

Andrea L Cheville

List of Publications by Citations

Source: <https://exaly.com/author-pdf/1277728/andrea-l-cheville-publications-by-citations.pdf>

Version: 2024-04-26

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
94	Exercise is medicine in oncology: Engaging clinicians to help patients move through cancer. <i>Ca-A Cancer Journal for Clinicians</i> , 2019 , 69, 468-484	220.7	225
93	A prospective surveillance model for rehabilitation for women with breast cancer. <i>Cancer</i> , 2012 , 118, 2191-200	6.4	173
92	A home-based exercise program to improve function, fatigue, and sleep quality in patients with Stage IV lung and colorectal cancer: a randomized controlled trial. <i>Journal of Pain and Symptom Management</i> , 2013 , 45, 811-21	4.8	165
91	Barriers to rehabilitation following surgery for primary breast cancer. <i>Journal of Surgical Oncology</i> , 2007 , 95, 409-18	2.8	151
90	Prevalence and treatment patterns of physical impairments in patients with metastatic breast cancer. <i>Journal of Clinical Oncology</i> , 2008 , 26, 2621-9	2.2	139
89	Lymphedema management. <i>Seminars in Radiation Oncology</i> , 2003 , 13, 290-301	5.5	115
88	Toward a National Initiative in Cancer Rehabilitation: Recommendations From a Subject Matter Expert Group. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016 , 97, 2006-2015	2.8	112
87	The grading of lymphedema in oncology clinical trials. <i>Seminars in Radiation Oncology</i> , 2003 , 13, 214-25	5.5	111
86	Activities of daily living and outcomes in heart failure. <i>Circulation: Heart Failure</i> , 2015 , 8, 261-7	7.6	79
85	Cancer Rehabilitation: An Overview of Current Need, Delivery Models, and Levels of Care. <i>Physical Medicine and Rehabilitation Clinics of North America</i> , 2017 , 28, 1-17	2.3	77
84	Breast Cancer-Related Lymphedema Risk is Related to Multidisciplinary Treatment and Not Surgery Alone: Results from a Large Cohort Study. <i>Annals of Surgical Oncology</i> , 2017 , 24, 2972-2980	3.1	74
83	Rehabilitation of patients with advanced cancer. <i>Cancer</i> , 2001 , 92, 1039-48	6.4	74
82	The value of a symptom cluster of fatigue, dyspnea, and cough in predicting clinical outcomes in lung cancer survivors. <i>Journal of Pain and Symptom Management</i> , 2011 , 42, 213-21	4.8	60
81	Effect of Collaborative Telerehabilitation on Functional Impairment and Pain Among Patients With Advanced-Stage Cancer: A Randomized Clinical Trial. <i>JAMA Oncology</i> , 2019 , 5, 644-652	13.4	56
80	An examination of the causes for the underutilization of rehabilitation services among people with advanced cancer. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2011 , 90, S27-37	2.6	53
79	Therapeutic exercise during outpatient radiation therapy for advanced cancer: Feasibility and impact on physical well-being. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2010 , 89, 611-9	2.6	53
78	Scrambler Therapy for the management of chronic pain. <i>Supportive Care in Cancer</i> , 2016 , 24, 2807-14	3.9	52

