#	Paper	IF	Citations
187	Creating healthy food and eating environments: policy and environmental approaches. <i>Annual Review of Public Health</i> , 2008 , 29, 253-72	20.6	1367
186	Environmental influences on eating and physical activity. <i>Annual Review of Public Health</i> , 2001 , 22, 309-350.6	35.6	949
185	Individual and environmental influences on adolescent eating behaviors. <i>Journal of the American Dietetic Association</i> , 2002 , 102, S40-51		873
184	Emerging adulthood and college-aged youth: an overlooked age for weight-related behavior change. <i>Obesity</i> , 2008 , 16, 2205-11	8	695
183	Does body satisfaction matter? Five-year longitudinal associations between body satisfaction and health behaviors in adolescent females and males. <i>Journal of Adolescent Health</i> , 2006 , 39, 244-51	5.8	653
182	Obesity, disordered eating, and eating disorders in a longitudinal study of adolescents: how do dieters fare 5 years later?. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 559-68		621
181	Soft drink consumption among US children and adolescents: nutritional consequences. <i>Journal of the American Dietetic Association</i> , 1999 , 99, 436-41		565
180	Factors influencing food choices of adolescents: findings from focus-group discussions with adolescents. <i>Journal of the American Dietetic Association</i> , 1999 , 99, 929-37		531
179	Family meal patterns: associations with sociodemographic characteristics and improved dietary intake among adolescents. <i>Journal of the American Dietetic Association</i> , 2003 , 103, 317-22		508
178	Schools and obesity prevention: creating school environments and policies to promote healthy eating and physical activity. <i>Milbank Quarterly</i> , 2009 , 87, 71-100	3.9	483
177	Pathways: a school-based, randomized controlled trial for the prevention of obesity in American Indian schoolchildren. <i>American Journal of Clinical Nutrition</i> , 2003 , 78, 1030-8	7	434
176	Weight-related concerns and behaviors among overweight and nonoverweight adolescents: implications for preventing weight-related disorders. <i>JAMA Pediatrics</i> , 2002 , 156, 171-8		428
175	Ethnic/racial differences in weight-related concerns and behaviors among adolescent girls and boys: findings from Project EAT. <i>Journal of Psychosomatic Research</i> , 2002 , 53, 963-74	4.1	407
174	Prevalence and risk and protective factors related to disordered eating behaviors among adolescents: relationship to gender and ethnicity. <i>Journal of Adolescent Health</i> , 2002 , 31, 166-75	5.8	400
173	Correlates of fruit and vegetable intake among adolescents. Findings from Project EAT. <i>Preventive Medicine</i> , 2003 , 37, 198-208	4.3	385
172	Overweight status and eating patterns among adolescents: where do youths stand in comparison with the healthy people 2010 objectives?. <i>American Journal of Public Health</i> , 2002 , 92, 844-51	5.1	344
171	Food Advertising and Marketing Directed at Children and Adolescents in the US. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2004 , 1, 3	8.4	343

170	Food preparation by young adults is associated with better diet quality. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 2001-7		319
169	Social, educational, and psychological correlates of weight status in adolescents. <i>Obesity</i> , 2001 , 9, 32-42		303
168	The role of schools in obesity prevention. <i>Future of Children</i> , 2006 , 16, 109-42	1.2	293
167	Parent-child connectedness and behavioral and emotional health among adolescents. <i>American Journal of Preventive Medicine</i> , 2006 , 30, 59-66	6.1	291
166	Self-esteem and obesity in children and adolescents: a literature review. <i>Obesity</i> , 1995 , 3, 479-90		285
165	The association of the school food environment with dietary behaviors of young adolescents. <i>American Journal of Public Health</i> , 2003 , 93, 1168-73	5.1	281
164	Family meals during adolescence are associated with higher diet quality and healthful meal patterns during young adulthood. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 1502-10		274
