

Grahame Simpson

List of Publications by Citations

Source: <https://exaly.com/author-pdf/1512531/grahame-simpson-publications-by-citations.pdf>
Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

97 papers	1,971 citations	25 h-index	40 g-index
112 ext. papers	2,252 ext. citations	2.3 avg, IF	5.11 L-index

#	Paper	IF	Citations
97	Suicidality after traumatic brain injury: demographic, injury and clinical correlates. <i>Psychological Medicine</i> , 2002 , 32, 687-97	6.9	123
96	Suicidality in people surviving a traumatic brain injury: prevalence, risk factors and implications for clinical management. <i>Brain Injury</i> , 2007 , 21, 1335-51	2.1	119
95	Prevalence, comorbidities, and correlates of challenging behavior among community-dwelling adults with severe traumatic brain injury: a multicenter study. <i>Journal of Head Trauma Rehabilitation</i> , 2014 , 29, E19-30	3	89
94	Sex offending as a psychosocial sequela of traumatic brain injury. <i>Journal of Head Trauma Rehabilitation</i> , 1999 , 14, 567-80	3	84
93	The Overt Behaviour Scale (OBS): a tool for measuring challenging behaviours following ABI in community settings. <i>Brain Injury</i> , 2006 , 20, 307-19	2.1	69
92	How important is resilience among family members supporting relatives with traumatic brain injury or spinal cord injury?. <i>Clinical Rehabilitation</i> , 2013 , 27, 367-77	3.3	65
91	Cultural variations in the understanding of traumatic brain injury and brain injury rehabilitation. <i>Brain Injury</i> , 2000 , 14, 125-40	2.1	61
90	Early indicators and contributors to psychological distress in relatives during rehabilitation following severe traumatic brain injury: findings from the Brain Injury Outcomes Study. <i>Journal of Head Trauma Rehabilitation</i> , 2006 , 21, 453-66	3	58
89	Suicide prevention after traumatic brain injury: a randomized controlled trial of a program for the psychological treatment of hopelessness. <i>Journal of Head Trauma Rehabilitation</i> , 2011 , 26, 290-300	3	57
88	Late mortality after severe traumatic brain injury in New South Wales: a multicentre study. <i>Medical Journal of Australia</i> , 2012 , 196, 40-5	4	55
87	Clinical features of suicide attempts after traumatic brain injury. <i>Journal of Nervous and Mental Disease</i> , 2005 , 193, 680-5	1.8	49
86	Prevalence, clinical features, and correlates of inappropriate sexual behavior after traumatic brain injury: a multicenter study. <i>Journal of Head Trauma Rehabilitation</i> , 2013 , 28, 202-10	3	48
85	Suicidal Ideation and Behaviours after Traumatic Brain Injury: A Systematic Review. <i>Brain Impairment</i> , 2013 , 14, 92-112	1	47
84	An exploratory prospective study of the association between communication skills and employment outcomes after severe traumatic brain injury. <i>Brain Injury</i> , 2013 , 27, 812-8	2.1	44
83	Cognitive and psychological flexibility after a traumatic brain injury and the implications for treatment in acceptance-based therapies: A conceptual review. <i>Neuropsychological Rehabilitation</i> , 2017 , 27, 263-299	3.1	42
82	Psychological distress, quality of life, and burden in caregivers during community reintegration after spinal cord injury. <i>Archives of Physical Medicine and Rehabilitation</i> , 2014 , 95, 1312-9	2.8	38
81	Differential pathways of psychological distress in spouses vs. parents of people with severe traumatic brain injury (TBI): multi-group analysis. <i>Brain Injury</i> , 2009 , 23, 931-43	2.1	37

