#	Paper	IF	Citations
387	Threat-related attentional bias in anxious and nonanxious individuals: a meta-analytic study. <i>Psychological Bulletin</i> , 2007 , 133, 1-24	19.1	2528
386	Less is more: meta-analyses of sensitivity and attachment interventions in early childhood. <i>Psychological Bulletin</i> , 2003 , 129, 195-215	19.1	1229
385	A global perspective on child sexual abuse: meta-analysis of prevalence around the world. <i>Child Maltreatment</i> , 2011 , 16, 79-101	2.8	1105
384	For Better and For Worse: Differential Susceptibility to Environmental Influences. <i>Current Directions in Psychological Science</i> , 2007 , 16, 300-304	6.5	1077
383	Differential susceptibility to the environment: an evolutionary--neurodevelopmental theory. <i>Development and Psychopathology</i> , 2011 , 23, 7-28	4.3	1046
382	The significance of insecure attachment and disorganization in the development of children's externalizing behavior: a meta-analytic study. <i>Child Development</i> , 2010 , 81, 435-56	4.9	805
381	The first 10,000 Adult Attachment Interviews: distributions of adult attachment representations in clinical and non-clinical groups. <i>Attachment and Human Development</i> , 2009 , 11, 223-63	2.8	575
380	Attachment security and disorganization in maltreating and high-risk families: a series of meta-analyses. <i>Development and Psychopathology</i> , 2010 , 22, 87-108	4.3	510
379	The Prevalence of Child Maltreatment across the Globe: Review of a Series of Meta-Analyses. <i>Child Abuse Review</i> , 2015 , 24, 37-50	1.2	504
378	Attachment representations in mothers, fathers, adolescents, and clinical groups: A meta-analytic search for normative data.. <i>Journal of Consulting and Clinical Psychology</i> , 1996 , 64, 8-21	6.5	419
377	Oxytocin receptor (OXTR) and serotonin transporter (5-HTT) genes associated with observed parenting. <i>Social Cognitive and Affective Neuroscience</i> , 2008 , 3, 128-34	4	401
376	The significance of insecure and disorganized attachment for children's internalizing symptoms: a meta-analytic study. <i>Child Development</i> , 2012 , 83, 591-610	4.9	395
375	Differential susceptibility to rearing environment depending on dopamine-related genes: new evidence and a meta-analysis. <i>Development and Psychopathology</i> , 2011 , 23, 39-52	4.3	394
374	Gene-environment interaction of the dopamine D4 receptor (DRD4) and observed maternal insensitivity predicting externalizing behavior in preschoolers. <i>Developmental Psychobiology</i> , 2006 , 48, 406-9	3	388
373	Experimental evidence for differential susceptibility: dopamine D4 receptor polymorphism (DRD4 VNTR) moderates intervention effects on toddlers' externalizing behavior in a randomized controlled trial. <i>Developmental Psychology</i> , 2008 , 44, 293-300	3.7	375
372	Assessing attachment security with the Attachment Q Sort: meta-analytic evidence for the validity of the observer AQS. <i>Child Development</i> , 2004 , 75, 1188-213	4.9	361
371	The many faces of the Still-Face Paradigm: A review and meta-analysis. <i>Developmental Review</i> , 2009 , 29, 120-162	7.4	360

370	Frightening maternal behavior linking unresolved loss and disorganized infant attachment.. <i>Journal of Consulting and Clinical Psychology</i> , 1999 , 67, 54-63	6.5	347
369	The neglect of child neglect: a meta-analytic review of the prevalence of neglect. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2013 , 48, 345-55	4.5	340
368	Oxytocin modulates amygdala, insula, and inferior frontal gyrus responses to infant crying: a randomized controlled trial. <i>Biological Psychiatry</i> , 2011 , 70, 291-7	7.9	325
367	Unresolved states of mind, anomalous parental behavior, and disorganized attachment: a review and meta-analysis of a transmission gap. <i>Attachment and Human Development</i> , 2006 , 8, 89-111	2.8	322
366	A psychometric study of the Adult Attachment Interview: Reliability and discriminant validity.. <i>Developmental Psychology</i> , 1993 , 29, 870-879	3.7	307
