

Kevin M Kiesler

List of Publications by Citations

Source: <https://exaly.com/author-pdf/1434926/kevin-m-kiesler-publications-by-citations.pdf>

Version: 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
9	Sequence variation of 22 autosomal STR loci detected by next generation sequencing. <i>Forensic Science International: Genetics</i> , 2016 , 21, 15-21	4.3	119
8	Sequence-based U.S. population data for 27 autosomal STR loci. <i>Forensic Science International: Genetics</i> , 2018 , 37, 106-115	4.3	44
7	The impact of common PCR inhibitors on forensic MPS analysis. <i>Forensic Science International: Genetics</i> , 2019 , 40, 182-191	4.3	29
6	Sequence-based US population data for the SE33 locus. <i>Electrophoresis</i> , 2018 , 39, 2694-2701	3.6	18
5	The next dimension in STR sequencing: Polymorphisms in flanking regions and their allelic associations. <i>Forensic Science International: Genetics Supplement Series</i> , 2015 , 5, e121-e123	0.5	14
4	Comparison of base composition analysis and Sanger sequencing of mitochondrial DNA for four U.S. population groups. <i>Forensic Science International: Genetics</i> , 2014 , 8, 226-32	4.3	4
3	Sequence variation observed in 27 Y-STR markers with U.S. population samples. <i>Forensic Science International: Genetics Supplement Series</i> , 2019 , 7, 520-521	0.5	0
2	A Strategy for Characterization of Single Nucleotide Polymorphisms in a Reference Material. <i>Forensic Science International: Genetics Supplement Series</i> , 2015 , 5, e363-e364	0.5	
1	Sequence-based U.S. population data for 7 X-STR loci. <i>Forensic Science International: Reports</i> , 2020 , 2, 100160	1.9
