Version: 2024-04-26

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
50	Modulations on inflammatory and humoral immune responses to oxidized LDL and apolipoprotein B-100 epitope before and after coronary angioplasty. <i>Hellenic Journal of Cardiology</i> , 2021 , 62, 250-252	2.1	
49	The association between low lean mass and osteoporosis increases the risk of weakness, poor physical performance and frailty in Brazilian older adults: data from SARCOS study. <i>European Journal of Clinical Nutrition</i> , 2021 , 75, 446-455	5.2	2
48	Ticagrelor vs Clopidogrel After Fibrinolytic Therapy in Patients With ST-Elevation Myocardial Infarction: A Randomized Clinical Trial. <i>JAMA Cardiology</i> , 2018 , 3, 391-399	16.2	49
47	Neuromuscular electrical stimulation improves exercise tolerance in patients with advanced heart failure on continuous intravenous inotropic support use-randomized controlled trial. <i>Clinical Rehabilitation</i> , 2018 , 32, 66-74	3.3	9
46	Development of bioanalytical assays for variegins, a peptide-based bivalent direct thrombin inhibitor. <i>Bioanalysis</i> , 2017 , 9, 693-705	2.1	2
45	P2Y receptor inhibition with prasugrel and ticagrelor in STEMI patients after fibrinolytic therapy: Analysis from the SAMPA randomized trial. <i>International Journal of Cardiology</i> , 2017 , 230, 204-208	3.2	10
44	Diagnostic and prognostic value of right ventricular strain in patients with pulmonary arterial hypertension and relatively preserved functional capacity studied with echocardiography and magnetic resonance. <i>International Journal of Cardiovascular Imaging</i> , 2017 , 33, 39-46	2.5	23
43	SAVEME (Myocardial Salvage After Rescue Angioplasty: Evaluation by Magnetic Resonance) Study: Rationale and Study Design. <i>Revista Brasileira De Cardiologia Invasiva (English Edition)</i> , 2016 , 24, 9-13		
42	A Cycle Ergometer Exercise Program Improves Exercise Capacity and Inspiratory Muscle Function in Hospitalized Patients Awaiting Heart Transplantation: a Pilot Study. <i>Brazilian Journal of Cardiovascular Surgery</i> , 2016 , 31, 389-395	1.1	6
41	Exercise-Induced Abnormal Increase of Systolic Pulmonary Artery Pressure in Adult Patients With Sickle Cell Anemia: An Exercise Stress Echocardiography Study. <i>Echocardiography</i> , 2016 , 33, 1880-1890	1.5	9
40	Abnormal heart rate recovery and deficient chronotropic response after submaximal exercise in young Marfan syndrome patients. <i>Cardiology in the Young</i> , 2016 , 26, 1274-81	1	4
39	Impact of a pharmacoinvasive strategy when delays to primary PCI are prolonged. <i>Heart</i> , 2015 , 101, 692-8.1	8.1	16
38	Evaluation of guidewire artifact subtraction in quantitative and tissue analysis with intracoronary ultrasound and iMAPTM technology in patients presenting with acute coronary syndrome: an iWonder study subanalysis. <i>Revista Brasileira De Cardiologia Invasiva (English Edition)</i> , 2015 , 23, 52-57		
37	Avaliação da subtração do artefato do fio-guia na análise quantitativa e tecidual com ultrassom intracoronário e tecnologia iMAP em pacientes com síndrome coronária aguda: subanálise do estudo iWonder. <i>Revista Brasileira De Cardiologia Invasiva</i> , 2015 , 23, 52-57		
36	Training Program for Cardiology Residents to Perform Focused Cardiac Ultrasound Examination with Portable Device. <i>Echocardiography</i> , 2015 , 32, 1455-62	1.5	11
35	Subcutaneous adipose tissue plays a beneficial effect on subclinical atherosclerosis in young survivors of acute lymphocytic leukemia. <i>Vascular Health and Risk Management</i> , 2015 , 11, 479-88	4.4	7
34	Clinical use of the volume-time curve for endotracheal tube cuff management. <i>Respiratory Care</i> , 2014 , 59, 1628-35	2.1	5

