#	ARTICLE	IF	CITATIONS
1	The usefulness of physician-staffed helicopters for managing severe abdominal trauma patients. <i>Journal of Emergencies, Trauma and Shock</i> , 2022, 15, 12.	0.3	2
2	Questions regarding the initial request for the dispatch of disaster medical assistance teams for a landslide after torrential rain at Izuyama in Atami, Japan. <i>Journal of Emergencies, Trauma and Shock</i> , 2022, 15, 71.	0.3	1
3	Novel biomarkers of oxidative stress as predictive indicators of neurological outcome after out-of-hospital cardiopulmonary arrest. <i>American Journal of Emergency Medicine</i> , 2021, 45, 264-268.	0.7	3
4	Significance of medical intervention for non-traumatic hemorrhagic cardiac tamponade. <i>American Journal of Emergency Medicine</i> , 2021, 50, 636-639.	0.7	1
5	Severe COVID-19 Pneumonia Treated by Intensive Immune Suppression Therapy With a Combination of Steroid Pulse and Tocilizumab Followed by a Tapering Dose of Steroid Therapy During the Delta (B.1.617.2) Variant Outbreak: A Successfully Treated Case. <i>Cureus</i> , 2021, 13, e19340.	0.2	2
6	Late i.v. steroid treatment for severe COVID-19-induced acute respiratory distress syndrome: a case report. <i>Acute Medicine &amp; Surgery</i> , 2020, 7, e569.	0.5	2
7	Experience using a portable X-ray system at the scene transported by a physician-staffed helicopter. <i>Acute Medicine &amp; Surgery</i> , 2019, 6, 396-399.	0.5	5
8	Multiple Patients with Burn Injury Induced by a Chemical Explosion Managed by Physician-staffed Helicopters. <i>Prehospital and Disaster Medicine</i> , 2019, 34, s8-s8.	0.7	0
9	Decrease in Butyrylcholinesterase Accompanied by Intermediate-like Syndrome after Massive Ingestion of a Glyphosate-surfactant. <i>Internal Medicine</i> , 2019, 58, 3057-3059.	0.3	1
10	A Smartphone Video Transmission System for Verification of Transfusion. <i>Air Medical Journal</i> , 2019, 38, 125-128.	0.3	14
11	The Utility of a Portable X-ray System. <i>Air Medical Journal</i> , 2019, 38, 212-214.	0.3	4
12	A Case in Which Focal Convulsion Was the Initial Sign of Fatal Aortic Dissection. <i>Aorta</i> , 2019, 07, 144-146.	0.1	0
13	Mountain sickness with delayed signal changes in the corpus callosum on magnetic resonance imaging: a case report. <i>Journal of Rural Medicine: JRM</i> , 2019, 14, 253-257.	0.2	3
14	The Clinical Significance of C-Reactive Protein in Patients with <i>Gloydius blomhoffii</i> Bite. <i>Juntendo Medical Journal</i> , 2019, 65, 456-460.	0.1	1
15	Multiple Patients With Burn Injury Induced by a Chemical Explosion Managed by Physician-Staffed Helicopters. <i>Disaster Medicine and Public Health Preparedness</i> , 2019, 13, 799-805.	0.7	5
16	An analysis of patients evacuated by a civilian physician-staffed helicopter from a military base. <i>Journal of Rural Medicine: JRM</i> , 2019, 14, 231-235.	0.2	3
17	Prognostic indicators among laboratory data on arrival to assess the severity of mamushi bites. <i>Journal of Rural Medicine: JRM</i> , 2019, 14, 222-225.	0.2	3
18	An Analysis of Patients with Anaphylaxis Treated by a Physician-Staffed Helicopter. <i>Air Medical Journal</i> , 2018, 37, 259-263.	0.3	15

#	ARTICLE	IF	CITATIONS
19	An Analysis of Intoxicated Patients Transported by a Doctor Helicopter. <i>Air Medical Journal</i> , 2018, 37, 37-40.	0.3	8
20	Difference in First Aid Activity During Mass Casualty Training Based on Having Taken an Educational Course. <i>Disaster Medicine and Public Health Preparedness</i> , 2018, 12, 437-440.	0.7	2
21	Computed tomography findings of asphyxial suicide by the inhalation of helium inside a plastic bag. <i>Toxicology Communications</i> , 2018, 2, 75-77.	0.3	1
