better: Choosing Nursing Interventions Wisely. <i>Canadian Journal of Nursing Leadership</i> , 2016 , 29, 8-9	1	3
116	Choosing Wisely: a growing international campaign. <i>BMJ Quality and Safety</i> , 2015 , 24, 167-74	5.4	293
115	Measuring the effect of Choosing Wisely: an integrated framework to assess campaign impact on low-value care. <i>BMJ Quality and Safety</i> , 2015 , 24, 523-31	5.4	95
114	Capturing the experiences of patients across multiple complex interventions: a meta-qualitative approach. <i>BMJ Open</i> , 2015 , 5, e007664	3	15
113	Readiness of hospital-based internists to embrace and discuss high-value care with patients and family members: a single-centre cross-sectional survey study. <i>CMAJ Open</i> , 2015 , 3, E382-6	2.5	4
112	Preoperative testing before low-risk surgical procedures. <i>Cmaj</i> , 2015 , 187, E349-E358	3.5	44
111	Factors associated with poor mental health status among homeless women with and without dependent children. <i>Community Mental Health Journal</i> , 2014 , 50, 553-9	2.1	42
110	Engaging physicians and patients in conversations about unnecessary tests and procedures: Choosing Wisely Canada. <i>Cmaj</i> , 2014 , 186, 325-6	3.5	48
109	A systematic review of surgeon-patient communication: strengths and opportunities for improvement. <i>Patient Education and Counseling</i> , 2013 , 93, 3-17	3.1	81
108	The impact of leadership training programs on physicians in academic medical centers: a systematic review. <i>Academic Medicine</i> , 2013 , 88, 710-23	3.9	84
107	Talking with patients about other clinicians' errors. <i>New England Journal of Medicine</i> , 2013 , 369, 1752-7	59.2	51
106	High utilizers of emergency health services in a population-based cohort of homeless adults. <i>American Journal of Public Health</i> , 2013 , 103 Suppl 2, S302-10	5.1	75
105	Predictors of medical or surgical and psychiatric hospitalizations among a population-based cohort of homeless adults. <i>American Journal of Public Health</i> , 2013 , 103 Suppl 2, S380-8	5.1	11
104	Teaching medical error disclosure to physicians-in-training: a scoping review. <i>Academic Medicine</i> , 2013 , 88, 884-92	3.9	43

103	Sustaining quality improvement and patient safety training in graduate medical education: lessons from social theory. <i>Academic Medicine</i> , 2013 , 88, 1149-56	3.9	18
102	New elements for informed decision making: a qualitative study of older adults. <i>Patient Education and Counseling</i> , 2012 , 86, 335-41	3.1	38
101	Quality improvement in medical education: current state and future directions. <i>Medical Education</i> , 2012 , 46, 107-19	3.7	159
100	The role of quality improvement and patient safety in academic promotion: results of a survey of chairs of departments of internal medicine in North America. <i>American Journal of Medicine</i> , 2011 , 124, 277-80	2.4	11
99	Maintenance of certification: 20 years later. <i>American Journal of Medicine</i> , 2011 , 124, 180-5	2.4	24
98	How trainees would disclose medical errors: educational implications for training programmes. <i>Medical Education</i> , 2011 , 45, 372-80	3.7	43
97	Not overstepping professional boundaries: the challenging role of nurses in simulated error disclosures. <i>Journal of Nursing Care Quality</i> , 2011 , 26, 320-7	1.7	7
96	Patient-physician communication: it's about time. <i>JAMA - Journal of the American Medical Association</i> , 2011 , 305, 1802-3	27.4	50
95	Maintenance of certification in internal medicine: facts and misconceptions. <i>Archives of Internal Medicine</i> , 2011 , 171, 174-6		10
94	Informed decision-making in elective major vascular surgery: analysis of 145 surgeon-patient consultations. <i>Canadian Journal of Surgery</i> , 2011 , 54, 173-8	2	13
93	Universal health insurance and health care access for homeless persons. <i>American Journal of Public Health</i> , 2010 , 100, 1454-61	5.1	116
92	Clinical decisions. American Board of Internal Medicine maintenance of certification program. <i>New England Journal of Medicine</i> , 2010 , 362, 948-52	59.2	61
91	A behavioral and systems view of professionalism. <i>JAMA - Journal of the American Medical Association</i> , 2010 , 304, 2732-7	27.4	144
