

Anuradhani Kasturiratne

List of Publications by Citations

Source: <https://exaly.com/author-pdf/124590/anuradhani-kasturiratne-publications-by-citations.pdf>

Version: 2024-04-20

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
58	The global burden of snakebite: a literature analysis and modelling based on regional estimates of envenoming and deaths. <i>PLoS Medicine</i> , 2008 , 5, e218	11.6	1022
57	Incidence and phenotype of inflammatory bowel disease based on results from the Asia-pacific Crohn's and colitis epidemiology study. <i>Gastroenterology</i> , 2013 , 145, 158-165.e2	13.3	496
56	Epigenome-wide association of DNA methylation markers in peripheral blood from Indian Asians and Europeans with incident type 2 diabetes: a nested case-control study. <i>Lancet Diabetes and Endocrinology</i> , 2015 , 3, 526-534	18.1	277
55	Environmental risk factors in inflammatory bowel disease: a population-based case-control study in Asia-Pacific. <i>Gut</i> , 2015 , 64, 1063-71	19.2	234
54	Trans-ancestry genome-wide association study identifies 12 genetic loci influencing blood pressure and implicates a role for DNA methylation. <i>Nature Genetics</i> , 2015 , 47, 1282-1293	36.3	223
53	Prevalence and risk factors for non-alcoholic fatty liver disease among adults in an urban Sri Lankan population. <i>Journal of Gastroenterology and Hepatology (Australia)</i> , 2009 , 24, 1284-8	4	136
52	Mapping the Risk of Snakebite in Sri Lanka - A National Survey with Geospatial Analysis. <i>PLoS Neglected Tropical Diseases</i> , 2016 , 10, e0004813	4.8	77
51	Influence of non-alcoholic fatty liver disease on the development of diabetes mellitus. <i>Journal of Gastroenterology and Hepatology (Australia)</i> , 2013 , 28, 142-7	4	66
50	Multi-ancestry genome-wide gene-smoking interaction study of 387,272 individuals identifies new loci associated with serum lipids. <i>Nature Genetics</i> , 2019 , 51, 636-648	36.3	59
49	A Large-Scale Multi-ancestry Genome-wide Study Accounting for Smoking Behavior Identifies Multiple Significant Loci for Blood Pressure. <i>American Journal of Human Genetics</i> , 2018 , 102, 375-400	11	59
48	A Community-Based Intervention for Managing Hypertension in Rural South Asia. <i>New England Journal of Medicine</i> , 2020 , 382, 717-726	59.2	57
47	Multiancestry Genome-Wide Association Study of Lipid Levels Incorporating Gene-Alcohol Interactions. <i>American Journal of Epidemiology</i> , 2019 , 188, 1033-1054	3.8	39
46	The socio-economic burden of snakebite in Sri Lanka. <i>PLoS Neglected Tropical Diseases</i> , 2017 , 11, e0005643	4.8	36
45	Novel genetic associations for blood pressure identified via gene-alcohol interaction in up to 570K individuals across multiple ancestries. <i>PLoS ONE</i> , 2018 , 13, e0198166	3.7	31
44	Patients' experiences on accessing health care services for management of hypertension in rural Bangladesh, Pakistan and Sri Lanka: A qualitative study. <i>PLoS ONE</i> , 2019 , 14, e0211100	3.7	24
43	A Randomized Controlled Trial of a Brief Intervention for Delayed Psychological Effects in Snakebite Victims. <i>PLoS Neglected Tropical Diseases</i> , 2015 , 9, e0003989	4.8	22
42	Outcomes of NAFLD and MAFLD: Results from a community-based, prospective cohort study. <i>PLoS ONE</i> , 2021 , 16, e0245762	3.7	21

