

Pernille Due

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/12123351/ernille-due-publications-by-year.pdf>

Version: 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

110 papers	5,711 citations	34 h-index	74 g-index
111 ext. papers	6,334 ext. citations	3.4 avg, IF	5.19 L-index

#	Paper	IF	Citations
110	Study Protocol for Evaluation of an Extended Maintenance Intervention on Life Satisfaction and BMI Among 7-14-Year-Old Children Following a Stay at a Residential Health Camp in Denmark.. <i>Frontiers in Public Health</i> , 2021 , 9, 733144	6	
109	Socio-economic differences in smoking among adolescents in a school-based smoking intervention: The X:IT II study. <i>Scandinavian Journal of Public Health</i> , 2021 , 49, 961-969	3	1
108	From questionnaire to practical application: A quality of life profile for populations with diverse disabilities. <i>Scandinavian Journal of Public Health</i> , 2021 , 1403494820981437	3	
107	Why Do Some Adolescents Manage Despite Parental Illness? Identifying Promotive Factors. <i>Journal of Adolescent Health</i> , 2021 , 69, 335-341	5.8	0
106	What characterizes schools and students participating in health promoting school-based intervention studies? Findings from the healthy high school study. <i>Preventive Medicine Reports</i> , 2021 , 23, 101491	2.6	1
105	Self-efficacy and social competence reduce socioeconomic inequality in emotional symptoms among schoolchildren. <i>European Journal of Public Health</i> , 2020 , 30, 80-85	2.1	3
104	Trends in social inequality in overweight and obesity among adolescents in Denmark 1998-2018. <i>International Journal of Public Health</i> , 2020 , 65, 607-616	4	7
103	Intake of sugar sweetened soft drinks among adolescents: Trends and social inequality in Denmark 2002-2018. <i>Nutrition and Health</i> , 2020 , 26, 3-8	2.1	4
102	Study protocol of the Healthy High School study: a school-based intervention to improve well-being among high school students in Denmark. <i>BMC Public Health</i> , 2020 , 20, 95	4.1	8
101	Trends in socioeconomic differences in daily smoking among 15-year-old Danes 1991-2014. <i>Scandinavian Journal of Public Health</i> , 2020 , 48, 667-673	3	5
100	Study protocol of the X:IT II - a school-based smoking preventive intervention. <i>BMC Public Health</i> , 2019 , 19, 497	4.1	8
99	Cross-country comparisons of trends in adolescent psychosomatic symptoms - a Rasch analysis of HBSC data from four Nordic countries. <i>Health and Quality of Life Outcomes</i> , 2019 , 17, 27	3	23
98	Persistent social inequality in medicine use for headache among adolescents in Denmark 1991-2014. <i>Research in Social and Administrative Pharmacy</i> , 2019 , 15, 465-468	2.9	1
97	Trends in high life satisfaction among adolescents in five Nordic countries 2002–2014. <i>Nordisk Velferdsforskning</i> , 2019 , 4, 54-66	0.8	10
96	Trends in excellent self-rated health among adolescents: A comparative Nordic study. <i>Nordisk Velferdsforskning</i> , 2019 , 4, 67-76	0.8	4
95	Towards enhancing research on adolescent positive mental health. <i>Nordisk Velferdsforskning</i> , 2019 , 4, 113-128	0.8	5
94	Evaluation of the smoking intervention X:IT after the second year: A randomized controlled trial. <i>Scandinavian Journal of Public Health</i> , 2019 , 47, 885-889	3	2

