#	ARTICLE	IF	CITATIONS
1	The effects of daily stress on positive and negative mental health: Mediation through self-efficacy. <i>International Journal of Clinical and Health Psychology</i> , 2016, 16, 1-10.	5.1	216
2	Predicting adaptive and maladaptive responses to the Coronavirus (COVID-19) outbreak: A prospective longitudinal study. <i>International Journal of Clinical and Health Psychology</i> , 2020, 20, 183-191.	5.1	113
3	Facebook Addiction Disorder (FAD) among German studentsâ€”A longitudinal approach. <i>PLoS ONE</i> , 2017, 12, e0189719.	2.5	107
4	The relationship between daily stress, social support and Facebook Addiction Disorder. <i>Psychiatry Research</i> , 2019, 276, 167-174.	3.3	103
5	The relationship between burden caused by coronavirus (Covid-19), addictive social media use, sense of control and anxiety. <i>Computers in Human Behavior</i> , 2021, 119, 106720.	8.5	101
6	Tell me why are you using social media (SM)! Relationship between reasons for use of SM, SM flow, daily stress, depression, anxiety, and addictive SM use â€” An exploratory investigation of young adults in Germany. <i>Computers in Human Behavior</i> , 2020, 113, 106511.	8.5	97
7	Universal happiness? Cross-cultural measurement invariance of scales assessing positive mental health.. <i>Psychological Assessment</i> , 2017, 29, 408-421.	1.5	94
8	Behavioral measures to fight COVID-19: An 8-country study of perceived usefulness, adherence and their predictors. <i>PLoS ONE</i> , 2020, 15, e0243523.	2.5	85
9	Comparing Facebook Users and Facebook Non-Users: Relationship between Personality Traits and Mental Health Variables â€” An Exploratory Study. <i>PLoS ONE</i> , 2016, 11, e0166999.	2.5	82
10	Relationships between addictive Facebook use, depressiveness, insomnia, and positive mental health in an inpatient sample: A German longitudinal study. <i>Journal of Behavioral Addictions</i> , 2019, 8, 703-713.	3.7	79
11	Positive mental health moderates the association between depression and suicide ideation: A longitudinal study. <i>International Journal of Clinical and Health Psychology</i> , 2018, 18, 1-7.	5.1	78
12	Physical activity mediates the association between daily stress and Facebook Addiction Disorder (FAD) â€” A longitudinal approach among German students. <i>Computers in Human Behavior</i> , 2018, 86, 199-204.	8.5	77
13	Less Facebook use â€” More well-being and a healthier lifestyle? An experimental intervention study. <i>Computers in Human Behavior</i> , 2020, 108, 106332.	8.5	75
14	The association between depression symptoms, psychological burden caused by Covid-19 and physical activity: An investigation in Germany, Italy, Russia, and Spain. <i>Psychiatry Research</i> , 2021, 295, 113596.	3.3	71
15	Cross-cultural narcissism on Facebook: Relationship between self-presentation, social interaction and the open and covert narcissism on a social networking site in Germany and Russia. <i>Computers in Human Behavior</i> , 2016, 55, 251-257.	8.5	68
16	Cyberbullying, positive mental health and suicide ideation/behavior. <i>Psychiatry Research</i> , 2018, 267, 240-242.	3.3	67
17	Resilience to suicide ideation: A cross-cultural test of the buffering hypothesis. <i>Clinical Psychology and Psychotherapy</i> , 2018, 25, e1-e9.	2.7	66
18	Facebook Addiction Disorder in Germany. <i>Cyberpsychology, Behavior, and Social Networking</i> , 2018, 21, 450-456.	3.9	62

#	ARTICLE	IF	CITATIONS
19	A Cross-Cultural Study in Germany, Russia, and China: Are Resilient and Social Supported Students Protected Against Depression, Anxiety, and Stress?. <i>Psychological Reports</i> , 2018, 121, 265-281.	1.7	60
20	Positive Mental Health Mediates the Relationship Between Facebook Addiction Disorder and Suicide-Related Outcomes: A Longitudinal Approach. <i>Cyberpsychology, Behavior, and Social Networking</i> , 2020, 23, 346-350.	3.9	56
21	The relationship between social media use, stress symptoms and burden caused by coronavirus (Covid-19) in Germany and Italy: A cross-sectional and longitudinal investigation. <i>Journal of Affective Disorders Reports</i> , 2021, 3, 100067.	1.7	55
22	What does media use reveal about personality and mental health? An exploratory investigation among German students. <i>PLoS ONE</i> , 2018, 13, e0191810.	2.5	53
23	The brave blue world: Facebook flow and Facebook Addiction Disorder (FAD). <i>PLoS ONE</i> , 2018, 13, e0201484.	2.5	49
24	Addicted to Facebook? Relationship between Facebook Addiction Disorder, duration of Facebook use and narcissism in an inpatient sample. <i>Psychiatry Research</i> , 2019, 273, 52-57.	3.3	48
25	Self-Efficacy as a Mechanism Linking Daily Stress to Mental Health in Students: A Three-Wave Cross-Lagged Study. <i>Psychological Reports</i> , 2019, 122, 2074-2095.	1.7	47
26	Positive mental health, positive affect and suicide ideation. <i>International Journal of Clinical and Health Psychology</i> , 2019, 19, 165-169.	5.1	46
27	How to measure self-esteem with one item? validation of the German single-item self-esteem scale (G-SISE). <i>Current Psychology</i> , 2020, 39, 2192-2202.	2.8	45
28	Happiness, life satisfaction and positive mental health: Investigating reciprocal effects over four years in a Chinese student sample. <i>Journal of Research in Personality</i> , 2019, 78, 198-209.	1.7	43
29	Positive and negative mental health across the lifespan: A cross-cultural comparison. <i>International Journal of Clinical and Health Psychology</i> , 2017, 17, 197-206.	5.1	43
30	Relationship Between Daily Stress, Depression Symptoms, and Facebook Addiction Disorder in Germany and in the United States. <i>Cyberpsychology, Behavior, and Social Networking</i> , 2019, 22, 610-614.	3.9	42
31	Positive mental health moderates the association between suicide ideation and suicide attempts. <i>Journal of Affective Disorders</i> , 2019, 245, 246-249.	4.1	41
32	Dual factor model of mental health: Co-occurrence of positive mental health and suicide ideation in inpatients and outpatients. <i>Psychiatry Research</i> , 2018, 260, 343-345.	3.3	40
33	What Does Migration Mean to Us? USA and Russia: Relationship Between Migration, Resilience, Social Support, Happiness, Life Satisfaction, Depression, Anxiety and Stress. <i>Current Psychology</i> , 2019, 38, 421-431.	2.8	35
34	Predictors of remission from panic disorder, agoraphobia and specific phobia in outpatients receiving exposure therapy: The importance of positive mental health. <i>Behaviour Research and Therapy</i> , 2018, 108, 40-44.	3.1	33
35	How to Identify Narcissism With 13 Items? Validation of the German Narcissistic Personality Inventoryâ€™13 (G-NPI-13). <i>Assessment</i> , 2019, 26, 630-644.	3.1	31
36	Relationship Between Depression Symptoms, Physical Activity, and Addictive Social Media Use. <i>Cyberpsychology, Behavior, and Social Networking</i> , 2020, 23, 818-822.	3.9	31

#	ARTICLE	IF	CITATIONS