41	Health seeking behavior following snakebites in Sri Lanka: Results of an island wide community based survey. <i>PLoS Neglected Tropical Diseases</i> , 2017 , 11, e0006073	4.8	19
40	Dissecting the genetic structure and admixture of four geographical Malay populations. <i>Scientific Reports</i> , 2015 , 5, 14375	4.9	17
39	Multicomponent intervention versus usual care for management of hypertension in rural Bangladesh, Pakistan and Sri Lanka: study protocol for a cluster randomized controlled trial. <i>Trials</i> , 2017 , 18, 272	2.8	16
38	Prevalence of Acanthosis Nigricans in an urban population in Sri Lanka and its utility to detect metabolic syndrome. <i>BMC Research Notes</i> , 2011 , 4, 25	2.3	16
37	Characterising private and shared signatures of positive selection in 37 Asian populations. <i>European Journal of Human Genetics</i> , 2017 , 25, 499-508	5.3	15
36	Effect of household air pollution due to solid fuel combustion on childhood respiratory diseases in a semi urban population in Sri Lanka. <i>BMC Pediatrics</i> , 2019 , 19, 306	2.6	15
35	A multi-ancestry genome-wide study incorporating gene-smoking interactions identifies multiple new loci for pulse pressure and mean arterial pressure. <i>Human Molecular Genetics</i> , 2019 , 28, 2615-2633	5.6	14
34	Low uptake of COVID-19 prevention behaviours and high socioeconomic impact of lockdown measures in South Asia: Evidence from a large-scale multi-country surveillance programme. <i>SSM - Population Health</i> , 2021 , 13, 100751	3.8	14
33	Evaluating temporal patterns of snakebite in Sri Lanka: the potential for higher snakebite burdens with climate change. <i>International Journal of Epidemiology</i> , 2018 , 47, 2049-2058	7.8	14
32	Association of genetic variants with non-alcoholic fatty liver disease in an urban Sri Lankan community. <i>Liver International</i> , 2015 , 35, 676-9	7.9	13
31	Metabolic syndrome, but not non-alcoholic fatty liver disease, increases 10-year mortality: A prospective, community-cohort study. <i>Liver International</i> , 2020 , 40, 101-106	7.9	12
30	Integrating human behavior and snake ecology with agent-based models to predict snakebite in high risk landscapes. <i>PLoS Neglected Tropical Diseases</i> , 2021 , 15, e0009047	4.8	8
29	Systematic fine-mapping of association with BMI and type 2 diabetes at the FTO locus by integrating results from multiple ethnic groups. <i>PLoS ONE</i> , 2014 , 9, e101329	3.7	7
28	Multi-ancestry genetic study of type 2 diabetes highlights the power of diverse populations for discovery and translation.. <i>Nature Genetics</i> , 2022 ,	36.3	7
27	Incidence and risk factors for metabolic syndrome among urban, adult Sri Lankans: a prospective, 7-year community cohort, follow-up study. <i>Diabetology and Metabolic Syndrome</i> , 2019 , 11, 66	5.6	6
26	Adjusting for spatial variation when assessing individual-level risk: A case-study in the epidemiology of snake-bite in Sri Lanka. <i>PLoS ONE</i> , 2019 , 14, e0223021	3.7	6
25	Regional variation in chronic kidney disease and associated factors in hypertensive individuals in rural South Asia: findings from control of blood pressure and risk attenuation-Bangladesh, Pakistan and Sri Lanka. <i>Nephrology Dialysis Transplantation</i> , 2019 , 34, 1723-1730	4.3	5
24	Non-alcoholic fatty liver disease and its associations among adolescents in an urban, Sri Lankan community. <i>BMC Gastroenterology</i> , 2017 , 17, 135	3	5

