#	ARTICLE	IF	CITATIONS
1	Identity disclosure between donor families and organ transplant recipients: an integrative review of the international literature. <i>Psychology, Health and Medicine</i> , 2023, 28, 1611-1633.	2.4	2
2	Implementing and sustaining Point of Care ROTEM® into a trauma activation protocol for the management of patients with traumatic injury: A mixed-methods study. <i>Australian Critical Care</i> , 2023, 36, 336-344.	1.3	3
3	Enhanced recovery protocols in patients undergoing pancreatic surgery: An umbrella review. <i>Nursing Open</i> , 2022, 9, 932-941.	2.4	3
4	Systematic review of clinicians' knowledge, attitudes, and beliefs about nutrition in intensive care. <i>Nutrition in Clinical Practice</i> , 2022, 37, 825-842.	2.4	3
5	Pressure injury prevention practices among medical surgical nurses in a tertiary hospital: An observational and chart audit study. <i>International Wound Journal</i> , 2022, 19, 1165-1179.	2.9	6
6	Knowledge of pressure injury in medical and surgical nurses in a tertiary level hospital: A cross-sectional study. <i>Journal of Tissue Viability</i> , 2022, 31, 24-29.	2.0	11
7	An audit of central venous catheter insertion and management practices in an Australian tertiary intensive care unit: A quality improvement project. <i>Intensive and Critical Care Nursing</i> , 2022, 70, 103217.	2.9	4
8	Registered nurses' approach to pressure injury prevention: A descriptive qualitative study. <i>Journal of Advanced Nursing</i> , 2022, 78, 2575-2585.	3.3	11
9	Editorial. <i>Australian Critical Care</i> , 2022, 35, 105-106.	1.3	0
10	An interprofessional team approach to early mobilisation of critically ill adults: An integrative review. <i>International Journal of Nursing Studies</i> , 2022, 129, 104210.	5.6	4
11	Methodological Rigor and Transparency in Clinical Practice Guidelines for Nutrition Care in Critically Ill Adults: A Systematic Review Using the AGREE II and AGREE-REX Tools. <i>Nutrients</i> , 2022, 14, 2603.	4.1	4
12	Promoting patient engagement: a scoping review of actions that align with the interactive care model. <i>Scandinavian Journal of Caring Sciences</i> , 2021, 35, 722-741.	2.1	13
13	Evaluation of an intervention to improve nutrition intake in patients undergoing elective colorectal surgery: A mixed-methods pilot study. <i>Nutrition</i> , 2021, 84, 111015.	2.4	5
14	A critical care pandemic staffing framework in Australia. <i>Australian Critical Care</i> , 2021, 34, 123-131.	1.3	26
15	Identifying 'at-risk' critically ill patients who present to the emergency department and require intensive care unit admission: A retrospective observational cohort study. <i>Australian Critical Care</i> , 2021, 34, 195-203.	1.3	0
16	Outcomes of same day discharge after percutaneous coronary intervention: A quality improvement project. <i>Collegian</i> , 2021, 28, 214-221.	1.3	1
17	Patient and family perceptions and experiences of same-day discharge following percutaneous coronary intervention and those kept overnight. <i>Intensive and Critical Care Nursing</i> , 2021, 62, 102947.	2.9	5
18	Nursing competencies for family-centred care in the hospital setting: A multinational Q methodology study. <i>Journal of Advanced Nursing</i> , 2021, 77, 1783-1799.	3.3	5

#	ARTICLE	IF	CITATIONS
19	Exploring family participation in patient care on acute care wards: A mixedâ€methods study. International Journal of Nursing Practice, 2021, 27, e12881.	1.7	5
20	Identifying barriers and facilitators to recognition and response to patient clinical deterioration by clinicians using a behaviour change approach: A qualitative study. Journal of Clinical Nursing, 2021, 30, 803-818.	3.0	10