93	Implementation fidelity and adolescent smoking: The X:IT study-A school randomized smoking prevention trial. <i>Evaluation and Program Planning</i> , 2019 , 72, 24-32	1.7	6
92	Living with a disability: a qualitative study of associations between social relations, social participation and quality of life. <i>Disability and Rehabilitation</i> , 2019 , 41, 1275-1286	2.4	12
91	Increasing prevalence of emotional symptoms in higher socioeconomic strata: Trend study among Danish schoolchildren 1991-2014. <i>Scandinavian Journal of Public Health</i> , 2019 , 47, 690-694	3	6
90	Importance of implementation level when evaluating the effect of the Hi Five Intervention on infectious illness and illness-related absenteeism. <i>American Journal of Infection Control</i> , 2018 , 46, 512-519	3.8	1
89	Brief Report: Trends in Social Inequality in Drunkenness Among Danish Adolescents, 1991-2014. <i>Journal of Studies on Alcohol and Drugs</i> , 2018 , 79, 561-566	1.9	
88	Short report: persistent social inequality in poor self-rated health among adolescents in Denmark 1991-2014. <i>European Journal of Public Health</i> , 2018 , 28, 1114-1116	2.1	3
87	Conceptualization, operationalization, and content validity of the EQOL-questionnaire measuring quality of life and participation for persons with disabilities. <i>Health and Quality of Life Outcomes</i> , 2018 , 16, 199	3	3
86	Brief Report: Trends in Social Inequality in Drunkenness Among Danish Adolescents, 1991-2014. <i>Journal of Studies on Alcohol and Drugs</i> , 2018 , 79, 561-566	1.9	
85	Curricular activities and change in determinants of fruit and vegetable intake among adolescents: Results from the Boost intervention. <i>Preventive Medicine Reports</i> , 2017 , 5, 48-56	2.6	2
84	Adolescent Weight Status: Associations With Structural and Functional Dimensions of Social Relations. <i>Journal of Adolescent Health</i> , 2017 , 60, 460-468	5.8	13
83	Association of School Characteristics and Implementation in the X:IT Study-A School-Randomized Smoking Prevention Program. <i>Journal of School Health</i> , 2017 , 87, 329-337	2.1	6
82	Socioeconomic disparities in birth weight and body mass index during infancy through age 7 years: a study within the Danish National Birth Cohort. <i>BMJ Open</i> , 2017 , 7, e011781	3	22
81	Antenatal small-class education versus auditorium-based lectures to promote positive transitioning to parenthood - A randomised trial. <i>PLoS ONE</i> , 2017 , 12, e0176819	3.7	8
80	Parental involvement and association with adolescents' fruit and vegetable intake at follow-up: Process evaluation results from the multi-component school-based Boost intervention. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2016 , 13, 112	8.4	7
79	Loneliness, immigration background and self-identified ethnicity: a nationally representative study of adolescents in Denmark. <i>Journal of Ethnic and Migration Studies</i> , 2016 , 42, 1977-1995	2.1	18
78	Agreement between children and parents demonstrated that illness-related absenteeism was validly reported by children. <i>Journal of Clinical Epidemiology</i> , 2016 , 69, 61-9	5.7	2
77	High impact of implementation on school-based smoking prevention: the X:IT study-a cluster-randomized smoking prevention trial. <i>Implementation Science</i> , 2016 , 11, 125	8.4	15
76	Effect of antenatal education in small classes versus standard auditorium-based lectures on use of pain relief during labour and of obstetric interventions: results from the randomised NEWBORN trial. <i>BMJ Open</i> , 2016 , 6, e010761	3	22

