#	ARTICLE	IF	CITATIONS
1	Outcomes of exposure to workplace bullying: A meta-analytic review. <i>Work and Stress</i> , 2012, 26, 309-332.	2.8	604
2	The impact of methodological moderators on prevalence rates of workplace bullying. A meta-analysis. <i>Journal of Occupational and Organizational Psychology</i> , 2010, 83, 955-979.	2.6	372
3	Workplace resources to improve both employee well-being and performance: A systematic review and meta-analysis. <i>Work and Stress</i> , 2017, 31, 101-120.	2.8	369
4	Mindfulness- and acceptance-based interventions for anxiety disorders: A systematic review and meta-analysis. <i>British Journal of Clinical Psychology</i> , 2012, 51, 239-260.	1.7	325
5	The Prevalence of Destructive Leadership Behaviour. <i>British Journal of Management</i> , 2010, 21, 438-452.	3.3	221
6	What we know, what we do not know, and what we should and could have known about workplace bullying: An overview of the literature and agenda for future research. <i>Aggression and Violent Behavior</i> , 2018, 42, 71-83.	1.2	216
7	Workplace bullying as an antecedent of mental health problems: a five-year prospective and representative study. <i>International Archives of Occupational and Environmental Health</i> , 2015, 88, 131-142.	1.1	202
8	Prevalence of workplace bullying in Norway: Comparisons across time and estimation methods. <i>European Journal of Work and Organizational Psychology</i> , 2009, 18, 81-101.	2.2	200
9	Post-traumatic stress disorder as a consequence of bullying at work and at school. A literature review and meta-analysis. <i>Aggression and Violent Behavior</i> , 2015, 21, 17-24.	1.2	184
10	Do targets of workplace bullying portray a general victim personality profile?. <i>Scandinavian Journal of Psychology</i> , 2007, 48, 313-319.	0.8	170
11	Longitudinal relationships between workplace bullying and psychological distress. <i>Scandinavian Journal of Work, Environment and Health</i> , 2012, 38, 38-46.	1.7	162
12	Emotion Regulation in Current and Remitted Depression: A Systematic Review and Meta-Analysis. <i>Frontiers in Psychology</i> , 2018, 9, 756.	1.1	156
13	Climate for conflict management, exposure to workplace bullying and work engagement: a moderated mediation analysis. <i>International Journal of Human Resource Management</i> , 2018, 29, 549-570.	3.3	147
14	The Impact of Group-Based Mindfulness Training on Self-Reported Mindfulness: a Systematic Review and Meta-analysis. <i>Mindfulness</i> , 2015, 6, 501-522.	1.6	127
15	Workplace bullying and sickness absence: a systematic review and meta-analysis of the research literature. <i>Scandinavian Journal of Work, Environment and Health</i> , 2016, 42, 359-370.	1.7	125
16	Sense of coherence as a protective mechanism among targets of workplace bullying.. <i>Journal of Occupational Health Psychology</i> , 2008, 13, 128-136.	2.3	119
17	Coping strategies: A prospective study of patterns, stability, and relationships with psychological distress. <i>Scandinavian Journal of Psychology</i> , 2014, 55, 142-150.	0.8	104
18	Is workplace bullying related to the personality traits of victims? A two-year prospective study. <i>Work and Stress</i> , 2015, 29, 128-149.	2.8	103

#	ARTICLE	IF	CITATIONS
19	The relationship between psychological capital, job satisfaction, and safety perceptions in the maritime industry. <i>Safety Science</i> , 2015, 74, 27-36.	2.6	100
20	Workplace Bullying and Suicidal Ideation: A 3-Wave Longitudinal Norwegian Study. <i>American Journal of Public Health</i> , 2015, 105, e23-e28.	1.5	97
21	Bullying in work groups: The impact of leadership. <i>Scandinavian Journal of Psychology</i> , 2013, 54, 127-136.	0.8	88
22	Exposure to workplace harassment and the Five Factor Model of personality: A meta-analysis. <i>Personality and Individual Differences</i> , 2017, 104, 195-206.	1.6	85
23	Mobbing i arbeidslivet og senere helseplager. <i>Tidsskrift for Den Norske Laegeforening</i> , 2014, 134, 1233-1238.	0.2	85
24	Using the Job Demands-Resources model to investigate risk perception, safety climate and job satisfaction in safety critical organizations. <i>Scandinavian Journal of Psychology</i> , 2011, 52, 465-475.	0.8	81
25	Sexual Harassment: Prevalence, Outcomes, and Gender Differences Assessed by Three Different Estimation Methods. <i>Journal of Aggression, Maltreatment and Trauma</i> , 2010, 19, 252-274.	0.9	75
26	Silence is golden? Characteristics and experiences of self-reported whistleblowers. <i>European Journal of Work and Organizational Psychology</i> , 2011, 20, 206-238.	2.2	71
27	The Relative Effects of Constructive, Laissez-Faire, and Tyrannical Leadership on Subordinate Job Satisfaction. <i>Zeitschrift Fur Psychologie / Journal of Psychology</i> , 2014, 222, 221-232.	0.7	70
