#	ARTICLE	IF	CITATIONS
1	Implementation structures at work. Exploring implementation and deimplementation attempts regarding Housing First and Individual Placement and Support. <i>Social Policy and Administration</i> , 2022, 56, 617-631.	2.1	2
2	Implementation of the Recovery Guide in inpatient mental health services in Sweden – A process evaluation study. <i>Health Expectations</i> , 2022, .	1.1	3
3	The Journey to My Student Identity: A Grounded Theory Study on Supported Education for Young Adults with Mental Health Problems. <i>Journal of Psychosocial Rehabilitation and Mental Health</i> , 2022, 9, 203-219.	0.4	1
4	Boosting the development of individual placement and support in Europe. <i>Epidemiology and Psychiatric Sciences</i> , 2022, 31, .	1.8	3
5	Experiences of sensory input in daily occupations for people with serious mental illness. <i>Scandinavian Journal of Occupational Therapy</i> , 2021, 28, 446-456.	1.1	12
6	Implementation of individual placement and support in a first-episode psychosis unit: A new way of working. <i>Social Policy and Administration</i> , 2021, 55, 51-64.	2.1	6
7	Integrating Interventions That Can Support a Career-Oriented Recovery for Young Adults: Building on the Supported Education Knowledge Base. <i>Journal of Psychosocial Rehabilitation and Mental Health</i> , 2021, 8, 35-60.	0.4	3
8	Vocational Outcomes of the Individual Placement and Support Model in Subgroups of Diagnoses, Substance Abuse, and Forensic Conditions: A Systematic Review and Analysis of Pooled Original Data. <i>Journal of Occupational Rehabilitation</i> , 2021, 31, 699-710.	1.2	11
9	Changes in rehabilitation actors' mental health literacy and support to employers: An evaluation of the SEAM intervention. <i>Work</i> , 2021, 69, 1053-1061.	0.6	2
10	Acceptability of a digital return-to-work intervention for common mental disorders: a qualitative study on service user perspectives. <i>BMC Psychiatry</i> , 2021, 21, 384.	1.1	9
11	Translation and validation of Assessment of Work Performance (AWP) into the Icelandic language and culture. <i>Work</i> , 2021, 69, 1305-1316.	0.6	0
12	A Systematic Review of Individual Placement and Support, Employment, and Personal and Clinical Recovery. <i>Psychiatric Services</i> , 2021, 72, 1040-1047.	1.1	15
13	Group leader and participant perceptions of Balancing Everyday Life, a group-based lifestyle intervention for mental health service users. <i>Scandinavian Journal of Occupational Therapy</i> , 2020, 27, 462-473.	1.1	13
14	Work identity development in young adults with mental health problems. <i>Scandinavian Journal of Occupational Therapy</i> , 2020, 27, 431-440.	1.1	14
15	Outcomes of the Active in My Home (AiMH) intervention for people with psychiatric disabilities in supported housing: A longitudinal pilot and feasibility study. <i>British Journal of Occupational Therapy</i> , 2020, 83, 6-14.	0.5	2
16	A day in the life of people with severe mental illness living in supported housing. <i>BMC Psychiatry</i> , 2020, 20, 508.	1.1	6
17	Navigating in a Misty Landscape – Perceptions of Supporting a Relative Residing in Supported Housing for People with a Psychiatric Disability. <i>Issues in Mental Health Nursing</i> , 2020, 41, 1038-1046.	0.6	1
18	An integrated mental health and vocational intervention: A longitudinal study on mental health changes among young adults. <i>Nursing Open</i> , 2020, 7, 1755-1765.	1.1	4

