#	Paper	IF	Citations
342	Multidisciplinary research priorities for the COVID-19 pandemic: a call for action for mental health science. <i>Lancet Psychiatry</i> , 2020 , 7, 547-560	23.3	2516
341	The Development and Well-Being Assessment: Description and Initial Validation of an Integrated Assessment of Child and Adolescent Psychopathology. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2000 , 41, 645-655	7.9	1163
340	Using the Strengths and Difficulties Questionnaire (SDQ) to screen for child psychiatric disorders in a community sample. <i>British Journal of Psychiatry</i> , 2000 , 177, 534-9	5.4	1136
339	Mental health before and during the COVID-19 pandemic: a longitudinal probability sample survey of the UK population. <i>Lancet Psychiatry</i> , 2020 , 7, 883-892	23.3	994
338	The British Child and Adolescent Mental Health Survey 1999: the prevalence of DSM-IV disorders. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2003 , 42, 1203-11	7.2	883
337	The Development and Well-Being Assessment: description and initial validation of an integrated assessment of child and adolescent psychopathology. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2000 , 41, 645-55	7.9	531
336	Selective drop-out in longitudinal studies and non-biased prediction of behaviour disorders. <i>British Journal of Psychiatry</i> , 2009 , 195, 249-56	5.4	434
335	Mental health of children and adolescents in Great Britain. <i>International Review of Psychiatry</i> , 2003 , 15, 185-7	3.6	346
334	Psychiatric disorder among British children looked after by local authorities: comparison with children living in private households. <i>British Journal of Psychiatry</i> , 2007 , 190, 319-25	5.4	296
333	ADHD in children and young people: prevalence, care pathways, and service provision. <i>Lancet Psychiatry</i> , 2018 , 5, 175-186	23.3	280
332	Mental health interventions in schools 1: Mental health interventions in schools in high-income countries. <i>Lancet Psychiatry</i> , 2014 , 1, 377-387	23.3	260
331	Using the Strengths and Difficulties Questionnaire (SDQ) to screen for child psychiatric disorders in a community sample. <i>International Review of Psychiatry</i> , 2003 , 15, 166-72	3.6	254
330	Prevalence of obsessive-compulsive disorder in the British nationwide survey of child mental health. <i>British Journal of Psychiatry</i> , 2001 , 179, 324-9	5.4	250
329	Process, outcome and experience of transition from child to adult mental healthcare: multiperspective study. <i>British Journal of Psychiatry</i> , 2010 , 197, 305-12	5.4	233
328	Says who? The significance of sampling in mental health surveys during COVID-19. <i>Lancet Psychiatry</i> , 2020 , 7, 567-568	23.3	170
327	Prevalence of pervasive developmental disorders in the British nationwide survey of child mental health. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2001 , 40, 820-7	7.2	160
326	The role of callous and unemotional traits in the diagnosis of conduct disorder. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2010 , 51, 688-95	7.9	155

325	The Association Between Socioeconomic Disadvantage and Attention Deficit/Hyperactivity Disorder (ADHD): A Systematic Review. <i>Child Psychiatry and Human Development</i> , 2016 , 47, 440-58	3.3	152
324	Prevalence of parent-reported ASD and ADHD in the UK: findings from the Millennium Cohort Study. <i>Journal of Autism and Developmental Disorders</i> , 2014 , 44, 31-40	4.6	152
323	Implementing health promotion programmes in schools: a realist systematic review of research and experience in the United Kingdom. <i>Implementation Science</i> , 2015 , 10, 149	8.4	125
322	Adolescent clinical outcomes for young people with attention-deficit hyperactivity disorder. <i>British Journal of Psychiatry</i> , 2010 , 196, 235-40	5.4	124
321	Teachers' wellbeing and depressive symptoms, and associated risk factors: A large cross sectional study in English secondary schools. <i>Journal of Affective Disorders</i> , 2016 , 192, 76-82	6.6	113
320	The association of attention deficit hyperactivity disorder with socioeconomic disadvantage: alternative explanations and evidence. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2014 , 55, 436-45	7.9	110