365	The early childhood aggression curve: development of physical aggression in 10- to 50-month-old children. <i>Child Development</i> , 2006 , 77, 954-66	4.9	299
364	Sniffing around oxytocin: review and meta-analyses of trials in healthy and clinical groups with implications for pharmacotherapy. <i>Translational Psychiatry</i> , 2013 , 3, e258	8.6	280
363	Cortisol and externalizing behavior in children and adolescents: mixed meta-analytic evidence for the inverse relation of basal cortisol and cortisol reactivity with externalizing behavior. <i>Developmental Psychobiology</i> , 2008 , 50, 427-50	3	273
362	Fostering security? A meta-analysis of attachment in adopted children. <i>Children and Youth Services Review</i> , 2009 , 31, 410-421	2	269
361	The significance of attachment security for children's social competence with peers: a meta-analytic study. <i>Attachment and Human Development</i> , 2014 , 16, 103-36	2.8	266
360	The importance of shared environment in mother-infant attachment security: a behavioral genetic study. <i>Child Development</i> , 2003 , 74, 1769-82	4.9	265
359	A sniff of trust: meta-analysis of the effects of intranasal oxytocin administration on face recognition, trust to in-group, and trust to out-group. <i>Psychoneuroendocrinology</i> , 2012 , 37, 438-43	5	253
358	Narrowing the transmission gap: A synthesis of three decades of research on intergenerational transmission of attachment. <i>Psychological Bulletin</i> , 2016 , 142, 337-366	19.1	249
357	Attachment-based intervention for enhancing sensitive discipline in mothers of 1- to 3-year-old children at risk for externalizing behavior problems: a randomized controlled trial. <i>Journal of Consulting and Clinical Psychology</i> , 2006 , 74, 994-1005	6.5	244
356	Cultural-geographical differences in the occurrence of child physical abuse? A meta-analysis of global prevalence. <i>International Journal of Psychology</i> , 2013 , 48, 81-94	1.9	227
355	Autism and attachment: a meta-analytic review. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2004 , 45, 1123-34	7.9	222
354	Methylation matters: interaction between methylation density and serotonin transporter genotype predicts unresolved loss or trauma. <i>Biological Psychiatry</i> , 2010 , 68, 405-7	7.9	212
353	Assessing human mirror activity with EEG mu rhythm: A meta-analysis. <i>Psychological Bulletin</i> , 2016 , 142, 291-313	19.1	209

352	Effects of attachment-based interventions on maternal sensitivity and infant attachment: differential susceptibility of highly reactive infants. <i>Journal of Family Psychology</i> , 2006 , 20, 266-274	2.7	207
351	Attachment in the Early Life Course: Meta-Analytic Evidence for Its Role in Socioemotional Development. <i>Child Development Perspectives</i> , 2017 , 11, 70-76	5.5	203
350	Research Review: genetic vulnerability or differential susceptibility in child development: the case of attachment. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2007 , 48, 1160-73	7.9	195
349	Children in Institutional Care: Delayed Development and Resilience. <i>Monographs of the Society for Research in Child Development</i> , 2011 , 76, 8-30	6.6	191
348	Intranasal oxytocin increases fathers' observed responsiveness during play with their children: a double-blind within-subject experiment. <i>Psychoneuroendocrinology</i> , 2010 , 35, 1583-6	5	190
347	The hidden efficacy of interventions: gene-environment experiments from a differential susceptibility perspective. <i>Annual Review of Psychology</i> , 2015 , 66, 381-409	26.1	183
346	The importance of parenting in the development of disorganized attachment: evidence from a preventive intervention study in adoptive families. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2005 , 46, 263-74	7.9	180
345	Are children of Holocaust survivors less well-adapted? A meta-analytic investigation of secondary traumatization. <i>Journal of Traumatic Stress</i> , 2003 , 16, 459-69	3.8	178
344	Disorganized infant attachment and preventive interventions: A review and meta-analysis. <i>Infant Mental Health Journal</i> , 2005 , 26, 191-216	2.3	177