163	Dieting and unhealthy weight control behaviors during adolescence: associations with 10-year changes in body mass index. <i>Journal of Adolescent Health</i> , 2012 , 50, 80-6	5.8	272
162	Family dinner meal frequency and adolescent development: relationships with developmental assets and high-risk behaviors. <i>Journal of Adolescent Health</i> , 2006 , 39, 337-45	5.8	254
161	The role of child care settings in obesity prevention. <i>Future of Children</i> , 2006 , 16, 143-68	1.2	251
160	Ethnic/racial and socioeconomic differences in dieting behaviors and body image perceptions in adolescents. <i>International Journal of Eating Disorders</i> , 1995 , 18, 173-9	6.3	221
159	Associations between parental report of the home food environment and adolescent intakes of fruits, vegetables and dairy foods. <i>Public Health Nutrition</i> , 2005 , 8, 77-85	3.3	208
158	Factors associated with soft drink consumption in school-aged children. <i>Journal of the American Dietetic Association</i> , 2004 , 104, 1244-9		206
157	Overeating among adolescents: prevalence and associations with weight-related characteristics and psychological health. <i>Pediatrics</i> , 2003 , 111, 67-74	7.4	203
156	Pricing strategy to promote fruit and vegetable purchase in high school cafeterias. <i>Journal of the American Dietetic Association</i> , 1997 , 97, 1008-10		202
155	Are family meal patterns associated with disordered eating behaviors among adolescents?. <i>Journal of Adolescent Health</i> , 2004 , 35, 350-9	5.8	197
154	Effectiveness of school food environment policies on children's dietary behaviors: A systematic review and meta-analysis. <i>PLoS ONE</i> , 2018 , 13, e0194555	3.7	190
153	Food advertisements during children's Saturday morning television programming: are they consistent with dietary recommendations?. <i>Journal of the American Dietetic Association</i> , 1994 , 94, 1296-300		185

152	Food preparation and purchasing roles among adolescents: associations with sociodemographic characteristics and diet quality. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 211-8		183
151	Correlates of inadequate fruit and vegetable consumption among adolescents. <i>Preventive Medicine</i> , 1996 , 25, 497-505	4.3	182
150	The role of social norms and friends' influences on unhealthy weight-control behaviors among adolescent girls. <i>Social Science and Medicine</i> , 2005 , 60, 1165-73	5.1	173
149	Trends in adolescent fruit and vegetable consumption, 1999-2004: project EAT. <i>American Journal of Preventive Medicine</i> , 2007 , 32, 147-50	6.1	171
148	The 2015 Dietary Guidelines Advisory Committee Scientific Report: Development and Major Conclusions. <i>Advances in Nutrition</i> , 2016 , 7, 438-44	10	171
147	Depressive symptoms and adolescent eating and health behaviors: a multifaceted view in a population-based sample. <i>Preventive Medicine</i> , 2004 , 38, 865-75	4.3	163
146	Factors associated with changes in physical activity: a cohort study of inactive adolescent girls. <i>JAMA Pediatrics</i> , 2003 , 157, 803-10		160
145	Family meals and adolescents: what have we learned from Project EAT (Eating Among Teens)?. <i>Public Health Nutrition</i> , 2010 , 13, 1113-21	3.3	156
144	Family meals and disordered eating in adolescents: longitudinal findings from project EAT. <i>JAMA Pediatrics</i> , 2008 , 162, 17-22		154
143	Why does dieting predict weight gain in adolescents? Findings from project EAT-II: a 5-year longitudinal study. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 448-55		152
142	Sociodemographic and personal characteristics of adolescents engaged in weight loss and weight/muscle gain behaviors: who is doing what?. <i>Preventive Medicine</i> , 1999 , 28, 40-50	4.3	152
141	Correlates of unhealthy weight-control behaviors among adolescents: Implications for prevention programs.. <i>Health Psychology</i> , 2003 , 22, 88-98	5	150