33	The dysfunction of ammonia in heart failure increases with an increase in the intensity of resistance exercise, even with the use of appropriate drug therapy. <i>European Journal of Preventive Cardiology</i> , 2014 , 21, 135-44	3.9	4
32	Fibrinolysis or primary PCI in ST-segment elevation myocardial infarction. <i>New England Journal of Medicine</i> , 2013 , 368, 1379-87	59.2	44 ⁸
31	Reinfarction after percutaneous coronary intervention or medical management using the universal definition in patients with total occlusion after myocardial infarction: results from long-term follow-up of the Occluded Artery Trial (OAT) cohort. <i>American Heart Journal</i> , 2012 , 163, 563-71	4.9	32
30	Effect of a physical exercise program in a patient with Marfan syndrome and ventricular dysfunction. <i>Arquivos Brasileiros De Cardiologia</i> , 2012 , 98, e70-3	1.2	4
29	Volume-time curve: an alternative for endotracheal tube cuff management. <i>Respiratory Care</i> , 2012 , 57, 2039-44	2.1	12
28	Long-term effects of percutaneous coronary intervention of the totally occluded infarct-related artery in the subacute phase after myocardial infarction. <i>Circulation</i> , 2011 , 124, 2320-8	16.7	26
27	Percutaneous mechanical assistance for the failing heart. <i>Journal of Interventional Cardiology</i> , 2010 , 23, 195-202	1.8	36
26	Safety and cardiovascular behavior during pulmonary function in patients with Marfan syndrome. <i>Clinical Genetics</i> , 2010 , 78, 57-65	4	4
25	Impact of collateral flow to the occluded infarct-related artery on clinical outcomes in patients with recent myocardial infarction: a report from the randomized occluded artery trial. <i>Circulation</i> , 2010 , 121, 2724-30	16.7	60
24	Electrophysiological effects of late percutaneous coronary intervention for infarct-related coronary artery occlusion: the Occluded Artery Trial-Electrophysiological Mechanisms (OAT-EP). <i>Circulation</i> , 2009 , 119, 779-87	16.7	17
23	High circulating autoantibodies against human oxidized low-density lipoprotein are related to stable and lower titers to unstable clinical situation. <i>Clinica Chimica Acta</i> , 2009 , 406, 113-8	6.2	24
22	Incremental shuttle and six-minute walking tests in the assessment of functional capacity in chronic heart failure. <i>Canadian Journal of Cardiology</i> , 2008 , 24, 131-5	3.8	69
21	Short-term transcutaneous electrical nerve stimulation after cardiac surgery: effect on pain, pulmonary function and electrical muscle activity. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2008 , 7, 539-43	1.8	27
20	Ventricular mass and electrocardiographic criteria of hypertrophy: evaluation of new score. <i>Arquivos Brasileiros De Cardiologia</i> , 2008 , 90, 227-31	1.2	9
19	Patent ductus arteriosus treatment in the premature newborn: clinical and surgical analysis. <i>Arquivos Brasileiros De Cardiologia</i> , 2008 , 90, 316-9	1.2	1
18	Quality of life of hypertensive patients treated at an outpatient clinic. <i>Arquivos Brasileiros De Cardiologia</i> , 2007 , 89, 245-50	1.2	16
17	Blood pressure measurement in children and adolescents: guidelines of high blood pressure recommendations and current clinical practice. <i>Arquivos Brasileiros De Cardiologia</i> , 2007 , 88, 491-5	1.2	13
16	Feasibility, safety and accuracy of dobutamine/atropine stress echocardiography for the detection of coronary artery disease in renal transplant candidates. <i>Arquivos Brasileiros De Cardiologia</i> , 2007 , 88, 45-51	1.2	20

15	Influence of pleurotomy on pulmonary function after off-pump coronary artery bypass grafting. <i>Annals of Thoracic Surgery</i> , 2007 , 84, 817-22	2.7	31
14	Coronary intervention for persistent occlusion after myocardial infarction. <i>New England Journal of Medicine</i> , 2006 , 355, 2395-407	59.2	505
13	Myocardial performance index in female rats with myocardial infarction: relationship with ventricular function parameters by Doppler echocardiography. <i>Journal of the American Society of Echocardiography</i> , 2005 , 18, 454-60	5.8	24
12	Serum albumin and clinical outcome in pediatric cardiac surgery. <i>Nutrition</i> , 2005 , 21, 553-8	4.8	68
11	Efeitos do local de inserção do dreno pleural na função pulmonar no pós-operatório de cirurgia de revascularização do miocárdio. <i>Brazilian Journal of Cardiovascular Surgery</i> , 2004 , 19, 47	1.1	4
10	Role of dobutamine-atropine stress echocardiography in prognostic evaluation of 300 women. <i>Echocardiography</i> , 2004 , 21, 113-8	1.5	4
9	Catheter-based transendocardial delivery of autologous bone-marrow-derived mononuclear cells in patients listed for heart transplantation. <i>Texas Heart Institute Journal</i> , 2004 , 31, 214-9	0.8	54
8	Vasoplegic syndrome after off-pump coronary artery bypass surgery. <i>European Journal of Cardio-thoracic Surgery</i> , 2003 , 23, 165-9	3	21
7	Transendocardial, autologous bone marrow cell transplantation for severe, chronic ischemic heart failure. <i>Circulation</i> , 2003 , 107, 2294-302	16.7	1079
6	Safety of dobutamine-atropine stress echocardiography: A prospective experience of 4,033 consecutive studies. <i>Journal of the American Society of Echocardiography</i> , 1999 , 12, 785-91	5.8	86
5	Importance of intraoperative transesophageal echocardiography during coronary artery surgery without cardiopulmonary bypass. <i>Journal of the American Society of Echocardiography</i> , 1998 , 11, 1139-44	5.8	48
4	Surgical treatment of acute type B aortic dissection using an endoprosthesis (elephant trunk). <i>Annals of Thoracic Surgery</i> , 1997 , 63, 1081-4	2.7	50
3	Successful use of deep hypothermic circulatory arrest in pregnancy. <i>Annals of Thoracic Surgery</i> , 1994 , 58, 1532-4	2.7	30
2	Physiologic multivalvular regurgitation during pregnancy: a longitudinal Doppler echocardiographic study. <i>International Journal of Cardiology</i> , 1993 , 40, 265-72	3.2	84
1	Symptomatic cardiac involvement in juvenile rheumatoid arthritis. <i>International Journal of Cardiology</i> , 1992 , 34, 57-62	3.2	69
