

# James S Krause

## List of Publications by Citations

**Source:** <https://exaly.com/author-pdf/1499403/james-s-krause-publications-by-citations.pdf>

**Version:** 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

165  
papers

#	Paper	IF	Citations
165	Symptoms of major depression in people with spinal cord injury: implications for screening. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2004</b> , 85, 1749-56	2.8	221
164	Depression after spinal cord injury: relation to gender, ethnicity, aging, and socioeconomic indicators. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2000</b> , 81, 1099-109	2.8	187
163	A prospective study of health and risk of mortality after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2008</b> , 89, 1482-91	2.8	138
162	Patterns of recurrent pressure ulcers after spinal cord injury: identification of risk and protective factors 5 or more years after onset. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2004</b> , 85, 1257-64	2.8	128
161	A longitudinal study of depression from 1 to 5 years after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2011</b> , 92, 411-8	2.8	122
160	Oxidative stress, DNA damage, and the telomeric complex as therapeutic targets in acute neurodegeneration. <i>Neurochemistry International</i> , <b>2013</b> , 62, 764-75	4.4	116
159	Patterns of alcohol and substance use and abuse in persons with spinal cord injury: risk factors and correlates. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2004</b> , 85, 1837-47	2.8	100
158	Health status, community integration, and economic risk factors for mortality after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2004</b> , 85, 1764-73	2.8	100
157	Purpose in life as a mediator of adjustment after spinal cord injury.. <i>Rehabilitation Psychology</i> , <b>2003</b> , 48, 100-108	2.7	99
156	Health, secondary conditions, and life expectancy after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2011</b> , 92, 1770-5	2.8	80
155	Spinal cord injury and aging: challenges and recommendations for future research. <i>American Journal of Physical Medicine and Rehabilitation</i> , <b>2012</b> , 91, 80-93	2.6	77
154	Outcomes after spinal cord injury: comparisons as a function of gender and race and ethnicity. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2004</b> , 85, 355-62	2.8	75
153	Risk of mortality after spinal cord injury: an 8-year prospective study. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2009</b> , 90, 1708-15	2.8	69
152	Factors associated with risk for subsequent injuries after traumatic spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2004</b> , 85, 1503-8	2.8	69
151	Years to employment after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2003</b> , 84, 1282-9	2.8	67
150	Behavioral risk factors of mortality after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2009</b> , 90, 95-101	2.8	61
149	An eleven-year follow-up of adjustment to spinal cord injury.. <i>Rehabilitation Psychology</i> , <b>1990</b> , 35, 205-210	2.8	58

148	Factor structure and predictive validity of somatic and nonsomatic symptoms from the patient health questionnaire-9: a longitudinal study after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2010</b> , 91, 1218-24	2.8	57
147	Prediction of long-term survival of persons with spinal cord injury: An 11-year prospective study.. <i>Rehabilitation Psychology</i> , <b>1987</b> , 32, 205-213	2.7	57
146	Risk of mortality after spinal cord injury: relationship with social support, education, and income. <i>Spinal Cord</i> , <b>2009</b> , 47, 592-6	2.7	55
145	Assessment of depressive symptoms during inpatient rehabilitation for spinal cord injury: Is there an underlying somatic factor when using the PHQ?. <i>Rehabilitation Psychology</i> , <b>2008</b> , 53, 513-520	2.7	51
144	Injury and demographic factors predictive of disparities in earnings after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2006</b> , 87, 1318-26	2.8	51
143	Prediction of long-term survival of persons with spinal cord injury: An 11-year prospective study.. <i>Rehabilitation Psychology</i> , <b>1987</b> , 32, 205-213	2.7	49
142	Aging after spinal cord injury: A 30-year longitudinal study. <i>Journal of Spinal Cord Medicine</i> , <b>2006</b> , 29, 371-6	1.9	48
141	Lifetime prevalence of chronic health conditions among persons with spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2015</b> , 96, 673-9	2.8	47
140	Income and risk of mortality after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2011</b> , 92, 339-45	2.8	43
139	Suicide mortality after spinal cord injury in the United States: injury cohorts analysis. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2014</b> , 95, 230-5	2.8	42
138	Risk and Protective Factors for Cause-Specific Mortality After Spinal Cord Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2016</b> , 97, 1669-78	2.8	42
137	Delayed entry into employment after spinal cord injury: factors related to time to first job. <i>Spinal Cord</i> , <b>2010</b> , 48, 487-91	2.7	41
136	Disparities in subjective well-being, participation, and health after spinal cord injury: a 6-year longitudinal study. <i>NeuroRehabilitation</i> , <b>2009</b> , 24, 47-56	2	40
135	Association of race, socioeconomic status, and health care access with pressure ulcers after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2012</b> , 93, 972-7	2.8	39
134	Racial disparities in health outcomes after spinal cord injury: mediating effects of education and income. <i>Journal of Spinal Cord Medicine</i> , <b>2006</b> , 29, 17-25	1.9	39
133	Treatment of major depression in individuals with spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , <b>2004</b> , 27, 22-8	1.9	39
132	Pressure ulcer prevalence and barriers to treatment after spinal cord injury: comparisons of four groups based on race-ethnicity. <i>NeuroRehabilitation</i> , <b>2009</b> , 24, 57-66	2	38
131	Gainful employment and risk of mortality after spinal cord injury: effects beyond that of demographic, injury and socioeconomic factors. <i>Spinal Cord</i> , <b>2012</b> , 50, 784-8	2.7	38