75	Antenatal education in small classes may increase childbirth self-efficacy: Results from a Danish randomised trial. <i>Sexual and Reproductive Healthcare</i> , 2016 , 10, 32-34	2.4	17
74	Effects of the X:IT smoking intervention: a school-based cluster randomized trial. <i>International Journal of Epidemiology</i> , 2015 , 44, 1900-8	7.8	18
73	Emotional symptoms among adolescents: epidemiological analysis of individual-, classroom- and school-level factors. <i>European Journal of Public Health</i> , 2015 , 25, 644-9	2.1	20
72	Does school social capital modify socioeconomic inequality in mental health? A multi-level analysis in Danish schools. <i>Social Science and Medicine</i> , 2015 , 140, 35-43	5.1	22
71	Implementation of strategies to increase adolescents' access to fruit and vegetables at school: process evaluation findings from the Boost study. <i>BMC Public Health</i> , 2015 , 15, 86	4.1	16
70	The Hi Five study: design of a school-based randomized trial to reduce infections and improve hygiene and well-being among 6-15 year olds in Denmark. <i>BMC Public Health</i> , 2015 , 15, 207	4.1	14
69	The effect of antenatal education in small classes on obstetric and psycho-social outcomes - a systematic review. <i>Systematic Reviews</i> , 2015 , 4, 20	3	22
68	The role of curriculum dose for the promotion of fruit and vegetable intake among adolescents: results from the Boost intervention. <i>BMC Public Health</i> , 2015 , 15, 536	4.1	6
67	Validity of a hospital-based obstetric register using medical records as reference. <i>Clinical Epidemiology</i> , 2015 , 7, 509-15	5.9	10
66	Socioeconomic differences in emotional symptoms among adolescents in the Nordic countries: recommendations on how to present inequality. <i>Scandinavian Journal of Public Health</i> , 2015 , 43, 83-90	3	7
65	Trends in overweight prevalence among 11-, 13- and 15-year-olds in 25 countries in Europe, Canada and USA from 2002 to 2010. <i>European Journal of Public Health</i> , 2015 , 25 Suppl 2, 28-32	2.1	63
64	Design of a school-based randomized trial to reduce smoking among 13 to 15-year olds, the X:IT study. <i>BMC Public Health</i> , 2014 , 14, 518	4.1	17
63	Barriers and facilitators for teachers' implementation of the curricular component of the boost intervention targeting adolescents' fruit and vegetable intake. <i>Journal of Nutrition Education and Behavior</i> , 2014 , 46, e1-8	2	18
62	A six-step protocol to systematic process evaluation of multicomponent cluster-randomised health promoting interventions illustrated by the Boost study. <i>Evaluation and Program Planning</i> , 2014 , 46, 58-71	4.7	15
61	Integrating couple relationship education in antenatal education - a study of perceived relevance among expectant Danish parents. <i>Sexual and Reproductive Healthcare</i> , 2014 , 5, 174-5	2.4	5
60	Secular Trends in Alcohol Drinking Among Danish 15-Year-Olds: Comparable Representative Samples From 1988 to 2010. <i>Journal of Research on Adolescence</i> , 2014 , 24, 748-756	3.2	13
59	Intervention effects on adolescent physical activity in the multicomponent SPACE study: a cluster randomized controlled trial. <i>PLoS ONE</i> , 2014 , 9, e99369	3.7	40
58	Group-based antenatal birth and parent preparation for improving birth outcomes and parenting resources: study protocol for a randomised trial. <i>Sexual and Reproductive Healthcare</i> , 2013 , 4, 121-6	2.4	8

57	Peer victimization and subjective health among students reporting disability or chronic illness in 11 Western countries. <i>European Journal of Public Health</i> , 2013 , 23, 421-6	2.1	61
56	The authors reply to Grandone et al. <i>Journal of Adolescent Health</i> , 2013 , 52, 376	5.8	1
55	Do eating behaviors in the general population account for country variance in glycemic control among adolescents with diabetes: the Hvidoere Study Group and the Health Behaviour in School-Aged Children study. <i>Pediatric Diabetes</i> , 2013 , 14, 554-61	3.6	5
54	Trends in prevalence of overweight and obesity in danish infants, children and adolescents--are we still on a plateau?. <i>PLoS ONE</i> , 2013 , 8, e69860	3.7	63
53	Is obesity at individual and national level associated with lower age at menarche? Evidence from 34 countries in the Health Behaviour in School-aged Children Study. <i>Journal of Adolescent Health</i> , 2012 , 50, 621-6	5.8	72
52	Overweight, body image and bullying--an epidemiological study of 11- to 15-years olds. <i>European Journal of Public Health</i> , 2012 , 22, 126-30	2.1	75
51	Validation of presence of supermarkets and fast-food outlets in Copenhagen: case study comparison of multiple sources of secondary data. <i>Public Health Nutrition</i> , 2012 , 15, 1228-31	3.3	10
50	Negative school perceptions and involvement in school bullying: a universal relationship across 40 countries. <i>Journal of Adolescence</i> , 2011 , 34, 639-52	3.4	100
49	Pathways and mechanisms in adolescence contribute to adult health inequalities. <i>Scandinavian Journal of Public Health</i> , 2011 , 39, 62-78	3	134
48	Supermarket and fast-food outlet exposure in Copenhagen: associations with socio-economic and demographic characteristics. <i>Public Health Nutrition</i> , 2011 , 14, 1618-26	3.3	14
47	Is bullying equally harmful for rich and poor children?: a study of bullying and depression from age 15 to 27. <i>European Journal of Public Health</i> , 2009 , 19, 464-9	2.1	84
46	Social inequality in adolescent daily smoking: has it changed over time?. <i>Scandinavian Journal of Public Health</i> , 2009 , 37, 287-94	3	26
45	Overweight in school-aged children and its relationship with demographic and lifestyle factors: results from the WHO-Collaborative Health Behaviour in School-aged Children (HBSC) study. <i>International Journal of Public Health</i> , 2009 , 54 Suppl 2, 167-79	4	150
44	A cross-national profile of bullying and victimization among adolescents in 40 countries. <i>International Journal of Public Health</i> , 2009 , 54 Suppl 2, 216-24	4	647
43	Cross-national time trends in bullying behaviour 1994-2006: findings from Europe and North America. <i>International Journal of Public Health</i> , 2009 , 54 Suppl 2, 225-34	4	131
42	Socio-economic inequality in multiple health complaints among adolescents: international comparative study in 37 countries. <i>International Journal of Public Health</i> , 2009 , 54 Suppl 2, 260-70	4	88
41	Medicine use for headache in adolescence predicts medicine use for headache in young adulthood. <i>Pharmacoepidemiology and Drug Safety</i> , 2009 , 18, 619-23	2.6	22
40	Socioeconomic inequality in exposure to bullying during adolescence: a comparative, cross-sectional, multilevel study in 35 countries. <i>American Journal of Public Health</i> , 2009 , 99, 907-14	5.1	237

