#	Paper	IF	Citations
132	A clinical trial comparing trauma-informed guilt reduction therapy (TriGR), a brief intervention for trauma-related guilt, to supportive care therapy.. <i>Depression and Anxiety</i> , 2022 ,	8.4	5
131	Subgroups of comorbid PTSD and AUD in U.S. military veterans predict differential responsiveness to two integrated treatments: A latent class analysis. <i>Journal of Psychiatric Research</i> , 2021 , 137, 342-350	5.2	1
130	Including Continuous Glucose Monitoring to Provide Personalized Glycemic Profiles as Part of a Pilot Worksite Health Screening. <i>Journal of Diabetes Science and Technology</i> , 2021 , 15, 515-516	4.1	0
129	A national survey of caregiver own experiences and perceptions of U.S. health care system when addressing their health and caring for an older adult. <i>BMC Health Services Research</i> , 2021 , 21, 101	2.9	0
128	Indicators of potential health-related social needs and the association with perceived health and well-being outcomes among community-dwelling medicare beneficiaries. <i>Quality of Life Research</i> , 2020 , 29, 1685-1696	3.7	3
127	Text messaging and brief phone calls for weight loss in overweight and obese English- and Spanish-speaking adults: A 1-year, parallel-group, randomized controlled trial. <i>PLoS Medicine</i> , 2019 , 16, e1002917	11.6	17
126	Efficacy of Integrated Exposure Therapy vs Integrated Coping Skills Therapy for Comorbid Posttraumatic Stress Disorder and Alcohol Use Disorder: A Randomized Clinical Trial. <i>JAMA Psychiatry</i> , 2019 , 76, 791-799	14.5	56
125	Not Yet Ready for Prime Time: Video Visits in a Home-Based Primary Care Program. <i>Journal of the American Geriatrics Society</i> , 2019 , 67, 2202-2204	5.6	8
124	Care Team Perspectives and Acceptance of Telehealth in Scaling a Home-Based Primary Care Program: Qualitative Study. <i>JMIR Aging</i> , 2019 , 2, e12415	4.8	5
123	Planned care for obesity and cardiovascular risk reduction using a stepped-down approach: A randomized-controlled trial. <i>Preventive Medicine</i> , 2018 , 114, 223-231	4.3	1
122	Operation and challenges of home-based medical practices in the US: findings from six aggregated case studies. <i>BMC Health Services Research</i> , 2018 , 18, 45	2.9	11
121	Weight and weight control behaviors of Latinas and their social ties. <i>Health Psychology</i> , 2018 , 37, 318-325		5
120	Sedentary Behavior and Cardiometabolic Health Associations in Obese 11-13-Year Olds. <i>Childhood Obesity</i> , 2017 , 13, 425-432	2.5	16
119	Neighborhoods, Social and Cultural Correlates of Obesity Risk among Latinos living on the U.S.-Mexico border in Southern California. <i>Journal of Health Care for the Poor and Underserved</i> , 2016 , 27, 700-21	1.4	3
118	Using social and mobile tools for weight loss in overweight and obese young adults (Project SMART): a 2 year, parallel-group, randomised, controlled trial. <i>Lancet Diabetes and Endocrinology</i> , 2016 , 4, 747-755	18.1	87
117	Reliability and concurrent and construct validity of the Strategies for Weight Management measure for adults. <i>Obesity Research and Clinical Practice</i> , 2016 , 10, 291-303	5.4	3
116	Employee Use of a Wireless Physical Activity Tracker Within Two Incentive Designs at One Company. <i>Population Health Management</i> , 2016 , 19, 88-94	1.8	8

115	Neighborhoods, Social and Cultural Correlates of Obesity Risk among Latinos living on the U.S.-Mexico border in Southern California. <i>Journal of Health Care for the Poor and Underserved</i> , 2016 , 27, 1934-1955	1.4	3
114	Walking mediates associations between neighborhood activity supportiveness and BMI in the Women@ Health Initiative San Diego cohort. <i>Health and Place</i> , 2016 , 38, 48-53	4.6	9