343	Serotonin transporter genotype 5HTTLPR as a marker of differential susceptibility? A meta-analysis of child and adolescent gene-by-environment studies. <i>Translational Psychiatry</i> , 2012 , 2, e147	8.6	170
342	DRD4 7-repeat polymorphism moderates the association between maternal unresolved loss or trauma and infant disorganization. <i>Attachment and Human Development</i> , 2006 , 8, 291-307	2.8	164
341	The Universality of Childhood Emotional Abuse: A Meta-Analysis of Worldwide Prevalence. <i>Journal of Aggression, Maltreatment and Trauma</i> , 2012 , 21, 870-890	1.6	160
340	The association between paternal sensitivity and infant-father attachment security: a meta-analysis of three decades of research. <i>Journal of Family Psychology</i> , 2011 , 25, 986-92	2.7	159
339	A sociability gene? Meta-analysis of oxytocin receptor genotype effects in humans. <i>Psychiatric Genetics</i> , 2014 , 24, 45-51	2.9	158
338	Gender-Differentiated Parenting Revisited: Meta-Analysis Reveals Very Few Differences in Parental Control of Boys and Girls. <i>PLoS ONE</i> , 2016 , 11, e0159193	3.7	157
337	Parental sensitivity and attachment in children with autism spectrum disorder: comparison with children with mental retardation, with language delays, and with typical development. <i>Child Development</i> , 2007 , 78, 597-608	4.9	149
336	No laughing matter: intranasal oxytocin administration changes functional brain connectivity during exposure to infant laughter. <i>Neuropsychopharmacology</i> , 2012 , 37, 1257-66	8.7	146
335	Plasticity of growth in height, weight, and head circumference: meta-analytic evidence of massive catch-up after international adoption. <i>Journal of Developmental and Behavioral Pediatrics</i> , 2007 , 28, 334-44	2.4	141

334	Surviving the Holocaust: a meta-analysis of the long-term sequelae of a genocide. <i>Psychological Bulletin</i> , 2010 , 136, 677-98	19.1	135
333	Disorganized attachment in infancy: a review of the phenomenon and its implications for clinicians and policy-makers. <i>Attachment and Human Development</i> , 2017 , 19, 534-558	2.8	132
332	Effects of an attachment-based intervention on daily cortisol moderated by dopamine receptor D4: a randomized control trial on 1- to 3-year-olds screened for externalizing behavior. <i>Development and Psychopathology</i> , 2008 , 20, 805-20	4.3	132
331	In search of shared and nonshared environmental factors in security of attachment: a behavior-genetic study of the association between sensitivity and attachment security. <i>Developmental Psychology</i> , 2006 , 42, 1026-40	3.7	121
330	Serotonin transporter polymorphism moderates effects of prenatal maternal anxiety on infant negative emotionality. <i>Biological Psychiatry</i> , 2011 , 69, 520-5	7.9	119
329	Unequal in Opportunity, Equal in Process: Parental Sensitivity Promotes Positive Child Development in Ethnic Minority Families. <i>Child Development Perspectives</i> , 2012 , 6, 239-250	5.5	115
328	Dopaminergic, serotonergic, and oxytonergic candidate genes associated with infant attachment security and disorganization? In search of main and interaction effects. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2011 , 52, 1295-307	7.9	113
327	Splitting hair for cortisol? Associations of socio-economic status, ethnicity, hair color, gender and other child characteristics with hair cortisol and cortisone. <i>Psychoneuroendocrinology</i> , 2016 , 66, 56-64	5	111
326	A genome-wide approach to children's aggressive behavior: The EAGLE consortium. <i>American Journal of Medical Genetics Part B: Neuropsychiatric Genetics</i> , 2016 , 171, 562-72	3.5	111
325	Variations in the promoter region of the serotonin transporter gene and biased attention for emotional information: a meta-analysis. <i>Biological Psychiatry</i> , 2012 , 71, 373-9	7.9	110
324	Breastfeeding and its relation to maternal sensitivity and infant attachment. <i>Journal of Developmental and Behavioral Pediatrics</i> , 2012 , 33, 396-404	2.4	110