77	Lymphedema prevalence and treatment benefits in cancer: impact of a therapeutic intervention on health outcomes and costs. <i>PLoS ONE</i> , 2014 , 9, e114597	3.7	49
76	Cancer rehabilitation. <i>Seminars in Oncology</i> , 2005 , 32, 219-24	5.5	49
75	Insights into the reluctance of patients with late-stage cancer to adopt exercise as a means to reduce their symptoms and improve their function. <i>Journal of Pain and Symptom Management</i> , 2012 , 44, 84-94	4.8	46
74	Fatigue, dyspnea, and cough comprise a persistent symptom cluster up to five years after diagnosis with lung cancer. <i>Journal of Pain and Symptom Management</i> , 2011 , 42, 202-12	4.8	46
73	Management of Chronic Pain in the Aftermath of the Opioid Backlash. <i>JAMA - Journal of the American Medical Association</i> , 2017 , 317, 2365-2366	27.4	38
72	Developing High-Quality Cancer Rehabilitation Programs: A Timely Need. <i>American Society of Clinical Oncology Educational Book / ASCO American Society of Clinical Oncology Meeting</i> , 2016 , 35, 241-9 ^{7.1}	7.1	38
71	A prospective cohort study defining utilities using time trade-offs and the Euroqol-5D to assess the impact of cancer-related lymphedema. <i>Cancer</i> , 2010 , 116, 3722-31	6.4	35
70	How Receptive Are Patients With Late Stage Cancer to Rehabilitation Services and What Are the Sources of Their Resistance?. <i>Archives of Physical Medicine and Rehabilitation</i> , 2017 , 98, 203-210	2.8	31
69	Performance of an item response theory-based computer adaptive test in identifying functional decline. <i>Archives of Physical Medicine and Rehabilitation</i> , 2012 , 93, 1153-60	2.8	31
68	Effect of Home-Based Exercise and Weight Loss Programs on Breast Cancer-Related Lymphedema Outcomes Among Overweight Breast Cancer Survivors: The WISER Survivor Randomized Clinical Trial. <i>JAMA Oncology</i> , 2019 , 5, 1605-1613	13.4	29
67	Randomized pilot trial of yoga versus strengthening exercises in breast cancer survivors with cancer-related fatigue. <i>Supportive Care in Cancer</i> , 2016 , 24, 4005-15	3.9	28
66	Patient-provider discordance between global assessments of disease activity in rheumatoid arthritis: a comprehensive clinical evaluation. <i>Arthritis Research and Therapy</i> , 2017 , 19, 212	5.7	24
65	Long-Term Return to Functional Baseline After Mechanical Ventilation in the ICU. <i>Critical Care Medicine</i> , 2018 , 46, 562-569	1.4	24
64	Role of rehabilitation medicine and physical agents in the treatment of cancer-associated pain. <i>Journal of Clinical Oncology</i> , 2014 , 32, 1691-702	2.2	24
63	Cancer-related fatigue. <i>Physical Medicine and Rehabilitation Clinics of North America</i> , 2009 , 20, 405-16	2.3	24
62	Improving Adherence to Cancer Treatment by Addressing Quality of Life in Patients With Advanced Gastrointestinal Cancers. <i>Journal of Pain and Symptom Management</i> , 2015 , 50, 321-7	4.8	23
61	Cost effectiveness of telecare management for pain and depression in patients with cancer: results from a randomized trial. <i>General Hospital Psychiatry</i> , 2014 , 36, 599-606	5.6	23
60	Time-course of arm lymphedema and potential risk factors for progression of lymphedema after breast conservation treatment for early stage breast cancer. <i>Breast Journal</i> , 2012 , 18, 219-25	1.2	23

59	Relationship between pre-transplant physical function and outcomes after kidney transplant. <i>Clinical Transplantation</i> , 2017 , 31, e12952	3.8	22
58	Developing High-Quality Cancer Rehabilitation Programs: A Timely Need. <i>American Society of Clinical Oncology Educational Book / ASCO American Society of Clinical Oncology Meeting</i> , 2016 , 36, 241-249	7.1	22
57	An exercise oncology clinical pathway: Screening and referral for personalized interventions. <i>Cancer</i> , 2020 , 126, 2750-2758	6.4	20
56	Integrating Function-Directed Treatments into Palliative Care. <i>PM and R</i> , 2017 , 9, S335-S346	2.2	18
55	Changes in arm tissue composition with slowly progressive weight-lifting among women with breast cancer-related lymphedema. <i>Breast Cancer Research and Treatment</i> , 2017 , 164, 79-88	4.4	17
54	Appropriateness of the treatment of fatigued patients with stage IV cancer. <i>Supportive Care in Cancer</i> , 2013 , 21, 229-33	3.9	17
53	Multimorbidity and Functional Limitation in Individuals with Heart Failure: A Prospective Community Study. <i>Journal of the American Geriatrics Society</i> , 2018 , 66, 1101-1107	5.6	16
52	Cost considerations regarding the prospective surveillance model for breast cancer survivors. <i>Cancer</i> , 2012 , 118, 2325-30	6.4	16
51	Current and future trends in lymphedema management: implications for women's health. <i>Physical Medicine and Rehabilitation Clinics of North America</i> , 2007 , 18, 539-53, x	2.3	16
50	Cancer rehabilitation as an essential component of quality care and survivorship from an international perspective. <i>Disability and Rehabilitation</i> , 2020 , 42, 8-13	2.4	14
49	The Relationship Between Frailty and Decreased Physical Performance With Death on the Kidney Transplant Waiting List. <i>Progress in Transplantation</i> , 2019 , 29, 108-114	1.1	13
48	Adherence to a pedometer-based physical activity intervention following kidney transplant and impact on metabolic parameters. <i>Clinical Transplantation</i> , 2015 , 29, 560-8	3.8	12
47	Performance of common clinician- and self-report measures in assessing the function of community-dwelling people with metastatic breast cancer. <i>Archives of Physical Medicine and Rehabilitation</i> , 2009 , 90, 2116-24	2.8	12
46	The rationale, design, and methods of a randomized, controlled trial to evaluate the effectiveness of collaborative telecare in preserving function among patients with late stage cancer and hematologic conditions. <i>Contemporary Clinical Trials</i> , 2018 , 64, 254-264	2.3	11
45	The addition of SPECT/CT lymphoscintigraphy to breast cancer radiation planning spares lymph nodes critical for arm drainage. <i>International Journal of Radiation Oncology Biology Physics</i> , 2013 , 85, 971-7	4	11
44	A pilot study to assess the utility of SPECT/CT-based lymph node imaging to localize lymph nodes that drain the arm in patients undergoing treatment for breast cancer. <i>Breast Cancer Research and Treatment</i> , 2009 , 116, 531-8	4.4	11
43	Scrambler Therapy for the Treatment of Chronic Post-Mastectomy Pain (cPMP). <i>Cureus</i> , 2017 , 9, e1378	1.2	10
42	Exercise Recommendation for People With Bone Metastases: Expert Consensus for Health Care Providers and Exercise Professionals.. <i>JCO Oncology Practice</i> , 2022 , OP2100454	2.3	10