21	Using Technology to Promote Patient Engagement in Nutrition Care: A Feasibility Study. Nutrients, 2021, 13, 314.	4.1	5
22	Response to â€œProtecting the role of the intensive care research coordinator during pandemicsâ€ Australian Critical Care, 2021, 34, 120.	1.3	0
23	Comparing Perceptions of Patient Nonparticipation in Nursing Care: A Secondary Analysis. Journal of Nursing Scholarship, 2021, 53, 449-457.	2.4	3
24	Assessment of an integrated knowledge translation intervention to improve nutrition intakes among patients undergoing elective bowel surgery: a mixed-method process evaluation. BMC Health Services Research, 2021, 21, 514.	2.2	7
25	Physical outcomes after critical illness: Muscle mass and strength are important for achieving outcomes that may matter most to patients. Australian Critical Care, 2021, 34, 301-302.	1.3	0
26	Improving sepsis screening and care in a developing nation health setting: a description of implementation. Australian Journal of Cancer Nursing, 2021, 23, 936-947.	1.6	2
27	Sensitivity and specificity of a quick sequential [Sepsisâ€Related] organ failure assessment sepsis screening tool. International Journal of Clinical Practice, 2021, 75, e14874.	1.7	1
28	The effects of a family-centered psychosocial-based nutrition intervention in patients with advanced cancer: the PiCNIC2 pilot randomised controlled trial. Nutrition Journal, 2021, 20, 2.	3.4	22
29	Handover From the Emergency Department to Inpatient Units. Journal of Nursing Care Quality, 2021, 36, 339-345.	0.9	0
30	Hospital Staffsâ€™ Perceptions of Postoperative Nutrition Among Colorectal Patients: A Qualitative Study. Nutrition in Clinical Practice, 2020, 35, 306-314.	2.4	2
31	Feasibility of using the â€œmodified NUTrition Risk In the Critically illâ€ nutritional risk screening tool to identify nutritionally at-risk patients in an Australian intensive care unit. Australian Critical Care, 2020, 33, 259-263.	1.3	5
32	FKBPL-based peptide, ALM201, targets angiogenesis and cancer stem cells in ovarian cancer. British Journal of Cancer, 2020, 122, 361-371.	6.4	38
33	End-user perceptions of a patient- and family-centred intervention to improve nutrition intake among oncology patients: a descriptive qualitative analysis. BMC Nutrition, 2020, 6, 29.	1.6	8
34	Hospital patients' perceptions of using a technology-based intervention to participate in their nutrition care: A qualitative descriptive study. Clinical Nutrition ESPEN, 2020, 39, 79-86.	1.2	5
35	Nutrition management for critically and acutely unwell hospitalised patients with coronavirus disease 2019 (<sc>COVID</sc>â€19) in Australia and New Zealand. Nutrition and Dietetics, 2020, 77, 426-436.	1.8	38
36	Interventions and strategies to prevent catheterâ€associated urinary tract infections with shortâ€term indwelling urinary catheters in hospitalized patients: An integrative review. International Journal of Nursing Practice, 2020, 26, e12834.	1.7	7

#	ARTICLE	IF	CITATIONS
37	Nutrition management for critically and acutely unwell hospitalised patients with coronavirus disease 2019 (COVID-19) in Australia and New Zealand. Australian Critical Care, 2020, 33, 399-406.	1.3	37
38	Engaging patients and families in communication across transitions of care: An integrative review. Patient Education and Counseling, 2020, 103, 1104-1117.	2.2	22
39	Engaging hospitalised patients in their nutrition care using technology: development of the NUTRI-TEC intervention. BMC Health Services Research, 2020, 20, 148.	2.2	9
40	Frontline nurses' perceptions of intra-hospital handover. Journal of Clinical Nursing, 2020, 29, 2231-2238.	3.0	12