#	ARTICLE	IF	CITATIONS
19	Meaningful Activities and Recovery (MA&R): the effect of a novel rehabilitation intervention among persons with psychiatric disabilities on activity engagementâ€”study protocol for a randomized controlled trial. <i>Trials</i> , 2020, 21, 789.	0.7	13
20	Implementation of a novel return-to-work approach for persons with affective disorders in a traditional vocational rehabilitation context: a case study. <i>International Journal of Mental Health Systems</i> , 2020, 14, 22.	1.1	3
21	Supported Education in a Swedish Context â€” Opportunities and Challenges for Developing Career-Oriented Support for Young Adults with Mental Health Problems. <i>Scandinavian Journal of Disability Research</i> , 2020, 22, 1-11.	1.1	3
22	Role of a Digital Return-To-Work Solution for Individuals With Common Mental Disorders: Qualitative Study of the Perspectives of Three Stakeholder Groups. <i>JMIR Formative Research</i> , 2020, 4, e15625.	0.7	9
23	Breaking a cycle of perceived failure: The process of making changes toward a more balanced lifestyle. <i>Australian Occupational Therapy Journal</i> , 2019, 66, 627-636.	0.6	7
24	Employersâ€™ beliefs, knowledge and strategies used in providing support to employees with mental health problems. <i>Journal of Vocational Rehabilitation</i> , 2019, 51, 325-337.	0.5	22
25	Mental health literacy among vocational rehabilitation professionals and their perception of employers in the return-to-work process. <i>Journal of Vocational Rehabilitation</i> , 2019, 50, 157-169.	0.5	6
26	Implementation of evidence-based interventions: analyzing critical components for sustainability in community mental health services. <i>Social Work in Mental Health</i> , 2019, 17, 129-148.	0.7	18
27	Exploring the service and knowledge gap between rehabilitation professionals and employers in the return-to-work process of people with mental health problems in Sweden. <i>Work</i> , 2019, 64, 495-506.	0.6	5
28	Enabling the return-to-work process among people with affective disorders: A multiple-case study. <i>Scandinavian Journal of Occupational Therapy</i> , 2019, 26, 205-218.	1.1	16
29	Empowerment, self and engagement in day center occupations: A longitudinal study among people with long-term mental illness. <i>Scandinavian Journal of Occupational Therapy</i> , 2019, 26, 69-78.	1.1	7
30	What influences a sustainable implementation of evidence-based interventions in community mental health services? Development and pilot testing of a tool for mapping core components. <i>Journal of Mental Health</i> , 2018, 27, 395-401.	1.0	19
31	The effect of individual enabling and support on empowerment and depression severity in persons with affective disorders: outcome of a randomized control trial. <i>Nordic Journal of Psychiatry</i> , 2018, 72, 259-267.	0.7	16
32	Cost-effectiveness of supported employment adapted for people with affective disorders. <i>Nordic Journal of Psychiatry</i> , 2018, 72, 236-239.	0.7	9
33	Occupational engagement and cognitive functioning among persons with schizophrenia: an explorative study. <i>Scandinavian Journal of Occupational Therapy</i> , 2018, 25, 172-179.	1.1	12
34	Personal recovery within positive psychiatry. <i>Nordic Journal of Psychiatry</i> , 2018, 72, 420-430.	0.7	46
35	Critical factors for the return-to-work process among people with affective disorders: Voices from two vocational approaches. <i>Work</i> , 2018, 60, 221-234.	0.6	26
36	Critical Components in Implementing Evidence-based Practice: A Multiple Case Study of Individual Placement and Support for People with Psychiatric Disabilities. <i>Social Policy and Administration</i> , 2018, 52, 790-808.	2.1	19

#	ARTICLE	IF	CITATIONS
37	Complex Interventions and Interorganisational Relationships: Examining Core Implementation Components of Assertive Community Treatment. <i>International Journal of Integrated Care</i> , 2018, 18, 11.	0.1	10
38	How do Swedish day center attendees with psychiatric disabilities view their worker role? A structural equation modeling study. <i>Scandinavian Journal of Occupational Therapy</i> , 2018, 25, 203-212.	1.1	1
39	Policy Changes in Community Mental Health: Interventions and Strategies Used in Sweden over 20 Years. <i>Social Policy and Administration</i> , 2017, 51, 95-113.	2.1	22
40	French version of the profiles of occupational engagement in people with severe mental illness: Translation, adaptation, and validation. <i>International Journal of Mental Health</i> , 2017, 46, 346-357.	0.5	0
41	Staff ratings of occupational engagement among people with severe mental illness – psychometric properties of a screening tool in the day center context. <i>BMC Health Services Research</i> , 2017, 17, 338.	0.9	1
42	The linkage between patterns of daily occupations and occupational balance: Applications within occupational science and occupational therapy practice. <i>Scandinavian Journal of Occupational Therapy</i> , 2017, 24, 41-56.	1.1	87
43	The role of empowerment and quality of life in depression severity among unemployed people with affective disorders receiving mental healthcare. <i>Disability and Rehabilitation</i> , 2017, 39, 1807-1813.	0.9	26
44	Supported employment adapted for people with affective disorders – A randomized controlled trial. <i>Journal of Affective Disorders</i> , 2017, 207, 212-220.	2.0	59
45	Wellbeing, activity and housing satisfaction – comparing residents with psychiatric disabilities in supported housing and ordinary housing with support. <i>BMC Psychiatry</i> , 2017, 17, 315.	1.1	23
46	Individual Placement and Support is the keyhole: Employer experiences of supporting persons with mental illness. <i>Journal of Vocational Rehabilitation</i> , 2016, 44, 135-147.	0.5	14
47	Cognitive functioning and employment among people with schizophrenia in vocational rehabilitation. <i>Work</i> , 2016, 54, 735-744.	0.6	11
48	Exploring communication and interaction skills at work among participants in individual placement and support. <i>Scandinavian Journal of Occupational Therapy</i> , 2016, 23, 314-319.	1.1	12
49	Factors Influencing Occupational Engagement in Day Centers for People with Psychiatric Disabilities. <i>Community Mental Health Journal</i> , 2015, 51, 48-53.	1.1	12
50	Individual Placement and Support in Sweden – A randomized controlled trial. <i>Nordic Journal of Psychiatry</i> , 2015, 69, 57-66.	0.7	102
51	Rasch Analysis of the Profiles of Occupational Engagement in people with Severe mental illness (POES) instrument. <i>Health and Quality of Life Outcomes</i> , 2015, 13, 130.	1.0	19
52	Factors related to the return to work potential in persons with severe mental illness. <i>Scandinavian Journal of Occupational Therapy</i> , 2014, 21, 277-286.	1.1	31
53	Health Care Students – Attitudes towards People with Schizophrenia – A Survey of Eight University Training Programs. <i>Open Journal of Psychiatry</i> , 2014, 04, 309-316.	0.2	8
54	Experiences of the individual placement and support approach in persons with severe mental illness. <i>Scandinavian Journal of Caring Sciences</i> , 2013, 27, 589-596.	1.0	37

#	ARTICLE	IF	CITATIONS
