

Nelson Roy

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/1445585/nelson-roy-publications-by-year.pdf>
Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

55 papers	4,037 citations	28 h-index	55 g-index
55 ext. papers	4,750 ext. citations	2.6 avg, IF	5.34 L-index

#	Paper	IF	Citations
55	Self-regulation in children with vocal fold nodules: A multilevel analysis.. <i>Journal of Communication Disorders</i> , 2022 , 97, 106203	1.9	0
54	A Field-Based Approach to Establish Normative Acoustic Data for Healthy Female Voices. <i>Journal of Speech, Language, and Hearing Research</i> , 2021 , 64, 691-706	2.8	2
53	Rehabilitation Treatment Specification System: Methodology to Identify and Describe Unique Targets and Ingredients. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021 , 102, 521-531	2.8	9
52	Acoustic Variability in the Healthy Female Voice Within and Across Days: How Much and Why?. <i>Journal of Speech, Language, and Hearing Research</i> , 2021 , 64, 3015-3031	2.8	0
51	Voice Therapy According to the Rehabilitation Treatment Specification System: Expert Consensus Ingredients and Targets. <i>American Journal of Speech-Language Pathology</i> , 2021 , 30, 2169-2201	3.1	3
50	Personality in Children With Vocal Fold Nodules: A Multitrait Analysis. <i>Journal of Speech, Language, and Hearing Research</i> , 2021 , 64, 3742-3758	2.8	1
49	Evidence of Possible Irritable Larynx Syndrome in Obstructive Sleep Apnea: An Epidemiologic Approach. <i>Journal of Voice</i> , 2020 ,	1.9	1
48	Voice Disorders in Obstructive Sleep Apnea: Prevalence, Risk Factors, and the Role of CPAP. <i>Annals of Otolaryngology, Rhinology and Laryngology</i> , 2019 , 128, 249-262	2.1	3
47	Associations between Community-Acquired Pneumonia and Proton Pump Inhibitors in the Laryngeal/Voice-Disordered Population. <i>Otolaryngology - Head and Neck Surgery</i> , 2019 , 160, 519-525	5.5	7
46	Personality, Psychological Factors, and Behavioral Tendencies in Children With Vocal Nodules: A Systematic Review. <i>Journal of Voice</i> , 2019 , 33, 945.e1-945.e18	1.9	6
45	Comparison of Two Multiparameter Acoustic Indices of Dysphonia Severity: The Acoustic Voice Quality Index and Cepstral Spectral Index of Dysphonia. <i>Journal of Voice</i> , 2018 , 32, 515.e1-515.e13	1.9	17
44	Pharmacologic management of voice disorders by general medicine providers and otolaryngologists. <i>Laryngoscope</i> , 2018 , 128, 682-689	3.6	5
43	Epidemiology of Swallowing Disorders in Rheumatoid Arthritis: Prevalence, Risk Factors, and Quality of Life Burden. <i>Annals of Otolaryngology, Rhinology and Laryngology</i> , 2018 , 127, 577-587	2.1	5
42	Manual laryngeal reposturing as a primary approach for mutational falsetto. <i>Laryngoscope</i> , 2017 , 127, 645-650	3.6	13
41	Chronicity of Voice-Related Health Care Utilization in the General Medicine Community. <i>Otolaryngology - Head and Neck Surgery</i> , 2017 , 156, 693-701	5.5	5
40	Voice disorders and associated risk markers among young adults in the United States. <i>Laryngoscope</i> , 2017 , 127, 2093-2099	3.6	21
39	Swallowing Disorders in Sjögren's Syndrome: Prevalence, Risk Factors, and Effects on Quality of Life. <i>Dysphagia</i> , 2016 , 31, 49-59	3.7	35

