

Todd R Vogel

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/1332412/todd-r-vogel-publications-by-year.pdf>

Version: 2024-04-26

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

79
papers

#	Paper	IF	Citations
79	Outcomes of Elective Abdominal Aortic Aneurysm Repair in the Setting of Malignancy.. <i>Journal of Vascular Surgery</i> , 2022 ,	3.5	1
78	Chimney endovascular aneurysm repair (CheVAR) for hostile neck complex aneurysm.. <i>Vascular</i> , 2022 , 17085381211043951	1.3	
77	Opioid utilization after lower extremity amputation for peripheral vascular disease and discharge prescribing recommendations.. <i>Vascular</i> , 2022 , 17085381221097163	1.3	
76	Balloon-Assisted Endovascular Thrombectomy for Tibial Thromboembolism. <i>Annals of Vascular Surgery</i> , 2021 ,	1.7	
75	Readmission and Utilization After Repair of Ruptured Abdominal Aortic Aneurysms in the United States. <i>Vascular and Endovascular Surgery</i> , 2021 , 55, 245-253	1.4	0
74	Feasibility and Evaluation of Surgical Simulation with Developed Crisis Scenarios: A Comparison of Performance by Vascular Surgery Training Paradigms. <i>Journal of Surgical Education</i> , 2021 , 78, 2110-2116 ^{3.4}	3.4	0
73	Complex relationship between low albumin level and poor outcome after lower extremity procedures for peripheral artery disease. <i>Journal of Vascular Surgery</i> , 2021 , 73, 200-209	3.5	3
72	Risk factors associated with 30-day hospital readmission after carotid endarterectomy. <i>Vascular</i> , 2021 , 29, 61-68	1.3	1
71	Optical coherence tomography and plaque morphology for revascularization of the superficial femoral artery. <i>Quantitative Imaging in Medicine and Surgery</i> , 2021 , 11, 290-299	3.6	
70	Multiple Chimney Endografts (CheVAR) for Ruptured Pararenal Aortic Aneurysm. <i>Annals of Vascular Surgery</i> , 2021 , 75, 531.e1-531.e6	1.7	1
69	Modified frailty index as an indicator for outcomes, discharge status, and readmission after lower extremity bypass surgery for critical limb ischemia. <i>Journal of Vascular Nursing</i> , 2020 , 38, 171-175	1	4
68	Trends in management and outcomes of vascular emergencies in the nationwide inpatient sample. <i>Vasa - European Journal of Vascular Medicine</i> , 2020 , 49, 99-105	1.9	4
67	Neutrophil-lymphocyte ratio predicts disease severity and outcome after lower extremity procedures. <i>Journal of Vascular Surgery</i> , 2020 , 72, 622-631	3.5	10
66	Level of disease and association with health status in patients presenting with claudication from the PORTRAIT registry. <i>Journal of Vascular Surgery</i> , 2020 , 72, 2017-2026	3.5	2
65	Association of postoperative glycemic control with outcomes after carotid procedures. <i>Vascular</i> , 2020 , 28, 16-24	1.3	0
64	The association of Klippel-Trenaunay syndrome and abdominal aortic aneurysms. <i>Journal of Vascular Surgery Cases and Innovative Techniques</i> , 2019 , 5, 343-344	1.1	2
63	Association of neutrophil-to-lymphocyte ratio with outcomes after elective abdominal aortic aneurysm repair. <i>Journal of Vascular Nursing</i> , 2019 , 37, 213-220	1	15