80	Efficacy of electronic portable assistive devices for people with acquired brain injury: a systematic review. <i>Neuropsychological Rehabilitation</i> , 2015 , 25, 82-121	3.1	36
79	Participation after acquired brain injury: clinical and psychometric considerations of the Sydney Psychosocial Reintegration Scale (SPRS). <i>Journal of Rehabilitation Medicine</i> , 2011 , 43, 609-18	3.4	35
78	Screening for Psychological Distress in Adult Primary Brain Tumor Patients and Caregivers: Considerations for Cancer Care Coordination. <i>Frontiers in Oncology</i> , 2015 , 5, 203	5.3	34
77	Does spirituality facilitate adjustment and resilience among individuals and families after SCI?. <i>Disability and Rehabilitation</i> , 2016 , 38, 921-35	2.4	32
76	Improving the rehabilitative management of client sexual health concerns after neurological disability: evaluation of a staff sexuality training programme in New Zealand. <i>Clinical Rehabilitation</i> , 2006 , 20, 847-59	3.3	28
75	The impact of neurobehavioral impairment on family functioning and the psychological well-being of male versus female caregivers of relatives with severe traumatic brain injury: multigroup analysis. <i>Journal of Head Trauma Rehabilitation</i> , 2013 , 28, 453-63	3	27
74	Managing Challenging Behaviours: Getting Interventions to Work in Nonspecialised Community Settings. <i>Brain Impairment</i> , 2004 , 5, 42-52	1	27
73	Addressing the Sexual Concerns of Persons With Traumatic Brain Injury in Rehabilitation Settings: A Framework for Action. <i>Brain Impairment</i> , 2001 , 2, 97-108	1	27
72	Social, neuroradiologic, medical, and neuropsychologic correlates of sexually aberrant behavior after traumatic brain injury: a controlled study. <i>Journal of Head Trauma Rehabilitation</i> , 2001 , 16, 556-72	3	24
71	Preventing suicide after traumatic brain injury: implications for general practice. <i>Medical Journal of Australia</i> , 2007 , 187, 229-32	4	23
70	Completed Suicide after Traumatic Brain Injury. <i>Journal of Head Trauma Rehabilitation</i> , 1997 , 12, 16-28	3	21
69	Can acceptance and commitment therapy facilitate psychological adjustment after a severe traumatic brain injury? A pilot randomized controlled trial. <i>Neuropsychological Rehabilitation</i> , 2020 , 30, 1348-1371	3.1	21
68	Challenging Behaviours, Co-morbidities, Service Utilisation and Service Access among Community-dwelling Adults with Severe Traumatic Brain Injury: A Multicentre Study. <i>Brain Impairment</i> , 2014 , 15, 28-42	1	20
67	Post-acute Rehabilitation for People With Traumatic Brain Injury: A Model Description and Evaluation of the Liverpool Hospital Transitional Living Program. <i>Brain Impairment</i> , 2004 , 5, 67-80	1	20
66	Validating measures of psychological flexibility in a population with acquired brain injury. <i>Psychological Assessment</i> , 2015 , 27, 415-23	5.3	19
65	Sydney Psychosocial Reintegration Scale (SPRS-2): Meeting the Challenge of Measuring Participation in Neurological Conditions. <i>Australian Psychologist</i> , 2012 , 47, 20-32	1.7	19
64	Remediating Serious Inappropriate Sexual Behavior in a Male with Severe Acquired Brain Injury. <i>Sexuality and Disability</i> , 2011 , 29, 313-327	1.3	19
63	The challenges of a hidden disability: Social work practice in the field of traumatic brain injury. <i>Australian Social Work</i> , 2002 , 55, 24-37	1.2	19

