#	Paper	IF	Citations
49	Evaluation of the impact of an augmented model of The Productive Ward: Releasing Time to Care on staff and patient outcomes: a naturalistic stepped-wedge trial. <i>BMJ Quality and Safety</i> , 2021 , 30, 27-37	5.4	2
48	Perceptions and attitudes of parents and healthcare professionals about the option of using infant massage in neonatal intensive care units. <i>Journal of Clinical Nursing</i> , 2021 , 30, 499-507	3.2	2
47	Testing Two Student Nurse Stress Instruments in Chinese Nursing Students: A Comparative Study Using Exploratory Factor Analysis. <i>BioMed Research International</i> , 2020 , 2020, 6987198	3	1
46	Cross-cultural validation of the Student Nurse Stress Index Scale: A descriptive survey targeting student nurses in China. <i>Journal of Affective Disorders</i> , 2019 , 251, 31-38	6.6	6
45	Clinical decisions and time since rest break: An analysis of decision fatigue in nurses. <i>Health Psychology</i> , 2019 , 38, 318-324	5	10
44	Extending the assessment of patient-centredness in health care: Development of the updated Valuing Patients as Individuals Scale using exploratory factor analysis. <i>Journal of Clinical Nursing</i> , 2018 , 27, 65-76	3.2	2
43	Intention, beliefs and mood assessed using electronic diaries predicts attendance at cardiac rehabilitation: An observational study. <i>International Journal of Nursing Studies</i> , 2018 , 88, 143-152	5.8	5
42	Just not for me- contributing factors to nonattendance/noncompletion at phase III cardiac rehabilitation in acute coronary syndrome patients: a qualitative enquiry. <i>Journal of Clinical Nursing</i> , 2017 , 26, 3529-3542	3.2	21
41	Exploring the psychological health of emergency dispatch centre operatives: a systematic review and narrative synthesis. <i>PeerJ</i> , 2017 , 5, e3735	3.1	20
40	What is the mechanism effect that links social support to coping and psychological outcome within individuals affected by prostate cancer? Real time data collection using mobile technology. <i>European Journal of Oncology Nursing</i> , 2016 , 21, 126-33	2.8	14
39	Identifying the self-management behaviours performed by prostate cancer survivors: a systematic review of the evidence. <i>Journal of Research in Nursing</i> , 2015 , 20, 96-111	0.9	12
38	Stress in telephone helpline nurses is associated with failures of concentration, attention and memory, and with more conservative referral decisions. <i>British Journal of Psychology</i> , 2014 , 105, 200-13	4	16
37	Work stress and well-being in oncology settings: a multidisciplinary study of health care professionals. <i>Psycho-Oncology</i> , 2013 , 22, 46-53	3.9	41
36	Stress in nurses: stress-related affect and its determinants examined over the nursing day. <i>Annals of Behavioral Medicine</i> , 2013 , 45, 348-56	4.5	27
35	Exploring the relationship between coping, social support and health-related quality of life for prostate cancer survivors: a review of the literature. <i>European Journal of Oncology Nursing</i> , 2013 , 17, 750-9	2.8	51
34	Do mood and the receipt of work-based support influence nurse perceived quality of care delivery? A behavioural diary study. <i>Journal of Clinical Nursing</i> , 2013 , 22, 890-901	3.2	3
33	Nursing stress and patient care: real-time investigation of the effect of nursing tasks and demands on psychological stress, physiological stress, and job performance: study protocol. <i>Journal of Advanced Nursing</i> , 2013 , 69, 2327-35	3.1	25

32	Nurses leading care in custody suite environments: a qualitative study from Scotland. <i>Journal of Forensic Nursing</i> , 2013 , 9, 45-51	1.1	11
31	Frequency of nursing tasks in medical and surgical wards. <i>Journal of Nursing Management</i> , 2013 , 21, 860-69	4.9	16
30	Promoting the health, safety and welfare of adults with learning disabilities in acute care settings: a structured literature review. <i>Journal of Clinical Nursing</i> , 2013 , 22, 1497-509	3.2	32
29	Ethnic differences and socio-demographic predictors of illness perceptions, self-management, and metabolic control of type 2 diabetes. <i>International Journal of General Medicine</i> , 2013 , 6, 617-28	2.3	25
28	Psychometric properties of the Revised Illness Perception Questionnaire: factor structure and reliability among African-origin populations with type 2 diabetes. <i>International Journal of Nursing Studies</i> , 2012 , 49, 672-81	5.8	32
27	Stress amongst nurses working in a healthcare telephone-advice service: relationship with job satisfaction, intention to leave, sickness absence, and performance. <i>Journal of Advanced Nursing</i> , 2012 , 68, 1624-35	3.1	36