319	How far are associations between child, family and community factors and child psychopathology informant-specific and informant-general?. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2009 , 50, 571-80	7.9	105
318	The relative importance of child, family, school and neighbourhood correlates of childhood psychiatric disorder. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2004 , 39, 487-96	4.5	102
317	Transfers and transitions between child and adult mental health services. <i>British Journal of Psychiatry</i> , 2013 , 54, s36-40	5.4	98
316	Selection bias on intellectual ability in autism research: a cross-sectional review and meta-analysis. <i>Molecular Autism</i> , 2019 , 10, 9	6.5	97
315	Child Mental Health is Everybody's Business: The Prevalence of Contact with Public Sector Services by Type of Disorder Among British School Children in a Three-Year Period. <i>Child and Adolescent Mental Health</i> , 2007 , 12, 13-20	2.2	97
314	Prevalence of obsessive-compulsive disorder in the British nationwide survey of child mental health. <i>International Review of Psychiatry</i> , 2003 , 15, 178-84	3.6	96
313	Victims of bullying in childhood and suicide attempts in adulthood. <i>European Psychiatry</i> , 2011 , 26, 498-503	3.3	88
312	Transitions of care from Child and Adolescent Mental Health Services to Adult Mental Health Services (TRACK Study): a study of protocols in Greater London. <i>BMC Health Services Research</i> , 2008 , 8, 135	2.9	85
311	Economic impact of childhood psychiatric disorder on public sector services in Britain: estimates from national survey data. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2013 , 54, 977-83	7.0	82
310	Child psychiatric disorder and relative age within school year: cross sectional survey of large population sample. <i>BMJ, The</i> , 2003 , 327, 472	5.9	82
309	Effectiveness and safety of long-term treatment with sulfonylureas in patients with neonatal diabetes due to KCNJ11 mutations: an international cohort study. <i>Lancet Diabetes and Endocrinology, the</i> , 2018 , 6, 637-646	18.1	77
308	Socioeconomic Associations with ADHD: Findings from a Mediation Analysis. <i>PLoS ONE</i> , 2015 , 10, e0128248	3.48	76

307	Intracellular transport of asialoglycoproteins in rat hepatocytes. Evidence for two subpopulations of lysosomes. <i>Experimental Cell Research</i> , 1985 , 161, 285-96	4.2	76
306	Mental health responses to the COVID-19 pandemic: a latent class trajectory analysis using longitudinal UK data. <i>Lancet Psychiatry</i> , 2021 , 8, 610-619	23.3	75
305	The mental health of children who witness domestic violence. <i>Child and Family Social Work</i> , 2009 , 14, 491-501	1.3	74
304	Practitioner review: How can epidemiology help us plan and deliver effective child and adolescent mental health services?. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2008 , 49, 900-14	7.9	74
303	Barriers to the identification of children with attention deficit/hyperactivity disorder. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2006 , 47, 744-50	7.9	74
302	Predictors of Service Use for Mental Health Problems Among British Schoolchildren. <i>Child and Adolescent Mental Health</i> , 2008 , 13, 32-40	2.2	69
301	Patient-reported outcomes in child and adolescent mental health services (CAMHS): use of idiographic and standardized measures. <i>Journal of Mental Health</i> , 2012 , 21, 165-73	2.7	68
300	Is teachers' mental health and wellbeing associated with students' mental health and wellbeing?. <i>Journal of Affective Disorders</i> , 2019 , 242, 180-187	6.6	67
299	The association between child and adolescent depression and poor attendance at school: A systematic review and meta-analysis. <i>Journal of Affective Disorders</i> , 2019 , 245, 928-938	6.6	66
298	Bias in psychiatric case-control studies: literature survey. <i>British Journal of Psychiatry</i> , 2007 , 190, 204-9	5.4	63
297	The Development and Well-Being Assessment: Description and Initial Validation of an Integrated Assessment of Child and Adolescent Psychopathology 2000 , 41, 645		60
296	ADHD, parent perspectives and parent/teacher relationships: grounds for conflict. <i>British Journal of Special Education</i> , 2015 , 42, 279-300	0.9	59