90	Developing physician communication skills for patient-centered care. <i>Health Affairs</i> , 2010 , 29, 1310-8	7	434
89	Teaching quality improvement and patient safety to trainees: a systematic review. <i>Academic Medicine</i> , 2010 , 85, 1425-39	3.9	309
88	Risk managers, physicians, and disclosure of harmful medical errors. <i>Joint Commission Journal on Quality and Patient Safety</i> , 2010 , 36, 101-8	1.4	25
87	Perspectives of family physicians on computer-assisted health-risk assessments. <i>Journal of Medical Internet Research</i> , 2010 , 12, e12	7.6	11
86	Shared medical regulation in a time of increasing calls for accountability and transparency: comparison of recertification in the United States, Canada, and the United Kingdom. <i>JAMA - Journal of the American Medical Association</i> , 2009 , 302, 2008-14	27.4	50

85	Skills of internal medicine residents in disclosing medical errors: a study using standardized patients. <i>Academic Medicine</i> , 2009 , 84, 1803-8	3.9	48
84	Disclosing errors that affect multiple patients. <i>Cmaj</i> , 2009 , 180, 1125-7	3.5	10
83	Clinicians in quality improvement: a new career pathway in academic medicine. <i>JAMA - Journal of the American Medical Association</i> , 2009 , 301, 766-8	27.4	58
82	Disclosing medical errors to patients: a challenge for health care professionals and institutions. <i>Patient Education and Counseling</i> , 2009 , 76, 296-9	3.1	28
81	Multidimensional social support and the health of homeless individuals. <i>Journal of Urban Health</i> , 2009 , 86, 791-803	5.8	103
80	Computer-assisted screening for intimate partner violence and control: a randomized trial. <i>Annals of Internal Medicine</i> , 2009 , 151, 93-102	8	62
79	Disclosing medical errors: we're halfway there. <i>JAMA Pediatrics</i> , 2008 , 162, 991-2		4
78	The effect of traumatic brain injury on the health of homeless people. <i>Cmaj</i> , 2008 , 179, 779-84	3.5	113
77	Do patients' communication behaviors provide insight into their preferences for participation in decision making?. <i>Medical Decision Making</i> , 2008 , 28, 385-93	2.5	27
76	The attitudes and experiences of trainees regarding disclosing medical errors to patients. <i>Academic Medicine</i> , 2008 , 83, 250-6	3.9	114
75	"Surgery is certainly one good option": quality and time-efficiency of informed decision-making in surgery. <i>Journal of Bone and Joint Surgery - Series A</i> , 2008 , 90, 1830-8	5.6	102
74	Older patients' unexpressed concerns about orthopaedic surgery. <i>Journal of Bone and Joint Surgery - Series A</i> , 2008 , 90, 1427-35	5.6	40
73	"It's not what you say ...": racial disparities in communication between orthopedic surgeons and patients. <i>Medical Care</i> , 2008 , 46, 410-6	3.1	68
72	Disclosing medical errors to patients: a status report in 2007. <i>Cmaj</i> , 2007 , 177, 265-7	3.5	26
71	Strategic planning in a complex academic environment: lessons from one academic health center. <i>Academic Medicine</i> , 2007 , 82, 806-11	3.9	15
70	Disclosing harmful medical errors to patients. <i>New England Journal of Medicine</i> , 2007 , 356, 2713-9	59.2	287
69	"You're not a victim of domestic violence, are you?" Provider patient communication about domestic violence. <i>Annals of Internal Medicine</i> , 2007 , 147, 620-7	8	89
68	The emotional impact of medical errors on practicing physicians in the United States and Canada. <i>Joint Commission Journal on Quality and Patient Safety</i> , 2007 , 33, 467-76	1.4	249

67	Factors influencing perioperative nurses' error reporting preferences. <i>AORN Journal</i> , 2007 , 85, 527-43	0.6	23
66	A study of sexuality and health among older adults in the United States. <i>New England Journal of Medicine</i> , 2007 , 357, 762-74	59.2	1480
65	Violence involving intimate partners: prevalence in Canadian family practice. <i>Canadian Family Physician</i> , 2007 , 53, 461-8, 460	0.9	8
64	Disclosing Unanticipated Outcomes to Patients. <i>Journal of Patient Safety</i> , 2007 , 3, 158-165	1.9	32
63	Error or "act of God"? A study of patients' and operating room team members' perceptions of error definition, reporting, and disclosure. <i>Surgery</i> , 2006 , 139, 6-14	3.6	71