26	Assessing acute coronary syndrome patients' cardiac-related beliefs, motivation and mood over time to predict non-attendance at cardiac rehabilitation. <i>Journal of Advanced Nursing</i> , 2012 , 68, 2778-88	3.1	11
25	What predicts the selection of nursing as a career choice in 5th and 6th year school students?. <i>Nurse Education Today</i> , 2012 , 32, 588-93	3.7	25
24	Does clinical incident seriousness and receipt of work-based support influence mood experienced by nurses at work? A behavioural diary study. <i>International Journal of Nursing Studies</i> , 2012 , 49, 978-87	5.8	8
23	Stress of caring and nurses' beliefs in the stroke rehabilitation environment: a cross-sectional study. <i>International Journal of Therapy and Rehabilitation</i> , 2012 , 19, 209-216	0.4	3
22	An exploration of the motivation of pregnant women to perform pelvic floor exercises using the revised theory of planned behaviour. <i>British Journal of Health Psychology</i> , 2011 , 16, 761-78	8.3	14
21	Evaluating the angina plan in patients admitted to hospital with angina: a randomized controlled trial. <i>Cardiovascular Therapeutics</i> , 2011 , 29, 112-24	3.3	18
20	Flying Start NHS: easing the transition from student to registered health professional. <i>Journal of Clinical Nursing</i> , 2011 , 20, 3567-76	3.2	21
19	Understanding phenomena in the real world: the case for real time data collection in health services research. <i>Journal of Health Services Research and Policy</i> , 2011 , 16, 172-6	2.4	24
18	Patients' perceptions of and emotional outcome after intensive care: results from a multicentre study. <i>Nursing in Critical Care</i> , 2010 , 15, 86-93	2.7	63
17	Stress in telephone helpline nurses: research protocol for a study of theoretical determinants, physiological aspects and behavioural consequences. <i>Journal of Advanced Nursing</i> , 2009 , 65, 2208-15	3.1	8
16	A secure electronic diary and data collection tool 2009 ,		3
15	Review: Effect of social support and coping strategies on the relationship between health care-related occupational stress and health. <i>Journal of Research in Nursing</i> , 2008 , 13, 525-526	0.9	1

14	Inclusion in primary care for people with intellectual disabilities: gaining the perspective of service user and supporting social care staff. <i>Journal of Intellectual Disabilities</i> , 2008 , 12, 93-109	1.8	19
13	Essential elements of questionnaire design and development. <i>Journal of Clinical Nursing</i> , 2007 , 16, 234-432	3.2	564
12	The quality of written information for parents regarding the management of a febrile convulsion: a randomized controlled trial. <i>Journal of Clinical Nursing</i> , 2007 , 16, 2308-22	3.2	16
11	Behavioral and Psychosocial Outcomes of a 16-Week Rebound Therapy-Based Exercise Program for People With Profound Intellectual Disabilities. <i>Journal of Policy and Practice in Intellectual Disabilities</i> , 2007 , 4, 111-119	1.8	22
10	A longitudinal follow up of women in their practice of perinatal pelvic floor exercises and stress urinary incontinence in North-East Scotland. <i>Midwifery</i> , 2007 , 23, 298-308	2.8	9
9	A cross-sectional study of knowledge and practice of pelvic floor exercises during pregnancy and associated symptoms of stress urinary incontinence in North-East Scotland. <i>Midwifery</i> , 2007 , 23, 204-17	2.8	34
8	Is the introduction of a student-centred, problem-based curriculum associated with improvements in student nurse well-being and performance? An observational study of effect. <i>International Journal of Nursing Studies</i> , 2006 , 43, 941-52	5.8	22
7	Using goal attainment scaling to evaluate a needs-led exercise programme for people with severe and profound intellectual disabilities. <i>Journal of Intellectual Disabilities</i> , 2006 , 10, 317-35	1.8	20
6	Using computerized ambulatory diaries for the assessment of job characteristics and work-related stress in nurses. <i>Work and Stress</i> , 2006 , 20, 163-172	6.1	22
5	A comparison of health behaviours in lonely and non-lonely populations. <i>Psychology, Health and Medicine</i> , 2006 , 11, 233-45	2.1	166
4	Exploring the Michigan model: The relationship of personality, managerial support and organizational structure with health outcomes in entrants to the healthcare environment. <i>Work and Stress</i> , 2005 , 19, 1-22	6.1	29
3	Reducing distress in first level and student nurses: a review of the applied stress management literature. <i>Journal of Advanced Nursing</i> , 2000 , 32, 66-74	3.1	94
2	Evaluating the impact of a worksite stress management programme for distressed student nurses: A randomised controlled trial. <i>Psychology and Health</i> , 2000 , 15, 689-706	2.9	37
1	The derivation of a brief Student Nurse Stress Index. <i>Work and Stress</i> , 1999 , 13, 162-181	6.1	46