295	A cluster randomised controlled trial of the Wellbeing in Secondary Education (WISE) Project - an intervention to improve the mental health support and training available to secondary school teachers: protocol for an integrated process evaluation. <i>Trials</i> , 2018 , 19, 270	2.8	58
294	A prospective study of childhood psychopathology: independent predictors of change over three years. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2007 , 42, 953-61	4.5	58
293	Mental health and well-being trends among children and young people in the UK, 1995-2014: analysis of repeated cross-sectional national health surveys. <i>Psychological Medicine</i> , 2019 , 49, 1275-1285	6.9	57
292	What do parents and carers think about routine outcome measures and their use? A focus group study of CAMHS attenders. <i>Clinical Child Psychology and Psychiatry</i> , 2012 , 17, 65-79	2	56
291	The strengths and difficulties questionnaire as a predictor of parent-reported diagnosis of autism spectrum disorder and attention deficit hyperactivity disorder. <i>PLoS ONE</i> , 2013 , 8, e80247	3.7	56
290	Child mental health in England before and during the COVID-19 lockdown. <i>Lancet Psychiatry</i> , 2021 , 8, 353-354	23.3	56

289	Children's perceptions of neighbourhood trustworthiness and safety and their mental health. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2007 , 48, 1208-13	7.9	55
288	Mental health problems of children in the community: 18 month follow up. <i>BMJ, The</i> , 2002 , 324, 1496-7	5.9	54
287	'Talking a different language': an exploration of the influence of organizational cultures and working practices on transition from child to adult mental health services. <i>BMC Health Services Research</i> , 2013 , 13, 254	2.9	53
286	Satisfaction in child and adolescent mental health services: translating users' feedback into measurement. <i>Administration and Policy in Mental Health and Mental Health Services Research</i> , 2014 , 41, 434-46	3.1	50
285	Ethical practice in internet research involving vulnerable people: lessons from a self-harm discussion forum study (SharpTalk). <i>Journal of Medical Ethics</i> , 2011 , 37, 752-8	2.5	50
284	He was excluded for the kind of behaviour that we thought he needed support with. A qualitative analysis of the experiences and perspectives of parents whose children have been excluded from school. <i>Emotional and Behavioural Difficulties</i> , 2016 , 21, 133-151	1	49
283	Online discussion forums for young people who self-harm: user views. <i>The Psychiatrist</i> , 2011 , 35, 364-368		48
282	Needs and fears of young people presenting at accident and emergency department following an act of self-harm: secondary analysis of qualitative data. <i>British Journal of Psychiatry</i> , 2016 , 208, 286-91	5.4	48
281	Predictive value of callous-unemotional traits in a large community sample. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2009 , 48, 1079-1084	7.2	47
280	Service Contacts Among the Children Participating in the British Child and Adolescent Mental Health Surveys. <i>Child and Adolescent Mental Health</i> , 2005 , 10, 2-9	2.2	46
279	Strengths and Difficulties Questionnaire Added Value Scores: evaluating effectiveness in child mental health interventions. <i>British Journal of Psychiatry</i> , 2009 , 194, 552-8	5.4	43
278	The effect of organisational resources and eligibility issues on transition from child and adolescent to adult mental health services. <i>Journal of Health Services Research and Policy</i> , 2014 , 19, 169-176	2.4	42
277	Chromosome 17q12 microdeletions but not intragenic HNF1B mutations link developmental kidney disease and psychiatric disorder. <i>Kidney International</i> , 2016 , 90, 203-11	9.9	42
276	Transition from child and adolescent to adult mental health services in the Republic of Ireland: an investigation of process and operational practice. <i>Microbial Biotechnology</i> , 2014 , 8, 291-7	3.3	41
275	Non-pharmacological interventions for attention-deficit/hyperactivity disorder (ADHD) delivered in school settings: systematic reviews of quantitative and qualitative research. <i>Health Technology Assessment</i> , 2015 , 19, 1-470	4.4	41