130	Earnings among people with spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2008</b> , 89, 1474-81	2.8	34
129	Survival following spinal cord injury: A fifteen-year prospective study.. <i>Rehabilitation Psychology</i> , <b>1991</b> , 36, 89-98	2.7	34
128	It's All of the Above: Benefits of Working for Individuals with Spinal Cord Injury. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2015</b> , 21, 1-9	1.5	33
127	The relationship of pressure ulcers, race, and socioeconomic conditions after spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , <b>2010</b> , 33, 387-95	1.9	32
126	Posttraumatic stress disorder and spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2010</b> , 91, 1182-7	2.8	31
125	Risk of hospitalizations after spinal cord injury: relationship with biographical, injury, educational, and behavioral factors. <i>Spinal Cord</i> , <b>2009</b> , 47, 692-7	2.7	31
124	Psychologic factors and risk of mortality after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2009</b> , 90, 628-33	2.8	30
123	A pilot study of factors associated with falls in individuals with incomplete spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , <b>2007</b> , 30, 243-50	1.9	28
122	Risk of Pain Medication Misuse After Spinal Cord Injury: The Role of Substance Use, Personality, and Depression. <i>Journal of Pain</i> , <b>2017</b> , 18, 166-177	5.2	27
121	Natural course of life changes after spinal cord injury: a 35-year longitudinal study. <i>Spinal Cord</i> , <b>2012</b> , 50, 227-31	2.7	27
120	Association of mode of locomotion and independence in locomotion with long-term outcomes after spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , <b>2009</b> , 32, 237-48	1.9	27
119	The influence of secondary conditions on job acquisition and retention in adults with spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2011</b> , 92, 425-32	2.8	26
118	Risk of Mortality and Life Expectancy After Spinal Cord Injury: The Role of Health Behaviors and Participation. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2010</b> , 16, 53-60	1.5	26
117	Comparison of the Patient Health Questionnaire and the Older Adult Health and Mood Questionnaire for self-reported depressive symptoms after spinal cord injury. <i>Rehabilitation Psychology</i> , <b>2009</b> , 54, 440-8	2.7	25
116	Obtaining Employment After Spinal Cord Injury: Relationship With Pre- and Postinjury Education. <i>Rehabilitation Counseling Bulletin</i> , <b>2009</b> , 53, 27-33	1	24
115	Socioeconomic and behavioral risk factors for mortality: do risk factors observed after spinal cord injury parallel those from the general USA population?. <i>Spinal Cord</i> , <b>2012</b> , 50, 609-13	2.7	24
114	Prediction of life satisfaction after spinal cord injury: A four-year longitudinal approach.. <i>Rehabilitation Psychology</i> , <b>1992</b> , 37, 49-60	2.7	24
113	Factors associated with labor force participation after spinal cord injury. <i>Journal of Vocational Rehabilitation</i> , <b>2010</b> , 33, 89-99	0.8	23

