

Maria Johansson

List of Publications by Citations

Source: <https://exaly.com/author-pdf/1411908/maria-johansson-publications-by-citations.pdf>

Version: 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
72	Intention to respond to local wind turbines: the role of attitudes and visual perception. <i>Wind Energy</i> , 2007 , 10, 435-451	3.4	145
71	Environment and parental factors as determinants of mode for children's leisure travel. <i>Journal of Environmental Psychology</i> , 2006 , 26, 156-169	6.7	109
70	Environmental Concern and Knowledge of Ecotourism among Three Groups of Swedish Tourists. <i>Journal of Travel Research</i> , 2006 , 45, 217-226	6.3	107
69	Don't forget to look down – collaborative approaches to predator conservation. <i>Biological Reviews</i> , 2017 , 92, 2157-2163	13.5	99
68	Individual and collective responses to large carnivore management: the roles of trust, representation, knowledge spheres, communication and leadership. <i>Wildlife Biology</i> , 2015 , 21, 175-185	1.7	91
67	Evacuation experiment in a road tunnel: A study of human behaviour and technical installations. <i>Fire Safety Journal</i> , 2009 , 44, 458-468	3.3	91
66	Subjective Experience of Fear and the Cognitive Interpretation of Large Carnivores. <i>Human Dimensions of Wildlife</i> , 2011 , 16, 15-29	1.6	85
65	Factors Governing Human Fear of Brown Bear and Wolf. <i>Human Dimensions of Wildlife</i> , 2012 , 17, 58-74	1.6	71
64	Targeting human fear of large carnivores [Many ideas but few known effects. <i>Biological Conservation</i> , 2016 , 201, 261-269	6.2	63
63	Is Human Fear Affecting Public Willingness to Pay for the Management and Conservation of Large Carnivores?. <i>Society and Natural Resources</i> , 2012 , 25, 610-620	2.4	51
62	The role of greenery for physical activity play at school grounds. <i>Urban Forestry and Urban Greening</i> , 2014 , 13, 103-113	5.4	45
61	Controlled exposure reduces fear of brown bears. <i>Human Dimensions of Wildlife</i> , 2019 , 24, 363-379	1.6	42
60	Public attitude towards the implementation of management actions aimed at reducing human fear of brown bears and wolves. <i>Wildlife Biology</i> , 2015 , 21, 122-130	1.7	38
59	Wetland areas' direct contributions to residents' well-being entitle them to high cultural ecosystem values. <i>Science of the Total Environment</i> , 2019 , 646, 1315-1326	10.2	38
58	Perceived urban design qualities and affective experiences of walking. <i>Journal of Urban Design</i> , 2016 , 21, 256-275	1.8	37
57	Children's affective experience of every-day travel. <i>Journal of Transport Geography</i> , 2013 , 29, 95-102	5.2	34
56	What limits the pedestrian? Exploring perceptions of walking in the built environment and in the context of every-day life. <i>Journal of Transport and Health</i> , 2014 , 1, 223-231	3	34