62	Cohort study of risk factors for 30-day readmission after abdominal aortic aneurysm repair. <i>Vasa - European Journal of Vascular Medicine</i> , 2019 , 48, 251-261	1.9	4
61	The utility of adjunctive electroencephalography while performing transcrotid artery revascularization. <i>Journal of Vascular Surgery Cases and Innovative Techniques</i> , 2019 , 5, 456-460	1.1	2
60	Outcomes associated with hyperglycemia after abdominal aortic aneurysm repair. <i>Journal of Vascular Surgery</i> , 2019 , 69, 763-773.e3	3.5	6
59	Contemporary trends and outcomes of thrombolytic therapy for acute lower extremity ischemia. <i>Vascular</i> , 2019 , 27, 71-77	1.3	6
58	Preoperative assessment of computerized tomography angiography to predict success for crossing long Trans-Atlantic Inter-Society Consensus D lesions using the optical coherence tomography catheter. <i>Vascular</i> , 2018 , 26, 362-367	1.3	3
57	Racial and Socioeconomic Disparities After Carotid Procedures. <i>Vascular and Endovascular Surgery</i> , 2018 , 52, 330-334	1.4	8
56	Hospital readmissions after elective lower extremity vascular procedures. <i>Vascular</i> , 2018 , 26, 250-261	1.3	7
55	Risk Factors for Thirty-Day Readmissions After Lower Extremity Amputation in Patients With Vascular Disease. <i>PM and R</i> , 2018 , 10, 1321-1329	2.2	3
54	Impact of Patient Safety Indicators on readmission after abdominal aortic surgery. <i>Journal of Vascular Nursing</i> , 2018 , 36, 189-195	1	8
53	Risk Factors for 30-Day Hospital Re-Admission with an Infectious Complication after Lower-Extremity Vascular Procedures. <i>Surgical Infections</i> , 2017 , 18, 319-326	2	14
52	The association of postoperative glycemic control and lower extremity procedure outcomes. <i>Journal of Vascular Surgery</i> , 2017 , 66, 1123-1132	3.5	15
51	Outcomes after Motor Vehicle Trauma: Transfers to Level I Trauma Centers Compared with Direct Admissions. <i>Journal of Emergency Medicine</i> , 2017 , 53, 295-301	1.5	2
50	A contemporary evaluation of carotid endarterectomy outcomes in patients with chronic kidney disease in the United States. <i>Vascular</i> , 2017 , 25, 459-465	1.3	1
49	Use of angiotensin-converting enzyme inhibitors and freedom from amputation after lower extremity revascularization. <i>Vascular Health and Risk Management</i> , 2017 , 13, 269-274	4.4	5
48	Carotid artery dissection and motor vehicle trauma: patient demographics, associated injuries and impact of treatment on cost and length of stay. <i>BMC Emergency Medicine</i> , 2016 , 16, 23	2.4	7
47	Functional status of nursing home residents before and after abdominal aortic aneurysm repair. <i>Journal of Vascular Nursing</i> , 2015 , 33, 106-111	1	5
46	Cilostazol and freedom from amputation after lower extremity revascularization. <i>Journal of Vascular Surgery</i> , 2015 , 61, 960-4	3.5	18
45	The impact of preoperative statin therapy on open and endovascular abdominal aortic aneurysm repair outcomes. <i>Vascular</i> , 2015 , 23, 344-9	1.3	28

44	Impact of hospital-acquired infection on long-term outcomes after endovascular and open abdominal aortic aneurysm repair. <i>Annals of Vascular Surgery</i> , 2014 , 28, 823-30	1.7	12
43	Routine revascularization is unnecessary in the majority of patients requiring zone II coverage during thoracic endovascular aortic repair: a longitudinal outcomes study using United States Medicare population data. <i>Vascular</i> , 2014 , 22, 239-45	1.3	21
42	Evaluation of readmission rates for carotid endarterectomy versus carotid artery stenting in the US Medicare population. <i>Vascular and Endovascular Surgery</i> , 2014 , 48, 217-23	1.4	21
41	Clopidogrel and 1-year freedom from amputation after endovascular lower extremity revascularization in the Medicare population. <i>Vascular and Endovascular Surgery</i> , 2014 , 48, 509-15	1.4	2
40	Impact of amputation level and comorbidities on functional status of nursing home residents after lower extremity amputation. <i>Journal of Vascular Surgery</i> , 2014 , 59, 1323-30.e1	3.5	39
39	Functional status of elderly adults before and after interventions for critical limb ischemia. <i>Journal of Vascular Surgery</i> , 2014 , 59, 350-8	3.5	31
38	Longitudinal outcomes after tibioperoneal angioplasty alone compared to tibial stenting and atherectomy for critical limb ischemia. <i>Vascular and Endovascular Surgery</i> , 2013 , 47, 507-12	1.4	7
37	Risk factors for readmission after lower extremity procedures for peripheral artery disease. <i>Journal of Vascular Surgery</i> , 2013 , 58, 90-7.e1-4	3.5	34
36	Endovascular versus open repair of popliteal artery aneurysms: outcomes in the US Medicare population. <i>Vascular and Endovascular Surgery</i> , 2013 , 47, 267-73	1.4	47
35	Preoperative statins and limb salvage after lower extremity revascularization in the Medicare population. <i>Circulation: Cardiovascular Interventions</i> , 2013 , 6, 694-700	6	38
34	Update and review of racial disparities in sepsis. <i>Surgical Infections</i> , 2012 , 13, 203-8	2	17
33	Invited commentary. <i>Journal of Vascular Surgery</i> , 2012 , 55, 266-7	3.5	
32	Impact of infectious complications after elective surgery on hospital readmission and late deaths in the U.S. Medicare population. <i>Surgical Infections</i> , 2012 , 13, 307-11	2	29
31	Infectious complications after vehicular trauma in the United States. <i>Surgical Infections</i> , 2011 , 12, 291-6	2	6
30	In-hospital and 30-day outcomes after tibioperoneal interventions in the US Medicare population with critical limb ischemia. <i>Journal of Vascular Surgery</i> , 2011 , 54, 109-15	3.5	52
29	Evaluating preventable adverse safety events after elective lower extremity procedures. <i>Journal of Vascular Surgery</i> , 2011 , 54, 706-13	3.5	18
28	The impact of hospital volume on the development of infectious complications after elective abdominal aortic surgery in the Medicare population. <i>Vascular and Endovascular Surgery</i> , 2011 , 45, 317-24	1.4	17
27	Acute radiation syndrome after endovascular AAA repair. <i>Vascular and Endovascular Surgery</i> , 2011 , 45, 178-80	1.4	5