112	SCI Longitudinal Aging Study: 40 Years of Research. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2015</b> , 21, 189-200	1.5	23
111	Risk of death after hospital discharge with traumatic spinal cord injury: a population-based analysis, 1998-2009. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2013</b> , 94, 1054-61	2.8	22
110	Does pain interference mediate the relationship of independence in ambulation with depressive symptoms after spinal cord injury?. <i>Rehabilitation Psychology</i> , <b>2007</b> , 52, 162-169	2.7	22
109	Accelerated death rate in population-based cohort of persons with traumatic brain injury. <i>Journal of Head Trauma Rehabilitation</i> , <b>2014</b> , 29, E8-E19	3	21
108	Prediction of postinjury employment and percentage of time worked after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2012</b> , 93, 373-5	2.8	21
107	Life satisfaction and self-reported problems after spinal cord injury: measurement of underlying dimensions. <i>Rehabilitation Psychology</i> , <b>2009</b> , 54, 343-50	2.7	21
106	Risk of Fall-Related Injuries among Ambulatory Participants with Spinal Cord Injury. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2013</b> , 19, 259-66	1.5	20
105	Behavioral factors related to fatigue among persons with spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2012</b> , 93, 313-8	2.8	19
104	A structural analysis of health outcomes after spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , <b>2010</b> , 33, 22-32	1.9	19
103	Longitudinal analysis of hospitalization after spinal cord injury: variation based on race and ethnicity. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2014</b> , 95, 2158-66	2.8	18
102	Ambulation and complications related to assistive devices after spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , <b>2013</b> , 36, 652-9	1.9	18
101	Pain Intensity, Interference, and Medication Use After Spinal Cord Injury: Association With Risk of Mortality After Controlling for Socioeconomic and Other Health Factors. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2017</b> , 98, 2464-2470	2.8	17
100	The relationship between prescription medication use and ability to ambulate distances after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2011</b> , 92, 1246-9	2.8	17
99	Risk for subsequent injuries after spinal cord injury: a 10-year longitudinal analysis. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2010</b> , 91, 1741-6	2.8	17
98	Personality and Behavioral Predictors of Pressure Ulcer History. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2010</b> , 16, 61-71	1.5	17
97	Theoretical Risk and Prevention Model for Secondary Health Conditions and Mortality After SCI: 15 Years of Research. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2013</b> , 19, 15-24	1.5	17
96	Association between reliance on devices and people for walking and ability to walk community distances among persons with spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , <b>2012</b> , 35, 156-61	1.9	16
95	A latent variable structural path model of health behaviors after spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , <b>2009</b> , 32, 162-74	1.9	16

94	Polypharmacy and adverse drug events among propensity score matched privately insured persons with and without spinal cord injury. <i>Spinal Cord</i> , <b>2018</b> , 56, 591-597	2.7	15
93	Dose and Duration of Opioid Use in Propensity Score-Matched, Privately Insured Opioid Users With and Without Spinal Cord Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2018</b> , 99, 855-861	2.8	15
92	Confirmatory factor analysis of the Patient Health Questionnaire-9: a study of the participants from the spinal cord injury model systems. <i>PM and R</i> , <b>2011</b> , 3, 533-40; quiz 540	2.2	15
91	Vocational interests after recent spinal cord injury: comparisons related to sex and race. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2011</b> , 92, 626-31	2.8	15
90	Prediction of somatic and non-somatic depressive symptoms between inpatient rehabilitation and follow-up. <i>Spinal Cord</i> , <b>2010</b> , 48, 239-44	2.7	15
89	Injury perceptions, hope for recovery, and psychological status after spinal cord injury. <i>Rehabilitation Psychology</i> , <b>2014</b> , 59, 176-82	2.7	14
88	The five-factor model of personality: findings in males with spinal cord injury. <i>Assessment</i> , <b>1999</b> , 6, 203-14	1.7	14
87	Subjective well-being among African-Americans with spinal cord injury: An exploratory study between men and women. <i>NeuroRehabilitation</i> , <b>2004</b> , 19, 81-89	2	13
86	Disclosing disability in the employment setting: Perspectives from workers with multiple sclerosis. <i>Journal of Vocational Rehabilitation</i> , <b>2017</b> , 47, 175-184	0.8	12
85	A longitudinal study of self-reported spasticity among individuals with chronic spinal cord injury. <i>Spinal Cord</i> , <b>2018</b> , 56, 218-225	2.7	12
84	Impact of Marital Status on 20-Year Subjective Well-being Trajectories. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2015</b> , 21, 208-17	1.5	12
83	Social isolation after spinal cord injury: Indicators from the Longitudinal Aging Study. <i>Rehabilitation Psychology</i> , <b>2016</b> , 61, 408-416	2.7	12
82	Health factors and spinal cord injury: a prospective study of risk of cause-specific mortality. <i>Spinal Cord</i> , <b>2019</b> , 57, 594-602	2.7	11
81	Comparison of Rates of Hospitalization and Emergency Department Visits Using Self-Report and South Carolina Administrative Billing Data Among a Population-Based Cohort With Spinal Cord Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2016</b> , 97, 1481-1486	2.8	11
80	Geographic Variation in Outpatient Health Care Service Utilization After Spinal Cord Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2017</b> , 98, 341-346	2.8	11
79	Self-Reported Problems After Spinal Cord Injury: Implications for Rehabilitation Practice. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2007</b> , 12, 35-44	1.5	11
78	Risk and Protective Factors for Secondary Conditions: A 15-Year Longitudinal Study. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2010</b> , 16, 22-29	1.5	11
77	Concentration of Costs Among High Utilizers of Health Care Services Over the First 10 Years After Spinal Cord Injury Rehabilitation: A Population-based Study. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2019</b> , 100, 938-944	2.8	10