62	Choosing your words carefully: how physicians would disclose harmful medical errors to patients. <i>Archives of Internal Medicine</i> , 2006 , 166, 1585-93		165
61	Lowering the threshold for discussions of domestic violence: a randomized controlled trial of computer screening. <i>Archives of Internal Medicine</i> , 2006 , 166, 1107-14		81
60	Creative professional activity: an additional platform for promotion of faculty. <i>Academic Medicine</i> , 2006 , 81, 568-70	3.9	16
59	US and Canadian physicians' attitudes and experiences regarding disclosing errors to patients. <i>Archives of Internal Medicine</i> , 2006 , 166, 1605-11		158
58	How much do surgeons like their patients?. <i>Patient Education and Counseling</i> , 2006 , 61, 429-34	3.1	19
57	Teaching the psychosocial aspects of care in the clinical setting: practical recommendations. <i>Academic Medicine</i> , 2005 , 80, 8-20	3.9	53
56	Not all patients want to participate in decision making. A national study of public preferences. <i>Journal of General Internal Medicine</i> , 2005 , 20, 531-5	4	780
55	How surgeons disclose medical errors to patients: a study using standardized patients. <i>Surgery</i> , 2005 , 138, 851-8	3.6	103
54	The effect of physician disclosure of financial incentives on trust. <i>Archives of Internal Medicine</i> , 2005 , 165, 625-30		18
53	Disclosing harmful medical errors to patients: a time for professional action. <i>Archives of Internal Medicine</i> , 2005 , 165, 1819-24		60
52	What do physicians tell patients about themselves? A qualitative analysis of physician self-disclosure. <i>Journal of General Internal Medicine</i> , 2004 , 19, 911-6	4	39
51	The future of general internal medicine. Report and recommendations from the Society of General Internal Medicine (SGIM) Task Force on the Domain of General Internal Medicine. <i>Journal of General Internal Medicine</i> , 2004 , 19, 69-77	4	83
50	Is physician self-disclosure related to patient evaluation of office visits?. <i>Journal of General Internal Medicine</i> , 2004 , 19, 905-10	4	61

49	When most doctors are women: what lies ahead?. <i>Annals of Internal Medicine</i> , 2004 , 141, 471-4	8	99
48	Patients and physicians attitudes regarding the disclosure of medical errors. <i>JAMA - Journal of the American Medical Association</i> , 2003 , 289, 1001-7	27.4	597
47	Interventions for intimate partner violence against women: clinical applications. <i>JAMA - Journal of the American Medical Association</i> , 2003 , 289, 601-5	27.4	66
46	Synthesis of scientific disciplines in pursuit of health: the Interactive Biopsychosocial Model. <i>Perspectives in Biology and Medicine</i> , 2003 , 46, S74-86	1.5	98
45	Evaluating surgeons informed decision making skills: pilot test using a videoconferenced standardised patient. <i>Medical Education</i> , 2003 , 37, 1094-9	3.7	12
44	"Between me and the computer": increased detection of intimate partner violence using a computer questionnaire. <i>Annals of Emergency Medicine</i> , 2002 , 40, 476-84	2.1	167
43	What is an academic general internist? Career options and training pathways. <i>JAMA - Journal of the American Medical Association</i> , 2002 , 288, 2045-8	27.4	23
42	Effects of physician experience on costs and outcomes on an academic general medicine service: results of a trial of hospitalists. <i>Annals of Internal Medicine</i> , 2002 , 137, 866-74	8	240
41	Surgeons tone of voice: a clue to malpractice history. <i>Surgery</i> , 2002 , 132, 5-9	3.6	327
40	Patient-physician communication as organizational innovation in the managed care setting. <i>American Journal of Managed Care</i> , 2002 , 8, 622-30	2.1	7
39	To change or not to change: "Sounds like you have a dilemma". <i>Annals of Internal Medicine</i> , 2001 , 135, 386-91	8	22
38	Impact of interpreter services on delivery of health care to limited-English-proficient patients. <i>Journal of General Internal Medicine</i> , 2001 , 16, 468-74	4	238
37	Better health while you wait: a controlled trial of a computer-based intervention for screening and health promotion in the emergency department. <i>Annals of Emergency Medicine</i> , 2001 , 37, 284-91	2.1	126
36	Paid not to refer?. <i>Journal of General Internal Medicine</i> , 2001 , 16, 209-10	4	4