140	Association between Obesity and Puberty Timing: A Systematic Review and Meta-Analysis. <i>International Journal of Environmental Research and Public Health</i> , 2017 , 14,	4.6	147
139	Schoolwide food practices are associated with body mass index in middle school students. <i>JAMA Pediatrics</i> , 2005 , 159, 1111-4		144
138	Food environment in secondary schools: a la carte, vending machines, and food policies and practices. <i>American Journal of Public Health</i> , 2003 , 93, 1161-7	5.1	143
137	School lunch and snacking patterns among high school students: associations with school food environment and policies. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2005 , 2, 14	8.4	142
136	Are family meal patterns associated with overall diet quality during the transition from early to middle adolescence?. <i>Journal of Nutrition Education and Behavior</i> , 2009 , 41, 79-86	2	135
135	Lessons learned about adolescent nutrition from the Minnesota Adolescent Health Survey. <i>Journal of the American Dietetic Association</i> , 1998 , 98, 1449-56		132

134	An after-school obesity prevention program for African-American girls: the Minnesota GEMS pilot study. <i>Ethnicity and Disease</i> , 2003 , 13, S54-64	1.8	126
133	Does involvement in food preparation track from adolescence to young adulthood and is it associated with better dietary quality? Findings from a 10-year longitudinal study. <i>Public Health Nutrition</i> , 2012 , 15, 1150-8	3.3	121
132	School-based approaches to affect adolescents' diets: results from the TEENS study. <i>Health Education and Behavior</i> , 2004 , 31, 270-87	4.2	115
131	Parental eating behaviours, home food environment and adolescent intakes of fruits, vegetables and dairy foods: longitudinal findings from Project EAT. <i>Public Health Nutrition</i> , 2007 , 10, 1257-65	3.3	114
130	Overweight status and weight control behaviors in adolescents: longitudinal and secular trends from 1999 to 2004. <i>Preventive Medicine</i> , 2006 , 43, 52-9	4.3	114
129	Personal, behavioral, and environmental risk and protective factors for adolescent overweight. <i>Obesity</i> , 2007 , 15, 2748-60	8	110
128	Psychosocial correlates of health compromising behaviors among adolescents. <i>Health Education Research</i> , 1997 , 12, 37-52	1.8	105
127	Secular trends in weight status and weight-related attitudes and behaviors in adolescents from 1999 to 2010. <i>Preventive Medicine</i> , 2012 , 54, 77-81	4.3	102
126	Ethnic differences in psychosocial and health behavior correlates of dieting, purging, and binge eating in a population-based sample of adolescent females. <i>International Journal of Eating Disorders</i> , 1997 , 22, 315-22	6.3	99
125	Adolescents' views on food and nutrition. <i>Journal of Nutrition Education and Behavior</i> , 1986 , 18, 188-192		98
124	Calcium and dairy intakes of adolescents are associated with their home environment, taste preferences, personal health beliefs, and meal patterns. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 1816-24		95
123	Adolescent consumption of sports and energy drinks: linkages to higher physical activity, unhealthy beverage patterns, cigarette smoking, and screen media use. <i>Journal of Nutrition Education and Behavior</i> , 2014 , 46, 181-187	2	94
122	Making time for meals: meal structure and associations with dietary intake in young adults. <i>Journal of the American Dietetic Association</i> , 2009 , 109, 72-9		94
121	Disordered eating among adolescents: associations with sexual/physical abuse and other familial/psychosocial factors. <i>International Journal of Eating Disorders</i> , 2000 , 28, 249-58	6.3	93
120	Healthy Home Offerings via the Mealtime Environment (HOME): feasibility, acceptability, and outcomes of a pilot study. <i>Obesity</i> , 2010 , 18 Suppl 1, S69-74	8	92
119	Family meals and substance use: is there a long-term protective association?. <i>Journal of Adolescent Health</i> , 2008 , 43, 151-6	5.8	92
118	Obesity in American-Indian children: prevalence, consequences, and prevention. <i>Preventive Medicine</i> , 2003 , 37, S3-12	4.3	91
