#	ARTICLE	IF	CITATIONS
1	Impact of Hostility and Withdrawal in Interparental Conflict on Parental Emotional Unavailability and Children's Adjustment Difficulties. <i>Child Development</i> , 2006, 77, 1623-1641.	1.7	213
2	Interactions of child maltreatment and serotonin transporter and monoamine oxidase A polymorphisms: Depressive symptomatology among adolescents from low socioeconomic status backgrounds. <i>Development and Psychopathology</i> , 2007, 19, 1161-1180.	1.4	179
3	The role of child adrenocortical functioning in pathways between interparental conflict and child maladjustment.. <i>Developmental Psychology</i> , 2007, 43, 918-930.	1.2	156
4	Normalizing the development of cortisol regulation in maltreated infants through preventive interventions. <i>Development and Psychopathology</i> , 2011, 23, 789-800.	1.4	147
5	A process analysis of the transmission of distress from interparental conflict to parenting: Adult relationship security as an explanatory mechanism.. <i>Developmental Psychology</i> , 2009, 45, 1761-1773.	1.2	113
6	Child Adaptational Development in Contexts of Interparental Conflict Over Time. <i>Child Development</i> , 2006, 77, 218-233.	1.7	107
7	Interparental violence, maternal emotional unavailability and children's cortisol functioning in family contexts.. <i>Developmental Psychology</i> , 2012, 48, 237-249.	1.2	100
8	Maternal Depression, Children's Attachment Security, and Representational Development: An Organizational Perspective. <i>Child Development</i> , 2009, 80, 192-208.	1.7	99
9	Hostility and withdrawal in marital conflict: Effects on parental emotional unavailability and inconsistent discipline.. <i>Journal of Family Psychology</i> , 2006, 20, 227-238.	1.0	96
10	Interparental conflict and children's school adjustment: The explanatory role of children's internal representations of interparental and parent-child relationships.. <i>Developmental Psychology</i> , 2008, 44, 1678-1690.	1.2	87
11	Typologies of Family Functioning and Children's Adjustment During the Early School Years. <i>Child Development</i> , 2010, 81, 1320-1335.	1.7	86
12	Adrenocortical Underpinnings of Children's Psychological Reactivity to Interparental Conflict. <i>Child Development</i> , 2008, 79, 1693-1706.	1.7	79
13	ADVANCES IN THE FORMULATION OF EMOTIONAL SECURITY THEORY: AN ETHOLOGICALLY BASED PERSPECTIVE. <i>Advances in Child Development and Behavior</i> , 2007, 35, 87-137.	0.7	77
14	Reciprocal associations between young children's developing moral judgments and theory of mind.. <i>Developmental Psychology</i> , 2012, 48, 1144-1155.	1.2	76
15	Vagal Tone and Children's Delay of Gratification. <i>Psychological Science</i> , 2016, 27, 885-893.	1.8	70
16	Interaction of Child Maltreatment and 5-HTT Polymorphisms: Suicidal Ideation among Children from low-SES Backgrounds. <i>Journal of Pediatric Psychology</i> , 2010, 35, 536-546.	1.1	68
17	Parenting Stress as a Mediator of the Relation Between Parenting Support and Optimal Parenting. <i>Parenting</i> , 2002, 2, 409-435.	1.0	66
18	The multiple faces of interparental conflict: Implications for cascades of children's insecurity and externalizing problems.. <i>Journal of Abnormal Psychology</i> , 2016, 125, 664-678.	2.0	65

#	ARTICLE	IF	CITATIONS
19	Differential susceptibility in spillover between interparental conflict and maternal parenting practices: Evidence for OXTR and 5-HTT genes.. <i>Journal of Family Psychology</i> , 2012, 26, 431-442.	1.0	62
20	Patterns of children's adrenocortical reactivity to interparental conflict and associations with child adjustment: A growth mixture modeling approach.. <i>Developmental Psychology</i> , 2013, 49, 317-326.	1.2	61
21	Children's patterns of emotional reactivity to conflict as explanatory mechanisms in links between interpartner aggression and child physiological functioning. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2009, 50, 1384-1391.	3.1	59
22	Tracing Differential Pathways of Risk: Associations Among Family Adversity, Cortisol, and Cognitive Functioning in Childhood. <i>Child Development</i> , 2015, 86, 1142-1158.	1.7	59
23	Children's representations of family relationships, peer information processing, and school adjustment.. <i>Developmental Psychology</i> , 2009, 45, 1740-1751.	1.2	58
24	Following My Head and My Heart: Integrating Preschoolers' Empathy, Theory of Mind, and Moral Judgments. <i>Child Development</i> , 2017, 88, 597-611.	1.7	57