62	Window to Hope: A Randomized Controlled Trial of a Psychological Intervention for the Treatment of Hopelessness Among Veterans With Moderate to Severe Traumatic Brain Injury. <i>Journal of Head Trauma Rehabilitation</i> , 2018 , 33, E64-E73	3	18
61	Comparing the Injury Profile, Service Use, Outcomes, and Comorbidities of People With Severe TBI Across Urban, Regional, and Remote Populations in New South Wales: A Multicentre Study. <i>Journal of Head Trauma Rehabilitation</i> , 2016 , 31, E26-38	3	17
60	Moving forward on the journey: Spirituality and family resilience after spinal cord injury. <i>Rehabilitation Psychology</i> , 2018 , 63, 521-531	2.7	16
59	A study of whether individual and dyadic relations between spirituality and resilience contribute to psychological adjustment among individuals with spinal cord injuries and their family members. <i>Clinical Rehabilitation</i> , 2019 , 33, 1503-1514	3.3	15
58	Does Resilience Mediate Carer Distress After Head and Neck Cancer?. <i>Cancer Nursing</i> , 2015 , 38, E30-6	2.6	15
57	A multi-tiered intervention to address behavioural and cognitive changes after diagnosis of primary brain tumour: a feasibility study. <i>Brain Injury</i> , 2012 , 26, 950-61	2.1	15
56	Spirituality and its relationship with positive adjustment following traumatic brain injury: a scoping review. <i>Brain Injury</i> , 2018 , 32, 1612-1622	2.1	15
55	Treatment of premature ejaculation after traumatic brain injury. <i>Brain Injury</i> , 2003 , 17, 723-9	2.1	14
54	The information needs of patients with head and neck cancer and their caregivers: a short report of instrument development and testing. <i>Applied Nursing Research</i> , 2013 , 26, 40-4	1.8	13
53	Acceptance and Commitment Therapy (ACT) for Psychological Adjustment after Traumatic Brain Injury: Reporting the Protocol for a Randomised Controlled Trial. <i>Brain Impairment</i> , 2012 , 13, 360-376	1	13
52	Suicide prevention training outside the mental health service system: evaluation of a state-wide program in Australia for rehabilitation and disability staff in the field of traumatic brain injury. <i>Crisis</i> , 2007 , 28, 35-43	2.8	13
51	Suicide prevention training after traumatic brain injury: evaluation of a staff training workshop. <i>Journal of Head Trauma Rehabilitation</i> , 2003 , 18, 445-56	3	13
50	An evaluation of sex education and information resources and their provision to adults with traumatic brain injury. <i>Journal of Head Trauma Rehabilitation</i> , 2004 , 19, 413-28	3	13
49	Navigating Employment Pathways and Supports Following Brain Injury in Australia: Client Perspectives. <i>Australian Journal of Rehabilitation Counselling</i> , 2016 , 22, 76-92	0.2	11
48	Do spirituality, resilience and hope mediate outcomes among family caregivers after traumatic brain injury or spinal cord injury? A structural equation modelling approach. <i>NeuroRehabilitation</i> , 2020 , 46, 3-15	2	10
47	Cross-cultural adaptation of the Window to Hope: a psychological intervention to reduce hopelessness among U.S. veterans with traumatic brain injury. <i>Brain Injury</i> , 2014 , 28, 1238-47	2.1	10
46	Is Satisfaction with the Acute-Care Experience Higher amongst Consumers Treated in the Private Sector? A Survey of Public and Private Sector Arthroplasty Recipients. <i>PLoS ONE</i> , 2016 , 11, e0159799	3.7	10
45	A predictive model of resilience among family caregivers supporting relatives with traumatic brain injury (TBI): A structural equation modelling approach. <i>Neuropsychological Rehabilitation</i> , 2020 , 30, 1925-1946	3.1	10