274	A systematic review of effectiveness and cost-effectiveness of school-based identification of children and young people at risk of, or currently experiencing mental health difficulties. <i>Psychological Medicine</i> , 2019 , 49, 9-19	6.9	41
273	Membership and boundary maintenance on an online self-harm forum. <i>Qualitative Health Research</i> , 2011 , 21, 1567-75	3.9	40
272	Cross-sectional survey of daily junk food consumption, irregular eating, mental and physical health and parenting style of British secondary school children. <i>Child: Care, Health and Development</i> , 2014 , 40, 481-91	2.8	37

271	Influence of problematic child-teacher relationships on future psychiatric disorder: population survey with 3-year follow-up. <i>British Journal of Psychiatry</i> , 2013 , 202, 336-41	5.4	37
270	Exploring the clinical utility of the Development And Well-Being Assessment (DAWBA) in the detection of hyperkinetic disorders and associated diagnoses in clinical practice. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2009 , 50, 460-70	7.9	37
269	An approach to linking education, social care and electronic health records for children and young people in South London: a linkage study of child and adolescent mental health service data. <i>BMJ Open</i> , 2019 , 9, e024355	3	36
268	Review: The association between anxiety and poor attendance at school - a systematic review. <i>Child and Adolescent Mental Health</i> , 2019 , 24, 205-216	2.2	36
267	The burden of caring for children with emotional or conduct disorders. <i>International Journal of Family Medicine</i> , 2011 , 2011, 801203		36
266	Objectively measured secondhand smoke exposure and mental health in children: evidence from the Scottish Health Survey. <i>JAMA Pediatrics</i> , 2011 , 165, 326-31		36
265	Estimating the costs of ongoing care for adolescents with attention-deficit hyperactivity disorder. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2013 , 48, 337-44	4.5	35
264	Trends in recognition of and service use for attention-deficit hyperactivity disorder in Britain, 1999-2004. <i>Psychiatric Services</i> , 2010 , 61, 803-10	3.3	35
263	Who is in the transition gap? Transition from CAMHS to AMHS in the Republic of Ireland. <i>Irish Journal of Psychological Medicine</i> , 2015 , 32, 61-69	3	34
262	Mind how you cross the gap! Outcomes for young people who failed to make the transition from child to adult services: the TRACK study. <i>BJPsych Bulletin</i> , 2016 , 40, 142-8	1.2	34
261	Comparison of indices of clinically meaningful change in child and adolescent mental health services: difference scores, reliable change, crossing clinical thresholds and 'added value' - an exploration using parent rated scores on the SDQ. <i>Child and Adolescent Mental Health</i> , 2015 , 20, 94-101	2.2	33
260	The effectiveness and cost-effectiveness of a mindfulness training programme in schools compared with normal school provision (MYRIAD): study protocol for a randomised controlled trial. <i>Trials</i> , 2017 , 18, 194	2.8	33
259	The relationship between exclusion from school and mental health: a secondary analysis of the British Child and Adolescent Mental Health Surveys 2004 and 2007. <i>Psychological Medicine</i> , 2018 , 48, 629-641	6.9	32
258	Practitioners' attitudes towards the use of standardized diagnostic assessment in routine practice: a qualitative study in two child and adolescent mental health services. <i>Clinical Child Psychology and Psychiatry</i> , 2011 , 16, 407-20	2	32
257	Callous and unemotional traits in children and adolescents living in Great Britain. <i>British Journal of Psychiatry</i> , 2008 , 192, 65-6	5.4	32
256	Self-Compassion and Parenting in Mothers and Fathers with Depression. <i>Mindfulness</i> , 2016 , 7, 896-908	2.9	32
255	The prevalence of depressive symptoms among fathers and associated risk factors during the first seven years of their child's life: findings from the Millennium Cohort Study. <i>BMC Public Health</i> , 2016 , 16, 509	4.1	31
254	The predictors of persistent DSM-IV disorders in 3-year follow-ups of the British Child and Adolescent Mental Health Surveys 1999 and 2004. <i>Psychological Medicine</i> , 2017 , 47, 1126-1137	6.9	30