41	What a difference a decade makes!. Australian Critical Care, 2020, 33, 1.	1.3	0
42	Topical Analgesic and Local Anesthetic Agents for Pain Associated with Chronic Leg Ulcers: A Systematic Review. Advances in Skin and Wound Care, 2020, 33, 240-251.	1.0	11
43	Evaluating the Implementation of a Multi-Component Intervention to Prevent Surgical Site Infection and Promote Evidence-Based Practice. Worldviews on Evidence-Based Nursing, 2020, 17, 193-201.	2.9	9
44	Implementing a quick Sequential (Sepsis-Related) Organ Failure Assessment sepsis screening tool: an interrupted times series study. International Journal for Quality in Health Care, 2020, 32, 388-395.	1.8	2
45	How to Feed the Critically Ill—A Review. Annals of the Academy of Medicine, Singapore, 2020, 49, 573-581.	0.4	4
46	Feeding Practices and Nutrition Intakes Among Non-Critically Ill, Postoperative Adult Patients: An Observational Study. Nutrition in Clinical Practice, 2019, 34, 371-380.	2.4	6
47	Facilitating the relocation of an intensive care unit from shared room to single room setting: Staff perceptions on the effectiveness of a multicomponent intervention. Australian Critical Care, 2019, 32, 279-284.	1.3	5
48	Educating the critical care nurse of the future. Australian Critical Care, 2019, 32, 273-274.	1.3	3
49	Parent escalation of care for the deteriorating child in hospital: A health-care improvement study. Health Expectations, 2019, 22, 1078-1088.	2.6	16
50	Using a general theory of implementation to plan the introduction of delirium prevention for older people in hospital. Journal of Nursing Management, 2019, 27, 1631-1639.	3.4	6
51	And the award goes to..... Australian Critical Care, 2019, 32, 77-78.	1.3	0
52	Development and Process Evaluation of a Complex Intervention for Improving Nutrition among Hospitalised Patients: A Mixed Methods Study. Healthcare (Switzerland), 2019, 7, 79.	2.0	10
53	Improving Nutrition Care, Delivery, and Intakes Among Hospitalised Patients: A Mixed Methods, Integrated Knowledge Translation Study. Nutrients, 2019, 11, 1417.	4.1	13
54	A qualitative exploration of factors influencing medical staffs' decision-making around nutrition prescription after colorectal surgery. BMC Health Services Research, 2019, 19, 178.	2.2	9

#	ARTICLE	IF	CITATIONS
55	Lessons learnt from the implementation of same-day discharge after percutaneous coronary intervention. <i>Australian Critical Care</i> , 2019, 32, 458-464.	1.3	8
56	Effectiveness of nursing rounds in the Intensive Care Unit on workplace learning. <i>Intensive and Critical Care Nursing</i> , 2019, 53, 92-99.	2.9	7
57	Health practitioner practices and their influence on nutritional intake of hospitalised patients. <i>International Journal of Nursing Sciences</i> , 2019, 6, 162-168.	1.3	22
58	A qualitative exploration of patients' experiences with and perceptions of recommencing feeding after colorectal surgery. <i>Journal of Human Nutrition and Dietetics</i> , 2019, 32, 63-71.	2.5	13
59	Patient and family members' perceptions of family participation in care on acute care wards. <i>Scandinavian Journal of Caring Sciences</i> , 2019, 33, 359-370.	2.1	36
60	Preventing surgical site infections: Facilitators and barriers to nurses' adherence to clinical practice guidelines? A qualitative study. <i>Journal of Clinical Nursing</i> , 2019, 28, 1643-1652.	3.0	33
61	Implementing Same Day Discharge Following Percutaneous Coronary Intervention. <i>Journal of Nursing Care Quality</i> , 2019, 34, 54-60.	0.9	4
62	Patients admitted via the emergency department to the intensive care unit: An observational cohort study. <i>EMA - Emergency Medicine Australasia</i> , 2019, 31, 225-233.	1.1	4