28	Prospective relationships between workplace sexual harassment and psychological distress. <i>Occupational Medicine</i> , 2012, 62, 226-228.	0.8	57
29	Interpersonal Problems Among Perpetrators and Targets of Workplace Bullying. <i>Journal of Applied Social Psychology</i> , 2009, 39, 1316-1333.	1.3	53
30	Workplace bullying, mental distress, and sickness absence: the protective role of social support. <i>International Archives of Occupational and Environmental Health</i> , 2020, 93, 43-53.	1.1	52
31	Authentic leadership and its relationship with risk perception and safety climate. <i>Leadership and Organization Development Journal</i> , 2013, 34, 308-325.	1.6	51
32	Bus drivers' exposure to bullying at work: An occupation-specific approach. <i>Scandinavian Journal of Psychology</i> , 2011, 52, 484-493.	0.8	50
33	Workplace bullying and sleep - A systematic review and meta-analysis of the research literature. <i>Sleep Medicine Reviews</i> , 2020, 51, 101289.	3.8	50
34	Prevalence and occupational predictors of psychological distress in the offshore petroleum industry: a prospective study. <i>International Archives of Occupational and Environmental Health</i> , 2013, 86, 875-885.	1.1	49
35	Workplace aggression, psychological distress, and job satisfaction among Palestinian nurses: A cross-sectional study. <i>Applied Nursing Research</i> , 2016, 32, 190-198.	1.0	44
36	Are national levels of employee harassment cultural covariations of climato-economic conditions?. <i>Work and Stress</i> , 2013, 27, 106-122.	2.8	43

#	ARTICLE	IF	CITATIONS
37	Sampling in research on interpersonal aggression. <i>Aggressive Behavior</i> , 2008, 34, 265-272.	1.5	40
38	Workplace Bullying as a Predictor of Disability Retirement. <i>Journal of Occupational and Environmental Medicine</i> , 2017, 59, 609-614.	0.9	40
39	Does exposure to bullying behaviors at the workplace contribute to later suicidal ideation? A three-wave longitudinal study. <i>Scandinavian Journal of Work, Environment and Health</i> , 2016, 42, 246-50.	1.7	36
40	The importance of a multidimensional and temporal design in research on leadership and workplace safety. <i>Leadership Quarterly</i> , 2016, 27, 142-155.	3.6	35
41	Sexual harassment and assault among university students in Norway: a cross-sectional prevalence study. <i>BMJ Open</i> , 2019, 9, e026993.	0.8	34
42	Can observations of workplace bullying really make you depressed? A response to Emdad et al.. <i>International Archives of Occupational and Environmental Health</i> , 2013, 86, 717-721.	1.1	32
43	The Role of Psychological Capital in Perception of Safety Climate Among Air Traffic Controllers. <i>Journal of Leadership and Organizational Studies</i> , 2013, 20, 232-241.	2.1	31
44	Like a bridge over troubled water? A longitudinal study of general social support, colleague support, and leader support as recovery factors after a traumatic event. <i>HÅrgre Utbildning</i> , 2017, 8, 1302692.	1.4	28
45	Emotional Dissonance, Mental Health Complaints, and Sickness Absence Among Health- and Social Workers. The Moderating Role of Self-Efficacy. <i>Frontiers in Psychology</i> , 2018, 9, 592.	1.1	28
46	Do Interpersonal Conflict, Aggression and Bullying at the Workplace Overlap? A Latent Class Modeling Approach. <i>Frontiers in Psychology</i> , 2018, 9, 1743.	1.1	27
47	Bullying and risk perception as health hazards on oil rigs. <i>Journal of Managerial Psychology</i> , 2013, 28, 367-383.	1.3	26
48	The impact of sleep quality, fatigue and safety climate on the perceptions of accident risk among seafarers. <i>Revue Europeenne De Psychologie Appliquee</i> , 2017, 67, 259-267.	0.4	25
49	Does Ability to Defend Moderate the Association between Exposure to Bullying and Symptoms of Anxiety?. <i>Frontiers in Psychology</i> , 2017, 8, 1953.	1.1	25
50	Are transformational and laissez-faire leadership related to state anxiety among subordinates? A two-wave prospective study of forward and reverse associations. <i>Work and Stress</i> , 2019, 33, 137-155.	2.8	24
51	Negative social acts and pain: evidence of a workplace bullying and 5-HTT genotype interaction. <i>Scandinavian Journal of Work, Environment and Health</i> , 2018, 44, 283-290.	1.7	24
52	The impact of a workplace terrorist attack on employees' perceptions of leadership: A longitudinal study from pre- to postdisaster. <i>Leadership Quarterly</i> , 2017, 28, 659-671.	3.6	23
53	Gender differences in the relationship between workplace bullying and subjective back and neck pain: A two-wave study in a Norwegian probability sample. <i>Journal of Psychosomatic Research</i> , 2018, 106, 73-75.	1.2	22