117	The Family Meal—Views of Adolescents. <i>Journal of Nutrition Education and Behavior</i> , 2000 , 32, 329-334		91

116	Does television viewing predict dietary intake five years later in high school students and young adults?. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2009 , 6, 7	8.4	89
115	Eating when there is not enough to eat: eating behaviors and perceptions of food among food-insecure youths. <i>American Journal of Public Health</i> , 2009 , 99, 822-8	5.1	88
114	Peer-led, school-based nutrition education for young adolescents: feasibility and process evaluation of the TEENS study. <i>Journal of School Health</i> , 2002 , 72, 121-7	2.1	88
113	Influencing healthful food choices in school and home environments: results from the TEENS study. <i>Preventive Medicine</i> , 2006 , 43, 8-13	4.3	86
112	Predictors of fruit and vegetable intake in young adulthood. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2012 , 112, 1216-22	3.9	85
111	Observations of parent-child co-shoppers in supermarkets: children's involvement in food selections, parental yielding, and refusal strategies. <i>Journal of Nutrition Education and Behavior</i> , 2006 , 38, 183-8	2	85
110	Fast food intake among adolescents: secular and longitudinal trends from 1999 to 2004. <i>Preventive Medicine</i> , 2009 , 48, 284-7	4.3	84
109	Weight-control behaviors among adolescent girls and boys: implications for dietary intake. <i>Journal of the American Dietetic Association</i> , 2004 , 104, 913-20		81
108	Relationship between adolescents' and their friends' eating behaviors: breakfast, fruit, vegetable, whole-grain, and dairy intake. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2012 , 112, 1608-13	3.9	79
107	Characteristics associated with older adolescents who have a television in their bedrooms. <i>Pediatrics</i> , 2008 , 121, 718-24	7.4	78
106	Five-year longitudinal predictive factors for disordered eating in a population-based sample of overweight adolescents: implications for prevention and treatment. <i>International Journal of Eating Disorders</i> , 2009 , 42, 664-72	6.3	76
105	Eating breakfast and dinner together as a family: associations with sociodemographic characteristics and implications for diet quality and weight status. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2013 , 113, 1601-9	3.9	75
104	Family Meals Among Adolescents: Findings from a Pilot Study. <i>Journal of Nutrition Education and Behavior</i> , 2000 , 32, 335-340		75
103	Development of a questionnaire to assess knowledge, attitudes, and behaviors in American Indian children. <i>American Journal of Clinical Nutrition</i> , 1999 , 69, 773S-781S	7	75
102	Covariations of eating behaviors with other health-related behaviors among adolescents. <i>Journal of Adolescent Health</i> , 1997 , 20, 450-8	5.8	74
101	Parenting style and family meals: cross-sectional and 5-year longitudinal associations. <i>Journal of the American Dietetic Association</i> , 2010 , 110, 1036-42		73
100	Psychosocial concerns and health-compromising behaviors among overweight and nonoverweight adolescents. <i>Obesity</i> , 1997 , 5, 237-49		71
99	Availability of foods in high schools: is there cause for concern?. <i>Journal of the American Dietetic Association</i> , 1996 , 96, 123-6		71

98	Relationships between maternal and adolescent weight-related behaviors and concerns: the role of perception. <i>Journal of Psychosomatic Research</i> , 2006 , 61, 105-11	4.1	69
97	Cognitive and demographic correlates of low-fat vending snack choices among adolescents and adults. <i>Journal of the American Dietetic Association</i> , 1999 , 99, 471-5		67
96	Identifying correlates of young adults' weight behavior: survey development. <i>American Journal of Health Behavior</i> , 2011 , 35, 712-25	1.9	66
95	Accurate parental classification of overweight adolescents' weight status: does it matter?. <i>Pediatrics</i> , 2008 , 121, e1495-502	7.4	65
94	Dieting and binge eating among adolescents: what do they really mean?. <i>Journal of the American Dietetic Association</i> , 1998 , 98, 446-50		64