63	Handover from operating theatre to the intensive care unit: A quality improvement study. <i>Australian Critical Care</i> , 2019, 32, 229-236.	1.3	18
64	Acute care nurses' views on family participation and collaboration in fundamental care. <i>Journal of Clinical Nursing</i> , 2018, 27, 2346-2359.	3.0	42
65	Wandering in the periphery or living in the blaze? Excellence in research can come from anywhere. <i>Australian Critical Care</i> , 2018, 31, 1-2.	1.3	0
66	Using normalisation process theory to evaluate the implementation of a complex intervention to embed the surgical safety checklist. <i>BMC Health Services Research</i> , 2018, 18, 170.	2.2	25
67	Partnering with families to promote nutrition in cancer care: feasibility and acceptability of the PlcNIC intervention. <i>BMC Palliative Care</i> , 2018, 17, 50.	1.8	14
68	The impact of interventions that promote family involvement in care on adult acute-care wards: An integrative review. <i>Collegian</i> , 2018, 25, 131-140.	1.3	43
69	A systematic review of feeding practices among postoperative patients: is practice in line with evidenced-based guidelines?. <i>Journal of Human Nutrition and Dietetics</i> , 2018, 31, 151-167.	2.5	18
70	Psychometric testing of the revised 'Families' Importance in Nursing Care' Nurses' Attitudes instrument. <i>Journal of Advanced Nursing</i> , 2018, 74, 482-490.	3.3	9
71	Hospital discharge processes involving older adults living with dementia: An integrated literature review. <i>Journal of Clinical Nursing</i> , 2018, 27, e712-e725.	3.0	18
72	Using a Theory-Driven Approach to Manage the Relocation of an Intensive Care Unit. <i>Journal of Nursing Care Quality</i> , 2018, 33, 247-254.	0.9	1

#	ARTICLE	IF	CITATIONS
73	Caring: not just for patients and families. Australian Critical Care, 2018, 31, 335-336.	1.3	1
74	Systematic reviews, “systematic reviews”™ and more: When variation leads to confusion. Australian Critical Care, 2018, 31, 255-256.	1.3	2
75	Early oral feeding after colorectal surgery: A mixed methods study of knowledge translation. Nutrition and Dietetics, 2018, 75, 345-352.	1.8	10
76	Crazy Socks Aren't Just 4 Docs!. Australian Critical Care, 2018, 31, 189-190.	1.3	0
77	Eutectic mixture of local anaesthetics (EMLA®) as a primary dressing on painful chronic leg ulcers: a pilot randomised controlled trial. Pilot and Feasibility Studies, 2018, 4, 123.	1.2	3
78	Dressings and securements for the prevention of peripheral intravenous catheter failure in adults (SAVE): a pragmatic, randomised controlled, superiority trial. Lancet, The, 2018, 392, 419-430.	13.7	107
79	Barriers and facilitators to implementing a process to enable parent escalation of care for the deteriorating child in hospital. Health Expectations, 2018, 21, 1095-1103.	2.6	18
80	Improving partnerships with family members of ICU patients: study protocol for a randomized controlled trial. Trials, 2018, 19, 3.	1.6	22
81	Evaluation of a patient safety programme on Surgical Safety Checklist Compliance: a prospective longitudinal study. BMJ Open Quality, 2018, 7, e000362.	1.1	19
82	Understanding family assessment in the Australian context; what are adult oncology nursing practices?. Collegian, 2017, 24, 175-182.	1.3	11
83	Inter and transdisciplinary research “The way forward in improving outcomes for critically ill patients and their families. Australian Critical Care, 2017, 30, 1.	1.3	1
84	A vote of thanks. Australian Critical Care, 2017, 30, 2.	1.3	0
85	Technology to engage hospitalised patients in their nutrition care: a qualitative study of usability and patient perceptions of an electronic foodservice system. Journal of Human Nutrition and Dietetics, 2017, 30, 563-573.	2.5	14