54	Comprehensive profiles of psychological and social work factors as predictors of site-specific and multi-site pain. <i>Scandinavian Journal of Work, Environment and Health</i> , 2018, 44, 291-302.	1.7	22

#	ARTICLE	IF	CITATIONS
55	Alcohol Use and Psychosocial Stressors in the Norwegian Workforce. <i>Substance Use and Misuse</i> , 2018, 53, 574-584.	0.7	21
56	Workplace Bullying and Medically Certified Sickness Absence: Direction of Associations and the Moderating Role of Leader Behavior. <i>Frontiers in Psychology</i> , 2019, 10, 767.	1.1	21
57	Time-lagged relationships between leadership behaviors and psychological distress after a workplace terrorist attack. <i>International Archives of Occupational and Environmental Health</i> , 2016, 89, 689-697.	1.1	20
58	Emotional dissonance and sickness absence: a prospective study of employees working with clients. <i>International Archives of Occupational and Environmental Health</i> , 2017, 90, 83-92.	1.1	20
59	The relationship between psychosocial work variables and workaholism: Findings from a nationally representative survey.. <i>International Journal of Stress Management</i> , 2019, 26, 1-10.	0.9	20
60	The healthy worker effect: Do health problems predict participation rates in, and the results of, a follow-up survey?. <i>International Archives of Occupational and Environmental Health</i> , 2016, 89, 231-238.	1.1	19
61	Relationships between work environment factors and workers' well-being in the maritime industry. <i>International Maritime Health</i> , 2013, 64, 80-8.	0.3	19
62	Perception of threat and safety at work among employees in the Norwegian ministries after the 2011 Oslo bombing. <i>Anxiety, Stress and Coping</i> , 2015, 28, 650-662.	1.7	18
63	A brief safety climate inventory for petro-maritime organizations. <i>Safety Science</i> , 2013, 58, 81-88.	2.6	16
64	Associations between Work Environment and Psychological Distress after a Workplace Terror Attack: The Importance of Role Expectations, Predictability and Leader Support. <i>PLoS ONE</i> , 2015, 10, e0119492.	1.1	16
65	The Brief Norwegian Safety Climate Inventory (Brief NORSCI) – Psychometric properties and relationships with shift work, sleep, and health. <i>Safety Science</i> , 2016, 83, 23-30.	2.6	15
66	Victimization from workplace bullying after a traumatic event: time-lagged relationships with symptoms of posttraumatic stress. <i>International Archives of Occupational and Environmental Health</i> , 2017, 90, 411-421.	1.1	15
67	Dispositional Affect as a Moderator in the Relationship Between Role Conflict and Exposure to Bullying Behaviors. <i>Frontiers in Psychology</i> , 2019, 10, 44.	1.1	15
68	Killing two birds with one stone: how intervening when witnessing bullying at the workplace may help both target and the acting observer. <i>International Archives of Occupational and Environmental Health</i> , 2021, 94, 261-273.	1.1	15
69	An Experimental Study on the Attribution of Personality Traits to Bullies and Targets in a Workplace Setting. <i>Frontiers in Psychology</i> , 2017, 8, 1045.	1.1	14
70	Protocol for a systematic review and meta-analysis of research on the associations between workplace bullying and sleep. <i>Systematic Reviews</i> , 2018, 7, 232.	2.5	14
71	Exposure to workplace bullying, microRNAs and pain; evidence of a moderating effect of miR-30c rs928508 and miR-223 rs3848900. <i>Stress</i> , 2020, 23, 77-86.	0.8	14
72	Job satisfaction and mental health of Palestinian nurses with shift work: a cross-sectional study. <i>Lancet, The</i> , 2018, 391, S50.	6.3	13

#	ARTICLE	IF	CITATIONS
73	Emotional Dissonance and Sickness Absence Among Employees Working With Customers and Clients: A Moderated Mediation Model via Exhaustion and Human Resource Primacy. <i>Frontiers in Psychology</i> , 2018, 9, 436.	1.1	13
74	The impact of office design on medically certified sickness absence. <i>Scandinavian Journal of Work, Environment and Health</i> , 2020, 46, 330-334.	1.7	13
75	Psychological, social, and mechanical work exposures and disability retirement: a prospective registry study. <i>BMC Public Health</i> , 2017, 17, 56.	1.2	12
76	Working at home and alcohol use. <i>Addictive Behaviors Reports</i> , 2021, 14, 100377.	1.0	12
77	Preventing and Neutralizing the Escalation of Workplace Bullying: the Role of Conflict Management Climate. <i>International Journal of Bullying Prevention</i> , 0, , 1.	1.3	11
78	The new workplace II: protocol for a prospective full-panel registry study of work factors, sickness absence, and exit from working life among Norwegian employees. <i>SpringerPlus</i> , 2016, 5, 243.	1.2	10
79	Are Leadership Fairness, Psychological Distress, and Role Stressors Interrelated? A Two-Wave Prospective Study of Forward and Reverse Relationships. <i>Frontiers in Psychology</i> , 2018, 9, 90.	1.1	10