253	Changes in diagnosis rates and behavioural traits of autism spectrum disorder over time. <i>BJPsych Open</i> , 2015 , 1, 110-115	5	30
252	Children who run away from home: risks for suicidal behavior and substance misuse. <i>Journal of Adolescent Health</i> , 2012 , 51, 415-21	5.8	30
251	Children's specific fears. <i>Child: Care, Health and Development</i> , 2009 , 35, 781-9	2.8	30
250	Does Season of Birth Matter?: The Relationship between Age within the School Year (Season of Birth) and Educational Difficulties among a Representative General Population Sample of Children and Adolescents (Aged 5-15) in Great Britain. <i>Research in Education</i> , 2002 , 68, 41-47	0.6	30
249	Mental Health Before and During the COVID-19 Pandemic: A Longitudinal Probability Sample Survey of the UK Population. <i>SSRN Electronic Journal</i> ,	1	30
248	Negative Symptoms in Early-Onset Psychosis and Their Association With Antipsychotic Treatment Failure. <i>Schizophrenia Bulletin</i> , 2019 , 45, 69-79	1.3	30
247	Clinical practitioner's attitudes towards the use of Routine Outcome Monitoring within Child and Adolescent Mental Health Services: a qualitative study of two Child and Adolescent Mental Health Services. <i>Clinical Child Psychology and Psychiatry</i> , 2014 , 19, 576-95	2	29
246	Using metrics to describe the participative stances of members within discussion forums. <i>Journal of Medical Internet Research</i> , 2011 , 13, e3	7.6	28
245	School exclusion in children with psychiatric disorder or impairing psychopathology: a systematic review. <i>Emotional and Behavioural Difficulties</i> , 2015 , 20, 229-251	1	27
244	Supporting teachers and children in schools: the effectiveness and cost-effectiveness of the Incredible Years teacher classroom management programme in primary school children: a cluster randomised controlled trial, with parallel economic and process evaluations. <i>BMC Public Health</i> , 2012 , 12, 719	4.1	27
243	Mental health service use by young people: the role of caregiver characteristics. <i>PLoS ONE</i> , 2015 , 10, e0120004	3.7	27
242	Which children and young people are excluded from school? Findings from a large British birth cohort study, the Avon Longitudinal Study of Parents and Children (ALSPAC). <i>Child: Care, Health and Development</i> , 2018 , 44, 285-296	2.8	26
241	Clinical practice guidelines for diagnosis of autism spectrum disorder in adults and children in the UK: a narrative review. <i>BMC Psychiatry</i> , 2018 , 18, 222	4.2	26
240	Clinical predictors of antipsychotic use in children and adolescents with autism spectrum disorders: a historical open cohort study using electronic health records. <i>European Child and Adolescent Psychiatry</i> , 2016 , 25, 649-58	5.5	25
239	How do child and adolescent mental health problems influence public sector costs? Interindividual variations in a nationally representative British sample. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2015 , 56, 667-76	7.9	25
238	Mindfulness Training in UK Secondary Schools: a Multiple Case Study Approach to Identification of Cornerstones of Implementation. <i>Mindfulness</i> , 2019 , 10, 376-389	2.9	25
237	The effectiveness and cost-effectiveness of the Incredible Years Teacher Classroom Management programme in primary school children: results of the STARS cluster randomised controlled trial. <i>Psychological Medicine</i> , 2019 , 49, 828-842	6.9	25
236	From 'reckless' to 'mindful' in the use of outcome data to inform service-level performance management: perspectives from child mental health. <i>BMJ Quality and Safety</i> , 2014 , 23, 272-6	5.4	25

235	Social and behavioural outcomes in children diagnosed with autism spectrum disorders: a longitudinal cohort study. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2012 , 53, 735-749	7.9	25
234	Religiosity and the mental health of adolescents in Great Britain. <i>Mental Health, Religion and Culture</i> , 2011 , 14, 703-713	1.1	25
233	Parental concerns about their child's emotions and behaviour and referral to specialist services: general population survey. <i>BMJ, The</i> , 2005 , 331, 1435-6	5.9	25