113	Clinical trial management of participant recruitment, enrollment, engagement, and retention in the SMART study using a Marketing and Information Technology (MARKIT) model. <i>Contemporary Clinical Trials</i> , 2015 , 42, 185-95	2.3	45
112	Project FIT: A School, Community and Social Marketing Intervention Improves Healthy Eating Among Low-Income Elementary School Children. <i>Journal of Community Health</i> , 2015 , 40, 815-26	4	27
111	Exploratory and confirmatory factor analyses and demographic correlate models of the strategies for weight management measure for overweight or obese adults. <i>American Journal of Health Promotion</i> , 2015 , 29, e147-57	2.5	6
110	Influence of specific individual and environmental variables on the relationship between body mass index and health-related quality of life in overweight and obese adolescents. <i>Quality of Life Research</i> , 2015 , 24, 251-61	3.7	21
109	Measurement properties of the sedentary behavior strategy self-management instrument in African-American breast cancer survivors. <i>American Journal of Health Behavior</i> , 2015 , 39, 175-82	1.9	4
108	Compliance with smoke-free policies in Korean bars and restaurants in California: a descriptive analysis. <i>Asian Pacific Journal of Cancer Prevention</i> , 2015 , 16, 1083-9	1.7	4
107	Preparing adolescents with chronic disease for transition to adult care: a technology program. <i>Pediatrics</i> , 2014 , 133, e1639-46	7.4	140
106	Neighborhood environment and physical activity among older adults: do the relationships differ by driving status?. <i>Journal of Aging and Physical Activity</i> , 2014 , 22, 421-31	1.6	54
105	Socioeconomic disparities in elementary school practices and children's physical activity during school. <i>American Journal of Health Promotion</i> , 2014 , 28, S47-53	2.5	42
104	Strategies that predict weight loss among overweight/obese young adults. <i>American Journal of Health Behavior</i> , 2014 , 38, 871-80	1.9	2
103	Examining incentive design strategies for worksite wellness program engagement. <i>Population Health Management</i> , 2014 , 17, 324-31	1.8	2
102	Fit4Life: a weight loss intervention for children who have survived childhood leukemia. <i>Pediatric Blood and Cancer</i> , 2014 , 61, 894-900	3	49
101	The role of motivation in family-based guided self-help treatment for pediatric obesity. <i>Childhood Obesity</i> , 2014 , 10, 392-9	2.5	8
100	Two-Year Outcomes of a Primary Care- and Home-Based Intervention for Physical Activity, Sedentary Behavior, and Diet in Adolescents. <i>ICAN: Infant, Child, & Adolescent Nutrition</i> , 2014 , 6, 44-51		2
99	Residential proximity to major roadways and prevalent hypertension among postmenopausal women: results from the Women@ Health Initiative San Diego Cohort. <i>Journal of the American Heart Association</i> , 2014 , 3, e000727	6	28
98	Click "like" to change your behavior: a mixed methods study of college students' exposure to and engagement with Facebook content designed for weight loss. <i>Journal of Medical Internet Research</i> , 2014 , 16, e158	7.6	65

97	Perceived neighborhood environment and physical activity in 11 countries: do associations differ by country?. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2013 , 10, 57	8.4	66
96	Elementary school practices and children's objectively measured physical activity during school. <i>Preventive Medicine</i> , 2013 , 57, 591-5	4.3	31
95	Fruit and vegetable intake and eating behaviors mediate the effect of a randomized text-message based weight loss program. <i>Preventive Medicine</i> , 2013 , 56, 3-7	4.3	49
94	Relationship between maternal parenting and eating self-efficacy in overweight children when stressed. <i>Eating and Weight Disorders</i> , 2013 , 18, 283-8	3.6	3
93	Guided self-help for the treatment of pediatric obesity. <i>Pediatrics</i> , 2013 , 131, e1435-42	7.4	15