39	Exposure to bullying at school and depression in adulthood: a study of Danish men born in 1953. <i>European Journal of Public Health</i> , 2009 , 19, 111-6	2.1	70
38	The role of national policies intended to regulate adolescent smoking in explaining the prevalence of daily smoking: a study of adolescents from 27 European countries. <i>Addiction</i> , 2008 , 103, 824-31	4.6	28
37	Prevention of public health risks linked to bullying: a need for a whole community approach. <i>International Journal of Adolescent Medicine and Health</i> , 2008 , 20, 185-99	1.1	23
36	Bullying victimization among 13 to 15-year-old school children: results from two comparative studies in 66 countries and regions. <i>International Journal of Adolescent Medicine and Health</i> , 2008 , 20, 209-21	1.1	90
35	Large-scale alcohol use and socioeconomic position of origin: longitudinal study from ages 15 to 19 years. <i>Scandinavian Journal of Public Health</i> , 2008 , 36, 326-9	3	3
34	Self-rated health as predictor of medicine use in adolescence. <i>Pharmacoepidemiology and Drug Safety</i> , 2008 , 17, 186-92	2.6	21
33	Young adolescents' use of medicine for headache: sources of supply, availability and accessibility at home. <i>Pharmacoepidemiology and Drug Safety</i> , 2008 , 17, 406-10	2.6	24
32	Is victimization from bullying associated with medicine use among adolescents? A nationally representative cross-sectional survey in Denmark. <i>Pediatrics</i> , 2007 , 120, 110-7	7.4	62
31	Medicine use among 11- and 13-year-olds: agreement between parents' reports and children's self-reports. <i>Annals of Pharmacotherapy</i> , 2007 , 41, 581-6	2.9	24
30	School-related risk factors for drunkenness among adolescents: risk factors differ between socio-economic groups. <i>European Journal of Public Health</i> , 2007 , 17, 27-32	2.1	19
29	Eight-year change in functional ability among 70- to 95-year-olds. <i>Scandinavian Journal of Public Health</i> , 2007 , 35, 243-9	3	18
28	Correlates of fruit and vegetable consumption among 11-year-old Belgian-Flemish and Dutch schoolchildren. <i>Journal of Nutrition Education and Behavior</i> , 2006 , 38, 211-21	2	89
27	Influence of marital history over two and three generations on early death. A longitudinal study of Danish men born in 1953. <i>Journal of Epidemiology and Community Health</i> , 2006 , 60, 496-501	5.1	18
26	Determinants of fruit and vegetable consumption among children and adolescents: a review of the literature. Part I: Quantitative studies. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2006 , 3, 22	8.4	605
25	Determinants of fruit and vegetable intake among 11-year-old schoolchildren in a country of traditionally low fruit and vegetable consumption. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2006 , 3, 41	8.4	54
24	The measurement of change in functional ability: dealing with attrition and the floor/ceiling effect. <i>Archives of Gerontology and Geriatrics</i> , 2006 , 43, 337-50	4	4
23	Promoting and sustaining health through increased vegetable and fruit consumption among European schoolchildren: The Pro Children Project. <i>Zeitschrift Fur Gesundheitswissenschaften</i> , 2005 , 13, 97-101	1.4	5
22	Bullying and symptoms among school-aged children: international comparative cross sectional study in 28 countries. <i>European Journal of Public Health</i> , 2005 , 15, 128-32	2.1	438