93	Are body dissatisfaction, eating disturbance, and body mass index predictors of suicidal behavior in adolescents? A longitudinal study. <i>Journal of Consulting and Clinical Psychology</i> , 2008 , 76, 887-92	6.5	64
92	Industry progress to market a healthful diet to American children and adolescents. <i>American Journal of Preventive Medicine</i> , 2011 , 41, 322-33; quiz A4	6.1	62
91	Bright Start: Description and main outcomes from a group-randomized obesity prevention trial in American Indian children. <i>Obesity</i> , 2012 , 20, 2241-9	8	60
90	Calcium and dairy intake: Longitudinal trends during the transition to young adulthood and correlates of calcium intake. <i>Journal of Nutrition Education and Behavior</i> , 2009 , 41, 254-60	2	59
89	Weight control behaviors and dietary intake among adolescents and young adults: longitudinal findings from Project EAT. <i>Journal of the American Dietetic Association</i> , 2009 , 109, 1869-77		59
88	Adolescent and young adult vegetarianism: better dietary intake and weight outcomes but increased risk of disordered eating behaviors. <i>Journal of the American Dietetic Association</i> , 2009 , 109, 648-55		56
87	Availability of a la carte food items in junior and senior high schools: a needs assessment. <i>Journal of the American Dietetic Association</i> , 2000 , 100, 701-3		56
86	Promoting healthful family meals to prevent obesity: HOME Plus, a randomized controlled trial. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2015 , 12, 154	8.4	55
85	Work group IV: Future directions for measures of the food and physical activity environments. <i>American Journal of Preventive Medicine</i> , 2009 , 36, S182-8	6.1	55
84	Correlates of Inadequate Consumption of Dairy Products among Adolescents. <i>Journal of Nutrition Education and Behavior</i> , 1997 , 29, 12-20		55
83	Pathways: A school-based program for the primary prevention of obesity in American Indian children. <i>Journal of Nutritional Biochemistry</i> , 1998 , 9, 535-543	6.3	55
82	Associations between maternal concern for healthful eating and maternal eating behaviors, home food availability, and adolescent eating behaviors. <i>Journal of Nutrition Education and Behavior</i> , 2007 , 39, 248-56	2	55
81	Multisite formative assessment for the Pathways study to prevent obesity in American Indian schoolchildren. <i>American Journal of Clinical Nutrition</i> , 1999 , 69, 767S-772S	7	55

80	Dietary patterns and home food availability during emerging adulthood: do they differ by living situation?. <i>Public Health Nutrition</i> , 2010 , 13, 222-8	3.3	54
79	Socio-environmental, personal and behavioural predictors of fast-food intake among adolescents. <i>Public Health Nutrition</i> , 2009 , 12, 1767-74	3.3	54
78	Factors in the school cafeteria influencing food choices by high school students. <i>Journal of School Health</i> , 2002 , 72, 229-34	2.1	52
77	Are 'competitive foods' sold at school making our children fat?. <i>Health Affairs</i> , 2010 , 29, 430-5	7	50
76	State but not district nutrition policies are associated with less junk food in vending machines and school stores in US public schools. <i>Journal of the American Dietetic Association</i> , 2010 , 110, 1043-8		50
75	Self-weighting in adolescents: helpful or harmful? Longitudinal associations with body weight changes and disordered eating. <i>Journal of Adolescent Health</i> , 2006 , 39, 811-8	5.8	50
74	Disparities in dietary intake, meal patterning, and home food environments among young adult nonstudents and 2- and 4-year college students. <i>American Journal of Public Health</i> , 2009 , 99, 1216-9	5.1	49
73	Five-year longitudinal and secular shifts in adolescent beverage intake: findings from project EAT (Eating Among Teens)-II. <i>Journal of the American Dietetic Association</i> , 2009 , 109, 308-12		48