92	Outcomes of a 12-month technology-based intervention to promote weight loss in adolescents at risk for type 2 diabetes. <i>Journal of Diabetes Science and Technology</i> , 2013 , 7, 759-70	4.1	53
91	Neighborhood preference, walkability and walking in overweight/obese men. <i>American Journal of Health Behavior</i> , 2013 , 37, 277-82	1.9	24
90	Longitudinal measurement invariance of psychosocial measures in physical activity research: An application to adolescent data. <i>Journal of Applied Social Psychology</i> , 2013 , 43, 721-729	2.1	10
89	Sedentary behavior and food cravings in diverse overweight women: a pilot study. <i>Women and Health</i> , 2013 , 53, 405-18	1.7	7
88	Effects of Behavioral Contingencies on Adolescent Active Videogame Play and Overall Activity: A Randomized Trial. <i>Games for Health Journal</i> , 2013 , 2, 158-65	4.2	7
87	An examination of multilevel factors that may explain gender differences in children's physical activity. <i>Journal of Physical Activity and Health</i> , 2013 , 10, 982-92	2.5	29
86	An adaptive physical activity intervention for overweight adults: a randomized controlled trial. <i>PLoS ONE</i> , 2013 , 8, e82901	3.7	98
85	Feasibility and effectiveness of an automated bilingual text message intervention for weight loss: pilot study. <i>JMIR Research Protocols</i> , 2013 , 2, e48	2	14
84	Physical activity and dietary behavior change in Internet-based weight loss interventions: comparing two multiple-behavior change indices. <i>Preventive Medicine</i> , 2012 , 54, 50-4	4.3	38
83	Brief physical activity-related psychosocial measures: reliability and construct validity. <i>Journal of Physical Activity and Health</i> , 2012 , 9, 1178-86	2.5	36
82	Promoting walking among older adults living in retirement communities. <i>Journal of Aging and Physical Activity</i> , 2012 , 20, 379-94	1.6	31
81	Associations of soluble fiber, whole fruits/vegetables, and juice with plasma Beta-carotene concentrations in a free-living population of breast cancer survivors. <i>Women and Health</i> , 2012 , 52, 731-43	1.7	3
80	Community food environment, home food environment, and fruit and vegetable intake of children and adolescents. <i>Journal of Nutrition Education and Behavior</i> , 2012 , 44, 634-8	2	111

79	Is fear of strangers related to physical activity among youth?. <i>American Journal of Health Promotion</i> , 2012 , 26, 189-95	2.5	19
78	Reliability and validity of child/adolescent food frequency questionnaires that assess foods and/or food groups. <i>Journal of Pediatric Gastroenterology and Nutrition</i> , 2012 , 55, 4-13	2.8	69
77	Classification accuracies of physical activities using smartphone motion sensors. <i>Journal of Medical Internet Research</i> , 2012 , 14, e130	7.6	183
76	Adolescent screen time and rules to limit screen time in the home. <i>Journal of Adolescent Health</i> , 2011 , 48, 379-85	5.8	87
75	Neighborhood environment profiles related to physical activity and weight status: a latent profile analysis. <i>Preventive Medicine</i> , 2011 , 52, 326-31	4.3	65
74	Home, school, and neighborhood environment factors and youth physical activity. <i>Pediatric Exercise Science</i> , 2011 , 23, 487-503	2	27
73	Dietary fiber and nutrient density are inversely associated with the metabolic syndrome in US adolescents. <i>Journal of the American Dietetic Association</i> , 2011 , 111, 1688-95		67
72	Attrition and adherence rates of sustained vs. intermittent exercise interventions. <i>Annals of Behavioral Medicine</i> , 2011 , 42, 197-209	4.5	117
71	Outcomes of a 12-month web-based intervention for overweight and obese men. <i>Annals of Behavioral Medicine</i> , 2011 , 42, 391-401	4.5	78
70	Compliance with behavioral guidelines for diet, physical activity and sedentary behaviors is related to insulin resistance among overweight and obese youth. <i>BMC Research Notes</i> , 2011 , 4, 29	2.3	13