38	Descriptive Epidemiology of Voice Disorders in Rheumatoid Arthritis: Prevalence, Risk Factors, and Quality of Life Burden. <i>Journal of Voice</i> , 2016 , 30, 74-87	1.9	14
37	Voice disorders in the elderly: A national database study. <i>Laryngoscope</i> , 2016 , 126, 421-8	3.6	32
36	Validation of the Cepstral Spectral Index of Dysphonia (CSID) as a Screening Tool for Voice Disorders: Development of Clinical Cutoff Scores. <i>Journal of Voice</i> , 2016 , 30, 130-44	1.9	86
35	Otolaryngology utilization of speech-language pathology services for voice disorders. <i>Laryngoscope</i> , 2016 , 126, 906-12	3.6	12
34	Exploring the Clinical Utility of Relative Fundamental Frequency as an Objective Measure of Vocal Hyperfunction. <i>Journal of Speech, Language, and Hearing Research</i> , 2016 , 59, 1002-1017	2.8	22
33	Voice disorders in Sjögren's syndrome: Prevalence and related risk factors. <i>Laryngoscope</i> , 2015 , 125, 1385-92	3.6	10
32	Delayed otolaryngology referral for voice disorders increases health care costs. <i>American Journal of Medicine</i> , 2015 , 128, 426.e11-8	2.4	21
31	Nebulized isotonic saline improves voice production in Sjögren's syndrome. <i>Laryngoscope</i> , 2015 , 125, 2333-40	3.6	16
30	Change in diagnosis and treatment following specialty voice evaluation: A national database analysis. <i>Laryngoscope</i> , 2015 , 125, 1660-6	3.6	20
29	A taxonomy of voice therapy. <i>American Journal of Speech-Language Pathology</i> , 2015 , 24, 101-25	3.1	56
28	Toward validation of the cepstral spectral index of dysphonia (CSID) as an objective treatment outcomes measure. <i>Journal of Voice</i> , 2013 , 27, 401-10	1.9	74
27	Comparing nebulized water versus saline after laryngeal desiccation challenge in Sjögren's Syndrome. <i>Laryngoscope</i> , 2013 , 123, 2787-92	3.6	22
26	Do body mass index and fat volume influence vocal quality, phonatory range, and aerodynamics in females?. <i>CoDAS</i> , 2013 , 25, 310-8	0.6	22
25	Spasmodic dysphonia: onset, course, socioemotional effects, and treatment response. <i>Annals of Otology, Rhinology and Laryngology</i> , 2011 , 120, 465-73	2.1	33
24	Nebulized isotonic saline versus water following a laryngeal desiccation challenge in classically trained sopranos. <i>Journal of Speech, Language, and Hearing Research</i> , 2010 , 53, 1555-66	2.8	21
23	Quantifying dysphonia severity using a spectral/cepstral-based acoustic index: Comparisons with auditory-perceptual judgements from the CAPE-V. <i>Clinical Linguistics and Phonetics</i> , 2010 , 24, 742-58	1.4	171
22	Toward improved ecological validity in the acoustic measurement of overall voice quality: combining continuous speech and sustained vowels. <i>Journal of Voice</i> , 2010 , 24, 540-55	1.9	202
21	The Acoustic Voice Quality Index: toward improved treatment outcomes assessment in voice disorders. <i>Journal of Communication Disorders</i> , 2010 , 43, 161-74	1.9	127

20	Acoustic measurement of overall voice quality: a meta-analysis. <i>Journal of the Acoustical Society of America</i> , 2009 , 126, 2619-34	2.2	186
19	Estimating dysphonia severity in continuous speech: application of a multi-parameter spectral/cepstral model. <i>Clinical Linguistics and Phonetics</i> , 2009 , 23, 825-41	1.4	130
18	Outcomes Measurement in Voice Disorders: Application of an Acoustic Index of Dysphonia Severity. <i>Journal of Speech, Language, and Hearing Research</i> , 2009 , 52, 482-499	2.8	98
17	Epidemiology of voice disorders in the elderly: preliminary findings. <i>Laryngoscope</i> , 2007 , 117, 628-33	3.6	183
16	Dysphagia in the elderly: preliminary evidence of prevalence, risk factors, and socioemotional effects. <i>Annals of Otology, Rhinology and Laryngology</i> , 2007 , 116, 858-65	2.1	201
15	Behavioral characteristics of children with vocal fold nodules. <i>Journal of Voice</i> , 2007 , 21, 157-68	1.9	53
14	Voice disorders in the general population: prevalence, risk factors, and occupational impact. <i>Laryngoscope</i> , 2005 , 115, 1988-95	3.6	444
13	Voice disorders in teachers and the general population: effects on work performance, attendance, and future career choices. <i>Journal of Speech, Language, and Hearing Research</i> , 2004 , 47, 542-51	2.8	276
12	Occupational risk factors associated with voice disorders among teachers. <i>Annals of Epidemiology</i> , 2004 , 14, 786-92	6.4	124
11	Functional dysphonia. <i>Current Opinion in Otolaryngology and Head and Neck Surgery</i> , 2003 , 11, 144-8	2	142
10	Three treatments for teachers with voice disorders: a randomized clinical trial. <i>Journal of Speech, Language, and Hearing Research</i> , 2003 , 46, 670-88	2.8	168
9	Evaluating Treatments for Teachers With Voice Disorders: Recent Evidence from Randomized Clinical Trials (RCT) Research. <i>Perspectives on Voice and Voice Disorders</i> , 2003 , 13, 16-18		
8	Voice amplification versus vocal hygiene instruction for teachers with voice disorders: a treatment outcomes study. <i>Journal of Speech, Language, and Hearing Research</i> , 2002 , 45, 625-38	2.8	128
7	An evaluation of the effects of two treatment approaches for teachers with voice disorders: a prospective randomized clinical trial. <i>Journal of Speech, Language, and Hearing Research</i> , 2001 , 44, 286-96	2.8	186
6	Personality and voice disorders: a superfactor trait analysis. <i>Journal of Speech, Language, and Hearing Research</i> , 2000 , 43, 749-68	2.8	75
5	Personality traits and psychological factors in voice pathology: a foundation for future research. <i>Journal of Speech, Language, and Hearing Research</i> , 2000 , 43, 737-48	2.8	96
4	Personality and voice disorders: a multitrait-multidisorder analysis. <i>Journal of Voice</i> , 2000 , 14, 521-48	1.9	118
3	Vocal violence in actors: an investigation into its acoustic consequences and the effects of hygienic laryngeal release training. <i>Journal of Voice</i> , 2000 , 14, 215-30	1.9	32

2	Manual circumlaryngeal therapy for functional dysphonia: an evaluation of short- and long-term treatment outcomes. <i>Journal of Voice</i> , 1997 , 11, 321-31	1.9	163
1	Effects of the manual laryngeal musculoskeletal tension reduction technique as a treatment for functional voice disorders: perceptual and acoustic measures. <i>Journal of Voice</i> , 1993 , 7, 242-9	1.9	140
