| # | Article                                                                                                                                                                           | IF  | CITATIONS |
|---|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1 | Convolution integral for fractional diffusion equation. Chaos, Solitons and Fractals, 2022, 155, 111728.                                                                          | 5.1 | 1         |
| 2 | Application of fractal geometry to describe reservoirs with complex structures. Communications in Nonlinear Science and Numerical Simulation, 2020, 82, 105068.                   | 3.3 | 9         |
| 3 | Fractal-fractional modelling of partially penetrating wells. Chaos, Solitons and Fractals, 2019, 119, 135-142.                                                                    | 5.1 | 10        |
| 4 | Fractional-calculus-based formulation of the fractured wells in fractal radial composite reservoirs.<br>Environmental Earth Sciences, 2016, 75, 1.                                | 2.7 | 7         |
| 5 | Analytical Solution of Fractional Order Diffusivity Equation With Wellbore Storage and Skin Effects.<br>Journal of Computational and Nonlinear Dynamics, 2016, 11, .              | 1.2 | 12        |
| 6 | Pressure responses of a vertically hydraulic fractured well in a reservoir with fractal structure.<br>Applied Mathematics and Computation, 2015, 257, 374-380.                    | 2.2 | 28        |
| 7 | Investigation of the fractional diffusion equation based on generalized integral quadrature<br>technique. Applied Mathematical Modelling, 2015, 39, 86-98.                        | 4.2 | 24        |
| 8 | Analysis of radial composite systems based on fractal theory and fractional calculus. Signal Processing, 2015, 107, 378-388.                                                      | 3.7 | 24        |
| 9 | Analysis of diffusion process in fractured reservoirs using fractional derivative approach.<br>Communications in Nonlinear Science and Numerical Simulation, 2014, 19, 3161-3170. | 3.3 | 33        |