23	Level of Awareness of Dengue Disease among School Children in Gampaha District, Sri Lanka, and Effect of School-Based Health Education Programmes on Improving Knowledge and Practices. <i>BioMed Research International</i> , 2019 , 2019, 3092073	3	5
22	Budget impact and cost-effectiveness analyses of the COBRA-BPS multicomponent hypertension management programme in rural communities in Bangladesh, Pakistan, and Sri Lanka. <i>The Lancet Global Health</i> , 2021 , 9, e660-e667	13.6	4
21	Data Resource Profile: Understanding the patterns and determinants of health in South Asians-the South Asia Biobank. <i>International Journal of Epidemiology</i> , 2021 , 50, 717-718e	7.8	4
20	Evaluating spatiotemporal dynamics of snakebite in Sri Lanka: Monthly incidence mapping from a national representative survey sample. <i>PLoS Neglected Tropical Diseases</i> , 2021 , 15, e0009447	4.8	3
19	Prevalence and correlates of cardiometabolic multimorbidity among hypertensive individuals: a cross-sectional study in rural South Asia-Bangladesh, Pakistan and Sri Lanka. <i>BMJ Open</i> , 2019 , 9, e030584		3
18	Patient perspectives on hypertension management in health system of Sri Lanka: a qualitative study. <i>BMJ Open</i> , 2019 , 9, e031773	3	3
17	The iHealth-T2D study: Statistical analysis plan for a cluster randomised controlled trial with intensive family-based lifestyle modification programme to reduce type 2 diabetes risk amongst South Asians		2
16	Effects of indoor air pollution due to solid fuel combustion on physical growth of children under 5 in Sri Lanka: A descriptive cross sectional study. <i>PLoS ONE</i> , 2021 , 16, e0252230	3.7	2
15	Chronic health effects and cost of snakebite. <i>Toxicon: X</i> , 2021 , 9-10, 100074	2.6	2
14	Food environments and obesity: A geospatial analysis of the South Asia Biobank, income and sex inequalities.. <i>SSM - Population Health</i> , 2022 , 17, 101055	3.8	2
13	Identification of genetic effects underlying type 2 diabetes in South Asian and European populations.. <i>Communications Biology</i> , 2022 , 5, 329	6.7	2
12	Food environment and diabetes mellitus in South Asia: A geospatial analysis of health outcome data.. <i>PLoS Medicine</i> , 2022 , 19, e1003970	11.6	2
11	Regional Variation in Comorbid Prediabetes and Diabetes and Associated Factors among Hypertensive Individuals in Rural Bangladesh, Pakistan, and Sri Lanka. <i>Journal of Obesity</i> , 2019 , 2019, 4914158	3.7	1
10	Integrating snake distribution, abundance and expert-derived behavioural traits predicts snakebite risk. <i>Journal of Applied Ecology</i> ,	5.8	1
9	Effects of a lifestyle intervention programme after 1 year of follow-up among South Asians at high risk of type 2 diabetes: a cluster randomised controlled trial. <i>BMJ Global Health</i> , 2021 , 6,	6.6	1
8	Outcomes of NAFLD and MAFLD: Results from a community-based, prospective cohort study		1
7	Effect of a Multicomponent Intervention on Antihypertensive Medication Intensification in Rural South Asia: Post Hoc Analysis of a Cluster RCT. <i>American Journal of Hypertension</i> , 2021 , 34, 981-988	2.3	1
6	Formative research to design an implementation strategy for a postpartum hemorrhage initial response treatment bundle (E-MOTIVE): study protocol. <i>Reproductive Health</i> , 2021 , 18, 149	3.5	1

- 5 Awareness of human papillomavirus, cervical cancer and its prevention among primigravid antenatal clinic attendees in a tertiary care hospital in Sri Lanka: a cross-sectional study. *Sexual Health*, **2019**, 16, 212-217 2
- 4 Patterns and predictors of mortality in a semi-urban population-based cohort in Sri Lanka: findings from the Ragama Health Study. *BMJ Open*, **2020**, 10, e038772 3
- 3 The clinical utility of accurate NAFLD ultrasound grading: Results from a community-based, prospective cohort study. *European Journal of Radiology*, **2021**, 136, 109516 4.7
- 2 The iHealth-T2D study, prevention of type 2 diabetes amongst South Asians with central obesity and prediabetes: study protocol for a randomised controlled trial.. *Trials*, **2021**, 22, 928 2.8
- 1 Effects of Indoor Air Pollution on the Development of Children under Five Years of Age in Sri Lanka. *Atmosphere*, **2022**, 13, 509 2.7
