#	ARTICLE	IF	CITATIONS
1	Bi-directional associations between religious attendance and mental health: findings from a British birth cohort study. <i>Journal of Epidemiology and Community Health</i> , 2022, 76, 190-195.	2.0	1
2	Childhood correlates of adult positive mental well-being in three British longitudinal studies. <i>Journal of Epidemiology and Community Health</i> , 2021, 75, jech-2019-213709.	2.0	5
3	Exposure to multiple childhood social risk factors and adult body mass index trajectories from ages 20 to 64 years. <i>European Journal of Public Health</i> , 2021, 31, 385-390.	0.1	2
4	Work-Family Conflict and Work Exit in Later Career Stage. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2020, 75, 716-727.	2.4	12
5	Social relationship adversities throughout the lifecourse and risk of loneliness in later life. <i>Ageing and Society</i> , 2020, 40, 1718-1734.	1.2	20
6	Association Between Lifetime Affective Symptoms and Premature Mortality. <i>JAMA Psychiatry</i> , 2020, 77, 806.	6.0	20
7	Factors across life associated with remaining free from functional limitations despite lifelong exposure to socioeconomic adversity. <i>Journal of Epidemiology and Community Health</i> , 2019, 73, 529-536.	2.0	1
8	Linking local labour market conditions across the life course to retirement age: Pathways of health, employment status, occupational class and educational achievement, using 60 years of the 1946 British Birth Cohort. <i>Social Science and Medicine</i> , 2019, 226, 113-122.	1.8	7
9	Variations of health check attendance in later life: results from a British birth cohort study. <i>BMC Public Health</i> , 2019, 19, 1518.	1.2	4
10	Joint Trajectories of Spousal Social Support and Depressive Symptoms in Older Age. <i>Journal of Aging and Health</i> , 2019, 31, 760-782.	0.9	11
11	Work-family life course patterns and work participation in later life. <i>European Journal of Ageing</i> , 2019, 16, 83-94.	1.2	18
12	The Association Between Informal Caregiving and Exit From Employment Among Older Workers: Prospective Findings From the UK Household Longitudinal Study. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2018, 73, gbw156.	2.4	44
13	Occupational and educational inequalities in exit from employment at older ages: evidence from seven prospective cohorts. <i>Occupational and Environmental Medicine</i> , 2018, 75, 369-377.	1.3	55
14	Modeling Exposure to Multiple Childhood Social Risk Factors and Physical Capability and Common Affective Symptoms in Later Life. <i>Journal of Aging and Health</i> , 2018, 30, 386-407.	0.9	20
15	Assessing the relative importance of correlates of loneliness in later life. Gaining insight using recursive partitioning. <i>Ageing and Mental Health</i> , 2018, 22, 1486-1493.	1.5	7
16	Changes in autonomy, job demands and working hours after diagnosis of chronic disease: a comparison of employed and self-employed older persons using the English Longitudinal Study of Ageing (ELSA). <i>Journal of Epidemiology and Community Health</i> , 2018, 72, 951-957.	2.0	12
17	Adolescent affective symptoms and mortality. <i>British Journal of Psychiatry</i> , 2018, 213, 419-424.	1.7	16
18	Social connectedness and engagement in preventive health services: an analysis of data from a prospective cohort study. <i>Lancet Public Health</i> , The, 2018, 3, e438-e446.	4.7	48

#	ARTICLE	IF	CITATIONS
19	Expectations for future care provision in a population-based cohort of baby-boomers. <i>Maturitas</i> , 2018, 116, 116-122.	1.0	5
20	Social support from the closest person and sleep quality in later life: Evidence from a British birth cohort study. <i>Journal of Psychosomatic Research</i> , 2017, 98, 1-9.	1.2	48
21	Prospective associations of psychosocial adversity in childhood with risk factors for cardiovascular disease in adulthood: the MRC National Survey of Health and Development. <i>International Journal for Equity in Health</i> , 2017, 16, 170.	1.5	7
22	Childhood socioeconomic position and adult mental wellbeing: Evidence from four British birth cohort studies. <i>PLoS ONE</i> , 2017, 12, e0185798.	1.1	20
23	Physical and cognitive capability in mid-adulthood as determinants of retirement and extended working life in a British cohort study. <i>Scandinavian Journal of Work, Environment and Health</i> , 2017, 43, 15-23.	1.7	25
24	The MRC National Survey of Health and Development reaches age 70: maintaining participation at older ages in a birth cohort study. <i>European Journal of Epidemiology</i> , 2016, 31, 1135-1147.	2.5	126
25	Working conditions as predictors of retirement intentions and exit from paid employment: a 10-year follow-up of the English Longitudinal Study of Ageing. <i>European Journal of Ageing</i> , 2016, 13, 39-48.	1.2	100
26	Work-Family Life Courses and Subjective Wellbeing in the MRC National Survey of Health and Development (the 1946 British birth cohort study). <i>Journal of Population Ageing</i> , 2016, 9, 69-89.	0.8	29
27	Parent-child relationships and offspring's positive mental wellbeing from adolescence to early older age. <i>Journal of Positive Psychology</i> , 2016, 11, 326-337.	2.6	102
28	Work-Family Life Courses and Metabolic Markers in the MRC National Survey of Health and Development. <i>PLoS ONE</i> , 2016, 11, e0161923.	1.1	6
29	Childhood Environment and Mental Wellbeing at Age 60-64 Years: Prospective Evidence from the MRC National Survey of Health and Development. <i>PLoS ONE</i> , 2015, 10, e0126683.	1.1	25
30	Health trajectories in regeneration areas in England: the impact of the New Deal for Communities intervention. <i>Journal of Epidemiology and Community Health</i> , 2015, 69, 762-768.	2.0	24
31	De-standardization and gender convergence in work-family life courses in Great Britain: A multi-channel sequence analysis. <i>Advances in Life Course Research</i> , 2015, 26, 60-75.	0.8	68
32	Physical Activity and Mental Well-being in a Cohort Aged 60-64 Years. <i>American Journal of Preventive Medicine</i> , 2015, 49, 172-180.	1.6	48
33	Evaluating the health inequalities impact of area-based initiatives across the socioeconomic spectrum: a controlled intervention study of the New Deal for Communities, 2002-2008. <i>Journal of Epidemiology and Community Health</i> , 2014, 68, 979-986.	2.0	28
34	Physical capability and subsequent positive mental wellbeing in older people: findings from five HALCyon cohorts. <i>Age</i> , 2014, 36, 445-456.	3.0	25
35	Neighborhood socioeconomic deprivation, perceived neighborhood factors, and cortisol responses to induced stress among healthy adults. <i>Health and Place</i> , 2014, 27, 120-126.	1.5	65
36	Social isolation and diurnal cortisol patterns in an ageing cohort. <i>Psychoneuroendocrinology</i> , 2013, 38, 2737-2745.	1.3	35