21	Personal, social and environmental factors regarding fruit and vegetable intake among schoolchildren in nine European countries. <i>Annals of Nutrition and Metabolism</i> , 2005 , 49, 255-66	4.5	43
20	The contribution of childhood and adult socioeconomic position to adult obesity and smoking behaviour: an international comparison. <i>International Journal of Epidemiology</i> , 2005 , 34, 335-44	7.8	168
19	Body mass index and overweight in adolescents in 13 European countries, Israel, and the United States. <i>JAMA Pediatrics</i> , 2004 , 158, 27-33		274
18	Social class variation in medicine use among adolescents. <i>European Journal of Public Health</i> , 2004 , 14, 49-52	2.1	34
17	Development in self-rated health among older people as determinant of social relations. <i>Scandinavian Journal of Public Health</i> , 2004 , 32, 419-25	3	9
16	The impact of structural and functional characteristics of social relations as determinants of functional decline. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2004 , 59, S44-51	4.6	89
15	Revitalising the Metropolit 1953 Danish male birth cohort: background, aims and design. <i>Paediatric and Perinatal Epidemiology</i> , 2004 , 18, 385-94	2.7	22
14	Social relations as determinant of onset of disability in aging. <i>Archives of Gerontology and Geriatrics</i> , 2004 , 38, 85-99	4	161
13	Cynical hostility, socioeconomic position, health behaviors, and symptom load: a cross-sectional analysis in a Danish population-based study. <i>Psychosomatic Medicine</i> , 2004 , 66, 572-7	3.7	53
12	Tracking drinking behaviour from age 15-19 years. <i>Addiction</i> , 2003 , 98, 1505-11	4.6	49
11	Self-reported medicine use among 11- to 15-year-old girls and boys in Denmark 1988-1998. <i>Scandinavian Journal of Public Health</i> , 2003 , 31, 334-41	3	52
10	International survey of self-reported medicine use among adolescents. <i>Annals of Pharmacotherapy</i> , 2003 , 37, 361-6	2.9	93
9	Income inequality and ischaemic heart disease in Danish men and women. <i>International Journal of Epidemiology</i> , 2003 , 32, 375-80	7.8	33
8	Cohabitation and marital status as predictors of mortality--an eight year follow-up study. <i>Social Science and Medicine</i> , 2002 , 55, 673-9	5.1	129
7	Income inequality, individual income, and mortality in Danish adults: analysis of pooled data from two cohort studies. <i>BMJ: British Medical Journal</i> , 2002 , 324, 13-6		105
6	Changes in social relations in old age. Are they influenced by functional ability?. <i>Aging Clinical and Experimental Research</i> , 2002 , 14, 56-64	4.8	17
5	Changes in household composition as determinant of changes in functional ability among old men and women. <i>Aging Clinical and Experimental Research</i> , 2002 , 14, 65-74	4.8	15
4	Stability and change in structural social relations as predictor of mortality among elderly women and men. <i>European Journal of Epidemiology</i> , 2000 , 16, 1087-97	12.1	37

3	Social relations: network, support and relational strain. <i>Social Science and Medicine</i> , 1999 , 48, 661-73	5.1	243
2	Alkoholforbrug og sociale faktorer blandt 11-15 Årige. <i>Nordic Psychology</i> , 1991 , 43, 313-325		3
1	Old persons' contact with general practitioners in relation to health: a Danish population study. <i>Scandinavian Journal of Primary Health Care</i> , 1991 , 9, 252-8	2.7	8