69	Role of risk factors proximate to time of trauma in the course of PTSD and MDD symptoms following traumatic injury. <i>Journal of Traumatic Stress</i> , 2011 , 24, 390-8	3.8	24
68	Correlates of park-based physical activity among children in diverse communities: results from an observational study in two cities. <i>American Journal of Health Promotion</i> , 2011 , 25, e1-9	2.5	34
67	Measuring immigration stress of first-generation female Korean immigrants in California: psychometric evaluation of Demand of Immigration Scale. <i>Ethnicity and Health</i> , 2011 , 16, 11-24	2.2	17
66	Brief scales to assess physical activity and sedentary equipment in the home. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2010 , 7, 10	8.4	61
65	Reliability and validity of brief psychosocial measures related to dietary behaviors. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2010 , 7, 56	8.4	40
64	SAFETY study: alanine aminotransferase cutoff values are set too high for reliable detection of pediatric chronic liver disease. <i>Gastroenterology</i> , 2010 , 138, 1357-64, 1364.e1-2	13.3	287
63	Sun-protection behaviors among African Americans. <i>American Journal of Preventive Medicine</i> , 2010 , 38, 288-95	6.1	35
62	A latent profile analysis of neighborhood recreation environments in relation to adolescent physical activity, sedentary time, and obesity. <i>Journal of Public Health Management and Practice</i> , 2010 , 16, 411-9	1.9	38

61	Adults' physical activity patterns across life domains: cluster analysis with replication. <i>Health Psychology</i> , 2010 , 29, 496-505	5	34
60	Evaluating a brief self-report measure of neighborhood environments for physical activity research and surveillance: Physical Activity Neighborhood Environment Scale (PANES). <i>Journal of Physical Activity and Health</i> , 2010 , 7, 533-40	2.5	106
59	Reliability and validity of the Sedentary Behavior Questionnaire (SBQ) for adults. <i>Journal of Physical Activity and Health</i> , 2010 , 7, 697-705	2.5	235
58	Examining the role of perceived susceptibility on colorectal cancer screening intention and behavior. <i>Annals of Behavioral Medicine</i> , 2010 , 40, 205-17	4.5	29
57	Intervention-mediated effects for adult physical activity: A latent growth curve analysis. <i>Social Science and Medicine</i> , 2010 , 71, 494-501	5.1	17
56	Do neighborhood environments moderate the effect of physical activity lifestyle interventions in adults?. <i>Health and Place</i> , 2010 , 16, 903-8	4.6	44
55	A theory-based framework for evaluating exergames as persuasive technology 2009 ,		24
54	Relation of school environment and policy to adolescent physical activity. <i>Journal of School Health</i> , 2009 , 79, 153-9; quiz 205-6	2.1	50
53	Neighborhood Environment Walkability Scale for Youth (NEWS-Y): reliability and relationship with physical activity. <i>Preventive Medicine</i> , 2009 , 49, 213-8	4.3	200
52	Translating physical activity recommendations for overweight adolescents to steps per day. <i>American Journal of Preventive Medicine</i> , 2009 , 37, 137-40	6.1	35
51	Latent growth curve modeling of adolescent physical activity: testing parallel process and mediation models. <i>Journal of Health Psychology</i> , 2009 , 14, 313-25	3.1	23
50	Reconceptualizing decisional balance in an adolescent sun protection intervention: mediating effects and theoretical interpretations. <i>Health Psychology</i> , 2009 , 28, 217-25	5	27
49	Validation of the Neighborhood Environment Walkability Scale (NEWS) items using geographic information systems. <i>Journal of Physical Activity and Health</i> , 2009 , 6 Suppl 1, S113-23	2.5	100
48	Environmental and safety barriers to youth physical activity in neighborhood parks and streets: reliability and validity. <i>Pediatric Exercise Science</i> , 2009 , 21, 86-99	2	23