86	Nurses' practice in preventing postoperative wound infections: an observational study. Journal of Wound Care, 2017, 26, 28-37.	1.2	29
87	Screening for sepsis in general hospitalized patients: a systematic review. Journal of Hospital Infection, 2017, 96, 305-315.	2.9	39
88	The nursing assessment of infants with bronchiolitis. Journal of Child Health Care, 2017, 21, 181-190.	1.4	2
89	Survival is not enough: the importance of recovery after critical illness. Australian Critical Care, 2017, 30, 55-56.	1.3	0
90	Novel, Family-Centered Intervention to Improve Nutrition in Patients Recovering From Critical Illness: A Feasibility Study. Nutrition in Clinical Practice, 2017, 32, 392-399.	2.4	18

#	ARTICLE	IF	CITATIONS
91	Response to “Implementation of the Practice Standards for Specialist Critical Care Nurses in Australia” Australian Critical Care, 2017, 30, 242.	1.3	1
92	The Effectiveness of EMLA as a Primary Dressing on Painful Chronic Leg Ulcers: Effects on Wound Healing and Health-Related Quality of Life. International Journal of Lower Extremity Wounds, 2017, 16, 163-172.	1.1	13
93	The Effectiveness of EMLA as a Primary Dressing on Painful Chronic Leg Ulcers: A Pilot Randomized Controlled Trial. Advances in Skin and Wound Care, 2017, 30, 354-363.	1.0	10
94	Yours, Mine, Ours – data sharing in clinical research. Australian Critical Care, 2017, 30, 239-240.	1.3	1
95	Letters: Response to comment on “Nurses’ practice in preventing postoperative wound infections: an observational study” JWC January 2017; 26: 1.. Journal of Wound Care, 2017, 26, 353-353.	1.2	1
96	Using technology to engage hospitalised patients in their care: a realist review. BMC Health Services Research, 2017, 17, 388.	2.2	34
97	A systematic review of the psychometric properties of bronchiolitis assessment tools. Journal of Advanced Nursing, 2017, 73, 286-301.	3.3	14
98	Mind the gap “Why is implementing research into practice so challenging?”. Australian Critical Care, 2017, 30, 287-288.	1.3	1
99	Unlocking the “black box” of practice improvement strategies to implement surgical safety checklists: a process evaluation. Journal of Multidisciplinary Healthcare, 2017, Volume 10, 157-166.	2.7	7
100	Hospital staffs’ perceptions of an electronic program to engage patients in nutrition care at the bedside: a qualitative study. BMC Medical Informatics and Decision Making, 2017, 17, 105.	3.0	8
101	The Impact of Implementation of Family-Initiated Escalation of Care for the Deteriorating Patient in Hospital: A Systematic Review. Worldviews on Evidence-Based Nursing, 2016, 13, 303-313.	2.9	29
102	Patients’ perceptions of participation in nursing care on medical wards. Scandinavian Journal of Caring Sciences, 2016, 30, 260-270.	2.1	84
103	Implementation Strategies for Same Day Discharge Post Percutaneous Coronary Intervention: An Integrative Review. Worldviews on Evidence-Based Nursing, 2016, 13, 371-379.	2.9	4
104	Patient engagement in clinical communication: an exploratory study. Scandinavian Journal of Caring Sciences, 2016, 30, 565-573.	2.1	22
105	Impact of workflow on the use of the surgical safety checklist: a qualitative study. ANZ Journal of Surgery, 2016, 86, 864-867.	0.7	25
106	Hospital employees’ perceptions of fairness and job satisfaction at a time of transformational change. Australian Health Review, 2016, 40, 292.	1.1	2
107	Survey of research activity among multidisciplinary health professionals. Australian Health Review, 2016, 40, 667.	1.1	11
108	Relocating an intensive care unit: An exploratory qualitative study. Australian Critical Care, 2016, 29, 55-60.	1.3	21