44	An organizational perspective on goal setting in community-based brain injury rehabilitation. <i>Disability and Rehabilitation</i> , 2005 , 27, 901-10	2.4	9
43	Frequency, clinical correlates, and ratings of behavioral changes in primary brain tumor patients: a preliminary investigation. <i>Frontiers in Oncology</i> , 2015 , 5, 78	5.3	8
42	Rehabilitation health professionals' perceptions of spirituality and spiritual care: The results of an online survey. <i>NeuroRehabilitation</i> , 2020 , 46, 17-30	2	8
41	Describing an Early Social Work Intervention Program for Families after Severe Traumatic Brain Injury. <i>Journal of Social Work in Disability and Rehabilitation</i> , 2016 , 15, 213-233		8
40	The Overt Behaviour Scale-Self-Report (OBS-SR) for acquired brain injury: exploratory analysis of reliability and validity. <i>Neuropsychological Rehabilitation</i> , 2019 , 29, 704-722	3.1	8
39	Participation in competitive employment after severe traumatic brain injury: New employment versus return to previous (pre-injury) employment. <i>Neuropsychological Rehabilitation</i> , 2020 , 30, 995-1012	2.1	8
38	Acceptance and Commitment Therapy delivered in a dyad after a severe traumatic brain injury: A feasibility study. <i>Clinical Psychologist</i> , 2018 , 22, 230-240	1.6	7
37	The role of spirituality in spinal cord injury (SCI) rehabilitation: exploring health professional perspectives. <i>Spinal Cord Series and Cases</i> , 2018 , 4, 54	1.4	7
36	Prevalence, Correlates, Mechanisms, and Treatment of Sexual Health Problems After Traumatic Brain Injury: A Scoping Review. <i>Critical Reviews in Physical and Rehabilitation Medicine</i> , 2012 , 24, 1-34	0.3	7
35	Does Apolipoprotein E Play a Role in Outcome After Severe Traumatic Brain Injury?. <i>Brain Impairment</i> , 2009 , 10, 162-168	1	7
34	Chapter 7 the relationship between coping and psychological adjustment in family caregivers of individuals with traumatic brain injury: a systematic review. <i>Annual Review of Nursing Research</i> , 2015 , 33, 219-47	0.7	7
33	Treating male sexual dysfunction after traumatic brain injury: Two case reports. <i>NeuroRehabilitation</i> , 2016 , 38, 281-9	2	7
32	Spirituality and resilience among family caregivers of survivors of stroke: A scoping review. <i>NeuroRehabilitation</i> , 2020 , 46, 41-52	2	7
31	Brain Injury as the Result of Violence: A Systematic Scoping Review. <i>Journal of Social Work in Disability and Rehabilitation</i> , 2016 , 15, 305-331		6
30	Understanding consumer and clinician preferences and decision making for rehabilitation following arthroplasty in the private sector. <i>BMC Health Services Research</i> , 2017 , 17, 415	2.9	6
29	"Spirituality is everybody's business": an exploration of the impact of spiritual care training upon the perceptions and practice of rehabilitation professionals. <i>Disability and Rehabilitation</i> , 2020 , 1-10	2.4	6
28	A prospective interrupted time series study of interventions to improve the quality, rating, framing and structure of goal-setting in community-based brain injury rehabilitation. <i>Clinical Rehabilitation</i> , 2015 , 29, 327-38	3.3	5
27	Development and evaluation of information resources for patients, families, and healthcare providers addressing behavioral and cognitive sequelae among adults with a primary brain tumor. <i>Journal of Neuroscience Nursing</i> , 2015 , 47, 135-45	1.5	5