47	A text message-based intervention for weight loss: randomized controlled trial. <i>Journal of Medical Internet Research</i> , 2009 , 11, e1	7.6	475
46	A pilot study to assess the feasibility and acceptability of a community based physical activity intervention (involving internet, telephone, and pedometer support), integrated with medication and mood management for depressed patients. <i>Mental Health and Physical Activity</i> , 2008 , 1, 40-45	5	13
45	Assessment of physical activity in middle-aged and older adults with schizophrenia. <i>Schizophrenia Research</i> , 2008 , 104, 294-301	3.6	111
44	Answering the "what works?". Question in health behavior change. <i>American Journal of Preventive Medicine</i> , 2008 , 34, 449-50	6.1	23

43	Patterns and correlates of multiple risk behaviors in overweight women. <i>Preventive Medicine</i> , 2008 , 46, 196-202	4.3	54
42	Reliability and validity of destination-specific barriers to walking and cycling for youth. <i>Preventive Medicine</i> , 2008 , 46, 311-6	4.3	59
41	Where are youth active? Roles of proximity, active transport, and built environment. <i>Medicine and Science in Sports and Exercise</i> , 2008 , 40, 2071-9	1.2	194
40	Exercise aids, neighborhood safety, and physical activity in adolescents and parents. <i>Medicine and Science in Sports and Exercise</i> , 2008 , 40, 1244-8	1.2	24
39	Accumulation of behavioral validation evidence for physical activity stage of change. <i>Health Psychology</i> , 2008 , 27, S43-53	5	26
38	Usability and Feasibility of PmEB: A Mobile Phone Application for Monitoring Real Time Caloric Balance. <i>Mobile Networks and Applications</i> , 2007 , 12, 173-184	2.9	156
37	A randomized trial of a multicomponent intervention for adolescent sun protection behaviors. <i>JAMA Pediatrics</i> , 2007 , 161, 146-52		41
36	Patterns of sedentary behavior among adolescents. <i>Health Psychology</i> , 2007 , 26, 113-20	5	65
35	Psychosocial Correlates of Dietary Intake Among Overweight and Obese Men. <i>American Journal of Health Behavior</i> , 2007 , 31, 3-12	1.9	34
34	Patterns and correlates of physical activity and nutrition behaviors in adolescents. <i>American Journal of Preventive Medicine</i> , 2007 , 32, 124-30	6.1	136
33	A review of eHealth interventions for physical activity and dietary behavior change. <i>American Journal of Preventive Medicine</i> , 2007 , 33, 336-345	6.1	457
32	Television viewing and hypertension in obese children. <i>American Journal of Preventive Medicine</i> , 2007 , 33, 439-43	6.1	71
31	Body image and self-esteem among adolescents undergoing an intervention targeting dietary and physical activity behaviors. <i>Journal of Adolescent Health</i> , 2007 , 40, 245-51	5.8	74
30	Covariation of adolescent physical activity and dietary behaviors over 12 months. <i>Journal of Adolescent Health</i> , 2007 , 41, 472-8	5.8	24
29	Psychosocial correlates of dietary intake among overweight and obese men. <i>American Journal of Health Behavior</i> , 2007 , 31, 3-12	1.9	16
28	Psychosocial correlates of fruit, vegetable, and dietary fat intake among adolescent boys and girls. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 814-21		78
27	Randomized controlled trial of a primary care and home-based intervention for physical activity and nutrition behaviors: PACE+ for adolescents. <i>JAMA Pediatrics</i> , 2006 , 160, 128-36		158
26	A practice-sponsored Web site to help patients pursue healthy behaviors: an ACORN study. <i>Annals of Family Medicine</i> , 2006 , 4, 148-52	2.9	39

25	Usability and Feasibility of PmEB: A Mobile Phone Application for Monitoring Real Time Caloric Balance 2006 ,		9
24	A lifestyle intervention for older schizophrenia patients with diabetes mellitus: a randomized controlled trial. <i>Schizophrenia Research</i> , 2006 , 86, 36-44	3.6	148