55	Does biological quality matter? Direct and reflected appraisal of biodiversity in temperate deciduous broad-leaf forest. <i>Urban Forestry and Urban Greening</i> , 2014 , 13, 28-37	5.4	33
54	Quality of life and place attachment among people with severe mental illness. <i>Journal of Environmental Psychology</i> , 2015 , 41, 145-154	6.7	31
53	Restorative Elements at the Computer Workstation: A Comparison of Live Plants and Inanimate Objects With and Without Window View. <i>Environment and Behavior</i> , 2015 , 47, 288-303	5.6	30
52	Landowners' Participation in Biodiversity Conservation Examined through the Value-Belief-Norm Theory. <i>Landscape Research</i> , 2013 , 38, 295-311	1.4	30
51	Transport walking in urban neighbourhoods Impact of perceived neighbourhood qualities and emotional relationship. <i>Landscape and Urban Planning</i> , 2016 , 150, 60-69	7.7	29
50	Fear of Wolves and Bears: Physiological Responses and Negative Associations in a Swedish Sample. <i>Human Dimensions of Wildlife</i> , 2013 , 18, 416-434	1.6	29
49	Interseriality and Different Sorts of Walking: Suggestions for a Relational Approach to Urban Walking. <i>Mobilities</i> , 2017 , 12, 20-35	1.5	24
48	Location of Swedish wind power Random or not? A quantitative analysis of differences in installed wind power capacity across Swedish municipalities. <i>Energy Policy</i> , 2013 , 58, 135-141	7.2	22
47	Social-Psychological Factors in Public Support for Local Biodiversity Conservation. <i>Society and Natural Resources</i> , 2011 , 24, 717-733	2.4	20
46	Perceived adaptive capacity within a multi-level governance setting: The role of bonding, bridging, and linking social capital. <i>Environmental Science and Policy</i> , 2020 , 104, 88-97	6.2	18
45	An Evaluation of Information Meetings as a Tool for Addressing Fear of Large Carnivores. <i>Society and Natural Resources</i> , 2017 , 30, 281-298	2.4	16
44	Assessing the pedestrian response to urban outdoor lighting: A full-scale laboratory study. <i>PLoS ONE</i> , 2018 , 13, e0204638	3.7	16
43	Factors affecting optimal lighting use in shared hospital environments: A case-study. <i>Building and Environment</i> , 2016 , 96, 260-269	6.5	14
42	Attitudes towards the conservation of biological diversity A case study in Kristianstad Municipality, Sweden. <i>Journal of Environmental Planning and Management</i> , 2006 , 49, 495-513	2.8	14
41	Assessing cultural ecosystem services as individuals place-based appraisals. <i>Urban Forestry and Urban Greening</i> , 2019 , 39, 79-88	5.4	11
40	Factors governing human fear of wolves: moderating effects of geographical location and standpoint on protected nature. <i>European Journal of Wildlife Research</i> , 2016 , 62, 749-760	2	11
39	Describing Human Wildlife Interaction from a European Perspective. <i>Human Dimensions of Wildlife</i> , 2016 , 21, 158-168	1.6	9
38	Bolstering a transition for a more sustainable energy system: A transformative approach to evaluations of energy efficiency in buildings. <i>Energy Research and Social Science</i> , 2021 , 72, 101864	7.7	9

37	Yin yoga and mindfulness: a five week randomized controlled study evaluating the effects of the YOMI program on stress and worry. <i>Anxiety, Stress and Coping</i> , 2017 , 30, 365-378	3.1	8
36	The management of large carnivores in Sweden [challenges and opportunities. <i>Wildlife Biology</i> , 2015 , 21, 120-121	1.7	8
35	Exposure as an Intervention to Address Human Fear of Bears. <i>Human Dimensions of Wildlife</i> , 2016 , 21, 311-327	1.6	8
34	Wind power or uranium mine: Appraisal of two energy-related environmental changes in a local context. <i>Energy Policy</i> , 2012 , 44, 312-319	7.2	8
33	Self-Report Diary: A Method to Measure Use of Office Lighting. <i>LEUKOS - Journal of Illuminating Engineering Society of North America</i> , 2013 , 9, 291-306	3.5	8
32	Local attitudes towards management measures for the co-existence of seals and coastal fishery - A Swedish case study. <i>Marine Policy</i> , 2020 , 118, 104018	3.5	7
31	The physical environment of purpose-built and non-purpose-built supported housing for persons with psychiatric disabilities in Sweden. <i>Issues in Mental Health Nursing</i> , 2012 , 33, 223-35	1.5	7
30	Believed effect - A prerequisite but not a guarantee for acceptance of carnivore management interventions. <i>Biological Conservation</i> , 2020 , 241, 108251	6.2	7
29	The public and geese: a conflict on the rise?. <i>Human Dimensions of Wildlife</i> , 2020 , 25, 421-437	1.6	7
28	“In the evening, I don’t walk in the park” The interplay between street lighting and greenery in perceived safety. <i>Urban Design International</i> , 2021 , 26, 42-52	1.6	7
27	Animal owners’ appraisal of large carnivore presence and use of interventions to prevent carnivore attacks on domestic animals in Sweden. <i>European Journal of Wildlife Research</i> , 2020 , 66, 1	2	6
26	Speed Responses to Speed Humps as Affected by Time of Day and Light Conditions on a Residential Road with Light-Emitting Diode (LED) Road Lighting. <i>Safety</i> , 2018 , 4, 10	1.7	6
25	A New Method of Random Environmental Walking for Assessing Behavioral Preferences for Different Lighting Applications. <i>Frontiers in Psychology</i> , 2017 , 8, 345	3.4	6
24	The influence of physical environmental qualities on the social climate of supported housing facilities for people with severe mental illness. <i>Issues in Mental Health Nursing</i> , 2013 , 34, 117-23	1.5	6
23	Livestock owners’ worry and fear of tick-borne diseases. <i>Parasites and Vectors</i> , 2020 , 13, 331	4	5
22	The impact of access to an ultrasonic scaring device on human fear of wolves. <i>Wildlife Biology</i> , 2016 , 22, 29-36	1.7	5
21	Housing design and people with severe mental illness: An observational approach to the investigation of supported housing facilities. <i>Scandinavian Journal of Psychology</i> , 2016 , 57, 12-21	2.2	5
20	Local People’s Appraisal of the Fishery-Seal Situation in Traditional Fishing Villages on the Baltic Sea Coast in Southeast Sweden. <i>Society and Natural Resources</i> , 2021 , 34, 271-290	2.4	5