76	Race-Ethnicity, Education, and Employment After Spinal Cord Injury. <i>Rehabilitation Counseling Bulletin</i> , <b>2010</b> , 53, 78-86	1	10
75	Cardiometabolic changes and disparities among persons with spinal cord injury: a 17-year cohort study. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2014</b> , 20, 96-104	1.5	10
74	Prevalence of chronic health conditions and hospital utilization in adults with spinal cord injury: an analysis of self-report and South Carolina administrative billing data. <i>Spinal Cord</i> , <b>2019</b> , 57, 33-40	2.7	9
73	Aging, Life Satisfaction, and Self-reported Problems Among Participants with Spinal Cord Injury. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2010</b> , 15, 34-40	1.5	9
72	Injuries and Falls in an Aging Cohort with Spinal Cord Injury: SCI Aging Study. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2015</b> , 21, 201-7	1.5	9
71	Personality, High-Risk Behaviors, and Elevated Risk of Unintentional Deaths Related to Drug Poisoning Among Individuals With Spinal Cord Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2018</b> , 99, 1941-1948	2.8	9
70	A prospective study of health behaviors and risk of all-cause and cause-specific mortality after spinal cord injury. <i>Spinal Cord</i> , <b>2019</b> , 57, 933-941	2.7	8
69	Changes in psychotropic prescription medication use and their relationship with mortality among people with traumatic spinal cord injury. <i>Spinal Cord</i> , <b>2018</b> , 56, 680-686	2.7	8
68	Accuracy of Life Expectancy Estimates in Life Care Plans: Consideration of Nonbiographical and Noninjury Factors. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2002</b> , 7, 59-68	1.5	8
67	Household income and subjective well-being after spinal cord injury: a longitudinal study. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2014</b> , 20, 40-7	1.5	8
66	Employment and Gainful Earnings Among Those With Multiple Sclerosis. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2019</b> , 100, 931-937.e1	2.8	8
65	Molecular Changes in Sub-lesional Muscle Following Acute Phase of Spinal Cord Injury. <i>Neurochemical Research</i> , <b>2016</b> , 41, 44-52	4.6	7
64	Quality employment outcomes after multiple sclerosis: A comparison of participants from a specialty hospital and the National MS Society. <i>Journal of Vocational Rehabilitation</i> , <b>2018</b> , 48, 177-186	0.8	7
63	Stability of vocational interests after recent spinal cord injury. <i>Rehabilitation Psychology</i> , <b>2014</b> , 59, 321-82.7	2.7	7
62	Stability of vocational interests after recent spinal cord injury: comparisons related to sex and race. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2012</b> , 93, 588-96	2.8	7
61	The Impact of Health Behaviors and Health Management on Employment After SCI: Physical Health and Functioning. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2016</b> , 22, 39-48	1.5	7
60	Estimation of indirect costs based on employment and earnings changes after spinal cord injury: an observational study. <i>Spinal Cord</i> , <b>2020</b> , 58, 908-913	2.7	6
59	Emergency room visits and hospitalizations among participants with spinal cord injury. <i>NeuroRehabilitation</i> , <b>2015</b> , 36, 313-21	2	6