323	Content specificity of attention bias to threat in anxiety disorders: a meta-analysis. <i>Clinical Psychology Review</i> , 2015 , 35, 10-8	10.8	109
322	Attachment and Emotional Development in Institutional Care: Characteristics and Catch-Up. <i>Monographs of the Society for Research in Child Development</i> , 2011 , 76, 62-91	6.6	106
321	Gender Stereotypes in the Family Context: Mothers, Fathers, and Siblings. <i>Sex Roles</i> , 2013 , 68, 577-590	3.1	104
320	Attachment, depression, and cortisol: Deviant patterns in insecure-resistant and disorganized infants. <i>Developmental Psychobiology</i> , 2010 , 52, 441-52	3	104
319	The similarity of siblings' attachments to their mother. <i>Child Development</i> , 2000 , 71, 1086-98	4.9	102
318	Autism, attachment and parenting: a comparison of children with autism spectrum disorder, mental retardation, language disorder, and non-clinical children. <i>Journal of Abnormal Child Psychology</i> , 2007 , 35, 859-70	4	100
317	Reliability of event-related potentials: the influence of number of trials and electrodes. <i>Physiology and Behavior</i> , 2014 , 130, 13-22	3.5	99

316	The Generation R Study: a review of design, findings to date, and a study of the 5-HTTLPR by environmental interaction from fetal life onward. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2012 , 51, 1119-1135.e7	7.2	99
315	Physical growth delays and stress dysregulation in stunted and non-stunted Ukrainian institution-reared children. <i>Research in Social and Administrative Pharmacy</i> , 2008 , 31, 539-53	2.9	98
314	Genetic differential susceptibility on trial: meta-analytic support from randomized controlled experiments. <i>Development and Psychopathology</i> , 2015 , 27, 151-62	4.3	95
313	Oxytocin receptor gene and depressive symptoms associated with physiological reactivity to infant crying. <i>Social Cognitive and Affective Neuroscience</i> , 2011 , 6, 294-300	4	94
312	Elevated Salivary Levels of Oxytocin Persist More than 7 h after Intranasal Administration. <i>Frontiers in Neuroscience</i> , 2012 , 6, 174	5.1	93
311	A gloomy picture: a meta-analysis of randomized controlled trials reveals disappointing effectiveness of programs aiming at preventing child maltreatment. <i>BMC Public Health</i> , 2015 , 15, 1068	4.1	91
310	Remaining or becoming secure: parental sensitive support predicts attachment continuity from infancy to adolescence in a longitudinal adoption study. <i>Developmental Psychology</i> , 2012 , 48, 1277-1282	3.7	91
309	Differences in attachment security between African-American and white children: ethnicity or socio-economic status? 2004 , 27, 417-433		91
308	Those Who Have, Receive: The Matthew Effect in Early Childhood Intervention in the Home Environment. <i>Review of Educational Research</i> , 2005 , 75, 1-26	10.3	88
307	The prevalence of child maltreatment in the Netherlands across a 5-year period. <i>Child Abuse and Neglect</i> , 2013 , 37, 841-51	4.3	87
306	Predicting growth curves of early childhood externalizing problems: differential susceptibility of children with difficult temperament. <i>Journal of Abnormal Child Psychology</i> , 2009 , 37, 625-36	4	87
305	Terrible ones? Assessment of externalizing behaviors in infancy with the Child Behavior Checklist. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2006 , 47, 801-10	7.9	87
304	Parent-child bed-sharing: The good, the bad, and the burden of evidence. <i>Sleep Medicine Reviews</i> , 2017 , 32, 4-27	10.2	85
303	The importance of quality of care: effects of perinatal HIV infection and early institutional rearing on preschoolers' attachment and indiscriminate friendliness. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2010 , 51, 1368-76	7.9	85
302	Differential susceptibility to discipline: the moderating effect of child temperament on the association between maternal discipline and early childhood externalizing problems. <i>Journal of Family Psychology</i> , 2007 , 21, 626-36	2.7	85
301	Oxytocin: a parenting hormone. <i>Current Opinion in Psychology</i> , 2017 , 15, 13-18	6.2	84