#	ARTICLE	IF	CITATIONS
37	A life course approach to psychological and social wellbeing. , 2013, , 46-62.		3
38	Lifetime Socioeconomic Inequalities in Physical and Cognitive Aging. American Journal of Public Health, 2013, 103, 1641-1648.	1.5	90
39	Impact of ethnic density on adult mental disorders: narrative review. British Journal of Psychiatry, 2012, 201, 11-19.	1.7	136
40	Ethnic Density Effects on Physical Morbidity, Mortality, and Health Behaviors: A Systematic Review of the Literature. American Journal of Public Health, 2012, 102, e33-e66.	1.5	155
41	Examining the differential association between self-rated health and area deprivation among white British and ethnic minority people in England. Social Science and Medicine, 2012, 74, 616-624.	1.8	35
42	Composition, Concentration and Deprivation. Urban Studies, 2011, 48, 2771-2787.	2.2	91
43	Psychological Distress Among Immigrants and Visible Minorities in Canada: a Contextual Analysis. International Journal of Social Psychiatry, 2011, 57, 428-441.	1.6	70
44	The ethnic density effect on alcohol use among ethnic minority people in the UK. Journal of Epidemiology and Community Health, 2011, 65, 20-25.	2.0	37
45	Neighbourhood social environment and depressive symptoms in mid-life and beyond. Ageing and Society, 2011, 31, 893-910.	1.2	60
46	Positive and Negative Exchanges in Social Relationships as Predictors of Depression: Evidence From the English Longitudinal Study of Aging. Journal of Aging and Health, 2011, 23, 607-628.	0.9	77
47	Association of Diurnal Patterns in Salivary Cortisol with All-Cause and Cardiovascular Mortality: Findings from the Whitehall II Study. Journal of Clinical Endocrinology and Metabolism, 2011, 96, 1478-1485.	1.8	302
48	Deprivation and the Development of Obesity. American Journal of Preventive Medicine, 2010, 39, 130-139.	1.6	86
49	Racial Discrimination and Health: Exploring the Possible Protective Effects of Ethnic Density. , 2010, , 225-250.		20
50	Fear of racism, employment and expected organizational racism: their association with health. European Journal of Public Health, 2009, 19, 504-510.	0.1	18
51	Public Health and Fear of Crime: A Prospective Cohort Study. British Journal of Criminology, 2009, 49, 832-847.	1.5	138
52	Cortisol secretion and fatigue: Associations in a community based cohort. Psychoneuroendocrinology, 2009, 34, 1476-1485.	1.3	109
53	The buffering effects of ethnic density on experienced racism and health. Health and Place, 2009, 15, 700-708.	1.5	237
54	Monitoring inequalities in the National Chlamydia Screening Programme in England: added value of ACORN, a commercial geodemographic classification tool. Sexual Health, 2009, 6, 57.	0.4	13

#	ARTICLE	IF	CITATIONS
55	Neighbourhood social capital and common mental disorder: Testing the link in a general population sample. <i>Health and Place</i> , 2008, 14, 394-405.	1.5	113
56	Small area inequalities in health: Are we underestimating them?. <i>Social Science and Medicine</i> , 2008, 67, 891-899.	1.8	77
57	Neighbourhood characteristics and trajectories of health functioning: a multilevel prospective analysis. <i>European Journal of Public Health</i> , 2008, 18, 604-610.	0.1	52
58	Association Between Fear of Crime and Mental Health and Physical Functioning. <i>American Journal of Public Health</i> , 2007, 97, 2076-2081.	1.5	365
59	How do objective and subjective assessments of neighbourhood influence social and physical functioning in older age? Findings from a British survey of ageing. <i>Social Science and Medicine</i> , 2007, 64, 2533-2549.	1.8	196
60	Pathways to obesity: Identifying local, modifiable determinants of physical activity and diet. <i>Social Science and Medicine</i> , 2007, 65, 1882-1897.	1.8	155
61	Neighbourhood environment and its association with self rated health: evidence from Scotland and England. <i>Journal of Epidemiology and Community Health</i> , 2005, 59, 207-213.	2.0	189
62	The menopausal transition was associated in a prospective study with decreased health functioning in women who report menopausal symptoms. <i>Journal of Clinical Epidemiology</i> , 2005, 58, 719-727.	2.4	105
63	Places, People and Socio-Economic Differences in Health. , 2005, , 71-82.		0
64	Neighbourhoods and self rated health: a comparison of public sector employees in London and Helsinki. <i>Journal of Epidemiology and Community Health</i> , 2004, 58, 772-778.	2.0	55