23	Identifying high- and low-success smoking cessation subgroups using signal detection analysis. <i>Addictive Behaviors</i> , 2006 , 31, 31-41	4.2	13
22	Community Design and Access to Recreational Facilities as Correlates of Adolescent Physical Activity and Body-Mass Index. <i>Journal of Physical Activity and Health</i> , 2006 , 3, S118-S128	2.5	218
21	A randomized trial of a brief mental health intervention for primary care patients. <i>Journal of Consulting and Clinical Psychology</i> , 2006 , 74, 1173-9	6.5	22
20	Construct validity of physical activity and sedentary behaviors staging measures for adolescents. <i>Annals of Behavioral Medicine</i> , 2006 , 31, 186-93	4.5	13
19	Comparability and reliability of paper- and computer-based measures of psychosocial constructs for adolescent physical activity and sedentary behaviors. <i>Research Quarterly for Exercise and Sport</i> , 2005 , 76, 315-23	1.9	60
18	Comparability and reliability of paper- and computer-based measures of psychosocial constructs for adolescent fruit and vegetable and dietary fat intake. <i>Journal of the American Dietetic Association</i> , 2005 , 105, 1758-64		30
17	A framework for modeling health behavior protocols and their linkage to behavioral theory. <i>Journal of Biomedical Informatics</i> , 2005 , 38, 270-80	10.2	23
16	Psychosocial and environmental correlates of adolescent sedentary behaviors. <i>Pediatrics</i> , 2005 , 116, 908-16	7.4	135
15	Diet, physical activity, and sedentary behaviors as risk factors for overweight in adolescence. <i>JAMA Pediatrics</i> , 2004 , 158, 385-90		291
14	Keeping it simple: encouraging walking as a means to active living. <i>Annals of Behavioral Medicine</i> , 2004 , 28, 149-51	4.5	11
13	Development of decisional balance and self-efficacy measures for adolescent sedentary behaviors. <i>Psychology and Health</i> , 2004 , 19, 561-575	2.9	28
12	Developing an empirical typology for regular exercise. <i>Preventive Medicine</i> , 2003 , 37, 635-45	4.3	12
11	Youths' exposure to environmental tobacco smoke (ETS): associations with health beliefs and social pressure. <i>Addictive Behaviors</i> , 2003 , 28, 39-53	4.2	42
10	Development and evaluation of the conceptual inventory of natural selection. <i>Journal of Research in Science Teaching</i> , 2002 , 39, 952-978	3.4	341
9	Construct validity of the stages of change of exercise adoption for different intensities of physical activity in four samples of differing age groups. <i>American Journal of Health Promotion</i> , 2002 , 16, 280-7	2.5	64
8	Does the transtheoretical model need an attitude adjustment?. <i>Psychology of Sport and Exercise</i> , 2002 , 3, 65-83	4.2	29

7	The development of a stress survey schedule for persons with autism and other developmental disabilities. <i>Journal of Autism and Developmental Disorders</i> , 2001 , 31, 207-17	4.6	71
6	Examining the structure of physical self-description using an American university sample. <i>Research Quarterly for Exercise and Sport</i> , 2001 , 72, 78-83	1.9	17
5	Self-efficacy, psychosocial factors, and exercise behavior in traditional versus modified cardiac rehabilitation. <i>Journal of Cardiopulmonary Rehabilitation and Prevention</i> , 2001 , 21, 363-73		71
4	Cluster subtypes within stage of change in a representative sample of smokers. <i>Addictive Behaviors</i> , 2000 , 25, 183-204	4.2	57
3	Testing 40 predictions from the transtheoretical model. <i>Addictive Behaviors</i> , 1999 , 24, 455-69	4.2	123
2	Dynamic typology clustering within the stages of change for smoking cessation. <i>Addictive Behaviors</i> , 1998 , 23, 139-53	4.2	57
1	Comparability and Reliability of Paper- and Computer-Based Measures of Psychosocial Constructs for Adolescent Physical Activity and Sedentary Behaviors		1