25	Interparental aggression and children's adrenocortical reactivity: Testing an evolutionary model of allostatic load. <i>Development and Psychopathology</i> , 2011, 23, 801-814.	1.4	54
26	Maternal child-centered attributions and harsh discipline: The moderating role of maternal working memory across socioeconomic contexts.. <i>Journal of Family Psychology</i> , 2014, 28, 645-654.	1.0	54
27	Family instability and children's effortful control in the context of poverty: Sometimes a bird in the hand is worth two in the bush. <i>Development and Psychopathology</i> , 2017, 29, 685-696.	1.4	51
28	A process model of the implications of spillover from coparenting conflicts into the parent-child attachment relationship in adolescence. <i>Development and Psychopathology</i> , 2017, 29, 417-431.	1.4	50
29	Transactions within the family: Coparenting mediates associations between parents' relationship satisfaction and the parent-child relationship.. <i>Journal of Family Psychology</i> , 2018, 32, 553-564.	1.0	50
30	The impact of allostatic load on maternal sympathovagal functioning in stressful child contexts: Implications for problematic parenting. <i>Development and Psychopathology</i> , 2011, 23, 831-844.	1.4	49
31	An examination of the impact of harsh parenting contexts on children's adaptation within an evolutionary framework.. <i>Developmental Psychology</i> , 2012, 48, 791-805.	1.2	49
32	The role of mothers' and fathers' adrenocortical reactivity in spillover between interparental conflict and parenting practices.. <i>Journal of Family Psychology</i> , 2009, 23, 215-225.	1.0	48
33	The distinctive sequelae of children's coping with interparental conflict: Testing the reformulated emotional security theory.. <i>Developmental Psychology</i> , 2016, 52, 1646-1665.	1.2	42
34	A life history approach to delineating how harsh environments and hawk temperament traits differentially shape children's problem-solving skills. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2017, 58, 902-909.	3.1	41
35	Interparental Discord and Parenting: Testing the Moderating Roles of Child and Parent Gender. <i>Parenting</i> , 2004, 4, 361-380.	1.0	40
36	A typology of interpartner conflict and maternal parenting practices in high-risk families: Examining spillover and compensatory models and implications for child adjustment. <i>Development and Psychopathology</i> , 2014, 26, 983-998.	1.4	38

#	ARTICLE	IF	CITATIONS
37	The developmental costs and benefits of children's involvement in interparental conflict.. Developmental Psychology, 2015, 51, 1026-1047.	1.2	38
38	Pathways and processes of risk in associations among maternal antisocial personality symptoms, interparental aggression, and preschooler's psychopathology. Development and Psychopathology, 2012, 24, 807-832.	1.4	32
39	The Legacy of Early Insecurity Histories in Shaping Adolescent Adaptation to Interparental Conflict. Child Development, 2014, 85, 338-354.	1.7	32
40	The Multivariate Roles of Family Instability and Interparental Conflict in Predicting Children's Representations of Insecurity in the Family System and Early School Adjustment Problems. Journal of Abnormal Child Psychology, 2017, 45, 211-224.	3.5	32
41	Mechanisms of change: Testing how preventative interventions impact psychological and physiological stress functioning in mothers in neglectful families. Development and Psychopathology, 2015, 27, 1661-1674.	1.4	31
42	Reciprocal influences among family processes and toddlers' sleep problems.. Journal of Family Psychology, 2016, 30, 720-731.	1.0	31
43	Impact of Parental Conflict and Emotional Abuse on Children and Families. Partner Abuse, 2012, 3, 379-400.	0.2	28
44	When stress gets into your head: Socioeconomic risk, executive functions, and maternal sensitivity across childrearing contexts.. Journal of Family Psychology, 2017, 31, 160-169.	1.0	28
45	Mothers' Parenting Practices as Explanatory Mechanisms in Associations Between Interparental Violence and Child Adjustment. Partner Abuse, 2010, 1, 45-60.	0.2	25
46	Mothers' Responsive Parenting Practices and Psychological Experience of Parenting as Mediators of the Relation Between Marital Conflict and Mother - Preadolescent Relational Negativity. Parenting, 2003, 3, 327-355.	1.0	23
47	Enhanced multiclass SVM with thresholding fusion for speech-based emotion classification. International Journal of Speech Technology, 2017, 20, 27-41.	1.4	23
48	The interplay between parenting and temperament in associations with children's executive function.. Journal of Family Psychology, 2019, 33, 841-850.	1.0	20