300	Oxytocin decreases handgrip force in reaction to infant crying in females without harsh parenting experiences. <i>Social Cognitive and Affective Neuroscience</i> , 2012 , 7, 951-7	4	84
299	Gene-by-environment experiments: a new approach to finding the missing heritability. <i>Nature Reviews Genetics</i> , 2011 , 12, 881; author reply 881	30.1	83

298	Prevalence of child maltreatment in The Netherlands. <i>Child Maltreatment</i> , 2010 , 15, 5-17	2.8	83
297	Attachment in the brain: adult attachment representations predict amygdala and behavioral responses to infant crying. <i>Attachment and Human Development</i> , 2012 , 14, 533-51	2.8	83
296	Normal variation in early parental sensitivity predicts child structural brain development. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2015 , 54, 824-831.e1	7.2	82
295	Fathers' and mothers' emotion talk with their girls and boys from toddlerhood to preschool age. <i>Emotion</i> , 2015 , 15, 854-64	4.1	81
294	Social development from infancy to adolescence: longitudinal and concurrent factors in an adoption sample. <i>Developmental Psychology</i> , 2006 , 42, 1143-53	3.7	81
293	Single Nucleotide Polymorphism Heritability of a General Psychopathology Factor in Children. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2016 , 55, 1038-1045.e4	7.2	81
292	Boys Don't Play with Dolls: Mothers and Fathers' Gender Talk during Picture Book Reading. <i>Parenting</i> , 2014 , 14, 141-161	1.3	80
291	Oxytocin in postnatally depressed mothers: its influence on mood and expressed emotion. <i>Progress in Neuro-Psychopharmacology and Biological Psychiatry</i> , 2013 , 40, 267-72	5.5	80
290	FKBP5 and resistant attachment predict cortisol reactivity in infants: gene-environment interaction. <i>Psychoneuroendocrinology</i> , 2010 , 35, 1454-61	5	78
289	Attachment in toddlers with autism and other developmental disorders. <i>Journal of Autism and Developmental Disorders</i> , 2007 , 37, 1123-38	4.6	77
288	Video-feedback Intervention to promote Positive Parenting adapted to Autism (VIPP-AUTI): A randomized controlled trial. <i>Autism</i> , 2015 , 19, 588-603	6.6	75
287	Does intranasal oxytocin promote prosocial behavior to an excluded fellow player? A randomized-controlled trial with Cyberball. <i>Psychoneuroendocrinology</i> , 2013 , 38, 1418-25	5	75
286	Oxytocin effects on complex brain networks are moderated by experiences of maternal love withdrawal. <i>European Neuropsychopharmacology</i> , 2013 , 23, 1288-95	1.2	74
285	II. DEVELOPMENT OF ADOPTED CHILDREN WITH HISTORIES OF EARLY ADVERSITY. <i>Monographs of the Society for Research in Child Development</i> , 2011 , 76, 31-61	6.6	72
284	Pairing attachment theory and social learning theory in video-feedback intervention to promote positive parenting. <i>Current Opinion in Psychology</i> , 2017 , 15, 189-194	6.2	70
283	Beating the brain about abuse: Empirical and meta-analytic studies of the association between maltreatment and hippocampal volume across childhood and adolescence. <i>Development and Psychopathology</i> , 2015 , 27, 507-20	4.3	70
282	The prevalence of child sexual abuse in out-of-home care: a comparison between abuse in residential and in foster care. <i>Child Maltreatment</i> , 2013 , 18, 221-31	2.8	69
281	Annual Research Review: Umbrella synthesis of meta-analyses on child maltreatment antecedents and interventions: differential susceptibility perspective on risk and resilience. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2020 , 61, 272-290	7.9	69

280	Preventing preschool externalizing behavior problems through video-feedback intervention in infancy. <i>Infant Mental Health Journal</i> , 2006 , 27, 466-493	2.3	68
279	Control your anger! The neural basis of aggression regulation in response to negative social feedback. <i>Social Cognitive and Affective Neuroscience</i> , 2016 , 11, 712-20	4	65
278	Maternal sensitivity and internalizing problems: evidence from two longitudinal studies in early childhood. <i>Child Psychiatry and Human Development</i> , 2013 , 44, 751-65	3.3	65