232	Emotional disorder and absence from school: findings from the 2004 British Child and Adolescent Mental Health Survey. <i>European Child and Adolescent Psychiatry</i> , 2020 , 29, 187-198	5.5	25
231	Multidisciplinary research priorities for the COVID-19 pandemic - Authors' reply. <i>Lancet Psychiatry, the</i> , 2020 , 7, e44-e45	23.3	24
230	Linking health and education data to plan and evaluate services for children. <i>Archives of Disease in Childhood</i> , 2017 , 102, 599-602	2.2	24
229	Missed opportunities: mental disorder in children of parents with depression. <i>British Journal of General Practice</i> , 2012 , 62, e487-93	1.6	24
228	Identification of children with the same level of impairment as children on the autistic spectrum, and analysis of their service use. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2010 , 51, 643-51	7.9	24
227	Preventive digital mental health interventions for children and young people: a review of the design and reporting of research. <i>Npj Digital Medicine</i> , 2020 , 3, 133	15.7	24
226	Transition between child and adult services for young people with attention-deficit hyperactivity disorder (ADHD): findings from a British national surveillance study. <i>British Journal of Psychiatry</i> , 2020 , 217, 616-622	5.4	24
225	School absenteeism as a risk factor for self-harm and suicidal ideation in children and adolescents: a systematic review and meta-analysis. <i>European Child and Adolescent Psychiatry</i> , 2020 , 29, 1175-1194	5.5	24
224	Care experiences of young people with eating disorders and their parents: qualitative study. <i>BJPsych Open</i> , 2019 , 5, e6	5	23
223	The Association Between Comorbid Autism Spectrum Disorders and Antipsychotic Treatment Failure in Early-Onset Psychosis: A Historical Cohort Study Using Electronic Health Records. <i>Journal of Clinical Psychiatry</i> , 2017 , 78, e1233-e1241	4.6	23
222	Service utilization by children with conduct disorders: findings from the 2004 Great Britain child mental health survey. <i>European Child and Adolescent Psychiatry</i> , 2009 , 18, 555-63	5.5	23
221	Interventions to improve the mental health of children and young people with long-term physical conditions: linked evidence syntheses. <i>Health Technology Assessment</i> , 2019 , 23, 1-164	4.4	23
220	A systematic review and synthesis of qualitative research: the influence of school context on symptoms of attention deficit hyperactivity disorder. <i>Emotional and Behavioural Difficulties</i> , 2016 , 21, 83-100	1	23
219	Feasibility of School-Based Identification of Children and Adolescents Experiencing, or At-risk of Developing, Mental Health Difficulties: a Systematic Review. <i>Prevention Science</i> , 2020 , 21, 581-603	4	22
218	Psychiatric morbidity in children with KCNJ11 neonatal diabetes. <i>Diabetic Medicine</i> , 2016 , 33, 1387-91	3.5	22

217	A pilot cluster randomised controlled trial of a support and training intervention to improve the mental health of secondary school teachers and students - the WISE (Wellbeing in Secondary Education) study. <i>BMC Public Health</i> , 2016 , 16, 1060	4.1	22
216	Prevalence of pervasive developmental disorders in the British nationwide survey of child mental health. <i>International Review of Psychiatry</i> , 2003 , 15, 158-65	3.6	21
215	Can standardized diagnostic assessment be a useful adjunct to clinical assessment in child mental health services? A randomized controlled trial of disclosure of the Development and Well-Being Assessment to practitioners. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2013 , 48, 583-93	4.5	20
214	Intracellular degradation of asialoglycoproteins in hepatocytes starts in a subgroup of lysosomes. <i>Experimental Cell Research</i> , 1985 , 156, 570-4	4.2	20
213	Systematic Review and Meta-analysis: The Association Between Child and Adolescent Depression and Later Educational Attainment. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2021 , 60, 105-118	7.2	19
212	Behavioural Difficulties That Co-occur With Specific Word Reading Difficulties: A UK Population-Based Cohort Study. <i>Dyslexia</i> , 2015 , 21, 123-41	1.6	18