49	Re-examining the "cycle of abuse": Parenting determinants among previously maltreated, low-income mothers.. Journal of Family Psychology, 2019, 33, 742-752.	1.0	19
50	Interdependencies among interparental discord and parenting practices: the role of adult vulnerability and relationship perturbations. Development and Psychopathology, 2004, 16, 773-97.	1.4	19
51	A dual-process approach to the role of mother's implicit and explicit attitudes toward their child in parenting models.. Developmental Psychology, 2015, 51, 289-300.	1.2	17
52	Family Context in the Development of Psychopathology. , 2014, , 143-161.		17
53	Moral development in context: Associations of neighborhood and maternal discipline with preschoolers' moral judgments.. Developmental Psychology, 2017, 53, 1881-1894.	1.2	17
54	Family cohesion and enmeshment moderate associations between maternal relationship instability and children's externalizing problems.. Journal of Family Psychology, 2018, 32, 289-298.	1.0	17

#	ARTICLE	IF	CITATIONS
55	Interactive effects of family instability and adolescent stress reactivity on socioemotional functioning.. <i>Developmental Psychology</i> , 2019, 55, 2193-2202.	1.2	16
56	Family Instability and Young Children's School Adjustment: Callousness and Negative Internal Representations as Mediators. <i>Child Development</i> , 2018, 89, 1193-1208.	1.7	15
57	Understanding the nature of associations between family instability, unsupportive parenting, and children's externalizing symptoms. <i>Development and Psychopathology</i> , 2020, 32, 257-269.	1.4	15
58	The genetic precursors and the advantageous and disadvantageous sequelae of inhibited temperament: An evolutionary perspective.. <i>Developmental Psychology</i> , 2013, 49, 2285-2300.	1.2	14
59	Attachment behavior and hostility as explanatory factors linking parent-adolescent conflict and adolescent adjustment.. <i>Journal of Family Psychology</i> , 2019, 33, 586-596.	1.0	14
60	Mothers' and fathers' self-regulation capacity, dysfunctional attributions and hostile parenting during early adolescence: A process-oriented approach. <i>Development and Psychopathology</i> , 2020, 32, 229-241.	1.4	13
61	Parent-adolescent physiological synchrony: Moderating effects of adolescent emotional insecurity. <i>Psychophysiology</i> , 2020, 57, e13596.	1.2	13
62	The Interplay Among Children's Negative Family Representations, Visual Processing of Negative Emotions, and Externalizing Symptoms. <i>Child Development</i> , 2018, 89, 663-680.	1.7	12
63	Early experiences of insensitive caregiving and children's self-regulation: Vagal tone as a differential susceptibility factor. <i>Development and Psychopathology</i> , 2020, 32, 1460-1472.	1.4	12
64	Breaking cycles of risk: The mitigating role of maternal working memory in associations among socioeconomic status, early caregiving, and children's working memory. <i>Development and Psychopathology</i> , 2017, 29, 1133-1147.	1.4	11
65	Introduction to the special section: Mind and matter: New insights on the role of parental cognitive and neurobiological functioning in process models of parenting.. <i>Journal of Family Psychology</i> , 2017, 31, 5-7.	1.0	11
66	Coparental discord and children's behavior problems: Children's negative family representations as an explanatory mechanism.. <i>Journal of Family Psychology</i> , 2020, 34, 523-533.	1.0	10
67	Delving Beyond Conscious Attitudes: Validation of an Innovative Tool for Assessing Parental Implicit Attitudes Toward Physical Punishment. <i>Infant and Child Development</i> , 2015, 24, 240-255.	0.9	9
68	Identifying the temperamental roots of children's patterns of security in the interparental relationship. <i>Development and Psychopathology</i> , 2016, 28, 355-370.	1.4	9
69	Children's dove temperament as a differential susceptibility factor in child rearing contexts.. <i>Developmental Psychology</i> , 2021, 57, 1274-1290.	1.2	8
70	Understanding how and why effortful control moderates children's vulnerability to interparental conflict.. <i>Developmental Psychology</i> , 2020, 56, 937-950.	1.2	8
71	Interparental conflict as a quadratic predictor of children's reactivity to interparental conflict and school adjustment: Stealing effects or risk saturation?. <i>Child Development</i> , 2022, 93, 594-611.	1.7	8
72	Emotion classification: How does an automated system compare to Naive human coders?. , 2016, , .		7

#	ARTICLE	IF	CITATIONS
73	Temperamental Emotionality Attributes as Antecedents of Children's Social Information Processing. <i>Child Development</i> , 2020, 91, 508-526.	1.7	7