277	Maternal sensitivity to infants in various settings predicts harsh discipline in toddlerhood. <i>Attachment and Human Development</i> , 2012 , 14, 101-17	2.8	65
276	Genetic mechanisms of parenting. <i>Hormones and Behavior</i> , 2016 , 77, 211-23	3.7	64
275	Institutionalisation and deinstitutionalisation of children 1: a systematic and integrative review of evidence regarding effects on development. <i>Lancet Psychiatry</i> , 2020 , 7, 703-720	23.3	64
274	The Impact of Oxytocin Administration on Charitable Donating is Moderated by Experiences of Parental Love-Withdrawal. <i>Frontiers in Psychology</i> , 2011 , 2, 258	3.4	63
273	Infants' responsiveness, attachment, and indiscriminate friendliness after international adoption from institutions or foster care in China: application of Emotional Availability Scales to adoptive families. <i>Development and Psychopathology</i> , 2012 , 24, 49-64	4.3	63
272	Cohort Profile: Pregnancy And Childhood Epigenetics (PACE) Consortium. <i>International Journal of Epidemiology</i> , 2018 , 47, 22-23u	7.8	62
271	An epigenome-wide association meta-analysis of prenatal maternal stress in neonates: A model approach for replication. <i>Epigenetics</i> , 2016 , 11, 140-9	5.7	62
270	Executive functions in early childhood: the role of maternal and paternal parenting practices. <i>British Journal of Developmental Psychology</i> , 2015 , 33, 489-505	2	62
269	Mothers, fathers, sons and daughters: parental sensitivity in families with two children. <i>Journal of Family Psychology</i> , 2014 , 28, 138-47	2.7	60
268	Parenting in an Individualistic Culture with a Collectivistic Cultural Background: The Case of Turkish Immigrant Families with Toddlers in the Netherlands. <i>Journal of Child and Family Studies</i> , 2010 , 19, 617-628	2.3	60
267	Methylation of the oxytocin receptor gene in clinically depressed patients compared to controls: The role of OXTR rs53576 genotype. <i>Journal of Psychiatric Research</i> , 2015 , 65, 9-15	5.2	59
266	Elevated child maltreatment rates in immigrant families and the role of socioeconomic differences. <i>Child Maltreatment</i> , 2011 , 16, 63-73	2.8	57
265	Does intergenerational transmission of trauma skip a generation? No meta-analytic evidence for tertiary traumatization with third generation of Holocaust survivors. <i>Attachment and Human Development</i> , 2008 , 10, 105-21	2.8	57
264	The development of adolescents' internalizing behavior: longitudinal effects of maternal sensitivity and child inhibition. <i>Journal of Youth and Adolescence</i> , 2014 , 43, 528-40	4.5	55
263	Intended sensitive and harsh caregiving responses to infant crying: the role of cry pitch and perceived urgency in an adult twin sample. <i>Child Abuse and Neglect</i> , 2010 , 34, 863-73	4.3	55

262	Parent-child relationship, temperament, and physiological reactions to fear-inducing film clips: further evidence for differential susceptibility. <i>Journal of Experimental Child Psychology</i> , 2008 , 99, 182-95 ^{2,3}		55
261	Prenatal stress exposure, oxytocin receptor gene (OXTR) methylation, and child autistic traits: The moderating role of OXTR rs53576 genotype. <i>Autism Research</i> , 2017 , 10, 430-438	5.1	54
260	Gender Differences in Child Aggression: Relations With Gender-Differentiated Parenting and Parents' Gender-Role Stereotypes. <i>Child Development</i> , 2017 , 88, 299-316	4.9	54
259	Ageing and oxytocin: a call for extending human oxytocin research to ageing populations--a mini-review. <i>Gerontology</i> , 2013 , 59, 32-9	5.5	53
258	Methylation Matters in Child Development: Toward Developmental Behavioral Epigenetics. <i>Child Development Perspectives</i> , 2011 , 5, 305-310	5.5	52
257	Insensitive parenting may accelerate the development of the amygdala-medial prefrontal cortex circuit. <i>Development and Psychopathology</i> , 2017 , 29, 505-518	4.3	51
256	Maternal overreactive sympathetic nervous system responses to repeated infant crying predicts risk for impulsive harsh discipline of infants. <i>Child Maltreatment</i> , 2013 , 18, 252-63	2.8	51