41	Alternative Exercise Traditions in Cancer Rehabilitation. <i>Physical Medicine and Rehabilitation Clinics of North America</i> , 2017 , 28, 181-192	2.3	9
40	Cost-effectiveness of the Collaborative Care to Preserve Performance in Cancer (COPE) trial tele-rehabilitation interventions for patients with advanced cancers. <i>Cancer Medicine</i> , 2020 , 9, 2723-2731	4.8	9
39	Race or Resource? BMI, Race, and Other Social Factors as Risk Factors for Interlimb Differences among Overweight Breast Cancer Survivors with Lymphedema. <i>Journal of Obesity</i> , 2016 , 2016, 8241710	3.7	9
38	The Physical Consequences of Chemotherapy-Induced Peripheral Neuropathy. <i>Current Oncology Reports</i> , 2020 , 22, 50	6.3	8
37	Integrated Rehabilitation for Breast Cancer Survivors. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2019 , 98, 154-164	2.6	8
36	Reduced lymphedema after sentinel lymph node biopsy versus lymphadenectomy for endometrial cancer. <i>International Journal of Gynecological Cancer</i> , 2021 , 31, 85-91	3.5	8
35	Rehabilitation Medicine Approaches to Pain Management. <i>Hematology/Oncology Clinics of North America</i> , 2018 , 32, 469-482	3.1	7
34	Imaging and Clinical Characteristics Predict Near-Term Disablement From Bone Metastases: Implications for Rehabilitation. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016 , 97, 53-60	2.8	7
33	Exertional Rhabdomyolysis: A Retrospective Population-based Study. <i>Medicine and Science in Sports and Exercise</i> , 2020 , 52, 608-615	1.2	7
32	Intra- and Interrater Reliability and Concurrent Validity of a New Tool for Assessment of Breast Cancer-Related Lymphedema of the Upper Extremity. <i>Archives of Physical Medicine and Rehabilitation</i> , 2019 , 100, 315-326	2.8	7
31	Perceived knowledge of palliative care among immigrants to the United States: a secondary data analysis from the Health Information National Trends Survey. <i>Annals of Palliative Medicine</i> , 2019 , 8, 451-461	1.7	6
30	Overview of Lymphedema for Physicians and Other Clinicians: A Review of Fundamental Concepts. <i>Mayo Clinic Proceedings</i> , 2020 ,	6.4	6
29	Skilled Nursing Facility Use and Hospitalizations in Heart Failure: A Community Linkage Study. <i>Mayo Clinic Proceedings</i> , 2017 ,	6.4	5
28	Functional outcomes in patients with co-occurring traumatic brain injury and spinal cord injury from an inpatient rehabilitation facility's perspective. <i>Journal of Spinal Cord Medicine</i> , 2018 , 41, 718-730	1.9	5
27	Caregivers' Attitudes toward promoting exercise among patients with late-stage lung cancer. <i>Journal of Community and Supportive Oncology</i> , 2015 , 13, 392-8		5
26	The impact of arm lymphedema on healthcare utilization during long-term breast cancer survivorship: a population-based cohort study. <i>Journal of Cancer Survivorship</i> , 2020 , 14, 347-355	5.1	4
25	Telehealth Strategies to Support Patients and Families Across the Cancer Trajectory. <i>American Society of Clinical Oncology Educational Book / ASCO American Society of Clinical Oncology Meeting</i> , 2021 , 41, 413-422	7.1	4
24	Lymphedema Signs, Symptoms, and Diagnosis in Women Who Are in Minority and Low-Income Groups and Have Survived Breast Cancer. <i>Physical Therapy</i> , 2020 , 100, 487-499	3.3	3