22	Multiple Patients With Heatstroke Air Evacuated by Agreement Concerning Collaboration. <i>Air Medical Journal</i> , 2018, 37, 388-391.	0.3	4
23	A Fatal Case of Super-super Obesity (BMI >80) in a Patient with a Necrotic Soft Tissue Infection. <i>Internal Medicine</i> , 2018, 57, 1479-1481.	0.3	5
24	A Report Concerning Collaboration Between a Physician-staffed Helicopter (Doctor Helicopter) and Firefighting/Rescue Helicopter. <i>Air Medical Journal</i> , 2018, 37, 325-328.	0.3	4
25	A Case of Near-Fatal Drowning Caused by an Attack from a Wild Boar. <i>Wilderness and Environmental Medicine</i> , 2018, 29, 549-551.	0.4	0
26	Using a Doctor Helicopter to Transport Medical Staff Only Without Air Evacuation for an Intoxicated Patient to Ensure Aviation Safety. <i>Air Medical Journal</i> , 2018, 37, 218.	0.3	2
27	Massive intraperitoneal free air induced by pneumothorax and pneumomediastinum. <i>International Journal of Surgery Case Reports</i> , 2018, 49, 78-80.	0.2	3
28	Management of Multiple Burned Patients with Inhalation Injuries. <i>Air Medical Journal</i> , 2018, 37, 174-177.	0.3	3
29	Clinical Significance of Fibrinogen Degradation Product Among Traumatized Patients. <i>Air Medical Journal</i> , 2017, 36, 59-61.	0.3	8
30	A comparison between evacuation from the scene and interhospital transportation using a helicopter for subarachnoid hemorrhage. <i>American Journal of Emergency Medicine</i> , 2017, 35, 543-547.	0.7	12
31	Clinical profile of patients with cardiac arrest induced by aortic disease. <i>Resuscitation</i> , 2017, 120, e1.	1.3	8
32	Bite Wounds Caused by a Wild Boar: A Case Report. <i>Wilderness and Environmental Medicine</i> , 2017, 28, 313-317.	0.4	7
33	A case of real spinal cord injury without radiologic abnormality in a pediatric patient with spinal cord concussion. <i>Spinal Cord Series and Cases</i> , 2017, 3, 17051.	0.3	3
34	The clinical profile of patients with cardiac arrest induced by hemorrhagic stroke. <i>Resuscitation</i> , 2017, 120, e5.	1.3	3
35	Acute Coronary Syndrome Evacuated by a Helicopter From the Scene. <i>Air Medical Journal</i> , 2017, 36, 179-181.	0.3	11
36	Cardiac arrest at high elevation with a favorable outcome. <i>American Journal of Emergency Medicine</i> , 2017, 35, 661.e5-661.e7.	0.7	8

#	ARTICLE	IF	CITATIONS
37	Vacuum Phenomenon as a Mechanism of Gas Production in the Abdominal Wall. <i>Journal of Emergency Medicine</i> , 2017, 52, e51-e52.	0.3	2
38	A lethal case of gastroenterobronchial fistula. <i>American Journal of Emergency Medicine</i> , 2017, 35, 518.e3-518.e4.	0.7	1
39	Suffocation due to Thoracic Deformity Caused by Acromegaly. <i>Internal Medicine</i> , 2017, 56, 949-951.	0.3	1
40	Kounis syndrome should be excluded when physicians treat patients with anaphylaxis. <i>Annals of Allergy, Asthma and Immunology</i> , 2017, 119, 392.	0.5	15
41	A second analysis of patients with decompression illness transported via physician-staffed emergency helicopters. <i>Journal of Emergencies, Trauma and Shock</i> , 2017, 10, 50.	0.3	9
42	Fibrinogen degradation product levels on arrival for trauma patients requiring a transfusion even without head injury. <i>World Journal of Emergency Medicine</i> , 2017, 8, 106.	0.5	8
43	Oral injury due to blank shot of a rifle. <i>Journal of Emergencies, Trauma and Shock</i> , 2017, 10, 84.	0.3	0
44	A case of tetraplegia after <i>Proteus mirabilis</i> infection. <i>Journal of Emergencies, Trauma and Shock</i> , 2017, 10, 163.	0.3	0