26	Blunt cerebrovascular injury practice management guidelines: the Eastern Association for the Surgery of Trauma. <i>Journal of Trauma</i> , 2010 , 68, 471-7		112
25	Carotid artery stenting in the nation: the influence of hospital and physician volume on outcomes. <i>Vascular and Endovascular Surgery</i> , 2010 , 44, 89-94	1.4	31
24	Thoracic aortic trauma: outcomes and hospital resource utilization after endovascular and open repair. <i>Vascular</i> , 2010 , 18, 250-5	1.3	17
23	Delayed presentation of traumatic innominate artery injury. <i>Journal of Vascular Surgery</i> , 2010 , 51, 1014	3.5	7
22	Infectious complications after elective vascular surgical procedures. <i>Journal of Vascular Surgery</i> , 2010 , 51, 122-9; discussion 129-30	3.5	66
21	Postoperative sepsis in the United States. <i>Annals of Surgery</i> , 2010 , 252, 1065-71	7.8	98
20	In-hospital delay of elective surgery for high volume procedures: the impact on infectious complications. <i>Journal of the American College of Surgeons</i> , 2010 , 211, 784-90	4.4	56
19	Trends in postoperative sepsis: are we improving outcomes?. <i>Surgical Infections</i> , 2009 , 10, 71-8	2	37
18	Has the implementation of EVAR for ruptured AAA improved outcomes?. <i>Vascular and Endovascular Surgery</i> , 2009 , 43, 252-7	1.4	25
17	Nonoperative management of isolated celiac and superior mesenteric artery dissection: case report and review of the literature. <i>Vascular</i> , 2009 , 17, 359-64	1.3	34
16	Carotid body tumor surgery: management and outcomes in the nation. <i>Vascular and Endovascular Surgery</i> , 2009 , 43, 457-61	1.4	38
15	Elective abdominal aortic aneurysm repair: relationship of hospital teaching status to repair type, resource use, and outcomes. <i>Journal of the American College of Surgeons</i> , 2009 , 209, 356-63	4.4	7
14	Outcomes of carotid artery stenting and endarterectomy in the United States. <i>Journal of Vascular Surgery</i> , 2009 , 49, 325-30; discussion 330	3.5	44
13	Carotid artery stenting: Impact of practitioner specialty and volume on outcomes and resource utilization. <i>Journal of Vascular Surgery</i> , 2009 , 49, 1166-71	3.5	25
12	Lower extremity angioplasty: impact of practitioner specialty and volume on practice patterns and healthcare resource utilization. <i>Journal of Vascular Surgery</i> , 2009 , 50, 1320-4; discussion 1324-5	3.5	27
11	AAA repair: sociodemographic disparities in management and outcomes. <i>Vascular and Endovascular Surgery</i> , 2008 , 42, 555-60	1.4	41
10	The incidence and factors associated with graft infection after aortic aneurysm repair. <i>Journal of Vascular Surgery</i> , 2008 , 47, 264-9	3.5	144
9	A population-level analysis: the influence of hospital type on trends in use and outcomes of lower extremity angioplasty. <i>Vascular and Endovascular Surgery</i> , 2008 , 42, 12-8	1.4	4

8	Feeding the open abdomen. <i>Journal of Parenteral and Enteral Nutrition</i> , 2007 , 31, 410-5	4.2	92
7	Lower extremity angioplasty for claudication: a population-level analysis of 30-day outcomes. <i>Journal of Vascular Surgery</i> , 2007 , 45, 762-7	3.5	26
6	The open abdomen in trauma: do infectious complications affect primary abdominal closure?. <i>Surgical Infections</i> , 2006 , 7, 433-41	2	41
5	Resource utilization and outcomes: effect of transfer on patients with ruptured abdominal aortic aneurysms. <i>Annals of Vascular Surgery</i> , 2005 , 19, 149-53	1.7	27
4	Factors impacting functional health and resource utilization following abdominal aortic aneurysm repair by open and endovascular techniques. <i>Annals of Vascular Surgery</i> , 2005 , 19, 641-7	1.7	26
3	Image of the month--giant multicystic lymphangioma. <i>Archives of Surgery (Chicago, Ill: 1920)</i> , 2005 , 140, 411-2		1
2	Efficacious use of nitinol stents in the femoral and popliteal arteries. <i>Journal of Vascular Surgery</i> , 2003 , 38, 1178-84	3.5	83
1	Variability in 30-day major amputation rates following endovascular peripheral vascular intervention for critical limb ischemia. <i>Vascular Medicine</i> , 1358863X2210980	3.3	1