23	Employment Concerns and Associated Impairments of Women Living With Advanced Breast Cancer. <i>Archives of Rehabilitation Research and Clinical Translation</i> , 2019 , 1, 100004	1.3	3
22	Nested Cohort Study to Identify Characteristics That Predict Near-Term Disablement From Lung Cancer Brain Metastases. <i>Archives of Physical Medicine and Rehabilitation</i> , 2017 , 98, 303-311.e1	2.8	3
21	Age, sex, and symptom intensity influence test taking parameters on functional patient-reported outcomes. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2014 , 93, 931-7	2.6	3
20	Standardization of lower extremity quantitative lymphedema measurements and associated patient-reported outcomes in gynecologic cancers. <i>Gynecologic Oncology</i> , 2021 , 160, 625-632	4.9	3
19	The Cancer Rehabilitation Medicine Metrics Consortium: A Path to Enhanced, Multi-Site Outcome Assessment to Enhance Care and Demonstrate Value. <i>Frontiers in Oncology</i> , 2020 , 10, 625700	5.3	3
18	Adaptive Measurement of Change: A Novel Method to Reduce Respondent Burden and Detect Significant Individual-Level Change in Patient-Reported Outcome Measures. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021 ,	2.8	3
17	Postacute care: reasons for its growth and a proposal for its control through the early detection, treatment, and prevention of hospital-acquired disability. <i>Archives of Physical Medicine and Rehabilitation</i> , 2014 , 95, 1997-9	2.8	2
16	Functional outcomes. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2014 , 93, 909-12	2.6	2
15	The feasibility of individualized prehabilitation for patients undergoing gastrointestinal cancer resections: a pilot study. <i>Minerva Chirurgica</i> , 2019 , 74, 112-113	0.8	2
14	Top Ten Tips Palliative Care Clinicians Should Know About Physical Medicine and Rehabilitation. <i>Journal of Palliative Medicine</i> , 2020 , 23, 129-135	2.2	2
13	Improving the Delivery of Function-Directed Care During Acute Hospitalizations: Methods to Develop and Validate the Functional Assessment in Acute Care Multidimensional Computerized Adaptive Test (FAMCAT). <i>Archives of Rehabilitation Research and Clinical Translation</i> , 2021 , 3, 100112	1.3	2
12	Psychometric Characteristics and Validity of the PROMIS Cancer Function Brief 3D Profile. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021 ,	2.8	2
11	Differences in Perceived Risk at Which Clinician and Patient Stakeholders Initiate Activities to Prevent Late Effects Among Breast Cancer Survivors. <i>Archives of Rehabilitation Research and Clinical Translation</i> , 2019 , 1, 100006	1.3	1
10	The beneficial effect of enhanced physical activity on the welfare of breast cancer survivors. <i>Breast Cancer Management</i> , 2014 , 3, 359-367	0.7	1
9	Multidimensional Computerized Adaptive Testing: A Potential Path Toward the Efficient and Precise Assessment of Applied Cognition, Daily Activity, and Mobility for Hospitalized Patients.. <i>Archives of Physical Medicine and Rehabilitation</i> , 2022 ,	2.8	1
8	Examination of the Measurement Equivalence of the Functional Assessment in Acute Care MCAT (FAMCAT) Mobility Item Bank Using Differential Item Functioning Analyses. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021 ,	2.8	1
7	Prenatal Diethylstilbestrol Exposure and Cancer Risk in Males. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2021 , 30, 1826-1833	4	1
6	Challenges in Measuring Applied Cognition: Measurement Properties and Equivalence of the Functional Assessment in Acute Care Multidimensional Computerized Adaptive Test (FAMCAT) Applied Cognition Item Bank. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021 ,	2.8	1

5	Prospective, Single-blind, Randomized Controlled Trial to Evaluate the Effectiveness of a Digital Exercise Therapy Application Compared With Conventional Physical Therapy for the Treatment of Nonoperative Knee Conditions.. <i>Archives of Rehabilitation Research and Clinical Translation</i> , 2021 , 3, 100151	1.3	1
4	Association of Lower Extremity Lymphedema With Physical Functioning and Activities of Daily Living Among Older Survivors of Colorectal, Endometrial, and Ovarian Cancer.. <i>JAMA Network Open</i> , 2022 , 5, e221671	10.4	1
3	Prenatal diethylstilbestrol exposure and mammographic density. <i>International Journal of Cancer</i> , 2018 , 143, 1374-1378	7.5	0
2	Update on Spinal Cord Compression for the Palliative Care Clinician. <i>Journal of Pain and Symptom Management</i> , 2017 , 54, 394-399	4.8	
1	Comprehensive Evaluation of Primary Care Sports Medicine Fellowship Websites. <i>Journal of Medical Education and Curricular Development</i> , 2021 , 8, 23821205211028346	2.2