26	Contemporary Perspectives on Social Work in Acquired Brain Injury: An Introduction. <i>Journal of Social Work in Disability and Rehabilitation</i> , 2016 , 15, 169-178		4
25	Social work-generated evidence in traumatic brain injury from 1975 to 2014: A systematic scoping review. <i>Health and Social Care in the Community</i> , 2018 , 26, 433-448	2.6	4
24	What is known about sexual health after pediatric acquired brain injury: A scoping review. <i>NeuroRehabilitation</i> , 2017 , 41, 261-280	2	3
23	Enhancing the Reporting of Quantitative Research Methods in Australian Social Work. <i>Australian Social Work</i> , 2015 , 68, 375-383	1.2	3
22	Effectiveness of spiritual care training for rehabilitation professionals: An exploratory controlled trial. <i>NeuroRehabilitation</i> , 2020 , 47, 393-403	2	3
21	A French adaptation of the Overt Behaviour Scale (OBS) measuring challenging behaviours following acquired brain injury: The échelle des comportements observables (ECO). <i>Brain Injury</i> , 2016 , 30, 1019-25	2.1	3
20	An Audit of Literature Reviews Published in Australian Social Work (2007-2017). <i>Australian Social Work</i> , 2020 , 73, 18-31	1.2	3
19	Testing a Model of Resilience in Family Members of Relatives with Traumatic Brain Injury vs Spinal Cord Injury: Multigroup Analysis. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021 , 102, 2325-2334	2.8	3
18	Evaluating client experience of rehabilitation following acquired brain injury: a cross-sectional study. <i>Brain Injury</i> , 2021 , 35, 215-225	2.1	3
17	The impact of compensation on late mortality after traumatic brain injury: A multi-centre study. <i>Brain Injury</i> , 2017 , 31, 1044-1049	2.1	2
16	External causes of death after severe traumatic brain injury in a multicentre inception cohort: clinical description and risk factors. <i>Brain Injury</i> , 2019 , 33, 821-829	2.1	2
15	Living with suicidality following traumatic brain injury: a qualitative study. <i>Brain Injury</i> , 2020 , 34, 1010-1019	2.1	2
14	Social Work Research in Australia: Continuing the Growth in the New Decade. <i>Australian Social Work</i> , 2020 , 73, 1-3	1.2	2
13	Promoting positive sexual development among children and adolescents after acquired brain injury. <i>Social Care and Neurodisability</i> , 2010 , 1, 19-30		2
12	Family and TBI: an investigation using the Family Outcome Measure - FOM-40. <i>Brain Injury</i> , 2019 , 33, 282-290		2
11	Measuring reliable change in traumatic brain injury (TBI): The pitfalls of using readily available formulae. <i>Applied Neuropsychology Adult</i> , 2020 , 27, 421-430	1.9	2
10	Social Work in the Oncology Setting Compared to Social Work in General Medical Settings: An Analysis of Findings From a Multisite Australian Social Work Practice Audit. <i>Australian Social Work</i> , 2022 , 75, 152-164	1.2	2
9	Investigating the Model of Community-Based Case Management in the New South Wales Brain Injury Rehabilitation Program: A Prospective Multicenter Study. <i>Journal of Head Trauma Rehabilitation</i> , 2018 , 33, E38-E48	3	1

8	Can behaviour support interventions successfully treat inappropriate sexual behaviour after acquired brain injury in community settings? A case series (= 24). <i>Neuropsychological Rehabilitation</i> , 2020 , 1-22	3.1	1
7	A prospective cohort study investigating contributors to mild cognitive impairment in adults with spinal cord injury: study protocol. <i>BMC Neurology</i> , 2020 , 20, 341	3.1	1
6	Protocol for a Phase Two, Parallel Three-Armed Non-inferiority Randomized Controlled Trial of Acceptance and Commitment Therapy (ACT-Adjust) Comparing Face-to-Face and Video Conferencing Delivery to Individuals With Traumatic Brain Injury Experiencing Psychological Distress. <i>Frontiers in Psychology</i> , 2021 , 12, 652323	3.4	1
5	Video-consulting to address mental health needs after traumatic brain injury: evaluation of a training workshop to build capacity among psychologists. <i>Brain Injury</i> , 2021 , 35, 1065-1074	2.1	1
4	Providing on-line support to families of people with brain injury and challenging behaviour: A feasibility study. <i>Neuropsychological Rehabilitation</i> , 2021 , 31, 392-413	3.1	0
3	Introduction to Special Issue: State of the Art Reviews on Mental Health in Traumatic Brain Injury. <i>Brain Impairment</i> , 2013 , 14, 1-1	1	
2	The Building Bridges project: Linking disconnected service networks in acquired brain injury and criminal justice. <i>Neuropsychological Rehabilitation</i> , 2020 , 30, 481-502	3.1	
1	Spirituality, hope, and resilience in the recovery and adaptation process following spinal cord injury 2022 , 459-469