35	Medical mistakes: a workshop on personal perspectives. <i>Oncologist</i> , 2001 , 6, 92-9	5.7	40
34	Improving communication with patients. <i>Hospital Practice (1995)</i> , 2000 , 35, 113-4, 117-20; discussion 120, 123	2.2	3
33	Integrating clinician-educators into Academic Medical Centers: challenges and potential solutions. <i>Academic Medicine</i> , 2000 , 75, 906-12	3.9	109
32	A study of patient clues and physician responses in primary care and surgical settings. <i>JAMA - Journal of the American Medical Association</i> , 2000 , 284, 1021-7	27.4	415

31	Informed decision making in outpatient practice: time to get back to basics. <i>JAMA - Journal of the American Medical Association</i> , 1999 , 282, 2313-20	27.4	808
30	Mission critical--integrating clinician-educators into academic medical centers. <i>New England Journal of Medicine</i> , 1999 , 341, 840-3	59.2	100
29	Medical Malpractice and Its Consequences: Does Physician Gender Play a Role?. <i>Journal of Gender Culture and Health</i> , 1999 , 4, 201-214		5
28	Effect of clinician communication skills training on patient satisfaction. A randomized, controlled trial. <i>Annals of Internal Medicine</i> , 1999 , 131, 822-9	8	203
27	Communication between surgeons and patients in routine office visits. <i>Surgery</i> , 1999 , 125, 127-134	3.6	96
26	Resolving disagreements in the patient-physician relationship: tools for improving communication in managed care. <i>JAMA - Journal of the American Medical Association</i> , 1999 , 282, 1477-83	27.4	31
25	Aggression and violence directed toward physicians. <i>Journal of General Internal Medicine</i> , 1998 , 13, 556-61	4	27
24	Clinician-educators in academic medical centers: a two-part challenge. <i>Annals of Internal Medicine</i> , 1998 , 129, 59-64	8	47
23	Physician-Patient CommunicationThe Relationship With Malpractice Claims Among Primary Care Physicians and Surgeons. <i>JAMA - Journal of the American Medical Association</i> , 1997 , 277, 553	27.4	860
22	How Doctors and Patients Discuss Routine Clinical Decisions: Informed Decision Making in the Outpatient Setting. <i>Journal of General Internal Medicine</i> , 1997 , 12, 339-345	4	6
21	Wrapping things up: a qualitative analysis of the closing moments of the medical visit. <i>Patient Education and Counseling</i> , 1997 , 30, 155-65	3.1	33
20	The clinician-educator--present and future roles. <i>Journal of General Internal Medicine</i> , 1997 , 12 Suppl 2, S1-4	4	39
19	How doctors and patients discuss routine clinical decisions. Informed decision making in the outpatient setting. <i>Journal of General Internal Medicine</i> , 1997 , 12, 339-45	4	242
18	Doctor-patient communication and medical malpractice: implications for pediatricians. <i>Pediatric Annals</i> , 1997 , 26, 186-93	1.3	24
17	Physicians' psychosocial beliefs correlate with their patient communication skills. <i>Journal of General Internal Medicine</i> , 1995 , 10, 375-9	4	140
16	Work may be good medicine. <i>Lancet, The</i> , 1995 , 345, 140-1	40	2
15	Physician-Patient Communication. <i>JAMA - Journal of the American Medical Association</i> , 1994 , 272, 1619	27.4	148
14	"Oh, by the way ...": the closing moments of the medical visit. <i>Journal of General Internal Medicine</i> , 1994 , 9, 24-8	4	109

13	Physician frustration in communicating with patients. <i>Medical Care</i> , 1993 , 31, 285-95	3.1	104
12	Part-time faculty in academic medicine: present status and future challenges. <i>Annals of Internal Medicine</i> , 1993 , 119, 220-5	8	48
11	Mining for gold. <i>Journal of General Internal Medicine</i> , 1993 , 8, 172-172	4	6
10	The effects of two continuing medical education programs on communication skills of practicing primary care physicians. <i>Journal of General Internal Medicine</i> , 1993 , 8, 318-24	4	249
9	The heart of darkness: the impact of perceived mistakes on physicians. <i>Journal of General Internal Medicine</i> , 1992 , 7, 424-31	4	264
8	Sex and the teacher-learner relationship in medicine. <i>Journal of General Internal Medicine</i> , 1992 , 7, 443-8		12
7	House staff attitudes toward psychosocial aspects of patient care. <i>Teaching and Learning in Medicine</i> , 1990 , 2, 89-94	3.4