45	A pregnant woman with pneumomediastinum after tooth treatment. <i>Journal of Emergencies, Trauma and Shock</i> , 2017, 10, 162.	0.3	1
46	AORTIC INJURY DUE TO PARAGLIDING: A CASE REPORT. <i>International Journal of Sports Physical Therapy</i> , 2017, 12, 390-401.	0.5	0
47	Management of a Mass Casualty Event Caused by Electrocutation Using Doctor Helicopters. <i>Air Medical Journal</i> , 2016, 35, 180-182.	0.3	11
48	Vacuum phenomenon. <i>Emergency Radiology</i> , 2016, 23, 377-382.	1.0	36
49	Traumatic pneumosyrinx and pneumorrhachis. <i>Journal of Neuroradiology</i> , 2016, 43, 358-359.	0.6	1
50	Heat stroke with bimodal rhabdomyolysis: a case report and review of the literature. <i>Journal of Intensive Care</i> , 2016, 4, 71.	1.3	10
51	A patient with clear consciousness even with a glucose level of 5 mg/dL (0.2 mmol/L). <i>American Journal of Emergency Medicine</i> , 2016, 34, 941.e3-941.e4.	0.7	1
52	Activity of a Medical Relief Team from Shizuoka Hospital During the 2016 Kumamoto Earthquake. <i>Juntendo Medical Journal</i> , 2016, 62, 248-250.	0.1	1
53	Factors affecting difficulty in extubation after initial successful resuscitation in cardiopulmonary arrest patients. <i>Journal of Emergencies, Trauma and Shock</i> , 2016, 9, 88.	0.3	2
54	Hypothesis: the influence of cavitation or vacuum phenomenon for decompression sickness. <i>Diving and Hyperbaric Medicine</i> , 2016, 46, 190.	0.2	3

#	ARTICLE	IF	CITATIONS
55	Shizuoka Prefecture Disaster Drill Involving the Japanese and US Military. <i>Disaster Medicine and Public Health Preparedness</i> , 2015, 9, 476-477.	0.7	5
56	Pregnant Woman Bitten by a Japanese Mamushi ( <i>Gloydius blomhoffii</i> ). <i>Internal Medicine</i> , 2015, 54, 2517-2520.	0.3	1
57	Significance of the vacuum phenomenon in patients with trauma evaluated by whole-body computed tomography. <i>American Journal of Emergency Medicine</i> , 2015, 33, 282-285.	0.7	13
58	Significance of pneumorrhachis detected by single-pass whole-body computed tomography in patients with trauma. <i>Journal of Emergencies, Trauma and Shock</i> , 2015, 8, 120.	0.3	6
59	Analysis of patients with decompression illness transported via physician-staffed emergency helicopters. <i>Journal of Emergencies, Trauma and Shock</i> , 2015, 8, 26.	0.3	9
60	A patient with refractory shock induced by several factors, including obstruction because of a posterior mediastinal hematoma. <i>American Journal of Emergency Medicine</i> , 2015, 33, 859.e1-859.e2.	0.7	1
61	A case of the vacuum phenomenon as a mechanism of gas production in the abdominal wall. <i>American Journal of Emergency Medicine</i> , 2015, 33, 863.e1-863.e2.	0.7	4
62	Recurrent idiopathic ventricular fibrillation induced by high fever. <i>American Journal of Emergency Medicine</i> , 2015, 33, 1331.e1-1331.e3.	0.7	2
63	A field survey of spinal cord injury in bodyboarders. <i>American Journal of Emergency Medicine</i> , 2015, 33, 112-113.	0.7	0
64	A case of tension pyothorax with septic shock. <i>Journal of Emergencies, Trauma and Shock</i> , 2015, 8, 244.	0.3	2
65	A case of transient left bundle branch block after a cervical wound. <i>Journal of Emergencies, Trauma and Shock</i> , 2014, 7, 247.	0.3	1
66	Analysis of trauma cases after a record snowfall in a rural district in Japan. <i>Journal of Emergencies, Trauma and Shock</i> , 2014, 7, 341.	0.3	1
67	Introduction of a Physician-Staffed Helicopter Emergency Medical Service in Eastern Shizuoka Prefecture in Japan. <i>Air Medical Journal</i> , 2014, 33, 292-295.	0.3	38
68	Preparedness for Disasters in Juntendo University Shizuoka Hospital. <i>Juntendo Medical Journal</i> , 2014, 60, 121-125.	0.1	0