58	Racial-ethnic variations in paid and unpaid caregiving: Findings among persons with traumatic spinal cord injury. <i>Disability and Health Journal</i> , <b>2015</b> , 8, 527-34	4.2	6
57	Risk behaviors related to cigarette smoking among persons with spinal cord injury. <i>Nicotine and Tobacco Research</i> , <b>2014</b> , 16, 224-30	4.9	6
56	Stability of predictors of mortality after spinal cord injury. <i>Spinal Cord</i> , <b>2012</b> , 50, 281-4	2.7	6
55	Association of Health Services With Secondary Conditions: Use of a Population-Based Cohort of Persons With SCI in South Carolina. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2010</b> , 16, 30-39	1.5	6
54	Changes in Employment Status and Earnings After Spinal Cord Injury: A Pilot Comparison From Pre to Post Injury. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2011</b> , 16, 74-79	1.5	6
53	Changes in hospitalization, physician visits, and self-reported fitness after spinal cord injury: a cross-sequential analysis of age, years since injury, and age at injury onset. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2013</b> , 94, 32-7	2.8	5
52	Gender, race, pain, and subjective well-being of adults with spinal cord injury. <i>Journal of Health Care for the Poor and Underserved</i> , <b>2013</b> , 24, 1257-65	1.4	5
51	Allostatic load and spinal cord injury: review of existing research and preliminary data. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2014</b> , 20, 137-46	1.5	5
50	Life Expectancy Estimates in the Life Care Plan: Accounting for Economic Factors <b>2010</b> , 9, 15		5
49	Depressive symptomatology after spinal cord injury: A multi-center investigation of multiple racial-ethnic groups. <i>Journal of Spinal Cord Medicine</i> , <b>2017</b> , 40, 85-92	1.9	4
48	A comparison of health behaviors between African Americans with spinal cord injury and those in the general population. <i>NeuroRehabilitation</i> , <b>2013</b> , 33, 449-56	2	4
47	Do Risk Factors for Mortality after Spinal Cord Injury Parallel those from the General USA Population?. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2012</b> , 18, 113-117	1.5	4
46	Racial Disparities in Depression and Life Satisfaction After Spinal Cord Injury: A Mediational Model. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2012</b> , 18, 232-240	1.5	4
45	Psychological factors and risk of mortality after spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , <b>2020</b> , 43, 667-675	1.9	4
44	Employment status, hours working, and gainful earnings after spinal cord injury: relationship with pain, prescription medications for pain, and nonprescription opioid use. <i>Spinal Cord</i> , <b>2020</b> , 58, 275-283	2.7	4
43	Opioid Use Among Individuals With Spinal Cord Injury: Prevalence Estimates Based on State Prescription Drug Monitoring Program Data. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2021</b> , 102, 828-834	2.8	4
42	Meeting Proceedings for SCI 2020: Launching a Decade of Disruption in Spinal Cord Injury Research. <i>Journal of Neurotrauma</i> , <b>2021</b> , 38, 1251-1266	5.4	4
41	Differential Odds of Employment and Estimation of Earnings Among Those With Spinal Cord Injury. <i>Rehabilitation Counseling Bulletin</i> , <b>2020</b> , 63, 67-78	1	4

40	Changes in alcohol use after the onset of spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , <b>2018</b> , 41, 230-237	1.9	3
39	Measuring the interference of pain on daily life in persons with spinal cord injury: A Rasch-validated subset of items from the Brief Pain Inventory interference scale. <i>Australian Occupational Therapy Journal</i> , <b>2018</b> , 65, 405-411	1.7	3
38	Unmet expectations of adjustment and depressive symptoms among people with chronic traumatic spinal cord injury. <i>Rehabilitation Psychology</i> , <b>2014</b> , 59, 313-20	2.7	3
37	Impact of Health Behaviors and Health Management on Employment After SCI: Psychological Health and Health Management. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2016</b> , 22, 111-120	1.5	3
36	The association between secondary health conditions and indirect costs after spinal cord injury. <i>Spinal Cord</i> , <b>2021</b> , 59, 306-310	2.7	3
35	Employment and Job Benefits Among Those With Spinal Cord Dysfunction: A Comparison of People With Spinal Cord Injury and Multiple Sclerosis. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2019</b> , 100, 1932-1938	2.8	2
34	Racial Disparities in Poverty Status among Families of Individuals with Spinal Cord Injury. <i>Poverty &amp; Public Policy</i> , <b>2011</b> , 3, 105-115	0.7	2
33	Association of Secondary Health Conditions With Future Chronic Health Conditions Among Persons With Traumatic Spinal Cord Injury. <i>Topics in Spinal Cord Injury Rehabilitation</i> , <b>2020</b> , 26, 283-289	1.5	2