74	Mothers'™ implicit appraisals of their adolescents as unlovable: Explanatory factor linking family conflict and harsh parenting.. <i>Developmental Psychology</i> , 2017, 53, 1344-1355.	1.2	7
75	Interparental hostility and children's™ externalizing symptoms: Attention to anger as a mediator.. <i>Developmental Psychology</i> , 2018, 54, 1290-1303.	1.2	7
76	Children's™ attentional biases to emotions as sources of variability in their vulnerability to interparental conflict.. <i>Developmental Psychology</i> , 2020, 56, 1343-1359.	1.2	7
77	Detouring in the family system as an antecedent of children's™ adjustment problems.. <i>Journal of Family Psychology</i> , 2020, 34, 814-824.	1.0	7
78	Maternal and paternal unsupportive parenting and children's externalizing symptoms: The mediational role of children's attention biases to negative emotion. <i>Development and Psychopathology</i> , 2022, 34, 1412-1428.	1.4	6
79	Child response processes as mediators of the association between caregiver intimate relationship instability and children's™ externalizing symptoms.. <i>Developmental Psychology</i> , 2019, 55, 1244-1258.	1.2	6
80	Integrating a multilevel approach to examine family conflict and parent's™ adolescent physiological synchrony.. <i>Journal of Family Psychology</i> , 2020, 34, 773-783.	1.0	6
81	Sensory processing sensitivity behavior moderates the association between environmental harshness, unpredictability, and child socioemotional functioning. <i>Development and Psychopathology</i> , 2022, 34, 675-688.	1.4	6
82	Family context in association with the development of child sensory processing sensitivity.. <i>Developmental Psychology</i> , 2021, 57, 2165-2178.	1.2	6
83	Parsing profiles of temperamental reactivity and differential routes to delay of gratification: A person-based approach. <i>Development and Psychopathology</i> , 2019, 31, 341-360.	1.4	5
84	Parsing alcohol-dependent mothers'™ insensitivity to child distress: Longitudinal links with children's™ affective and anxiety problems.. <i>Developmental Psychology</i> , 2021, 57, 900-912.	1.2	5
85	Delineating the developmental sequelae of children's risky involvement in interparental conflict. <i>Development and Psychopathology</i> , 2022, 34, 922-935.	1.4	5
86	Maternal Executive Functions, Maternal Discipline, and Children's™ School Readiness: A Process Oriented Approach. <i>Journal of Child and Family Studies</i> , 2021, 30, 1393.	0.7	4
87	Dynamic interdependence in parenting behavior: The role of family and child risks.. <i>Journal of Family Psychology</i> , 2022, 36, 874-884.	1.0	4
88	The cognitive costs and advantages of children's™ exposure to parental relationship instability: Testing an evolutionary-developmental hypothesis.. <i>Developmental Psychology</i> , 2022, 58, 1485-1499.	1.2	4
89	Maternal alcohol dependence and harsh caregiving across parenting contexts: The moderating role of child negative emotionality. <i>Development and Psychopathology</i> , 2020, 32, 1509-1523.	1.4	3
90	Maternal Power Assertive Discipline and Children's™ Adjustment in High-Risk Families: A Social Domain Theory Approach. <i>Journal of Child and Family Studies</i> , 2022, 31, 2319-2330.	0.7	3

#	ARTICLE	IF	CITATIONS
91	Beyond destructive and constructive interparental conflict: Children's psychological vulnerability to interparental disorganization.. <i>Developmental Psychology</i> , 2021, 57, 2192-2205.	1.2	2
92	Contextual risks, child problem-solving profiles, and socioemotional functioning: Testing the specialization hypothesis. <i>Development and Psychopathology</i> , 2021, , 1-13.	1.4	2
93	Integrating a multilevel approach to examine family conflict and parent-adolescent physiological synchrony. <i>Journal of Family Psychology</i> , 2020, 34, 773-783.	1.0	1
94	Domain specificity of differential susceptibility: Testing an evolutionary theory of temperament in early childhood. <i>Development and Psychopathology</i> , 2022, , 1-14.	1.4	1
95	Family instability, parenting, and child externalizing problems: Moderation by maternal sympathetic stress reactivity. <i>Development and Psychopathology</i> , 0, , 1-13.	1.4	1
96	The Role of Emotion Processing in the Association between Parental Discipline and Adolescent Socio-Emotional Development. <i>Journal of Research on Adolescence</i> , 2021, 31, 85-100.	1.9	0
97	The interplay between father-adolescent phenotypic resemblance and interparental conflict in predicting harsh discipline.. <i>Journal of Family Psychology</i> , 2022, 36, 1132-1141.	1.0	0