72	Family Home Food Environment and Nutrition-Related Parent and Child Personal and Behavioral Outcomes of the Healthy Home Offerings via the Mealtime Environment (HOME) Plus Program: A Randomized Controlled Trial. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2018 , 118, 240-251	3.9	46
71	Physical activity as a predictor of body composition in American Indian children. <i>Obesity</i> , 2004 , 12, 1974-80		45
70	How we eat what we eat: identifying meal routines and practices most strongly associated with healthy and unhealthy dietary factors among young adults. <i>Public Health Nutrition</i> , 2015 , 18, 2135-45	3.3	43
69	Dietary and weight-related behaviors and body mass index among Hispanic, Hmong, Somali, and white adolescents. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2014 , 114, 375-383	3.9	43
68	HOME Plus: Program design and implementation of a family-focused, community-based intervention to promote the frequency and healthfulness of family meals, reduce children's sedentary behavior, and prevent obesity. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2015 , 12, 53	8.4	42
67	Soft drinks, candy, and fast food: what parents and teachers think about the middle school food environment. <i>Journal of the American Dietetic Association</i> , 2005 , 105, 233-9		41
66	Weight loss attempts and attitudes toward body size, eating, and physical activity in American Indian children: relationship to weight status and gender. <i>Obesity</i> , 2001 , 9, 356-63		41
65	A Pricing Strategy to Promote Sales of Lower Fat Foods in High School Cafeterias: Acceptability and Sensitivity Analysis. <i>American Journal of Health Promotion</i> , 2002 , 17, 1-6	2.5	41
64	The Healthy Home Offerings via the Mealtime Environment (HOME) Plus study: design and methods. <i>Contemporary Clinical Trials</i> , 2014 , 38, 59-68	2.3	40
63	Characteristics and dietary patterns of adolescents who value eating locally grown, organic, nongenetically engineered, and nonprocessed food. <i>Journal of Nutrition Education and Behavior</i> , 2009 , 41, 11-8	2	40

62	Developing school-based BMI screening and parent notification programs: findings from focus groups with parents of elementary school students. <i>Health Education and Behavior</i> , 2007 , 34, 622-33	4.2	40
61	Parents of elementary school students weigh in on height, weight, and body mass index screening at school. <i>Journal of School Health</i> , 2006 , 76, 496-501	2.1	40
60	Reasons Parents Buy Prepackaged, Processed Meals: It Is More Complicated Than "I Don't Have Time". <i>Journal of Nutrition Education and Behavior</i> , 2017 , 49, 60-66.e1	2	37
59	Associations between sugar-sweetened beverage consumption and fast-food restaurant frequency among adolescents and their friends. <i>Journal of Nutrition Education and Behavior</i> , 2014 , 46, 277-285	2	36
58	Shared meals among young adults are associated with better diet quality and predicted by family meal patterns during adolescence. <i>Public Health Nutrition</i> , 2013 , 16, 883-93	3.3	36
57	Food Systems and Public Health: Linkages to Achieve Healthier Diets and Healthier Communities. <i>Journal of Hunger and Environmental Nutrition</i> , 2009 , 4, 219-224	1.5	36
56	Sports and energy drink consumption are linked to health-risk behaviours among young adults. <i>Public Health Nutrition</i> , 2015 , 18, 2794-803	3.3	35
55	Reducing childhood obesity through U.S. federal policy: a microsimulation analysis. <i>American Journal of Preventive Medicine</i> , 2014 , 47, 604-12	6.1	35
54	Food and weight-related patterns and behaviors of Hmong adolescents. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 936-41		34
53	Recruitment of African-American pre-adolescent girls into an obesity prevention trial: the GEMS pilot studies. <i>Ethnicity and Disease</i> , 2003 , 13, S78-87	1.8	34
52	Whole-grain intake correlates among adolescents and young adults: findings from Project EAT. <i>Journal of the American Dietetic Association</i> , 2010 , 110, 230-7		33
51	Changes in the nutrient content of school lunches: results from the Pathways study. <i>Preventive Medicine</i> , 2003 , 37, S35-45	4.3	33