19	The effects of user interface designs on lighting use. <i>Journal of Engineering, Design and Technology</i> , 2017 , 15, 58-78	1.5	4
18	Improved Usability of Pedestrian Environments After Dark for People with Vision Impairment: an Intervention Study. <i>Sustainability</i> , 2020 , 12, 1096	3.6	4
17	Communication Interventions and Fear of Brown Bears: Considerations of Content and Format. <i>Frontiers in Ecology and Evolution</i> , 2019 , 7,	3.7	4
16	Achieving Social and Ecological Outcomes in Collaborative Environmental Governance: Good Examples from Swedish Moose Management. <i>Sustainability</i> , 2021 , 13, 2329	3.6	4
15	A Theoretical Model for Urban Walking Among People With Disabilities. <i>Frontiers in Psychology</i> , 2020 , 11, 156	3.4	3
14	Traffic Jam: Psychological Assessment of a Gaming Simulation. <i>Simulation and Gaming</i> , 2002 , 33, 67-88	1.9	3
13	Large carnivores and zoos as catalysts for engaging the public in the protection of biodiversity. <i>Nature Conservation</i> , 37 , 133-150		3
12	Psychological Motivation of Pro-Environmental Travel Behaviour in an Urban Area 2004 , 435-442		3
11	How stakeholder representatives cope with collaboration in the Swedish moose management system. <i>Human Dimensions of Wildlife</i> , 2020 , 25, 154-170	1.6	3
10	Video Analysis of Pedestrian Movement (VAPM) under Different Lighting Conditions Method Exploration. <i>Energies</i> , 2020 , 13, 4141	3.1	3
9	Child-Friendly Environments What, How and by Whom?. <i>Sustainability</i> , 2022 , 14, 4852	3.6	3
8	Drivers of intervention use to protect domestic animals from large carnivore attacks. <i>Human Dimensions of Wildlife</i> , 2020 , 25, 339-354	1.6	2
7	Assessment of Outdoor Lighting: Methods for Capturing the Pedestrian Experience in the Field. <i>Energies</i> , 2021 , 14, 4005	3.1	2
6	Translation of children's cycling into steps: the share of cycling in 10-year-olds' physical activity. <i>International Journal of Adolescent Medicine and Health</i> , 2013 , 25, 171-6	1.1	1
5	Urban space for children on the move 2020 , 217-235		1
4	Appraisals of Wildlife During Restorative Opportunities in Local Natural Settings. <i>Frontiers in Environmental Science</i> , 2021 , 9,	4.8	1
3	Individuals and Multilevel Management: A Study of the Perceived Adaptive Capacity of the Goose Management System among Farmers in Sweden. <i>Society and Natural Resources</i> , 2022 , 35, 1-19	2.4	1
2	Energy efficiency behaviour in the built environment An assessment of current evaluation practices in the Nordic countries. <i>Energy Efficiency</i> , 2021 , 14, 1	3	0
